Second Term Contemporary Management accelerated courses begin June 20.
Please Note:

The course offerings and requirements of the institution are continually under examination and revision. This catalog presents the offerings and requirements in effect at the time of publication but is no guarantee that they will not be changed or revoked.

However, adequate and reasonable notice will be given to students affected by any changes. This catalog is not intended to state contractual terms and does not constitute a contract between the student and the institution.

The institution reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students to be effective whenever determined by the institution. Enrollment of all students is subject to these conditions.

Current information may be obtained from the following sources:
Admission Requirements-Admissions Office

Fees and Tuition-Business Office

Roane State Community College provides the opportunity for students to increase their knowledge by providing instruction in the various disciplines and programs through faculty who, in the opinion of Roane State Community College, are qualified for teaching at the college level. The acquisition and retention of knowledge by any student is, however, contingent upon the student’s desire and ability to learn and his or her application of appropriate study techniques to any course or program. Thus, Roane State Community College must necessarily limit representation of student preparedness in any field of study to that competency demonstrated at that specific point in time at which appropriate academic measurements were taken to certify course or program completion.
Welcome to Roane State Community College!

We are pleased that you are considering our college as you make important decisions about your future. The 2004-2005 catalog will provide you with valuable information to help you choose the educational program that is right for you. For over thirty years, Roane State has been opening doors of opportunity to students within an expanded 10-county service area. Whether you are a recent high school graduate, a working adult seeking to upgrade your professional skills, or are thinking of entering college after a long absence from the classroom—Roane State has a multitude of programs and services to meet your needs and even change your life.

We know that today’s society places multiple demands on all of our busy lives, so we have designed many options to help you meet your educational goal. In addition to high-quality traditional day and evening classes, we offer web classes, accelerated programs, and a Weekend College. On each of our seven campuses spread throughout our service area we have also harnessed the power of the latest technology to provide instruction via two-way interactive video and via the Internet. You can even complete an entire degree program online by enrolling in the Regents Online Degree Program. Our website at www.roanestate.edu has more information about this and many other programs and services.

We are proud of our tradition as an affordable high quality institution. Our dedicated faculty and staff provide enhanced learning environments designed to create options for you to expand your horizons, explore new opportunities, and map your pathway to the future.

We look forward to your arrival at Roane State.

Dr. Wade B. McCamey
President
The Scott County Higher Education Center includes science labs and a library. Roane State also has campuses in Roane, Anderson, Campbell, Cumberland, Loudon and Knox counties.

COLLEGE HISTORY

Roane State Community College serves an eight-county area in East Tennessee including Roane, Anderson, Cumberland, Scott, Loudon, Campbell, Fentress, and Morgan counties. In addition to these counties, Roane State’s Health Sciences service area also includes Knox and Blount counties.

Roane State provides opportunities for transfer education, career education, continuing education, and developmental education. Designed for students who plan to transfer to senior institutions, the Roane State academic transfer curricula include two years of instruction in the humanities, mathematics, natural sciences, and social sciences to build a strong liberal arts background during the freshman and sophomore years. Roane State graduates transfer to senior institutions in-state such as the University of Tennessee, Tennessee Technological University, Middle Tennessee State University, East Tennessee State University, and many out-of-state universities and professional schools.

Roane State’s career preparation programs train students in business management, health sciences, office administration, police science, and other fields for students desiring associate degrees or certificates. The ever increasing demand for people to work under the supervision of the scientist, the engineer, the physician, and the business professional has led to the development of a wide range of career education options.

Continuing education opportunities are provided through a variety of non-credit courses that do not require admission to the college. These courses are offered for personal enrichment, for compliance with business and industrial requirements, for specific technological information and for general cultural benefits.

Roane State continues to respond to state and federal mandates to promote “Excellence in Education.” Programs are continually evaluated by students, faculty, and alumni to ensure successful transfer or career placement upon graduation. The college seeks to serve those students who are serious about the challenge of education for a more productive life. An Honors Program for gifted students was implemented in the fall of 1985.

A general education core curriculum including the humanities, arts, math, and sciences is required of all degree program graduates. Roane State has also implemented the state educational initiative to require all graduates to be computer literate. New career programs introduced in 1989 to meet employment demands now and in the future included Environmental Health Technology, Opticianry, and Emergency Medical Technician/Paramedic. A new Occupational Therapy Assistant program was added to the curriculum in 1992.

Beginning with the Pierce-Albright Report in 1957, which resulted in a $200,000 appropriation by the Tennessee General Assembly in 1963 to initiate the community college system, the philosophy of community colleges in Tennessee has been to provide higher education for all Tennessee residents. The first three community colleges were established in 1965, with one in each of Tennessee’s three grand divisions-Cleveland State in East Tennessee, Columbia State in Middle Tennessee, and Jackson State in West Tennessee. Additional community colleges opened in Dyersburg and Tullahoma in 1969. The sixth community college opened in Morristown in 1970.

In 1969, the General Assembly, upon the recommendation of Governor Buford Ellington and the State Department of Education, authorized three additional community colleges to be built in Sumner, Roane, and Shelby counties. After visits by Commissioner J. Howard Warf and other officials from the State Department of Education in 1969, a site on Patton Lane was chosen as the permanent location of Roane State Community College. In May of 1970, Dr. Cuyler A. Dunbar was selected as the first president of the college. After beginning classes in the fall of 1971 at a temporary location, RSCC occupied the first permanent building on Patton Lane in August 1973.
Groundbreaking for the second building on the Roane State campus was held in January 1977. This three-story Technology Building, which houses the expanding career education programs, was occupied in December 1978.

Construction on Campus Expansion Phase II began in June 1978. The Maintenance Building was completed in June 1979, and the Library/Learning Resource Center in September 1980. In addition to reference and audio-visual services, the center houses Distance Learning and the Teaching Arts and Technology Center. A branch campus at Hardin Valley Road and Pellissippi Parkway was occupied in the Fall of 1986. This campus was shared with a sister institution in Knox County.

With the establishment of Pellissippi State Technical Community College in the fall of 1988, Roane State moved its Oak Ridge campus to new sites in Oak Ridge. The new facility has received tremendous support from the community and continues to grow as services are expanded. Phase I of the East Tennessee Agricultural Exhibition Center was completed in 1988 at the Roane County campus. The facility has hosted a variety of agricultural, civic and community events.

With 18 years of service to the college, President Dunbar resigned from Roane State in 1988 to assume the presidency of Catawba Valley Community College in Hickory, North Carolina. Dr. Sherry L. Hoppe was appointed on an interim basis and later named as Roane State’s second president in spring 1989.

In June of 1994, Roane State held a dedication ceremony for its first permanent Higher Education Center at the new facility in Huntsville. The Scott County Center was named after Earl McDonald, former Scott Countian who now resides in Fayette, Alabama. McDonald generously provided a $1 million gift to help build the new Roane State facility. The center’s library was named after Scott County native Howard H. Baker, Jr., former senator and Reagan White House chief-of-staff. Baker’s memorabilia and worldrenowned photographs are displayed in the new library. The 15,000 square foot center is situated on 37 wooded acres provided by W.H. Swain.

In August of 1994, the college held its long-awaited groundbreaking for the new $6.3 million Humanities Building. Final approval of funding for the building came in April after 13 years of support by community and political leaders. The Humanities Building was opened for classes in the spring of 1997.

In December of 1998, Roane State held a dedication ceremony for its second permanent Higher Education Center at the new facility in Crossville. The Cumberland County Center was named after Roy and Joanne Stone. The Stones donated the 40 acre tract of land for the new center as well as significant financial contributions. The center’s library was named after the Cumberland Clinic Foundation in honor of this organization’s significant financial contribution. Roane State occupied a new leased facility in Knox County to accommodate its Center for Health Sciences that serves the expanded service area of Knox and Blount counties. The facility houses classrooms and labs for nursing, medical laboratory technology, polysomnography, and EMT/Paramedic programs.

Another hard-won dream of the college became a reality when the Oak Ridge Branch Campus celebrated the dedication of its new, state-of-the-art, 120,000 square foot facility on August 13, 1999. The building is named in honor of State Senator Randy McNally and former State Representative David Coffey in recognition of their contributions and leadership in the campaign for the permanent branch campus facility.

On October 12, 2001, dedication ceremonies were held to celebrate the opening of a new multi-million dollar facility in which Roane State leases space for the Loudon County Higher Education Center. The college shares this facility with the Loudon County Career Center and the Lenoir City Public Library. City and County officials worked closely with the college to make this valuable community resource a reality after a 1999 fire destroyed the downtown block where the center now stands.
In February 2000, Dr. Sherry Hoppe accepted an appointment as Interim President at Austin Peay State University and was selected as the university’s permanent president in January 2001. During this period, Vice President for Financial Services William S. Fuqua, III served as Interim President of Roane State. On October 15, 2001, Dr. Wade B. McCamey became Roane State’s third president. Dr. McCamey has over 22 years experience in the Tennessee Board of Regents system including, most recently, five years as Vice President for Academic Affairs at Walters State Community College.

Roane State now serves more than 5,300 students who are enrolled for credit. Approximately 5,000 students are served yearly through non-credit courses, programs, and workshops.

**Locations**

The Roane County campus of Roane State Community College consists of 138 acres located near the cities of Harriman, Kingston, and Rockwood in Roane County, Tennessee. The site is near the intersection of Patton Lane and U.S. Highway 70 and is easily accessible from Interstate 40, U.S. 27, and U.S. 70. The Oak Ridge Branch campus is located at 701 Briarcliff Avenue.

To more effectively serve the higher education needs in Roane State’s service delivery area, RSCC and Tennessee Technological University entered into a cooperative agreement for the provision of higher education services at the Scott and Cumberland County Higher Education Centers. Roane State provides general education for students wishing to transfer to four-year colleges or universities, technical and career education programs, and developmental education for students lacking an adequate academic background. TTU provides undergraduate junior and senior level courses as well as graduate courses.

The following centers are now in full operation:

- Scott County Higher Education Center, Huntsville, Tennessee
- Cumberland County Higher Education Center, Crossville, Tennessee
- Campbell County Higher Education Center, Lafollette, Tennessee
- Knox County Health Sciences Center, Knoxville, Tennessee
- Loudon County Higher Education Center, Lenoir City, Tennessee

In addition to the main campus in Roane County, the branch campus in Oak Ridge and the higher education centers, the college also offers classes in Fentress County.

**ACCREDITATION**

Roane State Community College is accredited by the Commission on Colleges of The Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree. The college’s career preparation programs are accredited as follows:

- **Dental Hygiene** Commission on Dental Accreditation of the American Dental Association
- **EMT-Paramedic** Committee on Accreditation of Educational Programs for the EMS Professions—CoAEMSP and Commission on Accreditation of Allied Health Education Programs
- **Health Information Technology** Committee on Accreditation of Allied Health Education Programs (CAAHEP), in collaboration with the American Health Information Management Association’s Council on Accreditation
STATEMENT OF MISSION AND PURPOSE

Roane State’s vision is to become the comprehensive learning center for its communities, providing powerful and flexible environments for service and learning that will enhance the lives and workplace readiness of students seeking the knowledge and skills needed for diverse roles in the 21st century.

Roane State Community College is a comprehensive, public, two-year postsecondary institution and a member of the State University and Community College System governed by the Tennessee Board of Regents. Through a firm commitment to affordable access and equal opportunity for all protected groups, Roane State serves the higher education needs of a widely diverse eight-county service area which includes Roane, Anderson, Loudon, Campbell, Scott, Cumberland, Morgan, and Fentress counties and expands to include Knox and Blount counties for the delivery of health technologies. With seven staffed locations and a wide range of distance learning offerings, Roane State brings the benefits of higher education within the reach of all who live and work in these different communities.

Roane State awards the associate of arts and associate of science degrees to students who wish to transfer to a four-year college or university. For those students seeking immediate career opportunities, licensure, or professional skill upgrading, Roane State awards the associate of applied science degree as well as technical and academic certificates of credit. The college offers career programs in business-related fields for the 21st century workplace and has achieved regional and national distinction for the diversity and quality of its programs in the field of health care. To meet the needs of students who must balance multiple career and family priorities with their educational goals, Roane State offers programs in flexible and convenient instructional formats. To facilitate a seamless transition through all stages of the educational process, Roane State is committed to developing and maintaining cooperative partnerships with area K-12 schools as well as four-year institutions.

Roane State is committed to providing all students a challenging and nurturing learning environment which encourages and inspires them to meet the high expectations and standards needed for responsible citizenship and to embrace the concept of learning as a lifelong endeavor. The college is committed to preparing all its students
to demonstrate the attainment of critical thinking skills, communication skills, personal and professional goals and values, respect for diverse ideas and cultures, and a sense of the global community.

Roane State serves the workforce development needs of its communities by working in partnership with area business and industry to provide customized training, onsite at the workplace, locally at one of Roane State’s centers, or through a variety of distance learning options. The college also serves as a valuable resource for cultural, aesthetic, and recreational opportunity and enjoyment for its communities.

Just as Roane State values lifelong learning as the key to thriving in a complex and rapidly changing world, so too the college embraces technology as the driver which will power those changes and is committed to integrating the most efficient and effective uses of technology throughout the institution for the enhancement of learning and of service.

Roane State’s success can only be measured by the success of its students and by its reputation as a valued and vibrant community learning center. The ongoing assessment of educational outcomes and administrative objectives and a firm commitment to the change and evolution necessary to ensure continuous improvement will enable the college to fulfill its vision for those it serves.

Roane State remains committed to the education of a non-racially identifiable student body and promotes diversity and access without regard to race, gender, religion, national origin, age, disability, or veteran status.

ACADEMIC PROGRAMS

Roane State offers many challenging and rewarding degree programs. Detailed information about each program can be found beginning on page 94.

DISTANCE EDUCATION

(865) 882-4602

The Distance Education Office provides credit programs and services to support the educational needs of local business and industry. Courses can be offered on campus, at a business or community site during day, evening, or weekends in a variety of delivery modes.

Distance Education offers flexible and convenient educational opportunities through the College at Home video and on-line courses as well as Regents Online Degree Program (RODP). Testing services for Distance Education students are provided through the Counseling and Career Resource Center on the Roane County Campus and on the Oak Ridge Branch Campus.

The IDEA (Interactive Distance Education Access) live interactive system is also a part of the Distance Education program and links students and instructors through two-way audio and video transmission. IDEA classrooms, in Roane County, Oak Ridge, Campbell County, Cumberland County, Loudon County and Scott County, allow students to attend classes at the site closest to their home or work.
CENTERS FOR TRAINING AND DEVELOPMENT
(865) 882-4612

The Centers for Training is a division of Roane State’s Office of Continuing Education. The many centers in this division provide training and consulting services to local business and industry. Emphasis is placed on identifying the targeted need of the client and customizing the services provided to accomplish the goal in a cost effective manner. The centers within this division are:

Center for Business and Industry – Roane County Campus – (865) 882-4612
- Teambuilding
- Retreat Facilitation
- Project Management
- Basic Skills Development
- Performance Based Training
- Business Consulting
- Profiles International
- Customized training per client request

Center for Health Sciences – Knox County Center – (865) 539-6904
- Emergency Services Training
- Pharmacy Technician
- Wilderness First Aid
- Health Care Leadership
- Customized training per client request
- ACLS, PHTLS, BTLS, PALS, CPR
- First Responder
- First Aid/BBP/CPR
- EMT Bridge
- Wilderness First Responder

Center for Computer Training and Professional Development – Oak Ridge – (865) 483-8453
- MS Office 2000, MS Office XP, A+ PC Technician, MCSE, Website Development and more.
- Online Training Courses
- Test Preparation (SHRM, ASTD, GMAT, ACT, GED, Computer Certification)
- Professional Continuing Education
- Customized training per client request

Center for Small Business Development – Oak Ridge – (865) 483-2668
- Promote growth, expansion, innovation, increased productivity and managerial excellence in the small business community.
- Provide meaningful advice, counseling, training and assistance to those wanting to start their own business.
COMMUNITY SERVICE PROGRAMS  
(865) 882-4509

In addition to credit courses, special non-credit courses reflecting community interest may be organized at the request of a sufficient number of interested persons. Individuals may pursue these special offerings for personal enrichment, for compliance with business or industrial opportunities and/or requirements, for specific technological information, and for general cultural benefits. Students taking non-credit courses are not required to follow the same admissions procedures as those students in degree courses.

The Community Service Program of the college includes a variety of activities which are offered in cooperation with community groups and agencies. The program offerings are in accord with the public’s needs and interests and include lectures, clinics, tutoring, short courses, conferences, forums, concerts, fine arts festivals, workshops, institutes, self-development functions, and community development functions. The college welcomes the opportunity to meet with representatives in our community (e.g., educational, governmental, industrial, and business organizations) to plan special types of training or activities that might be beneficial to an organization or our community.

EAST TENNESSEE AGRICULTURAL EXPOSITION CENTER  
(865) 882-4590

The Exposition Center is a multi-use facility designed primarily for use by the livestock industry. The center hosts many local and national livestock events which include various horse shows, rodeos, team ropings, cuttings, sales and clinics. Due to its unique design, the center is also able to host many other community events which include boat and marine shows, paintball and archery tournaments, hunting and fishing expositions as well as various other contests and seminars. Because of the community service commitment of the college, the Exposition Center also hosts several events each year for various non-profit community organizations for which there is no charge.

ROANE STATE FOUNDATION  
(865) 882-4507

The Roane State Foundation was founded in 1979 as a separate non-profit entity with the purpose of providing financial support for the students and programs of Roane State Community College. It seeks to enhance community awareness of the college, to secure private contributions and bequests, and to manage monies or properties given to the Foundation. Governed by a volunteer board of directors, the Foundation provides financial support for college activities. The executive director of Institutional Advancement works with members of the college’s Development Council and serves as the liaison between the board of directors and the college community.

The Roane State Foundation’s current priorities include:
- Strengthening scholarship endowments
- Providing support services to students
- Acknowledging outstanding faculty and staff for service and leadership
- Encouraging adult learners
- Fostering participation in cultural and community activities
- Developing facilities and special capital projects
- Providing perpetual trusteeship of capital funds donated to the college
- Supporting special projects which cannot be funded by public funds.
There are many ways to participate in Roane State Community College’s giving program through the Foundation. Gifts of cash provide immediately accessible capital for the college. Contributors of appreciated assets such as securities, life insurance, real estate or personal property are excellent vehicles for making a charitable gift, and may also offer significant tax benefits to the donor. Such contributions may be made outright or through deferred gifts or bequests. Donors are encouraged to consult with their financial advisors for the method or combination of methods best suited to their own situations.

**RSCC/LEAD INSTITUTION**

RSCC, designated a Lead Institution by the Tennessee Board of Regents, is charged with the responsibility of overseeing the development of a cohesive plan for the delivery of postsecondary vocational, technical, and career programs and with support services for technology centers in an eight-county area including Anderson, Campbell, Cumberland, Fentress, Loudon, Morgan, Roane, and Scott counties.

Roane State is responsible for providing support for the delivery of the following services: occupational and academic diagnostic services, developmental education (basic skills), job/vocational education and occupational training, special business and industry training, sub-baccalaureate or non-collegiate technical education, job placement and counseling, transfer for community college, and continuing education and community service.

As Lead Institution, RSCC also provides administrative support services for accounting and budgeting, purchasing, personnel, student records, financial aid, institutional research, and public relations for postsecondary technology centers.

**LEARNING SUPPORT SERVICES**

(865) 882-4677 (Roane County)  
(865) 481-2026 (Oak Ridge)

Learning Support Services at Roane State support the classroom experience by providing individual assistance, learning technology and other resources for students, and support services for faculty. We promote a positive and confident attitude toward learning. We offer an environment designed to help students take responsibility for their learning, learn efficiently, persist in their efforts to reach academic and career goals, and achieve academic excellence. Our secondary mission is to make our resources available to staff and community.

There are three Learning Centers, one each on the Roane County, Cumberland County, and Oak Ridge campus. For more information, visit our web site at www.roanestate.edu/learningcenter.
LIBRARIES
(865) 882-4553 Main Library, Roane County Campus
(865) 481-2004 Coffey Library, Oak Ridge Campus
(423) 663-3878 Baker Library, Scott County Campus
(931) 456-9880, Cumberland Clinic Library, Cumberland County Campus

The college libraries primarily serve the students, faculty and staff of the college. Secondary services are provided to members of the surrounding communities. Through its collection of books, online databases, periodicals, microfilm and other material, the library system supports the curriculum and provides material for recreational reading. Daily courier service is provided between campuses to deliver requested material. For more information, visit our website at www.roanestate.edu/library.
A student catches some quiet time at the Loudon County Higher Education Center in downtown Lenoir City.
ADMISSION TO THE COLLEGE

RSCC can aid in the intellectual development of anyone who wants to take advantage of a high-quality, low-cost, state-supported educational experience. The following pages describe in detail the costs and procedures for admission to Roane State Community College.

The Student Right to Know Act, 34 CFR 668.41, requires all institutions who participate in financial assistance programs under Title IV of the Higher Education Act of 1965 and who award athletically-related student aid to publish the freshmen rate of athletically related financial aid and the graduation rate or completion rate for all first-time, fulltime, degree or certificate seeking freshmen who entered college by fall of 1996 and subsequent years. This information is available upon request from the Admissions Office.

The information included in this section of the catalog is provided to guide you through these steps. If you have questions which are not explained, please contact the Admissions Office at (865) 882-4523 or 1-866-GO2-RSCC, ext. 4523.

College tours may be scheduled at the Admissions Office or at any off campus location.

ADMISSION PROCEDURES

Roane State Community College subscribes to the “open door” policy for admissions; however, admission may be granted on a “controlled” basis if ACT or SAT scores and/or placement assessment results indicate any academic deficiencies. Regular admission is granted to those students whose ACT or SAT scores and/or placement results indicate there are no academic deficiencies.

The following general requirements apply, and more specific requirements are found under “General Student Classifications.”

