*Note: Full-time and adjunct faculty responses were combined to display the collective faculty response for each QEP topic.

Approximately 137 full-time faculty were employed at RSCC during fall 2017. This means roughly 69% of the full-time faculty voted.

Approximately 278 adjunct faculty were employed at RSCC during fall 2017. This means roughly 9% of the adjuncts voted.

Table 2 – Most Frequently Suggested QEP Topics: Fall 2017 Student Survey Responses

Suggestions were "all over the place" – some were appropriate; others not at all applicable; i.e. good feedback but not necessarily QEP project ideas.

Here are the ideas that really rose to the top:

Rank	TOPIC	# of Responses
#1	**(Tied for 1st Place) Hands-on learning/real-world application of learning**	**25 each**
#2	**More opportunities for groups work, group study**	**18**
#3	**Communication/soft skills**	**10**
#4	**Technology**	**8**