1. Graduate from an approved high school, home school or receive a GED high school equivalency diploma and submit to the Admissions Office an official high school transcript or an official copy of GED scores. Transcripts for graduates from Tennessee public high schools must provide evidence that the student passed the required Tennessee Comprehensive Assessment Program (TCAP).

   NOTE: The high school transcript must be a regular or honors diploma. A special ed diploma or certificate of attendance DOES NOT meet this requirement.

2. File an application for admission and submit a non-refundable application fee of $10 which must accompany the application form. The application form must have all appropriate spaces completed. Failure to complete all appropriate spaces accurately may result in expulsion from the college.

3. All students must complete the Certificate of Immunization or provide proof of two doses of Measles, Mumps, and Rubella (MMR) vaccines if born in or after 1957.

4. All students must complete and sign the Hepatitis B Health History form.

5. All freshman applicants under 21 years of age must submit ACT or SAT scores. Information on the ACT may be obtained from the high school counselor, the Testing Center at RSCC, or by writing to American College Testing, Inc., P.O. Box 168, Iowa City, Iowa 52242. Roane State Community College’s ACT Code Number is 039850. This number should be used to request that scores be sent to RSCC.

6. Students who have graduated from a Tennessee high school and who have not earned one credit in American history while in the high school program are required to complete 6 semester hours of American history during their first 30 hours of regular enrollment at Roane State. This requirement does not affect the student who enters the college with a GED certificate.
All correspondence concerning your admission file except college transcripts should be addressed to:
Admissions Office
Roane State Community College
276 Patton Lane
Harriman, Tennessee 37748

A candidate for admission should request application forms early enough to allow ample time for required materials to be forwarded to the Admissions Office.

When all admissions papers have been received in the Admissions Office, the applicant will be sent a letter indicating that he/she has been accepted for admission or he/she will be advised by letter that further action is necessary in order to establish eligibility for admission. Applicants will be advised when to appear for testing, counseling, and registration.

Additional admission requirements are in effect for accelerated courses in Contemporary Management. See page 139 for further information.

ADDITIONAL ADMISSION AND RETENTION REQUIREMENTS ARE IN EFFECT FOR HEALTH SCIENCE AND NURSING PROGRAMS. PREFERENCE FOR ADMISSION WILL BE GIVEN TO RESIDENTS OF THE STATE OF TENNESSEE. SEE PAGE 146 FOR FURTHER INFORMATION.

GENERAL STUDENT CLASSIFICATIONS

1. **DEGREE STUDENT:** Applicants who take courses for credit which will apply toward a degree. Categories for degree-seeking students are:

**First-Time College Student**

A student pursuing a degree at Roane State and has never attended college before must complete the following:

1. Submit application for admission and non-refundable $10 application fee.
2. Submit official high school transcripts or official copy of GED scores. Transcripts must be mailed directly to the Records and Registration Office and should include date of graduation as well as verification that the student passed the required proficiency examination.

**NOTE:** The transcript of a home school student should be an official copy from an affiliated organization as defined by state law (T.C.A. 49-50-801). Transcripts from independent home school students must be accompanied by certification of registration with the superintendent of the local education agency which the student would otherwise attend. (A form is available upon request from the Admissions Office.) Students unable to provide a satisfactory secondary school credential may substitute acceptable GED scores.

3. All applicants under 21 years of age will be placed by ACT or SAT scores. **Roane State prefers the ACT but will accept the SAT.** These scores will be used to determine the areas in which the student will be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.

*SAT English 460-Above; SAT Math 460-Above

4. All applicants 21 years of age and older must undergo placement assessment. Students 21 years of age and older may choose to take the ACT and be placed according to the above-mentioned guidelines. The ACT or SAT must have been completed within the last three years.

5. All students enrolled in Composition I will be evaluated during the first week of classes. Students showing deficiencies will be referred to testing for possible placement in appropriate remedial or developmental courses.

6. Placement in DSPS 0800 College Success Strategies is required for students who are placed in at least two subject areas at the remedial or developmental level. Beyond this mandatory placement, students with a deficiency have the option to elect placement in College Success Strategies. Course enrollment is limited to students in these categories.

Transfer Student

A degree-seeking applicant who has attended another college or university will be considered a transfer student. Transfer students may be exempt from EDU 100-Orientation to College.

1. Submit an application for admission and non-refundable $10 application fee.

2. Transcripts from all previously attended institutions should be mailed directly to the Records & Registration Office. Transcripts are not accepted from students. An evaluation of college credit will be completed. If less than 60 semester hours have been accumulated, an official high school transcript or GED scores must be submitted.

3. Transfer students under the age of 21 must submit ACT or SAT scores. If fewer than 60 semester hours have been attempted, ACT or SAT scores will be used to determine the areas in which the student will be placed. Grades in courses completed will also be taken into consideration for proper placement assessment determination. Enrollment in courses indicated by results of the assessment is mandatory.

4. Transfer students age 21 and older, who have less than 60 semester hours of credit, will have their course records evaluated for proof of competency in the areas of reading, writing, and mathematics. Students lacking college course work in these areas will be required to undergo placement assessment. Enrollment in courses indicated by results of the assessment is mandatory.

5. Remedial/Developmental course work taken at other TBR institutions will be posted to the student’s RSCC transcript and will be considered in regards to the number of attempts.

6. All transfer students with 60 or more semester hours will be exempt from placement testing.

7. Transfer applicants who do not meet the Roane State retention standards or whose last term of enrollment resulted in academic suspension will be admitted on academic probation and may be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.

8. Transfer applicants whose last term of attendance resulted in academic suspension and who are currently serving a suspension at another institution must meet with the Admission and Retention Committee to request admission. If admission is recommended by the committee, the applicant may be required to undergo placement assessment as noted in section 3 above.
9. Credits for courses not corresponding with the curriculum at Roane State may be entered on the transcript as elective credit. All credit will be posted within the first term of enrollment.

Readmitted Student

Any former Roane State applicant or student not enrolled the previous semester (excluding summer) who wishes to return to the college will be considered a readmit student. Students seeking readmission should:

1. Submit an application for readmission. There is no application fee charged under this category. (PLEASE NOTE: Students who applied for admission but never attended should fill out the general application for admission in lieu of the readmission application if it has been more than 1 year since making application to the college.)

2. Degree seeking students must submit official transcripts from all colleges or universities attended since their enrollment at Roane State.

3. All applicants whose last semester of attendance resulted in academic suspension and who are seeking readmission within one calendar year of that suspension must meet with the Admission and Retention Committee to appeal the suspension prior to readmission. If reinstated, these students may be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.

4. Effective spring 1992, readmit students who took courses at RSCC prior to fall 1985 are no longer exempt from fulfilling Developmental Studies requirements in placement testing and course completion.

International Student

An applicant who is a citizen or a permanent resident of a country other than the United States is classified as an international student.

English Proficiency: An international student or permanent resident whose native language is NOT English must satisfy one of the following prerequisites:

1. Submit a minimum score of 500 on the Test of English as a Foreign Language (TOEFL) or 173 on the new computer-based TOEFL.
2. Submit a transcript showing graduation from an American high school.
3. Submit a transcript from another U.S. institution showing satisfactory completion (a minimum grade of C must be achieved in college-level English Composition I).

It is the responsibility of the international student to be familiar with the regulations of the Department of Homeland Security’s Bureau of Citizenship and Immigration Services and assume responsibility for complying with these regulations.

The following should be submitted to the Admissions Office no later than 30 days prior to the beginning date of the term the applicant wishes to enroll.

1. Application for admission with a non-refundable $10 application fee.
2. Official copies of academic records from secondary schools, colleges, or universities accompanied by notarized or certified English translation of these documents.
3. International students under 21 years of age must submit ACT or SAT scores.
4. Placement assessment may be required dependent upon age, admissions category (new or transfer), and ACT/SAT scores. Enrollment in courses indicated by results of the assessment is mandatory.
5. For F-1 (student) visas, evidence of financial resources adequate for all expenses for at least one year of enrollment is required. The first year fees and expenses total $15,025. (This figure is an estimate and is subject to change.) Additional funds are required if the student plans to bring a spouse or dependent into the country. An official statement from a US bank verifying these resources will meet this requirement. If original statement is in foreign currency, an official conversion to US dollars from the foreign bank must accompany the statement.

7. All international students are required to have health and accidental insurance from a Roane State approved US company.

8. Provide proof of two doses of Measles, Mumps, and Rubella (MMR) vaccines if born in or after 1957.

All international students applying for admission pursuant to a student visa shall submit a certificate from a licensed physician or other qualified medical authority verifying freedom from tuberculosis within thirty (30) days from the first day of classes. Failure to submit such certification shall result in denial of further enrollment or admission. In the event that a student either has tuberculosis or has potential tuberculosis requiring medical treatment, continued enrollment will be conditioned upon the determination by a licensed physician that further enrollment does not present a risk to others and upon the student’s compliance with any prescribed medical treatment program.

NOTE: On October 26, 2001, Congress enacted the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001. The act amends the Family Educational Rights and Privacy Act to permit institutions to disclose education records to federal law enforcement officials without student consent if the appropriate United States official, certifying that “specific and articulable facts” support the request, obtains a court order that requires an educational institution to turn over education records that are considered relevant to a terrorism investigation.

Permanent Resident

The student must meet all applicable requirements for regular admission to the college. Other requirements are as follows:

1. Permanent Resident Alien card must be presented in person to the Admissions Office for validation.

2. A permanent resident whose native language is NOT English must submit a minimum score of 500 on the TOEFL or 173 on the computer-based TOEFL or meet one of the requirements from the English Proficiency section listed above. *Appeals concerning English proficiency may be made to the Director of Admissions.

2. NON-DEGREE STUDENT—Applicant who does not work toward a degree may be admitted as a non-degree student. Students in this category who wish to be reclassified to degree-seeking must submit appropriate transcripts and possibly undergo placement assessment. A change of status form must be completed. Forms are available in the Records and Registration Office. Reclassification will not occur until all requirements of the new admissions category are met. Students may not change status during the first term of enrollment. These categories include:
Technical Certificates

Students enrolled in one of the following technical certificates of credit programs are considered non-degree students. Since Health Sciences are limited in enrollment, applicants to these programs must submit a special program application. No placement assessment is required of these programs except the Paramedic program. Some certificate programs may require additional testing before being admitted. Students wishing to enroll in a technical certificate program should:

1. Submit an application for admission along with a non-refundable $10 application fee.
2. Submit an official copy of high school transcript or GED scores or college transcript.

**NOTE:** The high school transcript must be a regular or honors diploma. A special ed diploma or certificate of attendance DOES NOT meet this requirement.

Technical Certificate programs offered:
- Computer Art & Design
- Diagnosis and Procedural Coding
- Geographic Information Systems
- Medical Transcription
- Office Information Technology
- Paramedic (college transcript is required)
- Police Management
- Polysomnography
- Somatic Therapy

Transient Student

A regularly enrolled student of another institution who wants to take a limited number of hours during a term and who is not presently working toward a degree at Roane State may be admitted as a transient student. To enroll as a transient student should:

1. Submit an application for admission and pay the non-refundable $10 application fee.
2. Provide a letter of good standing from his/her institution verifying enrollment in a degree program in lieu of college transcript. Students planning to take college level math, English or a science course with a prerequisite requirement must submit an official college transcript.

Audit Student

Students who want to enroll on a non-credit basis may choose to audit coursework at Roane State. Fees for audits will be assessed on the same basis as fees for credit courses. A student who attends a class with audit status will not receive a grade. Instead, enrollment is reflected on the academic record as ‘AU’ for audit. Transcripts of previous schoolwork are not required under this category. To enroll as audit:

1. Student should submit an application for admission with non-refundable $10 application fee.
2. Some disabled or elderly students may qualify for a special fee rate. Proof of age may be required by the Records and Registration Office. For more information regarding fees for disabled and senior citizens, refer to page 67.

**NOTE:** Remedial or developmental level courses as well as fast-track courses may not be taken for audit.

Admission to classes for audit may be limited or denied based on availability of space.
Personal/Professional Enrichment

Students who do not wish to pursue a degree or certificate but want to enhance personal and/or professional skills may enroll in these “special” categories.

Non-High School Graduate
1. Applicant who has passed his/her 18th birthday and who does not have a regular high school diploma or GED and who wishes to pursue the GED through developmental studies instruction.
2. Students 21 or older who have not earned a high school diploma and not currently enrolled in high school.

To enroll:
1. Submit an application for admission and non-refundable $10 application fee.
2. Undergo placement assessment.
3. Take the prescribed remedial and developmental courses only.

Student may change to degree-seeking status by successfully completing the GED and completing a change of status form.

High School Graduate—Applicant who has earned a regular high school diploma or GED may enroll in any course except college-level math, English, or one that has college-level math or English prerequisites. Any student who plans to enroll in math or English courses must undergo placement assessment unless he/she has taken the ACT within the last 3 years and has scores which waive this requirement. (For ACT requirements, refer to page 25 under “General Student classifications.”) To enroll students should submit an application for admission and non-refundable $10 application fee. (No transcript is needed.)

Student with Previous College Credit—Applicant who has earned college credit but does not have a degree may enroll after completing the following:
1. Submit application for admission and non-refundable $10 application fee.
2. Undergo placement assessment if enrolling in math or English courses unless student has already completed college-level math or English.

College Graduate—An applicant who has earned a college degree may enroll in college courses without regard to course prerequisite requirements. An application for admission with a non-refundable $10 application fee should be submitted. Transcripts are not required.

Advanced Studies Program (For High School Students)

Students who have completed their sophomore year in high school and meet the criteria for Advanced Studies may earn college credit while still in high school. Two options are available:
* Dual Credit—Allows students to enroll in classes that award both high school and college credit.
* Joint Enrollment—Allows high school student to enroll in college classes and earn college credit only.

To enroll as an Advanced Studies student applicants should:
1. Submit an Advanced Studies application AND an application for admission to the Admissions Office.
2. Have permission of high school principal, counselor and parent.
3. Have a 3.2 GPA or better on a 4.0 scale or 2.75 on a 5.0 scale.
4. Submit high school transcript with ACT scores. The ACT composite must not fall below 19 and subscores in English, mathematics and reading must be 19 or higher.

5. Courses satisfactorily completed will count as credit for those who submit a high school transcript showing evidence of high school graduation. Advanced Studies students must submit a high school transcript verifying high school graduation as well as a change of status/major form prior to enrolling as degree students.

Academically Gifted Student (High School Students)

A student in grade 9, 10, 11 or 12 who has been classified as “academically gifted” by evaluation through the multi-disciplinary team process may earn college credit while in high school. To enroll as an Academically Gifted student applicants should:

1. Submit an Academically Gifted application, an application for admission and a non-refundable $10 application fee.

2. Have a grade point average of 3.2 or better on a 4.0 scale.

3. Have approval of the high school principal and the Director of Admissions.

4. Enroll only in those courses designated in the student’s Individual Education Program (IEP) developed by the multi-disciplinary team. A copy of the student’s IEP showing those courses or a list of the approved courses from a school official must be sent to the Director of Admissions before registration will be allowed.

5. Submit high school transcript.

ADMISSION REQUIREMENTS

To enroll in a transfer program leading to an associate of arts or an associate of science degree, and eventually a bachelor’s degree, the Tennessee State Board of Regents requires the completion of specific high school courses.

All applicants who graduated from a high school or home school in or subsequent to 1989 must meet the following requirements in addition to those listed in the student’s selected program of study. All requirements must be met prior to being awarded the associate degree in a university parallel program. Applicants who received a GED certificate in 1989 and thereafter as well as students who have an Enhanced ACT Composite score of 26 or higher are considered to have met all high school unit requirements except those in foreign language and visual or performing arts.

| Units |
|---|---|
| English | 4 |
| Mathematics (1 of each) | 3 |
| Algebra I and II | |
| Geometry or other advanced math with | |
| Geometry component | |
| Natural/Physical Science | 2 |
| At least 1 unit must be Biology I or II, | |
| Biology for Technology, Chemistry I or II, | |
| Physics, or Principles of Technology II | |
| U.S. History | 1 |
| Social Studies | 1 |
| Foreign Language | 2 |
| Visual/Performing Arts | 1 |

Applicants who are found to be deficient in any of the above areas may be admitted on a provisional basis and will be required to remove any deficiencies prior to being granted an associate of arts or associate of science degree. Questions regarding this policy should be forwarded to the Records and Registration Office.
Removal of Entrance Deficiencies

Students with academic deficiencies will be notified by the Records and Registration Office. Deficiencies must be removed prior to receiving an associate degree. A grade of “C” or better must be earned in these courses. Courses used to remove deficiencies cannot be used to fulfill program requirements.

*NOTE: Entrance deficiencies in English, Algebra I and II will be handled through mandatory assessment, placement and removal of deficiency at the remedial or developmental level.

RESIDENCY CLASSIFICATION

The following guidelines are used to determine “in-state” or “out-of-state” status for fees and tuition.

1. Every person having his or her residence in this state shall be classified “in-state” for fee, tuition and admission purposes.
2. Every person not having his or her residence in this state shall be classified “out-of-state” for fee, tuition and admission purposes.
3. The residence of a dependent* is that of his or her parent. “Parent” shall mean a person’s father or mother. If there is a non-parental guardian or legal custodian of dependent, then “parent” shall mean such guardian or legal custodian pro-
vided that there are not circumstances indicating that such guardianship or custodianship was created primarily for the purpose of conferring the status of an “in-state” student on the dependent.

4. The residence of a married person can be determined based on the residence of the spouse.

5. A recent graduate of any “out-of-state” high school must supply evidence of Tennessee residency before receiving “in-state” tuition status. Copies of property deeds or property tax payment statements are acceptable evidence.

6. Dependent students of divorced parents shall be classified “in-state” when one parent’s residence, regardless of custodial status, is in Tennessee.

7. International students shall be classified as “out-of-state” for tuition and admission purposes.

8. Students classified by Immigrations as a Permanent Resident, Resident Alien, or Refugee may be classified as “in-state” if their residence is in Tennessee.

9. Persons not living in Tennessee but employed full-time in Tennessee shall be classified “in-state.” The student must provide appropriate documentation.

In-state applications can be obtained from the Records and Registration Office or at any Roane State location. All questions should be directed to the Records and Registration Office.

*Dependent shall mean a person whose parents have not entirely surrendered the right to the care, custody and earnings of such person and who are still under obligation to support or maintain the dependent person. A person the age of 18 or older is considered to be independent by the state. If a person 18 or older is to be considered dependent, the parent must provide a copy of a federal income tax return claiming the dependent.

SELECTIVE SERVICE REQUIREMENTS

(1) Pursuant to federal law, every male who is between the ages of eighteen (18) and twenty-six (26), and is a citizen of the United States or a resident of the United States must register with the Selective Service.

(2) Notwithstanding the provisions of paragraph (1), the requirement to register shall not apply to any alien lawfully admitted to the United States as a nonimmigrant under Section 101(a)(15) of the Immigration and Nationality Act, as amended, for so long as he continues to maintain a lawful nonimmigrant status in the United States.

ACADEMIC FRESH START

Purpose

The Academic Fresh Start program is designed to assist those students who have had a minimum 4-year separation from college and who demonstrate a greater level of academic maturity as a result of that separation. Students who did not realize their full academic potential during their first attempt at the college experience are being given a second chance to meet their educational goals without penalty. Through the Academic Fresh Start program, students are given a second chance to begin their academic careers by removing all previously taken courses from the current academic statistics. Although the courses will not be physically removed from the student’s academic record, they will no longer be calculated in the quality point average computation and will no longer apply toward the fulfillment of any college requirement.
Student Requirements

1. Separation from all colleges or universities for a minimum of four complete calendar years.
2. **At the time of readmission or admission as a degree student**, a formal application should be filed with the Records and Registration Office requesting Academic Fresh Start. Forms are available in the Records and Registration Office.
3. The student must accumulate 18 semester hours with a minimum GPA of 2.5 after applying for Academic Fresh Start upon admission/readmission as a degree student.
4. **Only those students pursuing an associate degree are eligible for Academic Fresh Start.**

Terms of Academic Fresh Start

1. Academic Fresh Start applies to all RSCC courses taken prior to the 4-year separation. All work attempted before the date of separation will be removed from consideration toward fulfillment of degree requirements. Previously satisfied placement testing requirements will not be forfeited.
2. Once the student has satisfied the above student requirements, the registrar will review the student’s transcript at the time the student accumulates the required number of hours to verify that the student has met policy requirements.
3. The student will be notified in writing of the results of his/her application for Academic Fresh Start. All written documents will be placed in the student’s file.
4. Upon approval by the registrar, the transcript will be updated to reflect “ACADEMIC FRESH START” with the effective date.
5. **All grades/courses** taken prior to re-enrollment will be given inactive status and will remain listed on the transcript but will not be calculated in current academic statistics (earned hours, attempted hours, cumulative grade point average).
6. **Academic Fresh Start will be granted only once, and when granted, is irrevocable.**
7. The student will apply for Fresh Start with the understanding that all TBR institutions will honor a Fresh Start provision granted at another TBR institution. The student should also signify understanding that non-TBR institutions may not accept the QPA as it is calculated with the Fresh Start.
Students can plan their college career in a variety of ways, from one-on-one meetings with advisors to “On-Course,” Roane State’s advisement computer program.
PLANNING AN EDUCATIONAL PROGRAM

The responsibility for selecting an educational program rests with each student. The faculty and counselors take pride in assisting students in program planning and course selection. Students who are planning to transfer from Roane State to a senior institution at the conclusion of two years’ work should secure a copy of that institution’s catalog to use in planning their transfer program. Final responsibility for direct planning of courses and every preparation necessary to graduate from RSCC or to transfer to other colleges and universities rests with the student.

ADVISEMENT

(865) 882-4546 - Roane County
(865) 481-2003 - Oak Ridge Campus

At Roane State, academic advising is a shared responsibility of the student and the faculty advisor. First-time students and students transferring into Roane State are encouraged to attend a New Student Orientation session to meet with an advisor and schedule the upcoming term’s classes. During the first semester of enrollment, students are assigned a faculty advisor from their major area of study. The advisor works closely with the student in determining his/her education goals and in developing a plan for completing these goals.

All students are encouraged to meet with their faculty advisor at least once a year. Students who are undecided in their career goals should contact Counseling and Career Services for information and assistance. Counseling and Career Services advises students who are classified as “special students” who have no declared major. Beginning Fall 2000, students with high school deficiencies will be required to meet with an academic advisor prior to registration. Advisor assignments are made within 48 hours of application, readmit application or change of major. An e-mail will be sent to the student’s Campus Pipeline account with the advisor’s name and contact information.

ON-COURSE

Students wanting to know the courses they need to complete a particular degree program or how their courses meet the requirements of another degree program should take advantage of ON-COURSE, Roane State’s advisement assistant. This computer program merges a student’s academic record with the degree requirements for a particular major. Information included on the printout includes: academic requirements remaining, requirements completed or in progress, and work that is not applicable to a particular major. Students can obtain an ON-COURSE printout from their Web for Students account or from their faculty advisor.

ACQUIRING CREDIT

The following explains ways enrolled students may receive credit other than taking the specific classes at RSCC.

ENGLISH COURSE EXEMPTION

Students with an ACT sub-score of 27 or better in English may enroll for both English 1010 and 1020, attend English 1020, and receive six semester hours credit with the grade earned in English 1020.
ADVANCED PLACEMENT

Roane State offers course credit for successful completion of Advanced Placement examinations administered by the College Entrance Examination Board to high school students. Course credit will be granted to students presenting Advanced Placement examination grades of three or higher. Inquiries concerning Advanced Placement should be forwarded to the Records and Registration Office. A letter grade of “P” (Pass) will be assigned for credit granted.

CHALLENGE EXAMINATIONS

Currently enrolled students desiring to obtain credit by successfully completing challenge examinations must apply to the appropriate division and arrange to take the examination. A Credit-By-Proficiency form will be used. Credit-By-Proficiency cannot count toward residency requirements. Courses that contain a clinical or laboratory component, or whose competencies may not be assessed in a proficiency examination as in the regular course may not be challenged.

The student must take the form to the Business Office and pay the appropriate fee prior to taking the test. Students will be required to pay a fee equal to $20 per hour times the number of credit hours. This fee is in addition to maintenance fees paid for courses in which the student is actually registered.

After fees are paid the student will take the form to the appropriate department to complete the test. When the test is complete, the grades assigned, and the appropriate signatures in place, the form will be sent to the Records and Registration Office for recording of credit. Credit type will be noted as PFT and a grade of “P” (Pass) will be assigned.

Fees are waived if the student desires to validate credit by examination for earned hours from an unaccredited institution or vocational school. Students must verify by official transcript that the credits have been earned previously when arranging to take the examination.

CLEP GENERAL AND CLEP SUBJECT AREA EXAMINATIONS

Have official scores sent from CEEB to the Records and Registration Office. An evaluation for possible credit will be made, and a copy of this evaluation will be mailed to the student. For information about taking CLEP examinations, contact the Pellissippi State Technical Community College Testing Center. A letter grade of “P” (Pass) will be assigned for credit granted.

*Level 2 cut scores will be distributed 1/2001. The recommended score will be a higher value number than 50.

Note: For English Composition exams taken between 1978 and April 1986, the minimum score for awarding credit was 530 and above. Minimum Scores for CLEP General Exams prior to July 1, 1993 were 421-500. After this date, all scaled scores end in zero.
COURSE CREDITS FOR PASSING THE CPS EXAMINATION

Persons passing the Certified Professional Secretary examination will be granted 25 hours of credit at Roane State for the following courses.

OAD 100  Keyboarding  1
OAD 105  Business Communications  3

ECO 201  Principles of Economics I  3
OAD 201  Administrative Office Management  3

Credits awarded are subject to change when the actual content of the CPS examination no longer corresponds to course content or when courses at RSCC are revised substantially.

In order to receive credit for these courses, the CPS applicant must follow the procedures listed below:

1. The CPS holder will apply to the Records and Registration Office and pay the application fee required, and enroll for classes.
2. The CPS holder will present to the Records and Registration Office an official letter from the testing agent certifying student passed the examination.

TRANSFER OF CREDIT FROM COLLEGES AND UNIVERSITIES

Roane State accepts transfer credit from colleges and universities based on the following considerations:

- the comparability of the nature, content and level of credit earned to that offered by Roane State
- the appropriateness and applicability of the credit earned to programs offered by Roane State with regard to the student’s educational goals
- the educational quality of the institution from which the credit was earned

The following policies and procedures govern the granting of credit for transfer coursework.

1. Official transcripts of all previous college coursework must be sent to the college at the time of application. Foreign transcripts not issued in English must be accompanied by a certified English translation.
2. Credit earned at a regionally or internationally accredited institution will be evaluated upon receipt of an official transcript for degree seeking students only.
3. Transfer credit (quality hours, quality points and GPA) will not be included on the Roane State academic record.
4. Courses earned with grades of A, B, C, D, or P will be considered for applicability toward a degree and certificate programs from Roane State. Only grades of A, B, C, or P will be accepted for remedial/developmental courses.
5. Roane State grants non-traditional credit for military service and service schools in accordance with the guidelines established in ACE (American Council on Education) and DANTES (Defense Activity for Non-Traditional Educational Support) published by the American Council on Education. Military service credit will be assigned a grade of P.
6. Roane State grants non-traditional credit for CLEP (College Level Examination Program) and AP (Advance Placement) examinations. CLEP and AP credit will be assigned a grade of P. See “Acquiring Credit” in this catalog for credit requirements.
7. Effective Fall 1999, Roane State will consider coursework from non-regionally accredited institutions as transfer coursework. Readmits and currently enrolled students may request credit consideration for coursework completed during or after Fall 1999. Credit requests must be made by completing an Application for Transfer of Credit form obtained from the Records and Registration Office or any off campus location. A course competency examination may be required as part of the process. Students required to take a course competency exam will be notified after the request for transfer credit form has been reviewed by the appropriate academic department. To request a course competency exam, the student must complete a Credit by Proficiency form, available from the Records and Registration Office or any off campus location. No fee is required for the exam when associated with transfer credit from a non-regionally accredited institution.

8. A minimum of 18 of the remaining 36 semester hours of coursework must be completed in residence at Roane State.

Transfer information can be obtained from Records and Registration. Advisement and information regarding inter-institutional articulation are available in Counseling and Career Services.

**MILITARY CREDIT**

Veteran students who have one year or more of honorable military service will need to submit a copy of their DD-214 to the Records and Registration Office. Military credit will be awarded in physical education (4 semester hours) and military science (6 semester hours). Students who completed less than one year but received at least eight weeks of training will receive 2 semester hours of physical education credit. Additional credit for military training/occupational experiences may be awarded based on MOS credit listed on the DD-214.

Army veterans will be awarded military credit based on training/occupational experiences listed on the AARTS transcript. Veterans may request a copy of their AARTS transcript by contacting:

Manager, AARTS Operations Center
415 McPherson Avenue
Fort Leavenworth, KS 66027-1373
FAX (913) 684-2011

RSCC follows all guidelines established by ACE (American Council on Education) and DANTES (Defense Activity for Non-Traditional Educational Support).

**CORRESPONDENCE AND EXTENSION CREDIT**

A student may not be enrolled at another college for correspondence or extension work while enrolled at Roane State unless special permission has been granted. All extension or correspondence work in progress upon admission must be reported to the Records and Registration Office at the time of the student’s first registration. A maximum of 30 semester hours credit for correspondence or extension courses, credit for Advanced Placement, CLEP, or CPS tests, and/or credit resulting from military service may be counted toward a degree. All correspondence or extension work must have the written, documented approval of the Director of Records and Registration.

**PRIOR LEARNING CREDIT**

A currently enrolled student at Roane State may petition for credit through documented work experience or life experience in the field in which a degree is being pursued.
Prior learning credit may be obtained as elective credit or specific course credit as it relates to a course in the current Roane State course inventory. This credit cannot exceed 18 hours. Credit for prior learning is not designed for students pursuing an Associate of Arts or Associate of Science degree (University Parallel). This type of credit normally does not meet degree requirements at a senior institution.

Students interested in seeking prior learning credit should first contact the appropriate academic dean. The dean will then assign faculty in the discipline to meet with the student to begin preparation of the portfolio. Students may be required to enroll in MGT 100—Portfolio Management, a course specifically designed for portfolio development.

The portfolio should contain the following:

1. An introduction that describes the basic facts for the learning experience.
2. Specific course numbers and course names for credit requested.
3. A description of the types of formal training or instruction received in the subject since high school. This training could have occurred in classrooms, on the job, or through informal settings.
4. A detailed list of the kind of work done in the area. Explain the responsibilities and tasks successfully performed.
5. A detailed list of what was learned about the field as a result of the experience. Describe theories and practices developed.
6. Appropriate examples of work along with the product resulting from the work, the conditions under which it was created, and changes that might be made now based on the experience.
7. A description of critical events, outstanding managers and their styles, reading or lectures that made the experience noteworthy.
8. A summary of the major experiences and insights to substantiate significant learning.

After the portfolio is completed the instructor will make a recommendation regarding the level of credit to the academic dean. The academic dean may choose to approve as submitted, modify the amount of credit awarded, or return the portfolio for additional information. The portfolio will then be sent to the Vice President of Academic Services for review before the final credit is awarded. The portfolio should be retained in the academic division office for a period of five years.

Credit awarded will depend on the student’s ability to analyze personal or professional significance. Awarding credit should be based on the student’s experience as it relates to the years in the field, breadth of exposure, or level of responsibility.

When the evaluation is complete and the appropriate signatures are in place, the form will be sent to the Records and Registration Office for the recording of credit. Credit type will be noted as EXP and a grade of “P” (Pass) will be assigned. A special fee for prior learning credit is assessed. Prior learning or proficiency credit will not apply toward meeting residency requirements for graduation.

COOPERATIVE EDUCATION
(865) 882-4546

The Cooperative Education program provides students with meaningful work experience related to their major field of study. The Placement Office at Roane State works with area employers to develop cooperative education experiences for Roane State students. These experiences allow the student to get practical on-the-job training prior to entering the work force. Cooperative Education work assignments may be on a concurrent or alternate basis. Most cooperative education work assignments at Roane State are concurrent, meaning that the student is enrolled in coursework leading to an associate degree while working.
Students must be in good academic standing and have completed 12 semester hours of coursework in their major (excluding Academic Development courses). A student may earn a maximum of 12 semester hours of co-op credit which may then be used toward general elective credit in the program of study. Students interested in receiving co-operative education credit must be registered with the Placement Office, however registration does not guarantee a successful co-op placement.

Co-op students must work a minimum of 10 hours per week over a 15-week period to receive co-op credit. While most co-op experiences are paid positions, some grant academic credit only.

All participants will be evaluated by the employing supervisor and will receive either a letter grade or pass/fail at the conclusion of the semester. Students are also asked to evaluate the employer and write a summary of the co-op experience. For more information, contact the Placement coordinator at 865-882-4695 or visit the Roane State Community College web site at roanestate.edu Keyword: Placement.

TECH PREP
(865) 882-4643 or 882-4626

Tech Prep is a course of study that combines four years of high school with two years of postsecondary education or training that leads to an associate’s degree, a training certificate, or an apprenticeship. Students prepare for high-skilled technical occupations in business management, health science, environmental science, and engineering technologies. Tech Prep combines technical and academic subjects and emphasizes workbased and worksite learning, while eliminating duplication of courses through a process called articulation. Students are encouraged to participate in life-long learning and in technical, high paying skill training.

Roane State and the Tennessee Technology Centers at Crossville, Harriman, Jacksboro, and Oneida/Huntsville have entered into an agreement to assist students in articulating courses from area and regional high schools to these postsecondary institutions. The Big South Fork Tech Prep Consortium serves 27 area high schools, 4 Tennessee Technology Centers, one community college, and several middle schools in an eight county service area.

Tech Prep Concentrator/Completer (Definition subject to change):

a. Student whose high school transcript shows a six-year plan identifying the student’s planned articulated program area.

b. Student whose transcript indicates that he/she graduated from high school under the Technical or Dual Path.

c. Student whose transcript indicates completion of 3 units in a vocational-technical area and one unit in a related vocational/technical area or 4 units in the same vocational-technical area.

d. Student enrolled in a high school program with a formal articulation agreement between the high school and the postsecondary institution (see articulation list below).

Tech Prep Articulation:

Articulation is a process that students use to transition between secondary and postsecondary schools. Students receive college credits for high school coursework at no cost to the student. Articulation agreements have been arranged between Roane State, Tennessee Technology Centers and high school faculty members.
Articulation Process:
1. Meet with middle school or high school counselor to decide on Tech Prep Six-Year Plan (4 years of high school and 2 years of postsecondary training or apprenticeship).
2. Complete the first four years of the six-year plan.
3. Earn a grade of A or B in high school technical courses to be articulated. Pass final exams in these courses.
4. Apply and enroll at Roane State within two years of high school graduation.
5. See your high school counselor to submit the following to the Tech Prep coordinator: (1) articulation application; (2) Six-Year Plan; (3) course competency checklist(s); and (4) high school transcript.

Articulation credits earned in high school will be posted on the student’s Roane State transcript if the student meets the above requirements.

Programs and Courses with Existing Articulation Agreements:
(Courses may be added or deleted by the consortium through additional articulation agreements or college requirement changes.)

Business Management Technology
- BUS 101 Introduction to Business
- BUS 221 Principles of Accounting I (In revision)

- OAD 105 Business Communications

Pre-Engineering
- ERG 161 Fundamentals of Engineering Graphics I

Articulation Between Tennessee Technology Centers and Roane State:
Students enrolled at Tennessee Technology Centers at Crossville, Harriman, Jacksboro, and Oneida/Huntsville may also articulate courses to Roane State. Students who earn a diploma from one of the centers may be eligible to receive up to 28 credits when they enroll in the General Technology degree program. This degree awards a student an Associate of Applied Science (A.A.S.) degree and not an Associate of Science (A.S.) degree. Tech Prep credits may not be articulated to all four-year institutions.

The objectives of the General Technology degree are to recognize a student’s prior learning experience; to expand opportunities for job mobility and promotion; to increase the student’s ability to use technology more effectively; and to continue profes-
sional development for technology center students. To receive articulation credits in General Technology the following procedures should be followed:

1. Meet with the Technology Center counselor or teacher to decide on Tech Prep plan.
2. Complete TTC diploma in a specific field of study (see eligible programs on next page).
3. Make grade of C or above in courses.
4. Enroll at Roane State within three years of graduation. Submit Tech Prep application, copy of TTC diploma, and official transcript to the Roane State Records and Registration Office. Submit copies of these documents to the Tech Prep Coordinator.
5. Meet with Roane State technical field advisor (department head).
6. Pass 15 credits at Roane State. Articulation credits earned at the TTC will be awarded on the Roane State transcript.

Eligible General Technology Programs:

TTC Field of Study (Note: Not all Technology Centers will offer the same courses of study.) Automotive Technology, Business Systems Technology, Computer Operations Technology, Dental Assisting, Diesel Engine Mechanics, Drafting, Electrical/Electronic Equipment Repair, Heat, Air Conditioning/Refrigeration, Industrial Electronics, Industrial Machinery Maintenance, Machine Tool Operation/Machine Shop, Practical Nursing, Surgical Technology.

East Tennessee Cooperative:

An agreement between the following schools allows students in high school articulated programs to enroll at a postsecondary institution where articulation can be provided. The following community colleges have agreed to accept the articulated credits for students not in their consortium.

- River Valley Tech Prep Consortium
  - Chattanooga State Technical Community College
- Ocoee Regional Tech Prep Consortium
  - Cleveland State Community College
- Northeast Tennessee Partnership
  - Northeast State Technical Community College
- Blount/Knox Consortium
  - Pellissippi State Technical Community College
- Big South Fork Tech Prep Consortium
  - Roane State Community College
- Mid-East Tennessee Tech Prep Consortium
  - Walters State Community College

The Tech Prep office will notify students regarding their request for articulation credit approval. Do not sign up for classes for which articulation credits will be awarded. For additional information about the Tech Prep program, contact the guidance office at your high school, Tennessee Technology Center or the Tech Prep office at Roane State.
STUDENT RECORDS
(865) 882-4526

Regulations:
At Roane State Community College, academic records are considered confidential. The college’s policy regarding the use and release of student records is governed by Public Law 93-380, the Family Educational Rights and Privacy Act (FERPA) and the Tennessee Public Records Act.

Under the terms of these laws, the college and its employees are charged with protecting the confidentiality of the educational records of its student-prospective students, currently enrolled students, and former students. The college is empowered to disclose relevant portions of student records to faculty and staff determined to have a legitimate educational interest.

All exceptions to this policy, including disclosure to external persons or agencies, shall be administered by the Registrar, the Dean of Enrollment Management, the Vice President for Academic and Student Services or the President.

Definitions:
Student: A person who attends or who has previously attended Roane State.
Student Academic Record: Educational information or data maintained by the college which relates to personally identifiable student.
Third Party: A third party is defined as anyone other than the student.

Change of Name or Address:
The Records and Registration Office should be informed of all changes in the student legal name for marriage or other reasons, place of residence, mailing address, and telephone number. The college is not responsible for a student’s failure to receive official information due to his/her failure to notify the college of any change(s) stated above.

Access to Records:
1. A student shall be permitted to inspect and review his/her academic records within 45 days following the date on which he/she notifies the Records and Registration Office that he/she desires access to such records.
2. A student shall be provided with a copy of their academic record if they have no obligations to the college. If there is an obligation, the student will be allowed to view a copy of their academic record, but may not take the copy.
3. Students have the right to request explanation or interpretation of their academic record.
4. The student shall be entitled to challenge the content of his/her academic records.
   a. A challenge concerning the content of a student’s academic record must be submitted in writing to the office/department immediately in charge of maintaining the record in question.
   b. The challenge must be signed by the student.
   c. The office/department in charge of maintaining the record will mark the date of submissions on the challenge. A response will be sent to the student within 30 days noting the action to be taken by the office/department or the student.

Limitation on Access to Records:
1. A student shall be denied access to a parent’s financial records.
2. A student shall be denied access to confidential letters and statements which were placed on a student’s record prior to January 1, 1975.

3. A student shall be denied access to confidential recommendations respecting his/her admission to the college or receipt of an honor or honorary recognition if he/she has signed a waiver of access rights.
   a. Roane State shall not require any student to waive access rights.
   b. A party from which a recommendation is sought may require such a waiver.
   c. Confidential statements and letters shall be used only for the purpose for which they were solicited.

4. A student shall not be permitted to inspect records which personally identify other students even if he/she is personally identified on that record. In such a case he/she shall simply be informed of the information contained on the record.

**Release of Transcripts or Information on Students’ Academic Records Policy:**

Roane State staff, faculty and other employees will be granted access to academic records on a need-to-know basis. All employees must abide by FERPA and the Tennessee Public Records Act when reviewing student records other than FERPA Directory Information and/or Solomon Amendment Directory Information. Roane State employees who have direct access to these records are:

- President, All Records
- Vice President, All Records
- Deans, All Records
- Division Heads, All Records
- Director of Counseling and Career Services, All Records

**Release of Information is subject to the following procedures:**

1. Students may receive a copy of their transcript by appearing in person. A photo ID must be presented. Completion of a transcript request form with the student’s signature is required prior to the release or mailing of the transcript. The student account will be checked for financial obligations, prior to release.

2. Students may receive a copy of their transcript by mailing or faxing their transcript request to:
   - Records and Registration Office
   - Roane State Community College
   - 276 Patton Lane
   - Harriman, TN 37748-5011
   - FAX: 865-882-4527

**A student's transcript request form must contain the following information:**

- Full Name (and other names used since leaving the college)
- Social Security Number
- Date of Birth
- Date of Last Attendance
- Number of Transcripts Requested
- Address to which Transcript is to be Mailed
- Current Mailing Address and Phone Number

Assessment test scores can be sent to other TBR (Tennessee Board of Regents) schools upon request. Requests for non-credit transcripts need to be made in writing to the Office of Continuing Education. In all cases, obligations to the college must be fulfilled before a transcript will be issued.
Release of Records to Third Parties*:

1. A third party is defined as anyone other than the student. The student’s parents or legal guardians are considered third parties. FERPA Directory Information shall be released to third parties without the written consent of the student.

**FERPA defines directory information as:**
- Student Name
- Address
- Email address
- Telephone Listing
- Date of Birth
- Participation in officially recognized activities and sports
- Weight and Height of athletic team members
- Dates of attendance
- Enrollment Status—Part-time, Full-time
- Degree and awards received
- Major field of study
- Most recent previous educational agency or institution

**NOTE:** Pursuant to the Federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002 certain information concerning registered sex offenders is considered public information and therefore amend and supercede the Family Educational Rights and Privacy Act (FERPA) and other federal and state laws that previously prohibited the disclosure of such personal information.

**Solomon Amendment** defines directory information as:
- Student Name
- Address
- Telephone Listing
- Date and Place of Birth
- Level of Education
- Academic Major
- Degree(s) Received
- Educational Institution in which student most recently enrolled

**NOTE:** On October 26, 2001, Congress enacted the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001. The act amends the Family Educational Rights and Privacy Act to permit institutions to disclose education records to federal law enforcement officials without student consent if the appropriate United States official, certifying that “specific and articulable facts” support the request, obtains a court order that requires an educational institution to turn over education records that are considered relevant to a terrorism investigation.

Privacy:

1. Directory information may be withheld as “no information available” if the student requests PRIVACY through the Records and Registration Office. The request for privacy may remain in effect for the entire educational career of the student or until the student requests the privacy to be removed. Request for
privacy should be given serious consideration. Students seeking privacy should discuss such action with the Registrar.

2. Information contained in Roane State records shall be provided without the student’s written consent to third parties engaged in the validation, development or administration of tests, accreditation activities, or research conducted on behalf of the college provided such information is not revealed to any other party.

3. Records shall be released without the student’s written consent to college personnel authorized to have access to such records, authorized federal and state government officials, and/or officials of other institutions in which the student seeks to enroll.

4. Student academic records shall be released to any federal, state or circuit court having a judicial order. Subpoenas received will be held for review by TBR General Council. A reasonable effort will be made to contact the student prior to the release in response to such subpoenas or judicial orders.

5. Academic records shall be released by the college to any third party including the parent with written consent of the student.

6. Academic records shall be released to third parties in emergency situations involving health or safety.

7. Records shall be released to a third party without the written consent of the student in connection with the student’s application for, or receipt of, financial aid.

Destruction of Academic Records:

All or part of a student’s records may be removed from the file and destroyed by the Records and Registration Office. However, once a student requests access to review his/her files, such removal and destruction may not occur until access has been granted and the review completed by the student.

Enrollment Verifications:

The Records and Registration Office cooperates with various lending agencies, including the National Student Loan Clearinghouse, by certifying that their student clients are enrolled at Roane State. Student Loan Deferment forms should be delivered to the Records and Registration Office at the beginning of the term. All medical and/or auto enrollment forms can be delivered to Records and Registration for completion. Forms should contain the policy-holder and student identification information. This is to ensure proper action upon receipt at the insurance company.

GOOD STANDING

Good Standing status denotes that the student is not on probation and is also eligible to continue enrollment or is eligible to re-enroll. Letters of Good Standing can be requested through the Records and Registration Office.

CLASSIFICATION

Student classification levels for purposes of registration are:
Freshman—0-26 credit hours
Sophomore—27 or more credit hours

CHANGE OF MAJOR/STATUS

Students may request to change their major/status after the first term of attendance. Currently enrolled degree or certificate-seeking students may request a change to nondegree status (special student category) once they have: 1) completed all aca-
academic development requirements, and/or 2) completed all admission requirements. Exceptions may be requested through the Registrar and will be decided on an individual basis. Special Student Category students are not eligible for federal financial assistance (Pell Grant, Veteran’s Benefits, etc.). Change of status or major is not automatic. The new major will be in effect beginning with the next term. Change forms may be picked up at the Records and Registration Office, or any off campus site. Written confirmation of the change will be mailed to the student.

**STUDENT IDENTIFICATION NUMBER (SID)**

A student’s identification number will be the social security number or a computer generated unique identifier. The use of social security numbers is optional. If, at the time of application, the student desires not to disclose the SSN, the institution will assign a unique SID for the student’s use. However, please note, if you receive federal and state financial assistance you are required to disclose your SSN.

**STUDENT PERSONAL IDENTIFICATION NUMBER (PIN)**

A student’s personal identification number is used for verification purposes when accessing IRIS or Web registration. For further information or assistance concerning use of PIN or resetting your PIN, contact the Records and Registration Office.

**HONORS PROGRAM**

(865) 354-3000 ext. 4273
(865) 481-2010

The Honors Program is the core of a variety of enrichment opportunities available at Roane State. The program offers a unique course of study to the most promising students at the college. The program, in affiliation with the National Collegiate Honors Council, is designed around the concept of student initiative and academic achievement. It is designed for students who want more from their collegiate experience. It provides opportunities to experience learning at a deeper level while having some responsibility for expression in creative academic projects. Honors serves students who work hard, raise questions, and seek answers.

The Honors Program maintains strict standards for admission and participation. However, there are no extra fees to pay and many services are provided at no cost to the students. The most important criterion for success is each student’s motivation and dedication to learning.

**Admission Requirements**

You may apply to the program if you are a:

- Freshman who has attained a 3.5 GPA in high school and/or scored 25 or higher on the ACT
- Current RSCC student who has attained a 3.5 GPA with a minimum of 12 collegelevel credits
- Transfer student who has attained 3.5 GPA with at least 12 college-level credits from another accredited institution.

**NOTE:** Some exceptions to these requirements are made based on a personal interview.

Honors students enjoy benefits such as field trips, social gatherings, cultural events, special programs and presentations. Members of the Honors Program are invited to join Phi Theta Kappa International Honor Society, which provides many transfer scholarships to four-year institutions.
Those who earn twelve hours of Honors credit and maintain at least a 3.3 GPA graduate as an Honors Associate and receive a certificate. Those who earn eighteen hours and maintain a 3.3 GPA graduate from the Honors Program and receive an Honors diploma. All Honors graduates and Phi Theta Kappa members receive special recognition at graduation.

**STATEMENT OF ACADEMIC INTEGRITY**

An essential feature of any institution of higher learning is a commitment to maintaining an atmosphere of intellectual integrity and academic honesty. Plagiarism (the use of the intellectual property of someone else without giving proper credit), cheating, and other forms of academic dishonesty are prohibited. The instructor has the authority to assign an F or a zero for the exercise or examination, or to assign an F in the course, to a student found guilty of academic misconduct. Each student is responsible for his/her own personal integrity and honor in academic life, and when accepting admittance to Roane State, affirms and subscribes to this commitment to neither knowingly give nor receive any inappropriate assistance in academic work.

**ATTENDANCE REGULATIONS**

1. Attendance of classes and other official appointments is expected and may be included in the calculation of a student’s final grade.
2. An explanation of absences should be given to instructors. This information should be presented in advance if possible.
3. Absences are counted from the first scheduled meeting of the class.
   **IMPORTANT:** Non-attendance does not constitute a withdrawal from classes or from the college. Procedures to formally drop a course or to withdraw from the college must be followed. FOLLOWING THESE PROCEDURES MAY PREVENT A FAILING GRADE ON A STUDENT’S TRANSCRIPT.
4. Some Health Science and Nursing programs may have attendance requirements that affect progress or retention in the program. Contact the program director for detailed information.
5. **Attendance will be monitored for students who receive Title IV financial aid funds.** Lack of attendance could mandate administrative withdrawal and necessitate the repayment of financial aid funds.

**REGISTRATION FOR COURSES**

The printed schedule of courses also contains registration information. Roane State Community College provides early registration through Web for Students each semester for currently enrolled and readmitted students. No student is officially enrolled until he/she has completed all requirements of enrollment including the payment of fees. Registration after the regular catalog published date may be permitted for one calendar week following this date. Exceptions for late registration or adding a class may be granted for good cause by the Vice President for Academic Services. Late registration requires payment of the late fee. No student shall receive credit for a course for which he/she is not properly registered. A STUDENT MAY NOT BE ALLOWED TO REGISTER UNTIL ALL REQUIRED ADMISSION DOCUMENTS HAVE BEEN RECEIVED BY THE OFFICE OF RECORDS AND REGISTRATION.
AUDIT COURSES

Any student enrolled at RSCC may register for audit courses. The student will attend class without being required to take examinations or prepare lessons or papers. Students auditing a course will receive a final grade of “AU” (audit) on the transcript. No credit will be received for the course or toward major requirements.

CHANGE OF REGISTRATION/DROP-ADD

A student is allowed to change registration during the “Drop-Add” period at the beginning of each semester. The following procedures are to be followed in adding or dropping courses:
1. Prepare a change of registration form from the Records and Registration Office.
2. Secure approval from the Director of Academic Development, if the student has not completed all required academic development courses.
3. Receive one copy which must be shown to the instructor whose course is being added.

Failure to follow these procedures will result in an “F” in a course the student did not attend.

NOTE: Students enrolled in Remedial/Developmental courses will not be permitted to drop these courses unless extenuating circumstances exist. Approval must be granted by the Director of Academic Development or a designee.

GRADE TYPE CHANGE

To change a course grade type, from audit to credit or credit to audit, the student must do so by following the Change of Registration/Drop-Add procedures. The deadline dates listed below will be strictly enforced.

- Audit to Credit: Permitted during late registration/add period.
- Credit to Audit: Permitted during the withdrawal period.

PROGRESSION STANDARDS

ENGLISH COMPOSITION

The Tennessee Board of Regents’ Committee on the Improvement of Student Writing made many recommendations that were implemented during the 1985-86 academic year. Of direct importance to incoming freshmen are the progression standards for English composition courses. The recommendation is as follows:

“All full-time degree-seeking student at any TBR institution must be enrolled in a core (or developmental) English course each term until that student completes core writing requirements. Any part-time degree-seeking student at any TBR institution must be enrolled in a core (or remedial or developmental) English course for each 12 hours taken. Students may not withdraw from a core or remedial English course unless they withdraw from school.”

FRESHMAN EXPERIENCE

The Freshman Experience provides new students an orientation to the college. Students will enjoy a tour of the facilities, participate in team-building activities, and workshops to learn to use the Campus Pipeline and Web for Students. Students will be afforded the opportunity to meet other freshmen, establish contact with their advisor and will be introduced to strategies that will help them be successful in their learning experience.
COURSE LOAD

The average semester hour load for a degree-seeking student should be 16 hours of credit. Individual programs may require more or less than 16 hours per semester for degree completion. A full-time student is one who is carrying 12 or more semester hours of credit. The following criteria apply to semesters by course loads:

1. Students may register for 20 hours of credit upon verification of a 2.5 cumulative grade point average by the Office of Records and Registration.
2. Students may register for 21 hours of credit subject to verification of a 3.0 cumulative grade point average by the Office of Records and Registration.
3. Students wishing to enroll for 22 hours or more must have the approval of the Dean of Enrollment Management.
4. Any exceptions to the above guidelines must have the approval of the Vice President for Academic Services.

Special for Credit students are limited to no more than 12 hours per semester with no limit to the total number of accumulated hours.

REPEATED COURSES

A student may repeat a course with the intent of improving the grade previously earned. In computing the quality point average of a student who has repeated one or more courses, only the last grade received in the repeated course or courses will be used. The hours attempted will be counted only once, provided that the number of repeats in any single course does not exceed two (three attempts). In the event that a student attempts a course more than three times, the third and subsequent grades shall be used in determining quality point average.

In order that grade point averages may be adjusted appropriately, the student repeating a course may file a course repeat form with the Records and Registration Office.

Veterans or other eligible persons repeating courses for which they have a passing grade (“D” or higher) and for which they have been paid are cautioned not to claim this course for pay the second time.

Students may be permitted to repeat a course in which a grade of “B” or higher was earned only with the approval of the Vice President for Academic Services.

COURSE ELECTIVES

The Tennessee Board of Regents System specifies which discipline specific courses satisfy in the General Education Core (see p. 92). For elective courses taken beyond the General Education Core contact your advisor and/or your senior institution for specific course selection advisement.

General Electives

Electives which are not specified in the course of study may be selected from any college level courses.
COURSE SUBSTITUTIONS

Course substitutions require the approval of the student’s faculty advisor and the appropriate academic dean. A form for this approval is available from advisors and should be processed prior to registering for the course in question.

Students in a transfer program should consult with their senior institution prior to submitting a substitution. Senior institutions may or may not honor substitutions. Substitutions are not approved for articulation agreements.

CANCELLATION OF SCHEDULED CLASSES

Any scheduled class may be discontinued by the college. The right is reserved to cancel when the number enrolled is deemed insufficient. For further information, contact the Records and Registration Office.

GRADERS

Grade Points—Grade points are numerical values assigned to letter grades in order to provide a basis for determining grade (quality) point averages. The four-point system is used.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade/Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A Outstanding</td>
<td>4.0</td>
</tr>
<tr>
<td>B Above average</td>
<td>3.0</td>
</tr>
<tr>
<td>C Average</td>
<td>2.0</td>
</tr>
<tr>
<td>D Passing but below average</td>
<td>1.0</td>
</tr>
<tr>
<td>F Failing</td>
<td>0.0</td>
</tr>
<tr>
<td>AW Administrative Withdraw for Non-Attendance</td>
<td>0.0</td>
</tr>
</tbody>
</table>

To meet degree requirements a student must maintain an overall grade point average of 2.00. Generally, letter grades are awarded according to the following scale:

- A 90 - 100
- B 80 - 89
- C 70 - 79
- D 60 - 69
- F 0 - 59

Some specific exceptions to the above scale may apply and the college reserves the right to adjust it accordingly. Students enrolled in Health Science or Nursing programs may not follow the same scale. Students should refer to the grading scale included on the course syllabus.

Computing Your Grade Point Average (GPA):

1. Grade points (above) X Course credit hours = Grade points for course
2. Sum of the grade points for all courses = Total grade points
3. Total grade points divided by credit hours attempted = GPA

Example:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Credit</th>
<th>Grade Points</th>
<th>X</th>
<th>Points Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>IENG1 1010</td>
<td>A</td>
<td>3</td>
<td>4</td>
<td>12</td>
</tr>
<tr>
<td>IMATH 1130</td>
<td>B</td>
<td>3</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>ICHEM 1110</td>
<td>C</td>
<td>4</td>
<td>2</td>
<td>8</td>
</tr>
<tr>
<td>ISPCH 201</td>
<td>B</td>
<td>3</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>IPHED 1100</td>
<td>A</td>
<td>1</td>
<td>4</td>
<td>4</td>
</tr>
</tbody>
</table>

TOTAL 14 42

42 divided by 14 = 3.0 GPA
Other markings which may appear on the grade report and/or transcript are as follows:

<table>
<thead>
<tr>
<th>Mark</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART</td>
<td>Tech Prep Credit</td>
</tr>
<tr>
<td>AU</td>
<td>Audit, no grade or credit</td>
</tr>
<tr>
<td>EXP</td>
<td>Experiential Credit</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
</tr>
<tr>
<td>MIL</td>
<td>Military Credit</td>
</tr>
<tr>
<td>P</td>
<td>Pass</td>
</tr>
<tr>
<td>PFT</td>
<td>Challenge Examination</td>
</tr>
<tr>
<td>VAL</td>
<td>Validation of Previously Earned Credit</td>
</tr>
<tr>
<td>W</td>
<td>Withdrew</td>
</tr>
</tbody>
</table>

The grade “I” indicates that the student was passing at the end of the semester but has not completed the work of the course as required by the instructor. The student is thus on notice that he/she should contact the instructor immediately in an effort to complete course requirements. An “Incomplete” must be removed during the succeeding semester, with the exception of Summer Semester. Should the “Incomplete” not be removed within the required time, the grade will convert to “F.”

At the discretion of the Vice President for Academic Affairs, selected courses may be offered using a pass-fail grading system. A “P” indicates a passing grade in such cases. Credit resulting from military service or from tests such as Advanced Placement, the College Level Entrance Examination Program, the Certified Professional Secretary, or other proficiencies will not be assigned quality points for computing the grade point average, and a letter grade of “P” (Pass) will be assigned for this credit.

If a student wishes to appeal a final grade in a course, he or she should discuss the matter first with the instructor of the course. If the issue cannot be resolved at that level, the student may submit a written appeal to the appropriate dean and finally to the Vice President for Academic Services.

### Grade Appeal Procedure

Grades, as well as transcript information, withdrawals and other data perceived by a student to be in error, must be protested within the subsequent semester after the information was posted. If a student believes there are circumstances which warrant an appeal of a grade received for other than academic misconduct, the student must appeal the grade within 45 calendar days following the last day of the end of the semester in which the grade was posted. The appeal process must be initiated by the student and includes the following steps which must be followed in this order:

1. Contact the instructor in writing to ensure that no calculation or administrative error occurred and if it is not possible to resolve the problem at this level
2. The student can submit in writing an appeal to the division dean or appropriate supervisor of the instructor and the student can expect a written response. If the issue is not resolved at this level, then
3. The student can submit the written appeal to the Vice President for Academic Services, whose decision will be final.

Protests initiated after the allowed time frame of 45 days will not be reviewed.
DEAN’S LIST

The Dean’s List is the official medium for the institution to recognize outstanding academic achievement by students. Full-time students (those completing 12 or more semester hours of college-level courses) with a quality point average of 3.5-4.00 are identified each semester on the Dean’s List.

WITHDRAWALS AND HONORABLE DISMISSALS

Students finding it necessary to withdraw from the college must do so officially to maintain good standing and to assure honorable dismissal and/or readmission.

The request for a late drop or withdrawal MUST be made on or before the last day of classes. Requests made after the semester has ended will not be approved. A student who stops attending classes and fails to follow the proper withdrawal procedure will be carried on the roll until the end of the semester and a grade of “F” will be recorded.

Withdrawal procedures are as follows:

1. Obtain withdrawal form from the Records and Registration Office to initiate withdrawal procedure.
2. Make an appointment with a counselor or your faculty advisor.
3. Return form to the Records and Registration Office for final withdrawal clearance.

After the withdrawal deadline date, no student will be permitted to withdraw from the college or classes and receive the designation of “W” without providing documented proof of one of the following conditions and verification that the mitigating circumstances developed after the withdrawal deadline:

1. Illness or injury of the student or serious personal problems as verified by the attending physician or a psychologist.
2. Necessary change in work schedule verified in writing by the student’s employer.
3. New employment as verified in writing by the employer.

Students may apply for withdrawal from a completed semester by supplying the same information as above. If granted by a committee of the Vice President of Academic and Student Services, Dean of Students, and Registrar, grades for the courses requested will be recorded as “W.”

NOTE: Students enrolled in Developmental Studies courses are not allowed to withdraw from these courses unless extenuating circumstances exist. Approval must be granted by the Director of Developmental Studies or a designee.

All equipment belonging to the college must be accounted for or paid for and all financial obligations met. If it is impossible for the student to take these steps in person, they should be completed by a person acting as an agent for the student.
ACADEMIC PROBATION AND RETENTION STANDARDS

A student who fails during any term to attain a cumulative quality point average at or above the level indicated below for the hours attempted (inclusive of any remedial or developmental courses) will be placed on academic probation for the following term.

<table>
<thead>
<tr>
<th>Semester Hours Attempted</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 - 14</td>
<td>No minimum</td>
</tr>
<tr>
<td>15 - 26</td>
<td>1.0</td>
</tr>
<tr>
<td>27 - 40</td>
<td>1.4</td>
</tr>
<tr>
<td>41 - 48</td>
<td>1.7</td>
</tr>
<tr>
<td>49 - 56</td>
<td>1.9</td>
</tr>
<tr>
<td>57 - and above</td>
<td>2.0</td>
</tr>
</tbody>
</table>

ACADEMIC SUSPENSION

At the end of the following term of enrollment, a student on academic probation who has failed to attain: 1) the above cumulative standard OR 2) a 2.0 grade point average for the current term will be suspended. Students who have satisfied the 2.0 GPA but have not yet achieved the standards as listed above will remain on academic probation for subsequent terms until the standards have been achieved. Students on probation or suspension who fail to attain the cumulative standard and the 2.0 GPA for the subsequent term will be placed on suspension.

Suspension terms are as follows:

- First time suspension: One term (semester)
- Second suspension: Two terms
- Third suspension: Dismissal

In all instances, the summer term does not apply as a term served for suspension. For the student who is suspended at the end of the spring semester, the following fall semester is considered to be the term of suspension.

A third suspension of “Dismissal” may be appealed to the vice-president of Academic Services after a period of two years absence from enrollment at the college.

APPEALS

A student who has been academically suspended either from RSCC or is currently suspended from another college or university may request an appeal through the Admissions and Retention Committee. If the student feels that there were extenuating circumstances (e.g. errors in their transcript, documentable medical or psychological problems, court or military duty, etc.) that caused the academic problems, they may appeal to the committee for reinstatement.

To request an appeal the student must contact the Records and Registration Office for an appointment with the committee. If the Admissions and Retention committee grants the reinstatement, the conditions imposed by the committee will be clearly stated. These may include a reduced course load, regular meetings with an advisor or counselor, and course suggestions.

Students who voluntarily serve the time imposed by their suspension will be reinstated automatically and do not need to meet with the Admissions and Retention Committee.
TRANSFER STUDENTS

Students on academic suspension from another college or university must clearly designate this information on their application to Roane State. Falsifying this information may lead to dismissal. Degree or non-degree students who are transferring to RSCC are subject to the same standards for appeal as RSCC students. Transcripts from the suspended college/university are required.

While individual courses may transfer to RSCC and can count towards fulfilling degree requirements, the number of credit hours and quality points do not count towards calculating the GPA for academic probation and suspension.

GROUND FOR DISMISSAL

A student may be dismissed from the college for any one or more of the following reasons:

1. Failure to meet minimum academic standards as stated in the above section.
2. Conduct of an unacceptable nature (Refer to Student Services section of this catalog).
3. Failure to meet Academic Development requirements for satisfactory progress through course requirements.

GRADUATION

Students who have successfully completed 48 semester hours toward a degree or half of the coursework required for a certificate must complete an Intent to Graduate by the deadline for the intended graduation semester. The student is required to complete the form in its entirety, obtain his/her advisor’s signature, and pay a non-refundable graduation fee.

An evaluation of the student’s status towards graduation will be sent to the student and the academic advisor. The student is encouraged to meet with his/her advisor to develop a plan for the completion of the program based on the results of the evaluation.

Degree and Certificate Requirements

In order to obtain a degree or certificate, students must complete the general requirements as prescribed by Roane State and specific requirements set forth for the program.

Requirements include:

1. **Minimum GPA.** An overall Grade Point Average (GPA) of 2.0 is required for the degree and/or certificate. Only college-level courses taken at Roane State are computed into the GPA for graduation.
2. **Minimum Credit Hours.** Each candidate must complete at least 60 semester hours to be eligible for the associate’s degree. All requirements specified in the catalog must be completed.
3. **Catalog Option.** The student must meet the requirements of (a) the current catalog or (b) the catalog in effect at the time the student entered a program through readmission to the college or by changing his/her major.
4. **Minimum Hours in Residence.** A minimum of 18 hours of the final 36 semester hours of coursework must be completed at Roane State but not less than 25% of the total hours in any degree program. Thirty percent of the semester hours in a certificate program must be taken at Roane State. Experiential and Proficiency credit does not apply to this residency requirement.
5. **Additional Degrees.** Requirements for more than one degree may be met. A minimum of 16 semester hours beyond the requirements for the first degree must be completed as well as all course requirements for the additional degree. Separate Application for Graduation forms must be filed for each degree.

6. **Additional options within a degree program.** A student may complete requirements for more than one option within an A.A.S. degree program by successfully completing all course requirements. Only one diploma will be issued for the degree.

7. **Obligations to the College.** All candidates must fulfill all financial obligations to the college including parking tickets, the return of library books, audio-visual tapes, college at home materials, etc.

8. **Exit Testing.** All students seeking a degree from Roane State will be required to take the Academic Profile exam prior to being granted their degree. Information regarding test administration dates will be sent to the student once his/her Intent to Graduate has been processed. Certificate students are exempt from the Academic Profile. A student may, as a condition of their graduation, be required to take additional tests designed to measure achievement in general education and in their major. The purpose of such testing is for evaluating institutional effectiveness or the academic program. Participation in testing may be required of all students, of students in certain programs, and of students selected on a sample basis. In order to comply fully with this provision, the student must authorize the release of his/her scores to the institution. Unless otherwise indicated, no minimum score or level of achievement is required for graduation and individual student scores will be treated as confidential.

**Graduation with Honors**

Degree-seeking students may be eligible for academic honors based on the quality point average of coursework completed at Roane State. Academic honors are reflected on the student’s transcript and diploma. Certificate students do not qualify for academic honors. Honors designations are based on the following grade point averages: 3.5-3.69 cum laude; 3.7-3.89 magna cum laude; 3.9-4.0 summa cum laude.

**Ceremony**

Commencement exercises are held at the end of the spring semester only. Students who anticipate completing their work during the following summer are eligible to participate in commencement exercises if a grade point average is sufficient for graduation and an Intent to Graduate has been officially processed by the spring deadline. Due to the early printing date of the program, academic honors are based on the previous term GPA. Fall graduates will be invited to attend the following spring exercises. Participation in the ceremony is optional, but strongly encouraged. Students will be sent ceremony information in April.

**DEVELOPMENTAL STUDIES POLICIES AND GUIDELINES**

**BASIC SKILLS ASSESSMENT**

In an effort to provide more effective educational services for students, the college participates in the Board of Regents’ Developmental Studies assessment program to assess basic skills. Placement is based on valid ACT or Compass scores. (See #3 on page 27.) Through this assessment, Roane State can identify the students’ academic strengths and weaknesses in reading, writing, and mathematics skills. This informa-
tion is used along with the student’s past educational history to provide advisement and placement in courses that best help the individual student to improve skills in these areas, as well as study skills.

All Tennessee State Board of Regents colleges and universities require that all first time degree-seeking students undergo assessment. Transfer students who have not successfully completed college-level reading, writing, and mathematics courses must also undergo assessment. Further information regarding basic skills assessment can be obtained by contacting Counseling and Career Services on the Roane County or Oak Ridge campuses.

**RESTRICTED ENROLLMENT**

Students whose assessment results require enrollment in Developmental Studies (DSP) courses may not enroll in a regular college level course which requires that competency as a pre-requisite until they have satisfactorily met the exit criteria of the appropriate DSP courses. Exceptions to this policy require the approval of the DSP director and completion of the related documentation.

**College Level Courses Which Can Be Taken With Developmental Studies Courses:**
The following college courses may be taken by developmental studies students concurrently with their developmental courses.

<table>
<thead>
<tr>
<th>DSP Course Required</th>
<th>Courses that can also be taken</th>
</tr>
</thead>
<tbody>
<tr>
<td>DSPM 0800 or 0850 (Algebra)</td>
<td>Any course without math prerequisites</td>
</tr>
<tr>
<td></td>
<td>The only math courses that can be taken are BUS 111 or 112.</td>
</tr>
<tr>
<td>DSPW 0700 or 0800 (Writing)</td>
<td>Any course other than English</td>
</tr>
<tr>
<td>DSPR 0700 or 0800 (Reading)</td>
<td>Students should check with their advisor or the DSP Office for courses that can be taken along with this requirement.</td>
</tr>
</tbody>
</table>

**COLLEGE SUCCESS STRATEGIES**

Placement in DSPS 0800 College Success Strategies is required for students who are placed in at least two subject areas at the remedial or development level. Beyond this mandatory placement, students with a deficiency have the option to elect placement in College Success Strategies. Course enrollment is limited to students in theses categories.

**ATTENDANCE IN DEVELOPMENTAL STUDIES COURSES**

The Developmental Studies Program is required by the TBR to have a mandatory attendance policy. Students enrolled in DSP courses are expected to attend all scheduled classes if at all possible. In the case of absences, students should work closely with their instructor regarding any work missed. Instructors must define the specifics of their attendance policies including any penalty for excessive absences. Questions regarding this matter should be directed to the DSP director.

*NOTE: The Developmental Studies program policies and procedures were under review at the time this catalog was being printed. Changes may be necessary that would invalidate statements in the catalog; therefore, students should check with Counseling and Career Services or the Developmental Studies Program Office for additional information.*
April Hickok of White County is a member of the Raiderette basketball squad.
Tuition and fees are assessed and payable at registration each semester. Registration is not considered to have been completed until all assessed tuition and fees have been paid. Tuition and fees paid by check are not considered to have been paid until the check has cleared the bank. Students who have not met all financial obligations to the college will not be permitted to attend classes. No student will be permitted to reenroll, graduate, or receive a transcript until all financial obligations to the college have been satisfied. All tuition and fees are subject to change by direction of the Tennessee Board of Regents. The current semester class schedule should be consulted for current tuition and fee rates. Any student who has a question or problem concerning tuition, fees, or other monetary transactions pertaining to the college should contact the Business Office.

TUITION — REFUNDABLE

All students, both resident and non-resident, will be assessed a tuition fee. The tuition fee rate for the 2003-2004 academic year is $78 per semester hour, not to exceed $912 per semester.

<table>
<thead>
<tr>
<th>Credit Hours</th>

</tr>
</tbody>
</table>

An additional tuition fee of $50 per credit hour will be assessed for all hours exceeding 21 credit hours per semester.

OUT-OF-STATE TUITION — REFUNDABLE

Out-of-state tuition is free to all residents of the State of Tennessee. Students classified as nonresidents will be assessed tuition plus out-of-state regular tuition fees. The semester out-of-state tuition rate for the 2003-2004 academic year is $236 per semester hour, not to exceed $2,732 per semester. The definition of residency as determined by the Tennessee Board of Regents will apply. Information concerning residence classifications may be obtained from the Director of Records and Registration. Non-resident students will be accepted if space permits.

SUMMER AND ALTERNATIVE SESSION FEES

Semesters are offered as full session, express sessions, and/or accelerated sessions. Any session may vary in the number of weeks that the classes meet. Students may register for the full session, alternative sessions or any combination thereof. Tuition rates and fees are applied based on the total number of enrolled hours per semester regardless of individual session hours. For any student registering for any course(s) or adding course(s), the assessment of course fees, late fees and change of schedule fees
is determined by courses (if any) for which the student registered before the first official
day of classes for each session. The primary consideration in determining what
fees are assessed is whether the student is registering for courses or adding courses.
For this purpose the following definitions shall be used:

Registering for courses – a student registers for a course(s) only if he/she is not
already enrolled in a course(s) meeting the same semester as the session in which he/
she is enrolling.

Adding courses – A student adds courses when he/she is already enrolled in a
course(s) meeting the same semester as the session which he/she is enrolling.

AUDIT FEE

Fees for courses being audited are the same as those taken for credit. Auditors are
not required to take examinations and receive no credit.

MISCELLANEOUS FEES

Application Fee (Non-Refundable). Each student applying for admission to the col-
lege for the first time will be assessed a $10 application fee. This fee is a one-time only
fee and must accompany the application for admission.

Campus Access Fee (Non-Refundable). This fee will be assessed in addition to the
Student Activity Fee, and the Student Government fee.

1. Each student who registers for classes at any college campus or center will be
assessed a $5 campus access fee each semester. This will include students regist-
ering for credit classes as well as Community Service-Continuing Education
classes. Students registering for non-credit programs that meet fewer than twelve
weeks, or fewer than twelve clock hours, or for which fees are not charged will
be issued a temporary parking permit but not assessed an access fee.

2. Faculty and staff will be assessed an annual campus access fee of $10. Persons
who are employed Spring Semester or after will be assessed a campus access
fee of $5.

3. All faculty, staff, and students who pay the campus access fee will be given a
parking decal. Additional decals will be available at a cost of $1.

4. All vehicles parked or operated by any person in connection with their employ-
ment or attending classes of the college must be registered with the Dean of
Student Services. All other persons on campus who are not short-term visitors
must have a temporary parking permit.

Deferred Payment Participation Fee (Non-Refundable). Students participating in
the deferred payment plan will be assessed a $25 participation fee that is due and
payable with the initial down payment of fees.

Deferred Payment Late Payment Fee (Non-Refundable). A late payment fee of $25
will be assessed for each installment payment which is received after the due date for
that payment.

Fitness Center Fee (Refundable). A $15 fee is assessed to each student enrolled in
Fitness for Living courses. The fee provides funds to maintain extended operational
hours for the fitness centers and also to maintain and/or replace fitness center equip-
ment required for the courses.

Graduation Fee. Graduating students are assessed a fee of $25 to cover the cost of a
diploma and other related costs. This fee must be paid when the graduation application
is submitted and is refundable only if the student does not graduate and no costs are incurred by the college. No graduation fees will be refunded if requested after one calendar year. There is no additional fee for completion of more than one option within a degree program and no additional diploma will be ordered. An additional $25 fee will be required for each degree if the student is eligible to receive an additional diploma. The fee for a replacement diploma is $10.

**Individual Instruction in Music (Refundable).** Semester fees for individual instruction in music are assessed as follows:

- 1 lesson per week $55
- 2 lessons per week $100

These fees are refundable on the same basis as tuition fees.

**Late Registration Fee (Non-Refundable).** Students failing to complete the registration requirements prior to the late registration period will be assessed a late registration fee of $20.

**Liability Insurance Fee (Non-Refundable).** A liability insurance fee will be required for students in the health occupation programs. The liability insurance will be purchased at a reduced group rate.

**Miscellaneous Fees (Refundable).** A fee for certain courses which are conducted in facilities not owned by the college will be assessed at a rate based on the amount charged by the owner of the facility. This fee is refundable on the same basis as tuition fees.

**Motor Vehicle Registration.** All staff and students are required to properly register all vehicle(s) driven on campus and properly display parking decal(s) issued at that time. (See Traffic Regulations)

**Regents Online Course Fee (Refundable).** This fee equals 25% of the Regents Online tuition fee per credit hour and is assessed for each credit hour of Regents Online Courses in which a student is enrolled.

**Returned Check Fine (Non-Refundable).** A fine of $20 is assessed for each check returned to the college by the bank. A student may contest this fee successfully by presenting a letter from the bank in which it is clearly indicated that the check was returned through error by the bank. The college reserves the right to refuse to accept a check from any person.

**Student Activity Fee (Refundable).** A student activity fee of $5 per semester will be assessed for each credit student enrolled in classes at any college campus or center. This fee was adopted to provide funds to retain a variety of student activities. This fee is refundable on the same basis as tuition fees.

**Student Government Fee (Refundable).** A student government fee of $5 per semester will be assessed for each credit student enrolled in classes at any college campus or center. This fee was adopted by the Student Government Association to provide funds for a variety of student government activities. This fee is refundable on the same basis as tuition fees.

**Technology Fee (Refundable).** A fee of $15 per credit hour not to exceed $112.50 per semester is assessed all students to provide and maintain computer labs and other advanced technology instructional equipment. This fee is refundable on the same basis as tuition fees.
Telecourse/Audio/Video Course Fee (Refundable). A fee not to exceed $22 per course is assessed for each audio/video tape checkout and cable television telecourse or audio course. Proceeds from this fee are used to pay the licensure/royalty fees related to each course. This fee is refundable on the same basis as tuition fees.

Transcript Fee. A reasonable number of transcripts are provided by the college at no charge to the student. However, a charge of $2 each will be assessed for requests totaling more than ten (10) in any term.

DEFERRED PAYMENT/DISCOUNTS/WAIVERS

DEFERRED PAYMENT PLAN

The deferred payment plan is available to students in good financial standing with a minimum account balance of $150 after financial aid and any other credits have been applied to the account. It is available for regular academic terms, but not for summer or other accelerated terms or express classes. Enrollment will be considered complete when a signed deferred payment agreement is on file and the required initial payment under the plan has been officially receipted. Participation in this plan may be denied due to failure to meet obligations of the plan in a previous semester.

SENIOR CITIZENS AND DISABLED PERSONS

Disabled persons and persons 60 years of age or older, who live in Tennessee, are eligible to enroll in courses for AUDIT without payment of tuition, technology or student activity fees. All remaining fees including special course fees will be assessed at the normal rate.

Disabled persons and persons sixty-five years of age or older, who live in Tennessee, are eligible to enroll in courses for CREDIT at the rate of one-half the credit hour fee per semester hour, up to a maximum of $75. This rate applies to tuition fees, technology fees, and student activity fee. Special fees (such as graduation fee, student government fee, campus access fee, telecourse/audio course fee, etc.) will be assessed at the regular rate. Arrangements should be made well in advance of registration day to provide documented evidence of disability or age.

Fees for all Community Service courses must be paid at the regular rate.

VETERANS DEPENDENTS

Pursuant to TCA 49-7-102, certain statutory fee exceptions exist for dependents and spouses of military personnel killed, missing in action, or officially declared a prisoner of war while serving honorably as a member of the armed forces during a period of armed conflict. If these provisions are invoked by a student, the correct applicable law should be determined. Contact the Business Office for additional information.

HIGHER EDUCATION EMPLOYEES-PUBLIC CHAPTER 191

Full-time employees of the Tennessee Board of Regents and the University of Tennessee are eligible to enroll, on a space available basis, in one credit class per term without payment of tuition, technology, student activity, student government or access fees. Information on this program is available from the Human Resources Office. An application for Waiver of Fees — Public Chapter 191 (fully executed by the employing institution) must be presented at the time of registration. Participants in this program may register beginning four weeks prior to the first day of classes.
STATE EMPLOYEE FEE WAIVER PROGRAM

Full-time employees of the State of Tennessee are eligible to enroll, on a space available basis, in one credit course per term without paying tuition charges, technology fees, debt service fees, student activity fees, student government fee or registration fees. At the time of enrollment, the state employee must present a completed “Public Higher Education Fee Waiver for Employees of the State of Tennessee” form certifying that the applicant is a full-time employee with at least six months continuous service. Information on this program and related eligibility requirements is available from the Business Office. Participants in this program may register beginning no earlier than four weeks prior to the first official day of classes.

FEE DISCOUNT PROGRAM FOR SPOUSES AND DEPENDENT CHILDREN OF TBR EMPLOYEES

Spouses and dependent children of certain retired employees and regular employees of Tennessee Board of Regents institutions who have been employed for at least one continuous year and work at least one-half time are eligible for up to a 50% discount on tuition, technology, student government, access and activity fees. The amount of the tuition fee discount is 50% for full-time employees. Spouses and dependent children of part-time employees will receive a pro-rata portion of the 50% discount based on the employee’s percentage of work effort. This program is applicable only to undergraduate credit courses. Certain special conditions must be met to qualify for this program. Information on the program is available from the Personnel Office. A Request for Fee Discount for Spouse and/or Dependent form (fully executed by the employing institution) must be presented at the time of registration.

FEE DISCOUNT PROGRAM FOR CHILDREN OF LICENSED PUBLIC SCHOOL TEACHERS AND FOR CHILDREN OF STATE EMPLOYEES

Students under the age of 24 may receive a 25% discount on tuition fees and technology fees at any state operated institution of higher learning if their parent: (1) is employed as a full-time licensed teacher in any public school in Tennessee or as a full-time employee of the state of Tennessee, (2) is a retired employee of the state of Tennessee who retired after a minimum of 25 years of creditable service, (3) was killed in the line of duty while a full-time employee of the state of Tennessee, or (4) died while a full-time employee, though not “in the line of duty.” Fee discounts will not be retroactive; eligibility for the fee discount is available only by application and approval prior to the beginning of the term for which assistance is being sought. Information on this program and related eligibility requirements is available from the Business Office.

REFUNDS

Regular Sessions – Students withdrawing from school entirely or dropping one or more classes may be entitled to a refund as follows:

- 75% of eligible fees will be refunded for drops or withdrawals for a period of 14 calendar days beginning with and inclusive of the first official day of classes or within an equivalent period for a short term course.
- 25% of eligible fees will be refunded following expiration of the 75% refund period, for a period of time extending 25% of the time period covered by the term. No refunds will be made beyond the 25% refund period.
- 100% of eligible fees will be refunded for classes canceled by the institution.
- 100% of eligible fees will be refunded for drops or withdrawals prior to the first official day of class as published in the academic calendar.
- 100% of eligible fees will be refunded in case of death of the registered student.
Summer Sessions – Summer and alternative session refunds will be based on the above with these sessions being prorated as a percentage of a full session.

General Refund Policy – No refund is due on courses which are dropped unless the total fees due for the remaining enrolled hours plus hours dropped after applicable refund periods is less than the total amount paid for refundable fees.

Refund calculations are based on the computer processed date for courses dropped via the Instant Registration Information Service (IRIS), the web or the processed date that appears on the official change of schedule form. Failure to follow proper procedures for dropping courses may result in forfeiting all rights to a refund.

Refunds can be expected approximately four weeks after the date the course is dropped.

Financial Aid Return of Title IV Funds – Students who receive assistance from Title IV financial aid programs and drop classes will have funds returned to each grant and/or loan account in accordance with applicable federal regulations.* For additional information, contact the Business or Financial Aid Office.

*If a student does a total withdrawal, he/she may owe a portion of funds back to either Roane State and/or the Department of Education.

Refund Appeals Process – Students may appeal a refund by submitting a written request outlining the basis for the appeal to the Business Office. Refund appeal requests will be decided by the Director of Fiscal and Auxiliary Services. The student will be notified in writing of the decision within ten (10) working days of receipt of the written appeal request. Students may appeal the decision of the Director of Fiscal and Auxiliary Services to the President by submitting a written request for a refund appeal review to the Vice President for Financial Services. The student will be notified in writing of the President’s decision within ten (10) working days of receipt of the request for refund appeal review.

Community Services Activities: Withdrawals and Refunds

Withdrawal Policy – Registrants must notify the appropriate Continuing Education Unit, either by phone or in writing, of the intent to withdraw from a non-credit program. Failure to attend does not constitute withdrawal.

Refund Policy (Community Services Non-credit Courses) – For courses that meet on a weekly basis, registration may be canceled without penalty prior to the first class meeting. After the first class and prior to the second class, an 80% refund will be given. No refund will be made after the second class meeting.

For one and two day courses, withdrawals received prior to the first class meeting will be refunded in full. No refunds will be given after the course begins.

Courses canceled by Roane State Community College will be refunded in full or the registrants may elect to transfer into another course.

Refund Policy (Community Services Non-credit Conferences, Workshops or Seminars) – Registrants in conferences, workshops or seminars should make withdrawals no later than five working days prior to the activity start date in order to receive a complete refund. If a notification of less than five working days is given, a refund, less 10% of the registration fee, will be returned to the registrant. No refunds will be made after the activity begins. Substitutions can be made without prior notification. Registrants should check all literature on the activity for any special exceptions.
Special Exceptions – Some Community Services non-credit courses, conferences, workshops, or seminars may have special deadlines and/or requirements established for registration or refunds. Registrants should check all literature received on the activity for exceptions to the general policies.

Centers for Training Refund Policy – The Centers for Training and Development (CTD) consist of three “Centers” within Roane State’s Continuing Education division: the Center for Business and Industry, the Center for Computer Training and Professional Development and the Center for Health Sciences. CTD strives for “Excellent Customer Service” and will work to ensure this happens by offering credible, timely courses led by field expert consultants. Our goal is to make lifelong learning exciting and worth your investment of both time and money. To do this we design our classes to “make” with a small number of participants and therefore it is critical that we know the commitment of each course registration. Our Refund Policy serves participants by providing a 100% refund when CTD personnel are notified of a cancellation within 48 hours of the event, workshop, course, etc. It also serves the participants in the class by letting CTD decide two days in advance if the class will “make” or not.

BOOKS AND SUPPLIES

The cost of books and supplies will vary from one program to another. The Bookstore sells both new and used books. Students are encouraged to take advantage of savings which result when purchasing used books. The estimated cost of books and supplies is $250-$400 per semester. The College Bookstore will buy back used books in good usable condition in quantities limited to the anticipated needs for ensuing semesters. Book buy back periods are announced at the end of each semester. Students selling books back to the bookstore will be required to furnish a Roane State Community College ID card.

CHECK CASHING/ACCEPTANCE POLICY

Both the Bookstore and the Business Office provide a free check cashing service. Personal checks may be cashed for any amount up to $10 for students and up to $20 for faculty/staff. However, 1) only one personal check per day may be cashed, 2) two party checks will not be accepted, 3) student checks will not be cashed by either the Business Office or the Bookstore anytime during the final two weeks of the semester and 4) a validated ID card is required.

A $20 fine will be levied on all “returned checks.” The return of a third check will result in the person’s name being placed on the “no check list” and forfeiture of check cashing privileges.

If a check written for payment of a student’s maintenance fee is returned, the student has ten (10) days in which to make restitution to the college via payment by cash, certified check, cashier’s check, or postal money order. Failure to make such restitution will result in immediate disenrollment. Suspension from classes could also result from checks returned on the purchase of books or payment of other fees.

Until all financial obligations are satisfied, the student becomes ineligible for all benefits and services provided by the college such as receiving grades, receiving or sending transcripts, registering, and graduating.

The college reserves the right to refuse to cash any check. Appeals concerning the cashing of checks may be made to the Vice President for Financial Services.
The financial aid program at Roane State Community College is designed to aid students who would find it difficult or impossible to attend college without financial assistance. Roane State offers a comprehensive program of financial aid in the form of scholarships, work study, grants and loans. Major emphasis is placed upon financial need, academic achievement, character, and promise of future success.

The basis for determining financial need is the result of an analysis of the parents’ and/or student’s resources as provided by the Free Application for Federal Student Aid (FAFSA). This application is available in most high schools and on all RSCC campuses. Students may also access the form online at www.roanestate.edu.

Eligibility for financial aid is based on financial need, availability of funds and ability to maintain satisfactory progress. To qualify a student must:

1. Submit the Free Application for Federal Student Aid to determine financial need.
2. Submit verifying documents if requested by the Financial Aid Office.
3. Be enrolled for admission or currently attending Roane State and enrolled in an approved degree or certificate program.
4. Meet Roane State’s satisfactory progress standards on page 72.

Roane State encourages students to apply early for financial aid. **March 15 is the priority deadline for applying for the fall semester.** Applications received by that date will be given first consideration in the allocation of financial aid funds. Applications received after March 15 will be accepted and awards made to eligible students on a first come, first serve basis as long as funds are available. Financial Aid files completed by July 15 will be processed by the beginning of fall term. All others will be processed by date order.

Although Roane State participates in the electronic correction of financial aid applications, we do not want to encourage students to wait until the last minute to file; therefore, initial applications received within the week prior to official registration will be processed only as time allows. These students may be required to pay for tuition and fees, then be reimbursed if they qualify for financial assistance at a later date.

**FEDERAL PELL GRANTS**

Federal Pell Grants are an entitlement program made available through the Title IV Student Financial Aid Programs and funded by tax dollars. Students should apply early through the FAFSA and make the Federal Pell Grant the primary source of financial aid since all other sources of assistance are based upon this eligibility.

**FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG) AND FEDERAL WORK-STUDY PROGRAM (FWS)**

As part of the federally funded Campus-based Programs of Title IV, students may be considered for these additional funds after eligibility for the Federal Pell Grant has been determined. These programs have limited funding and application must be made by the specified priority date of March 15. Awards from these programs are made in the fall semester of each year, on a first come, first serve basis. If a student wants to be considered for the work-study program, he/she must answer “yes” to that question on the FAFSA.
TENNESSEE STUDENT ASSISTANCE AWARD

The Tennessee Student Assistance Award administered by the Tennessee Student Assistance Corporation is a grant made available to Tennessee residents attending college in the State of Tennessee. An application deadline is assigned by the corporation each year. Funds are limited so early application through the FAFSA is important.

STUDENT LOANS

If students are interested in applying for the student loan programs, they should first complete the Free Application for Federal Student Aid (FAFSA). Specific information from this need analysis must be on hand before eligibility for the student loan can be determined. In addition, a separate loan application will be needed.

The Federal Stafford Loan Program is available to students who have been determined eligible through the above-mentioned need analysis system. This is a variable interest loan and repayment begins six months after the withdrawal, graduation or dropping to less than 6 credit hours. The limits of the loan are a minimum of $500 and a maximum allowed by the Department of Education.

SATISFACTORY PROGRESS STANDARDS

The regulations that students receiving financial aid must follow are:

1. Must be working toward an A.S. or A.A.S. degree or certificate (some certificates may not be eligible pending approval of program). Special students for credit are not eligible for any funding.
2. May receive federal funding for: 30 attempted DSP hours; 90 attempted college credit hours if degree seeking (all attempted hours at RSCC and any other college or university attended count whether you receive funding or not); hours vary if certificate seeking (ask about limits).
3. Class attendance will be monitored. If reported by instructor for non-attendance, student may be billed.
4. Class attendance may be verified before checks are disbursed.
5. A student will be on financial aid suspension if (s)he receives all Fs, completely withdraws (checked after each semester); does not pass 66% of hours paid (passing grades = A, B, C, D only!) (checked after spring semester); does not keep a 2.0 cumulative grade point average (checked after spring semester).
6. If on financial aid suspension, a student may attend Roane State at their own expense.
7. No financial aid (including student loans) may be received if on financial aid suspension.
8. Suspensions may be appealed with documentation to the Director of Financial Aid and then to the Financial Aid Committee if necessary.
9. You can only receive financial aid at one school during a semester.

SCHOLARSHIP FOR ACADEMIC SERVICE

The Scholarship for Academic Service (SAS) is a two-year scholarship awarded to current high school graduates on the basis of academic achievement.

General Criteria

1. Students must have a high school cumulative GPA of 2.9 at the deadline date.
2. By March 15, 2004 the SAS application MUST be in the Roane County Financial Aid Office by 4:30 pm EST.
3. Students from Roane, Anderson, Cumberland, Scott, Loudon, Campbell, Fentress, Morgan, Knox and Blount counties who rank in the top 10% of the
current graduating class and who submit a scholarship application and also meet all of the criteria will be guaranteed an SAS offer. All other applications will be ranked by GPA and selected as funds allow.

4. By July 16, 2004 or earlier, students MUST also complete the following (or forfeit the scholarship offer):
   a. Submit a college application
   b. Pay the $10 application fee
   c. Enroll in full-time college level classes excluding any remedial/developmental courses.

5. Under no circumstances will a scholarship be “held” for a January or later enrollment.

6. Students must maintain full-time college-level enrollment excluding any remedial/developmental courses throughout each semester.

7. The SAS is renewable for 3 consecutive semesters if the student maintains a cumulative 2.5 GPA in college courses and works 75 hours per semester at an assigned RSCC location. Dual-credit courses taken while in high school will be counted in the cumulative GPA.

   NOTE: Some senior institutions may require a higher GPA for transferability.

Residents of the State of Tennessee who believe they are qualified should submit the SAS application before the deadline date of March 15. These applications are available in the Financial Aid Office and high school guidance offices and MUST be certified by the high school guidance counselor.

PRESIDENTIAL SCHOLARSHIP

This scholarship is awarded to one valedictorian from each high school in the Roane State extended service area. To be eligible for the $1000 annual scholarship, the recipient must be recommended by the high school guidance counselor, be a first-time college student and must enroll full-time at Roane State. The scholarship must be used starting the fall semester following graduation from high school. The award is renewable for a second year if the recipient maintains satisfactory academic progress and a 2.5 cumulative GPA. In the case of multiple valedictorians, ACT scores will serve as the tie breaker.

PRIVATE SCHOLARSHIPS

Roane State has a limited number of private scholarships. In selecting recipients for these scholarships, emphasis is placed upon scholastic achievement, character, future promise, and financial need. The scholarship application is available online at www.roanestate.edu/scholarship and March 12 is the priority deadline. Additional scholarships will be established as interested groups and individuals desire. Those wishing to establish a scholarship fund are urged to contact the Director of Financial Aid at the college or the Dean of Institutional Advancement.

Listed below are the scholarships available through the Roane State Foundation. By completing one Foundation scholarship application, students will be considered for all Foundation scholarships.

Doris and Howard Adler Adult Learner Scholarship

AFRICAN-AMERICAN STUDENT SCHOLARSHIP

Black students who are residents of Tennessee and are enrolled may apply for the African-American Scholarship. The scholarship will provide money to pay maintenance fees and to help pay for textbooks. Applicants must have a 2.0 Grade Point Average and fill out an application which is available from the Financial Aid Office.

ATHLETIC SCHOLARSHIPS

The college annually awards a number of athletic scholarships. For detailed information contact the Director of Athletics, (865) 882-4581.

TENNESSEE EDUCATION LOTTERY SCHOLARSHIP PROGRAM

The Tennessee Lottery Scholarship will be available beginning Fall 2004 for 2003 and 2004 high school graduates. Apply by filing a FAFSA beginning January 1, 2004. Priority will be given to applications processed by May 1, 2004. For additional information and specific eligibility requirements, go to www.state.tn.us/tsac.

VETERANS BENEFITS

Roane State cooperates with the Veterans Administration in providing educational opportunities for veterans. The Financial Aid Office is responsible for certifying veterans’ eligibility and for providing a source of information regarding the “G.I. Bill.”

To receive benefits a veteran must:

1. Contact the Veterans Administration Regional Office at 1-800-827-1000 or 1-888-442-4551 to verify how much benefit money is available to him/her.
2. Provide the VA counselor in the Financial Aid Office member copy 4 of the DD214 (discharge papers) or NOBE form if actively in service.
3. Fill out the Veterans Administration application.
4. Complete the VA on-line orientation at www.roanestate.edu  
   Keyword: vet.
5. Meet with an advisor to discuss class requirements.
6. Register for classes and pay fees.
7. Notify the VA counselor in the Financial Aid Office that he/she is ready for certification. A signed MANDATORY advising form will be required before certification.

NOTE: The certification process takes several weeks. The counselor will not begin the process until after the first week of classes. Receiving benefits can take up to 2 months; therefore, veterans must make adequate arrangements to cover college expenses.

Once enrolled, veterans and other eligible persons should maintain close contact with the assigned VA counselor in the Financial Aid Office. All changes of class schedule must be reported since doing a drop and add may change the monetary amount the veteran is to receive.
To maintain eligibility, the veteran must comply with the following rules:
1. Must be classified as a regular degree student or follow a VA approved certificate course of study. Special students for credit or non-credit do not qualify.
2. Must maintain the prescribed cumulative GPA listed on page 55 under Academic Probation and Retention Standards in this catalog.
3. Courses may be claimed for pay only one time whether taken at RSCC or transferred from another institution.
4. Only courses specifically listed on a catalog page (as per major) may be certified for payment. Courses taken for a student’s own personal enrichment will not be eligible for payment.
5. Course substitution forms must be processed and approved as described in this catalog before the substituted course is claimed for payment.
6. Veterans and other eligible persons can receive pay for remedial/developmental classes when a need can be shown. The pay received is taken from the total entitlement.
7. You must attend all classes for the entire semester or an overpayment with the VA may result.
8. Enrollment in classes which do not last 15 weeks will affect your pay (i.e. 8-week orientation, fast-track, etc.)

Eligibility for Deferment of Payment of Tuition and Fees by Certain Eligible Students Receiving U.S. Department of Veterans Affairs or Other Governmentally Funded Educational Assistance Benefits

Service members, veterans, and dependents of veterans who are eligible beneficiaries of U.S. Department of Veterans Affairs education benefits or other governmentally funded educational assistance, subject to the conditions and guidelines set forth in Tennessee Code Annotated 49-7-104 as amended, may elect, upon formal application, to defer payment of required tuition and fees until the final day of the term for which the deferment has been requested. Application for the deferment must be no later than 14 days after the beginning of the term, and the amount of the deferment shall not exceed the total monetary benefits to be received for the term. Students who have been granted deferments are expected to make timely payments on their outstanding tuition and fees balance once education benefits are being delivered, and eligibility for such deferment shall terminate if the student fails to abide by any applicable rule or regulation, or to act in good faith in making timely payments. This notice is published pursuant to public Chapter 279, Acts of 2003, effective July 1, 2003.
The libraries on the Roane, Oak Ridge, Cumberland, Loudon and Scott campuses are places to gather, chat and study.
GENERAL EDUCATION

As part of RSCC’s overall Teaching and Learning mission, it is the goal of all academic divisions at Roane State to provide learning experiences, built on general education competencies, which ultimately support the overall Strategic Plan of the college. Critical-thinking skills, personal and professional/career motivation, communication skills and a sense of community begin with students and teachers at course level, forming a base for the overall mission of the school.

Career Education

The career education curriculum includes a general education core leading students to the achievement of a basic understanding of the humanities, arts, and sciences; the achievement of basic skill competencies in oral and written expression, and an understanding of vocation as a part of the changing world culture and learning as a lifelong endeavor.

University Parallel

The general education university parallel core curriculum seeks to stimulate students to the acquisition of general knowledge in various academic disciplines, the ability to effectively express themselves orally and in writing, and preparation for advanced educational work through the acquisition of effective research, problem-solving, and critical thinking skills.

RSCC provides an informal intellectual environment which enables students to develop familiarity with current research and problem solving methods, a desire and ability for self-directed learning and effective expression, a capacity to synthesize knowledge from many sources, and an ability to critically examine new ideas and ways of thinking.

General Education Mission

Provide a general education base for each student so that he/she demonstrates knowledge in all areas required to become an educated and productive member of society. An institutional environment of intellectual openness and close association with faculty and administration assists students in developing skills for identifying and achieving personal goals. All degree programs contain a core of general education courses, including English, math, social or natural sciences, and humanities. Students completing any degree or certificate program should demonstrate attainment of general education competencies, including critical-thinking skills, personal and professional/career motivation, communication skills and a sense of community. These competencies, however, are not limited to general education courses alone, but are also evident in specialty courses with various disciplines.

Critical-Thinking Skills

As productive members of a democracy, our students must accept the responsibility of making important decisions. Critical-thinking skills promote responsible action in one’s personal and professional life. Critical thinking requires the ability to identify problems, research and evaluate alternative solutions and implement decisions. Because of our society’s reliance on technology, an ability to solve problems and use math is crucial for success in the professional world and for evaluating matters of national and global importance.
Communication Skills

The ability to communicate well in a competitive and technological world is crucial to the success of our students. In business, academic and personal settings, the emphasis on teamwork requires that individuals use listening, reading, writing, speaking and computer skills to solve problems effectively. For communities to improve their social, economic and physical environments, citizens must be able to express their ideas, evaluate opposing viewpoints and debate possible courses of action. The Roane State curriculum emphasizes all of these communication skills.

Personal & Professional/Career Motivation

Personal and professional motivation is essential for becoming a productive member of society. Individuals must understand their own personal needs, set goals, clarify values, appreciate the value of scholarship in all fields and practice wellness in order to maximize their potential and understand the complex web of dependence and responsibility we all have toward each other.

Sense of Community

Roane State is committed to providing an education which fosters skills of cooperation and a sense of responsibility. Ethics of social responsibility include tolerance, an appreciation of diversity and an awareness of the interdependence of individuals and communities. Concern for the environment and understanding the earth’s ecosystems is crucial to thinking and planning for the 21st century. Graduates who think globally become professionals with the long-range vision needed by their organizations. Awareness of cultural and artistic heritage and aesthetic sensitivity contribute to understanding the role of values necessary to transform society.
Many Roane State students plan to continue on for higher degrees. The college has transfer agreements with a host of senior institutions.
UNIVERSITY PARALLEL PROGRAMS

ASSOCIATE OF ARTS/ASSOCIATE OF SCIENCE PROGRAMS

Students who desire to earn a Bachelor of Arts or Bachelor of Science degree at a four-year college or university may complete the first two years of study at Roane State by enrolling in an Associate of Arts or Associate of Science degree program. The advantages of taking the first two years at Roane State include:

- Roane State’s maintenance fees are among the lowest of any fees charged by Tennessee’s colleges and universities.
- Roane State’s class enrollments are generally smaller which lends itself to more individualized instruction.
- Obtaining an Associate of Arts or Associate of Science degree allows a student to have credentials for employment while completing his/her baccalaureate degree.

Roane State has developed cooperative relationships with four-year institutions to assist students in transferring courses. Course-by-course transfer equivalency tables exist for the following schools:

- Austin Peay State University
- East Tennessee State University
- Lincoln Memorial University
- Middle Tennessee State University
- Tennessee Technological University
- Tennessee Wesleyan College
- University of Memphis
- University of Tennessee - Chattanooga
- University of Tennessee - Knoxville
- University of Tennessee - Martin

ARTICULATION

Articulation programs, also called 2+2 programs, exist between Roane State, East Tennessee State University, the University of Tennessee-Knoxville, Tennessee Technological University, Trevecca Nazarene University, Tusculum College and Lincoln Memorial University. Roane State students can follow an articulation program, obtain an Associate of Arts or Associate of Science degree and be granted admission into a specific program at the university, provided all GPA and entrance requirements are achieved. All articulation programs fulfill Roane State’s requirements for either an Associate of Arts or Associate of Science Degree. Roane State Associate of Arts and Associate of Science degrees do not constitute an articulation program.

Students with questions/problems regarding transfer or articulation agreements should contact the articulation coordinator.
If you are planning to transfer to the University of Tennessee-Knoxville, you need to follow one of the RSCC/UTK Articulation Agreements listed below. If your desired major is not listed or you plan to transfer to UT-Martin, UT-Chattanooga, or UT-Memphis, you will need to follow the TBR-UT Transfer Track Module listed on page 87.

### UNIVERSITY OF TENNESSEE - KNOXVILLE 2004 Articulation Programs

Students planning to pursue any of the following majors at UTK can follow an articulation program sheet and obtain the first two years of general education requirements at Roane State. Upon completion of those two years, students will have earned an associate degree from Roane State.

**All RSCC majors are A.A. or A.S. General**

UT TRANSFER TRACK MODEL
Based on the UT General Education Requirements

For a complete listing of approved course numbers see the 2004-2005 University of Tennessee Undergraduate Catalog

3 Courses - Communication through Writing - First year composition sequence and one other course designated as “writing intensive” (W) in the undergraduate catalog.

1 Course - Communicating Orally - Public Speaking or Business and Professional Communication or completion of a course with an “O” designation.

2 Courses - Quantitative Reasoning - Two math or statistics courses from the list in the undergraduate catalog or one math course list and one course with a Q designation.

2 Courses - Natural Sciences - Two courses from the approved list in the undergraduate catalog. At least one of the courses must have a laboratory.

2 Courses - Arts and Humanities - Two courses from the approved list. This list includes courses from disciplines such as Art History, Classics, English Literature, Music History and Theater.

2 Courses - Social Sciences - Two courses from the approved list such as anthropology, Child and Family Studies, Economics, Political Science, Psychology and Sociology.

2 Courses - Cultures and Civilizations - Two courses from the approved list or two courses in a foreign language at the intermediate level. The approved list includes African and African-American Studies, Geography, Non-U.S. History, Medieval Studies and Religious Studies.

You must contact your faculty advisor early in your college career to assist in your academic planning. The choice of courses depends upon the intended major at the university to which transfer is planned. Courses to be transferred under the stipulations of the University Track Module must be completed with the grade of “C” or better.
Students planning to pursue any of the following majors at TTU can follow the articulation program sheet and obtain the first two years of general education requirements at Roane State. Upon completion of those first two years, students will have earned an associate degree from Roane State. Specialty courses for each major are completed at TTU.

TENNESSEE BOARD OF REGENTS MINIMUM DEGREE REQUIREMENTS AND TRANSFERABILITY OF COURSES THAT FULFILL MINIMUM DEGREE REQUIREMENTS

Effective fall semester 2004, each institution in the State University and Community College System of Tennessee (The Tennessee Board of Regents System) will share a common lower-division general education core curriculum of forty-one (41) semester hours for baccalaureate degrees and the Associate of Arts and the Associate of Science degrees. Lower-division means freshman and sophomore courses. The courses comprising the general education curriculum are contained within the following subject categories:

Baccalaureate Degrees and Associate of Arts and Associate of Science Degrees*

*Foreign language courses are an additional requirement for the Associate of Arts (A.A.) and Bachelor of Arts (B.A.) degrees. The B.A. degree requires proficiency in a foreign language equivalent to completion of one year of college-level work.

**Six hours of English Composition and three hours in English oral presentational communication are required.

***Students who plan to transfer to Tennessee Board of Regents (TBR) universities should take six hours of United States History (three hours of Tennessee History may substitute for one of the U.S. History courses). Students who plan to transfer to University of Tennessee System universities or to out-of-state or private universities should check requirements and take the appropriate courses.

Although the courses designated by TBR institutions to fulfill the requirements of the general education subject categories vary, transfer of the courses is assured through the following means:

- Upon completion of an A.A. or A.S. degree, the requirements of the lower-division general education core will be complete and accepted by a TBR university in the transfer process.
- If an A.A. or A.S. is not obtained, transfer of general education courses will be based upon fulfillment of complete subject categories. (Example: If all eight hours in the category of Natural Sciences are complete, then this “block” of the general education core is complete.) When a subject category is incomplete, course-by-course evaluation will be conducted. The provision of block fulfillment pertains also to students who transfer among TBR universities.
- Institutional/departmental requirements of the grade of “C” will be honored. Even if credit is granted for a course, any specific requirements for the grade of “C” by the receiving institution will be enforced.
- In certain majors, specific courses must be taken also in general education. It is important that students and advisors be aware of any major requirements that must be fulfilled under lower-division general education.

Courses designated to fulfill general education by Roane State Community College are published on page 92 of this catalog. A complete listing of the courses fulfilling general education requirements for all system institutions is available on the TBR website (www.tbr.state.tn.us) under Transfer and Articulation Information.
Every TBR institution incorporates the 41 semester hours listed above into its degree program requirements and accepts all courses designated as meeting these requirements at other TBR institutions. By ensuring the transferability of courses fulfilling the Minimum Degree Requirements, the TBR has eliminated unnecessary repetition of these courses by students transferring to institutions within the TBR system. Because each TBR institution has a unique mission and its own distinctive curriculum, an institution may require students to complete additional courses in the Minimum Degree subject areas and in other areas that may comprise an institutional General Education Program. Students planning to receive a bachelor of arts or associate of arts degree must demonstrate proficiency in a foreign language as prescribed in the institutional degree requirements.

**Identifying Courses Satisfying the Minimum Degree Requirements**

Although the courses fulfilling the minimum degree requirements may vary in actual design among institutions, many contain similar content. These courses are identified by common course rubrics (prefixes and numbers in all TBR institutions to facilitate transferability. The actual courses designated by each institution to fulfill the Minimum Degree Requirements, including courses that may not be a part of the common course prefix and numbering pattern, are denoted in catalogs by the ♦ symbol. A complete matrix of courses that satisfy the Minimum Degree Requirements at all TBR institutions and an explanation of the common course rubric and numbering system are available on the TBR web page (www.tbr.state.tn.us).

Curriculum Guides

If no articulation agreement is available for a particular school or major, students may follow one of the Curriculum Guides found on the following pages. The Curriculum Guides are suggested courses of study that include general education courses and a foundation of courses designed for particular majors.

Curriculum Guides are not intended to represent a particular major at any particular college or university. Students should obtain a copy of the catalog for the senior institution they plan to attend and use it during advisement sessions to assist with the selection of courses that meet requirements for selected majors at senior institutions.

Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

The agriculture curriculum is designed for the student planning to complete a baccalaureate degree at a four-year college or university. The plan of study allows only for the general education requirements of the four-year institution. More specific courses within the major will be offered at the senior institution during the junior and senior years.

They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Art

Degree: Associate of Arts Or Associate of Science

The art curriculum is designed primarily for the general enrichment of the student as well as providing professional art and liberal arts course work for transfer to a four-year institution. This program is designed to develop fundamental skills in technical and creative expression. An art major planning to transfer to a senior institution should plan a program to meet specific requirements for the lower division at that institution. The art department reserves the right to retain student work for exhibition.

1Students should consult curriculum requirements of the senior institution for appropriate course selection.

2Required for Associate of Arts (AA) degree only. Students seeking an Associate of Science (AS) degree should select general electives appropriate for a senior institution.

Students pursuing this area of study will be advised by the Humanities Division.
## Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

### Art Education

Degree: Associate of Science

The art education curriculum is designed for students who wish to complete the first two years of a program toward teacher certification. This curriculum will meet the lower division requirements for transfer to a senior institution granting the bachelor’s degree in art education.

1Students should consult curriculum requirements of the senior institution for appropriate course selection.

Students pursuing this area of study will be advised by the Humanities Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Biology

Degree: Associate of Science

The biology curriculum is designed for students planning to complete the bachelor’s degree at a four-year institution. This program generally meets the transfer requirements for students entering any one of the state’s major universities. Before entering this plan of study, each student should become acquainted with any pre-transfer requirements the receiving institution may stipulate. The current job market gives highest priority to the graduate degree in biology.

\(^1\)Students planning to transfer to Tennessee Technological University or UTK should consult an advisor for the appropriate curriculum.

\(^2\)Students must check with transfer institution for appropriate course selection.

\(^3\)If mathematics background or ACT math score is not adequate, consult an advisor about taking MATH 1730 (Pre-Calculus).

\(^4\)Consult an advisor about substituting PHYS 2010, 2020 for PHYS 2110, 2120. Also, check with the senior institution about most recent requirements.

\(^5\)Strongly advise that MATH 1920 be taken.

Students pursuing this area of study will be advised by the Math/Sciences Division.
**Curriculum Guides**

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

**Computer Art and Design**

Degree: Associate of Arts Or Associate of Science

The A.A. or A.S. degree with an emphasis in computer art and design is geared toward those students desiring to transfer to four-year institutions to pursue advanced degrees in graphic design, fine arts, or computer enhanced design. This program will also provide an excellent two-year degree base for those wishing to pursue further work in related fields such as interior design, communications, or television. To complete requirements for graduation from the A.A. or A.S. degree in Computer Art and Design, students must pass competency tests in six areas: basic computer skills; pagination; Raster Graphics; Vector Graphics; 2-D animation; and 3-D animation. In addition students must pass an advanced exam in one area of specialization. An internship is also required.

English

Degree: Associate of Arts Or Associate of Science

Students in the English curriculum will develop skills as critical thinkers and writers, using the broad foundation of the curriculum to focus on specialized writing situations. These skills will be further emphasized by the study of a wide range of literature and career-oriented writing.

Forestry

Degree: Associate of Science

The forestry curriculum is designed for students planning to complete a bachelor’s degree at a university after receiving an associate’s degree from Roane State. This program will generally meet university transfer requirements. Because of varying requirements at universities, students should meet with an advisor to determine specific requirements of the transfer university before starting this program.

**Second Year Total**

32

**TOTAL HOURS**

60

\(^1\)For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

\(^2\)An Associate of Arts (AA) degree requires 6 hours of the same foreign language.

\(^3\)At least 15 hours of electives should be taken at the 200 level.

Students pursuing this area of study will be advised by the Math/Sciences Division or Humanities Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Mathematics

Degree: Associate of Science

The mathematics curriculum will allow students to transfer to four-year colleges or universities and work toward a bachelor’s degree in mathematics or any area which has similar requirements for the first two years.

*Take a minimum of 2 of these 3 courses for the A.S. degree in Mathematics:
- MATH 2010 Matrix Algebra 3
- MATH 2100 Discrete Mathematics 3
- MATH 2120 Differential Equations 3

1Students should check with the senior institution or the articulation agreement to see which science course is required.

2Students must check with transfer institution for appropriate course selection.

3If mathematics background or ACT math score is not adequate, consult an advisor about taking ♦ MATH 1730 (Pre-Calculus).

Students pursuing this area of study will be advised by the Math/Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. Actual RSCC degree requirements appear on page 91.

Music

Degree: Associate of Arts Or Associate of Science

A music major planning to transfer to a senior institution should become familiar with the specific lower division requirements at that institution. The curriculum in this degree is designed to give the performing music major a sound basis for continuing music study at a senior institution.

NOTE: All music majors must have a major applied area at the college; all music majors must pass a piano proficiency examination equivalent to two years of college piano; all music majors must attend all solo classes and other selected performances; all music majors must register for MUS 010 - Solo Class (for no credit) - every semester and MUS 020 - Recital (for no credit) - the last semester before graduation.

Pre-Engineering

Degree: Associate of Science

The basic pre-engineering curriculum is designed for students who want to earn bachelor’s degrees in any engineering field at a four-year institution. Upon successful completion of the basic program, students can transfer to any college with an engineering program. These programs include: aerospace, biomedical, chemical, civil, electrical, engineering mechanics, engineering physics, engineering science, fire protection, industrial, mechanical, nuclear, environmental.

All Math/Science courses listed in bold, italicized print have prerequisites. Please check the Course Description section of the catalog.

$^1$For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

$^2$The Fundamentals of Engineering Graphics course (ERG 161) includes application of computers for computer aided design and will satisfy the computer instruction requirements for this program.

$^3$Students are advised to also take MATH 2010 (Matrix Algebra); check with your advisor.

Students pursuing this area of study will be advised by the Math/Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Pre-Law

Degree: Associate of Science

This curriculum guide is designed exclusively for students who plan to transfer to Middle Tennessee State University. If you plan to attend another university, please contact an advisor to plan a course of study.

This course of study is designed for students who plan to complete a bachelor’s degree in Pre-Law and who also intend to apply for admission to law school. Law school admission requirements vary from institution to institution; however, all law schools require applicants to have earned either a B.S. or B.A. degree. All law school applicants must also take the LSAT (Law School Admission Test). Students should consult with their advisor, as well as with the college or university they plan to attend in completing their bachelor’s degree.

Students pursuing this area of study will be advised by the Social and Behavioral Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Pre-Medicine

Degree: Associate of Science

Pre-Dentistry

This unified basic curriculum in pre-medicine and pre-dentistry is designed to prepare students for schools of medicine and dentistry such as the University of Tennessee or a similar institution, where admission requirements are two years of college experience. Medical college usually requires three or four years of college experience. Roane State students should consult the catalog of the university or professional school of choice and an advisor to determine specific requirements for admission.

Pre-Nursing

Degree: Associate of Science

The pre-nursing curriculum is designed for students planning to complete bachelor’s degrees at four-year institutions. Before entering this plan of study, students should become knowledgeable of specific pre-transfer requirements of other transfer institutions. Since many programs accept a limited number of applicants early in the school year for the next year’s class, application should be made at the end of the freshman year at Roane State.

---

1Consult with an advisor for appropriate course selection. Some institutions require ♣CHEM 1110 and 1120.

2Students may take a higher level math course.

3For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Students pursuing this area of study will be advised by the Math/Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Pre-Pharmacy

Degree: Associate of Science

This curriculum is designed for students who plan to apply for admission to pharmacy school. Admission requirements to colleges of pharmacy vary somewhat from institution to institution. Students should consult with their advisors as well as the college or university.

Please note: These are the minimum requirements to receive an associate’s degree from RSCC. Additional classes will be needed to meet the minimum requirements to the various pharmacy schools. Please consult your advisor or check with the institution to which you will transfer.

<sup>1</sup>If mathematics background or ACT math score is not adequate, consult an advisor about taking MATH 1730 (Pre-Calculus) prior to enrolling in ♦ MATH 1910.

<sup>2</sup>Students must check with transfer institution for appropriate course selection.

<sup>3</sup>Psychology, sociology, economics, anthropology and political science are usually acceptable choices. Economics is required by some pharmacy schools. Check with your advisor.

Students pursuing this area of study will be advised by the Math/Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Pre-Veterinary

Degree: Associate of Science

This course of study covers the first two years of the pre-professional work for students who plan to study veterinary medicine. At least one year of additional college level study will be required to meet the minimum requirements for admission to veterinary medicine. It is strongly advised that pre-veterinary students plan their courses so that as well as fulfilling the veterinary medicine prerequisites, they are simultaneously fulfilling the requirements for a bachelor’s degree. Most veterinary medicine colleges require students make a satisfactory score on the Veterinary College Admission Test (VCAT). Additional courses may be necessary to enter veterinary programs. Consult your RSCC advisor and senior institution.

1Students with at least two years of high school biology or satisfactory ACT scores may, with permission from the Math/Science division, omit BIOL 1110, 1120 and enter BIOL 2130.

2If mathematics background or ACT math score is not adequate, consult an advisor about taking MATH 1730 (Pre-Calculus).

3Students must check with transfer institution for appropriate history sequence.

4Students must check with senior institution to verify substitution of MATH 1810, 1820.

Students pursuing this area of study will be advised by the Math/Sciences Division.
**Curriculum Guides**

*Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. *Actual RSCC degree requirements appear on page 91.*

**Secondary Education**  
Degree: Associate of Science

The secondary education curriculum is designed for students who wish to complete the first two years of a program toward teacher certification. This curriculum will generally meet the lower division requirements for transfer to a senior institution granting the bachelor’s degree in secondary education.

¹Please refer to p. 92 for appropriate general education courses. For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Students pursuing this area of study will be advised by the Social and Behavioral Sciences Division.

Students planning to transfer to UTK will major in the area they plan to teach (English, History, Foreign Language, etc.) and minor in Education when they enroll at UTK.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Social Science

Degree: Associate of Arts Or Associate of Science

The social science curriculum is designed to assist students planning to complete the bachelor's degree at a four-year institution in any one of the following: geography, history, political science, psychology, and sociology. In order to meet lower division requirements for transfer to any one of the state’s major universities, students should select social science courses from their choice of emphasis and related social science disciplines. Students should also follow the advice of their faculty advisor and become acquainted with any pre-transfer requirements the senior institution may require.

An Associate of Arts (AA) degree requires 6 hours of the same foreign language. Students pursuing an Associate of Science (AS) degree should take humanities courses recommended by the senior institution.

¹For specific course recommendations, students should consult the catalog of the senior institution they plan to attend. Please refer to p. 92 for a list of general education elective courses.

²6 hours of Social Science electives must be taken from the list of social science general education courses on p. 93.

³At least 12 hours of Social Science should be taken at the 200 level.

Students pursuing this area of study will be advised by the Social and Behavioral Sciences Division.
**Curriculum Guides**

*Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.*

**Special Education**  
**Degree:** Associate of Science

The special education curriculum is designed for students who wish to complete the first two years of a program toward teacher certification. This curriculum will generally meet the lower division requirements for transfer to a senior institution granting the bachelor’s degree in special education.

\(^1\)Please refer to p. 92 for appropriate general education courses. For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

\(^2\)For specific natural science course recommendations, students should consult the catalog of the senior institution they plan to attend. Some senior institutions require a natural science sequence (two courses within the same discipline).

Students pursuing this area of study will be advised by the Social and Behavioral Sciences Division.
Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 91.

Wildlife and Fisheries

Degree: Associate of Science

The wildlife and fisheries curriculum is designed for students planning to complete a bachelor’s degree at a university after receiving an associate’s degree from Roane State. This program will generally meet university transfer requirements. Because of varying requirements at universities, students should meet with an advisor to determine specific requirements of the transfer university before starting this program.

\(^1\)If mathematics background or ACT math score is not adequate, students must complete ♦ MATH 1130 (College Algebra) prior to enrolling in ♦ MATH 1810.

\(^2\)For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Students pursuing this area of study will be advised by the Math/Sciences Division.
Earn a degree totally online through RODP, a cooperative effort among all Tennessee Board of Regents schools.
REGENTS ONLINE DEGREE PROGRAMS

The Tennessee Board of Regents (TBR) colleges and universities have joined together in offering Regents Online Degree Programs (RODP). Most courses completed in the Regents Online Degree Programs are entirely online and are completely transferable among all the participating TBR institutions. Students are able to choose the college or university that will award their degree. All thirteen TBR two-year colleges deliver and award associate degrees, while all six TBR universities deliver and award bachelor degrees. A career/technical program leading to the associate of applied science degree in Professional Studies with a concentration in Information Technology is available.

Associate Degrees offered through RODP

Associate of Arts (A.A.)
General Studies*
Associate of Science (A.S.)
General Studies*
Associate of Applied Science (A.A.S.)
Professional Studies: Information Technology*

*Associate degree course work was designed to transfer to TBR universities. If you plan to transfer to any other university, contact an advisor at the institution for transfer advisement.

Bachelor Degrees offered at TBR Senior Institutions

Bachelor of Professional Studies
Information Technology
Organizational Leadership
Bachelor of Interdisciplinary Studies
(General Studies/Liberal Studies/University Studies)

Students who pursue online programs should be highly motivated, independent, active learners who have good organizational and time management skills. Students should also have the discipline to study without external reminders and be able to adapt to new learning environments. Visit http://www.tn.rodp.org or call 1-866-462-7722 for more information.

Students must meet the graduation requirements of the home institution. The printed college catalog of the home institution is the final authority for all degree and program requirements. Students must meet Roane State’s graduation requirements.
REQUIREMENTS TO RECEIVE AN RODP DEGREE

A.A.S. PROFESSIONAL STUDIES: INFORMATION TECHNOLOGY*

Visit http://www.tn.rodp.org for the specific course list for this degree.

On-line Orientation 2 hours
English Composition 3 hours
Humanities 3 hours
Science or Math 4 hours
Mathematics 3 hours
Social Sciences 3 hours
Oral Communications 3 hours
Technical Concentration 27 hours
Technical Electives 9 hours
Electives 4 hours

TOTAL 60 hours

A.A. GENERAL STUDIES*

ACC 1104—Principles of Accounting I ...................................................... 3 Credits
This course covers the basic principles of accounting. In this course, the basic principles of analyzing transactions, recording them in a general journal, posting them to the general ledger, and preparing the basic financial statements.

ACC 1105—Principles of Accounting II ..................................................... 3 Credits
This course completes the study of basic financial accounting and moves into the basic concepts and computations associated with cost and managerial accounting. (Prerequisite: ACC 1104)

ART 1030—Art Appreciation ................................................................. 3 Credits
This course provides the student with a basic understanding of the visual arts. The nature of art, the evaluation of art, the processes and materials of art are covered. A chronological study of world art in its cultural setting from the prehistoric to the contemporary is also included.

ASTR 1030—Astronomy .............................................................................. 3 Credits
Topics covered include the history of astronomy, methods of astronomy, formation of the solar system, and the physical characteristics of the sun, planets, moons, and minor members of the solar system. Identification of stellar objects is included. May be taken with PHYS 1030 to form a two-semester sequence in physical science.

BIOL 1010—Biology I and Lab ................................................................. 4 Credits
This course introduces the student to the methods of biological science. It explores the chemical basis of life.

BIOL 1020—Biology II and Lab ............................................................... 4 Credits
This course introduces the student to the diversity of life on earth, looking in more detail at the fungi, plants and animals.

BIT 1150—Introduction to Microcomputers ............................................. 3 Credits
This course is an introduction to Windows based microcomputers. Students will learn general concepts of using the microcomputer, Windows operating system, the Internet, and basic word processing concepts using Microsoft Word.

CHEM 1010—Introduction to Chemistry I ............................................... 4 Credits
This course will develop a variety of chemistry topics on an as needed basis in order to deal with a variety of societal issues.

CHEM 1020—Introduction to Chemistry II ............................................. 4 Credits
This course is a continuation of CHEM 1010.

CIS 113—Programming in Visual Basic .................................................... 3 Credits
An introduction to Microsoft Visual Basic. Topics to be covered include: event driven programming, interface design, creating menus and dialog boxes, writing event and general procedures, and using operating system services.

CIS 186—Database Programming ............................................................. 3 Credits
This course is designed to enable students to develop customized database applications. A brief survey of relational database techniques and methods is included. The emphasis will be on developing the necessary skills to design, create, and implement user-friendly front ends for relational databases. The course will concentrate on developing and coding procedures using Visual Basic for Application. (Prerequisites: CIS 113 or the equivalent)

CIS 263—Web Page Development and Design .......................................... 3 Credits
This course will cover the fundamental concepts of the Internet and World Wide Web, including how the Internet works, protocols and services, addressing and routing in the Internet. Students will design and create web pages, create and edit graphic images for web pages, and use simple Java. (Prerequisite: BIT 1150)
CIS 264—Web Page Applications ............................................................... 3 Credits
This course is the study of various applications available for support of web pages. Topics covered will include web page multimedia design and the enhanced use of scripting. The latest techniques of web page design technology will be emphasized.

CIS 1610—Programming in C++ ............................................................... 3 Credits
An introduction to computer science software concepts using C++. Algorithms, problem solving methods, systems development and implementation methodologies are addressed. Standard programming constructs are emphasized. In addition, a limited number of advanced concepts such as pointers, recursion, and C# are discussed. (Prerequisites: BIT 1150, CIS 113)

CMT 1010—Networking and PC Communications .................................. 3 Credits
This course introduces the basic concepts of PC communications, telecommunications and networking. It provides an overview of terminology & technologies used with local area networks and wide area networks, and it details processes, protocols, network design and a broad overview of the Internet. (Prerequisite: BIT 1150)

COL 101—The College Experience: Online .............................................. 2 Credits
In this course, students will study the best practices for success in college and learning online by using technology smartly, succeeding in workplace situations skillfully, using interpersonal communications respectfully, and developing self management practices expertly.

CST 203—Data Structures .......................................................................... 3 Credits
This course covers the basic fundamental principles of Data Structures. It uses C++ as a programming language to implement a variety of data structures. (Prerequisite: CIS 1610)

CST 209—Java Programming I ............................................................... 3 Credits
This course will cover the fundamental concepts of Object Oriented programming using Java. (Prerequisites: CIS 100, BIT 1150 or permission of instructor)

CST 218—Java Programming II ............................................................... 3 Credits
This course continues the coverage of the fundamental concepts of Object Oriented Programming that started in Java Programming I. (Prerequisite: CST 209)

DSPM 0700—Basic Mathematics ............................................................. 3 Credits
This course is for students whose placement and diagnostic tests indicate a need to review and strengthen basic mathematics skills. The course will consist of a study of whole numbers, fractions, decimals, exponents and order of operations, ratio and proportion, percent, measurement and the metric system, introductory statistics and graphs.

DSPR 0700—Basic Reading ......................................................................... 3 Credits
This course provides a foundation in reading comprehension, critical reading, and vocabulary development. Students will learn the essential components of reading comprehension including but not limited to locating main idea, supporting details, inferences, and figurative language.

DSPW 0700—Basic Writing ........................................................................ 3 Credits
This course is designed to give students the basis for writing a well organized, cohesive paragraph with grammatically correct sentences.

DSPM 0800—Elementary Algebra ........................................................... 3 Credits
Fundamentals of elementary algebra: operations on real numbers, evaluation and simplification of expressions and formulas, solution of first-degree equations, ration and proportion, applied problems, operations on polynomials, factoring, exponents, roots, radicals, and complex numbers.

DSPR 0800—Developmental Reading ....................................................... 3 Credits
This course is designed to enable college students to become more aware of themselves as readers and to develop strategies and skills to meet the demands of college reading.
DSPS 0800—Learning Strategies ......................................................... 3 Credits
This course offers students an introduction to college. It emphasizes study methods and techniques for beginning students. Strategies are suggested for reducing anxiety, improving memory and concentration, managing time, taking notes, and lectures, and preparing for taking tests.

DSPW 0800—Developmental Writing ......................................... 3 Credits
This course is designed to give students the basis for writing a well-organized and cohesive essay. The emphasis of the course is on writing as a process.

DSPM 0850—Intermediate Algebra .................................................. 3 Credits
This course is the final preparation for college level mathematics.

ECON 2030—Survey of Economics ............................................. 3 Credits
This course is a survey of economics. It covers how modern economics evolved, supply and demand, national income accounting, money and banking, market structures and contemporary economic issues. Not for business majors.

EDU 2050—Classroom Management ........................................... 3 Credits
This course is an introduction to K-6 classroom management techniques. Topics include: physical space, behavioral norms, safety, time management, managing student work, and managing other special classroom needs.

ENGL 1010—English Composition I .............................................. 3 Credits
This is a course in expository writing, including the development and revision of paragraphs and essays, reading and discussion of selected essays, short stories, and poems, introduction to writing about literature, and introduction to incorporation and documentation of material.

ENGL 1020—English Composition II .......................................... 3 Credits
A composition course in argumentative writing, including invention, organization, style, and revision. Critical reading and thinking will be addressed through students’ writing. Research skills and documentation will be introduced. (Prerequisite: ENGL 1010)

ENGL 2010—Introduction to Literature I: Fiction ......................... 3 Credits
This course provides the opportunity, through reading, discussion, and short projects, to analyze short stories and a novel in terms of their literary characteristics. (Prerequisite: ENGL 1010, ENGL 1020)

ENGL 2110—American Literature: Colonial Period - Civil War ....... 3 Credits
Survey of American literature from the time of English colonization through the Civil War. Examines the works of significant writers of fiction, poetry, and non-fiction taking into account the events in history that influenced them. (Prerequisite: ENGL 1010)

ENGL 2120—American Literature I .............................................. 3 Credits
A survey of American masterpieces from the Civil War to the present. (Prerequisites: ENGL 1010, ENGL 1020)

ENGL 2410—Western World Literature I ...................................... 3 Credits
A survey of selected masterpieces of Western World literature: Ancient Medieval, Renaissance. (Prerequisites: ENGL 1010, ENGL 1020)

ENGL 2420—Western World Literature II ..................................... 3 Credits
A survey of masterpieces of Western World literature: the European Enlightenment, Romantic, Modern, and Post-Modern periods. (Prerequisites: ENGL 1010, ENGL 1020)

HIST 2010—American History I (US) ........................................... 3 Credits
This course is an examination of the social, political, economic, and intellectual history of the United States from the colonial period to 1877.

HIST 2020—American History II (US) .......................................... 3 Credits
This course covers American civilization from the end of Reconstruction to the recent past.
HIST 2030—Tennessee History ................................................................. 3 Credits
A survey of the geographical background, peoples, political life, and economic and social
development of the state. This development is traced from the earliest beginnings of the state
to the present.

HMSE 1100—Concepts of Fitness and Wellness ....................................... 2 Credits
Stressing individual responsibility for achieving optimal well-being, this course emphasizes
preventive health practices which promote healthy lifestyles and reduce risk factors associ-
ated with disease.

INTC 1050—Computer Graphics ............................................................. 3 Credits
A course designed to introduce the concepts of computer graphics creation. This course is
designed to teach computer graphics creation to students with no prior graphics background.
(Prerequisite: BIT 1150)

MATH 1130—College Algebra ................................................................. 3 Credits
A course designed primarily for students majoring in non-science degrees. Topics include
functions and graphs, linear and quadratic equations, inequalities, polynomial, rational ex-
pressions, exponents, radicals, systems of equations and exponential and logarithmic func-
tions.

MATH 1530—Probability and Statistics ................................................. 3 Credits
An introduction to elementary methods and techniques. Topics include sampling, frequency
distributions, elementary probability, discrete and continuous probability distributions, inter-
val estimation, hypothesis testing, and simple correlation.

MATH 1710—Pre-Calculus ................................................................. 3 Credits
This course is a study of the algebra necessary to prepare for calculus. Topics covered will
include polynomial, rational, exponential, logarithmic, and trigonometric functions: systems
equations and inequalities; matrices; sequences and series; and conics including parametric
and polar equations.

MATH 1830—Intuitive Calculus ............................................................... 3 Credits
Limits, continuity, differentiation, integration, and applications are covered. This course will
not substitute for MATH 1910. Intended primarily for business majors.

MATH 1910—Calculus I ................................................................. 4 Credits
This course is a study of differential calculus with an introduction to integration. Topics cov-
ered will include plane analytical geometry, limits, continuity, and the derivative and integral
of functions of one variable with applications.

MATH 1920—Calculus II ............................................................... 4 Credits
A continuation of Calculus I.

MUS 1030—Music Appreciation ........................................................... 3 Credits
An introduction to the basic elements of music combined with a survey of Western art music.

PHIL 201—Introduction to World Religion ........................................... 3 Credits
This course is a survey of the development of religions from tribal cultures to present day
societies. This course provides a general knowledge of the major religions that exist in the
world today and provides an insight into past religions and spiritual thinking.

PHYS 1030—Physics ............................................................... 4 Credits
Emphasis is placed on understanding the nature of physics and applying basic physics con-
cepts in one’s everyday life experience and work. Topics covered include mechanical motion,
energy, temperature and heat, fluids, electricity, magnetism, and wave motion. May be taken
with ASTR 1030 to form a two-semester science sequence. Not for science or engineering
majors.
PSY 101—General Psychology I ................................................................. 3 Credits
This course is designed to provide an overview of the field of psychology and human behavior. Topics include: philosophical perspectives, history, biology, learning, personality, behavioral biology, development, motivation, emotion, abnormal behavior, theories, and therapies.

SOC 1010—General Sociology ................................................................. 3 Credits
This course will introduce theoretical approaches of sociology. Theories and methods of sociological research will also be discussed.

SOC 1020—Social Problems ................................................................. 3 Credits
This course will introduce students to the increasingly acute and intense problems such as alcoholism, violence, drugs, crime, inequality, lifestyle preferences and environmental abuse within the context of social change.

SOC 1120—Introduction to Cultural Anthropology ................................ 3 Credits
This course introduces the study of human culture. It focuses on human adaptation and diversity; the development and variety of economic, political, religious, family and expressive institutions.

SPAN 1010—Beginning Spanish I ............................................................... 3 Credits
This is a beginning level course covering elementary grammar, pronunciation, and conversation.

SPAN 1020—Beginning Spanish II ............................................................. 3 Credits
This course is a continuation of Beginning Spanish I.

SP 110—Fundamentals of Public Speaking ................................................. 3 Credits
An introductory public speaking course stressing the organization and presentation of the extemporaneous speech in a variety of settings. (Prerequisite: ENGL 1010.)

WEB 2811—Advanced Computer Graphics ............................................. 3 Credits
This course is designed to enhance the computer skills of those using graphics programs to prepare images for web or print delivery. (Prerequisite: internet skills, HTML code, graphic formats, web site building, web pages design, and an introductory knowledge of computer graphics.

WEB 2812—Advanced Web Page/Site Design ........................................... 3 Credits
This problems-oriented course will teach the use of dynamic graphics elements to enhance web pages and sites. Advanced concepts in page layout and site optimization will be studied with emphasis on principles used to craft dynamic web pages.
Many of Roane State’s associate degrees are in the health sciences and other technical fields.
ASSOCIATE OF APPLIED SCIENCE
MINIMUM DEGREE REQUIREMENTS

CORE CURRICULUM FOR CAREER PREPARATION PROGRAMS

NOTE: Some degree programs may require more than the minimum 60 hours.
See the individual program descriptions.

Areas Courses
English Composition 3 hours
*Humanities/Fine Arts 3 hours
*Social/Behavioral Sciences 3 hours
*Natural Science/Mathematics 3 hours
*One additional course from the categories of Communication, Humanities/Fine Arts, Social/
Behavioral Sciences, or Natural Science/Mathematics 3/4 hours

15/16 hours

*Specific courses satisfying these requirements must be the same courses that satisfy the general education requirement for the A.S./B.S. and A.A./B.A. degrees.

CAREER PREPARATION ASSOCIATE OF APPLIED SCIENCE DEGREE

The Associate of Applied Science programs listed on the following pages are designed primarily for students who wish to seek employment after two years of college. These programs are not designed for transfer to a senior institution. Although the general education core is transferable, senior institutions may grant elective credit for other courses in the curricula, and all are college courses. Students planning to graduate with an Associate of Applied Science Degree are required to complete the general education courses of the core curriculum for career preparation programs listed at the beginning of this section.
A.A.S. BUSINESS MANAGEMENT TECHNOLOGY
Accounting Option

The accounting option provides intensive training to qualify a student for various accounting positions in profit and not-for-profit organizations such as service industries, merchandising businesses, manufacturing companies, and governmental and educational facilities. Areas of responsibility may include cash control, accounts receivable, inventory management, accounts payable, tax returns, budgeting and cost controls.

A.A.S. BUSINESS MANAGEMENT TECHNOLOGY
Office Administration

This option is designed to prepare students for employment in offices using automated systems and procedures. Emphasis is placed on the use of computer-based word processing, spreadsheet, and database software in the performance of office functions. Completion of this program enables students to qualify for intermediate office positions and lays the foundation for entry into office management positions.

TOTAL HOURS 60

See page 173 for the requirements for the technical certificate in Office Information Technology.

See “Admissions Procedures” on page 41 for information on semester credits awarded for passing the Certified Professional Secretaries (CPS) examination.

Students pursuing this option will be advised by the Business and Technology Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program.
A.A.S. CONTEMPORARY MANAGEMENT

The Contemporary Management Program, designed specifically for working adults, provides the academic credentials and advanced skills necessary for upward mobility in area business. This “accelerated” degree program combines reduced in-class instruction with outside assignments; therefore, each 4-credit course meets only one night per week for five weeks plus an additional eight-hour summary session. This unique program design allows working adults to earn a degree in a short period of time while keeping their full-time job. In addition, individuals may receive credit through a portfolio process for prior college-level learning whether in a classroom or on the job. Faculty assessors will review each participant’s background and grant credit if applicable.

Because of its fast-paced format, a very high level of maturity and dedication will be required of students who are admitted into this program. To aid both the applicant and the faculty in assessing this level, certain requirements must be met. The applicant must (1) have a minimum of two years work experience, (2) present at least two letters of recommendation indicating the applicant’s likelihood of success, and (3) discuss his/her interest in taking these accelerated courses with a faculty advisor from the business department.

*The following is a list of four Contemporary Management courses from which you may choose to apply toward satisfying this requirement: MGT 208—Training and Development; MGT 209—Interpersonal Communication; MGT 210—Business & Its Legal Environment; MGT 225—Resolving Conflict/Negotiation. These elective hours may also be obtained through Prior Learning Credit, Cooperative Education, and/or the successful completion of various other courses. For more information, go to www.roanestate.edu, Keyword: MGT.

Students pursuing this area of study will be advised by the Business and Technology Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program.
A.A.S. CRIMINAL JUSTICE

The two-year Criminal Justice program is designed for students interested in career opportunities in corrections. This option is designed to meet the needs in society for personnel capable of entry and advancement in the law enforcement field. The two-year curriculum emphasizes an academic approach to law enforcement rather than a training approach.

**TOTAL HOURS 60**

Students pursuing this option will be advised by the Social and Behavioral Sciences Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program.
Acquiring Credit for Criminal Justice

Currently enrolled criminal justice students may petition for the granting of academic credit, based on previous experiential work in the field in which a degree is being pursued. The student is responsible for assembling and presenting a portfolio of materials to support the request. Individual portfolios for training received at any one of the state’s three, eight-week, basic recruit facilities, or the twenty-four week Knoxville basic recruit academy are not necessary since all the training is uniform. Additional academic credit may be awarded for in-service training at specialized schools; contingent upon how the training curriculum corresponds to the competency based curriculum objectives for individual police science courses.

Academic experiential credit will be awarded and will not exceed 18 semester hours. A copy of the training certificate should be sent to the Criminal Justice department. The Records and Registration Office will assign course credit. A grade of “P” will be assigned to experiential credit. Experiential credit cannot be granted until the student is enrolled (full- or part-time) for classes at Roane State.

Students who complete the Knoxville Police Department’s recruit training program will receive the following experiential course credit.

**Students who intend to transfer to a baccalaureate degree program should seek advisement concerning transfer requirements.**
A.A.S. ENVIRONMENTAL HEALTH TECHNOLOGY

This program is designed to prepare students for careers in the growing fields of environmental protection, health and safety, and site remediation. Students receive specialized training in environmental law, waste management, protection of human health and safety, industrial hygiene, radiation protection, emergency response, environmental remediation techniques and methods for evaluating environmental quality.

An articulation agreement between Roane State and East Tennessee State University (ETSU) exists for those who complete this degree program at Roane State and wish to pursue the baccalaureate degree at ETSU. See your Roane State advisor for curriculum information.

*Internships are optional, and approval of the instructor must be obtained before a student may enroll in an internship.

Students pursuing Environmental Health Technology will be advised by the Social and Behavioral Sciences Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program with the exception of students transferring on the ETSU articulation agreement.
A.A.S. GENERAL TECHNOLOGY

This degree program provides a foundation for students who wish to pursue individual career goals and an alternative for currently employed adults who wish to continue their formal education. The electives in this program may be earned by taking appropriate courses, by transferring credit earned in a diploma program at a Tennessee Technology Center or technical certificate at a community college, through recognized industry certification programs, and by portfolio assessment of college-level learning gained through employment. Students must seek advisement from the Business Technology division faculty in order to choose appropriate technical electives.

¹Students may substitute other computer related courses with the approval of their advisor.
²Students should contact their academic advisors for appropriate electives. Suggested electives include ♦ ENGL 2311, HEA 242, foreign language, and EMT 109.

Students pursuing this area of study will be advised by the Business and Technology Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program.
A.A.S. GEOGRAPHIC INFORMATION SYSTEMS

This degree program prepares students for careers as Geographic Information Systems (GIS) analysts. Students receive specialized training in geographic fundamentals, GIS database design, spatial analysis, demographic analysis, computer programming, digital image analysis, cartographic design and global positioning system (GPS) principles. Students become skilled in using popular GIS software packages and GPS mapping products.

*Consult advisor for directed elective.

Students pursuing this area of study will be advised by the Business and Technology Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program.
HEALTH SCIENCE A.A.S. PROGRAMS

Admission to the Programs

Due to limited enrollment, there are special admission policies for Health Science programs. The following policies are for: Dental Hygiene Technology, Health Information Technology, Occupational Therapy Assistant, Opticianry, Physical Therapist Assistant, Radiologic Technology, and Respiratory Therapy Technology.

1. The applicant must meet one of the following minimum academic requirements:
   a. Students under 21 years of age must attain a composite score of 20 or above on the ACT taken within the last 3 years; OR attain a GPA of 2.50 or better after completion of at least 8 semester hours of general education courses required in the program.
   b. Students 21 years of age or older must attain a GPA of 2.50 or better after completion of at least 8 semester hours of general education courses required in the program.
   c. Some programs have required prerequisites in addition to the 8 hours of general education. Please see individual program requirements.

2. The applicant must complete a Health Science application and submit it to the Center for New Student Admission.

3. Final selection of students will be made by the Health Sciences Admissions Committee.

4. Some programs have work experience requirements, or give special consideration to applicants with work experience. Contact the program director for details.

5. Admission to the program is required prior to enrolling in most health science program courses.

6. All developmental courses must be completed prior to the program application deadline. All students meeting minimum criteria will be considered competitively, based on ACT score or GPA in required general education courses completed in some Health Science programs. Completing math and science courses required in some Health Science programs with a grade of A or B, could enhance your chance of being accepted. It will be to your benefit to complete as many general education courses as possible by application deadline. MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE. Students that do not meet minimum requirements will only be considered under special circumstances and on a space available basis. Preference will be given to Tennessee residents.

Program Application Deadlines

In order for applicants to have priority consideration for entrance into the Health Science programs for the following fall semester, applications should be submitted as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dental Hygiene Technology</td>
<td>Third Friday in January</td>
</tr>
<tr>
<td>Diagnosis &amp; Procedural Coding</td>
<td>July 15</td>
</tr>
<tr>
<td>Health Information Technology</td>
<td>Last working day in May</td>
</tr>
<tr>
<td>Medical Transcription</td>
<td>July 15</td>
</tr>
<tr>
<td>Occupational Therapy Assistant</td>
<td>Third Friday in January</td>
</tr>
<tr>
<td>Opticianry</td>
<td>Continuous acceptance</td>
</tr>
<tr>
<td>Paramedic</td>
<td>June 30</td>
</tr>
<tr>
<td>Physical Therapist Assistant</td>
<td>Third Friday in January</td>
</tr>
<tr>

<td>Third Friday in January</td>
</tr>
<tr>
<td>Respiratory Therapy Technology</td>
<td>Last working day in May</td>
</tr>
<tr>
<td>Somatic (Massage) Therapy</td>
<td>Third Friday in January</td>
</tr>
</tbody>
</table>
Incomplete applications will not be processed. Any applications received after the deadline will be considered by the Health Science Admissions Committee on a space available basis. It is the student’s responsibility to assure that all records and documentation are received by the deadline.

Retention Policies
A student must maintain the following standards or he/she will be dismissed from his/her respective program:

1. A grade of “C” or better in each specialty course.
2. Completion of specialty courses as specified by the degree checklist. A student must be able to complete courses with the class in which he/she was admitted. A student who cannot graduate with the class in which he/she was admitted will be dropped from that class and must reapply to a subsequent class.
3. Evidence of malpractice insurance and physical examination prior to clinical training.
4. Be physically and mentally capable of performing the essential functions of the program as defined in each Health Science program’s Core Performance Standards.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Readmission Procedures

1. A student may be considered for readmission to a Health Science program if all of the following criteria are met:
   A. The applicant must complete an application for Health Science programs and submit to the Center for New Student Admission.
   B. Only one readmission to a Health Science program will be permitted.
   C. The applicant must interview with the program director of the specific program before the date of the review by the Admissions Committee for consideration for readmission. An acceptable level of competency may need to be demonstrated prior to readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
   D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a “C” or better. Students may repeat a course only once, and on a space available basis.
   E. The student must attain a GPA of 2.50 or better in eight or more hours of general education course work required in the program.
   F. Readmission to a Health Science Program is contingent upon the availability of space.
2. Final selection of students will be made by the Health Science Admissions Committee.

Successful admission and completion of any RSCC Health Science program does not guarantee state or national licensure or registration to practice as there may be additional state/national criteria to be met for attainment of various allied health licenses/registrations.
A.A.S. DENTAL HYGIENE TECHNOLOGY

The Dental Hygiene Program includes a background of general studies, dental science, and clinical skills with which the student becomes a proficient provider of oral health care while working under the supervision of a dentist.

The goals of the Dental Hygiene Technology program are:
1. Provide the didactic and clinical instruction that prepares students for the practice of dental hygiene.
2. Provide students with the skills to effectively interact with dental and other health care providers.
3. Encourage students to commit to lifelong learning.
4. Provide necessary skills that prepare students to become effective members of the dental health team.
5. Encourage students to assume active leadership roles in community and professional organizations.

In addition to the special admission policies for Health Sciences programs, the Dental Hygiene Program utilizes the following factors in ranking and acceptance of applicants:
1. The number of required science courses completed.
2. The student’s grades for required science courses completed.
3. Work experience in the field of Dentistry. If work experience is to be considered, the applicant must bring to the interview a current resume with permission to contact employers. If the applicant is a Certified and/or Registered Dental Assistant, a copy of Certification and/or Registration must be brought to the interview. It is highly recommended that applicants without work experience in dentistry spend time observing a dental hygienist. During this observation, the applicant should gain a full understanding of the dental hygienist’s duties and responsibilities, as well as an understanding of OSHA regulations on bloodborne pathogens. All observation time should be completed prior to the interview.
4. Results of a personal interview. Interviews will be granted only to applicants who have met the minimum requirements for admission to the Health Science programs. Interviews will be conducted during the latter part of the spring semester. After the applicant’s files have been reviewed, the interviews are scheduled by telephone. It is the applicant’s responsibility to make certain that we have work and/or home telephone numbers that will be current for this time period. If your telephone number or numbers have changed from those provided on your Health Science application, you must send the changes in a timely manner to the DHT program director at 701 Briarcliff Avenue, Oak Ridge, TN 37830.

All DHT courses must be taken in sequence. All required science courses must be taken in the semester as listed if applicant is admitted to the program OR any of the courses may be completed prior to the beginning of the program in August. Admission to the DHT program is required prior to enrolling in any DHT courses. All DHT courses are taught on the Oak Ridge Branch Campus.

There are additional expenses for the Dental Hygiene Program for instruments, uniforms, Student Association dues (membership is mandatory), radiation badges, recommended vaccinations and other program-related expenses.

Students are responsible for obtaining patients necessary to meet clinical requirements.

The program in dental hygiene is accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the United States Department of Education. The Commission on Dental Accreditation can be contacted at (312) 440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611.
**DENTAL HYGIENE TECHNOLOGY**

These classes may be taken prior to being accepted into the program.

---

1. BIOL 2010 and CHEM 1010 must be taken fall of first year.
2. BIOL 2020 must be taken spring of the first year.
3. Higher level math course may be substituted.
4. PHIL 2310 Medical Ethics is recommended, however any Humanities course is acceptable.

Students pursuing this option will be advised by the Health Science Division.

**Program Application Deadline: Third Friday in January.**

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 21 credit hours must be completed at Roane State in order to meet the graduation residency requirement.
A.A.S. HEALTH INFORMATION TECHNOLOGY
   (Medical Record Technology)

This program emphasizes specialized skills in the management of health information. The medical record technician ensures completeness, accuracy and efficiency in the management of health information in all healthcare settings maintaining patient information. **Two education options are available** in the one plus one program format. All students must complete a health science application indicating their interest in either the Diagnosis and Procedural Coding Technical Certificate (one-year) or the A.A.S. Health Information Technology degree program. Students completing the degree program will be eligible to sit for the national certification examination to become a Registered Health Information Technician.

The degree program is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP), in collaboration with the American Health Information Management Association’s (AHIMA) Council on Accreditation.

Degree students must meet health science division admission requirements including successful completion of HIT 107 prior to admission. A grade of “C” or better must be obtained in each science course required in the Health Information Technology curriculum for acceptance in both the Health Information Technology degree option or Diagnosis and Procedural Coding certificate option. Application of didactic instruction is provided through clinical education in area health facilities. First year program professional courses (HIT) are taught on the Roane County campus and at the Knoxville Health Sciences Center. Second year degree courses are primarily taught on the Roane County campus, however occasional HIT courses may be taught at other sites.

Courses in bold-faced italic print may be taken prior to being accepted into this program.

Program Application Deadline: A.A.S. Degree-Last working Day in May; Diagnosis and Procedural Coding-July 15.

¹Recommended to be completed prior to acceptance.

²An open course that may be taken by any student and is required to be completed prior to acceptance.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 18 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

Only HIT courses which were completed within three years prior to applying for admission or readmission will be considered for credit toward graduation.
NURSING
ADMISSION POLICIES FOR ASSOCIATE OF SCIENCE

The two-year Associate Degree Nursing Program qualifies students to take the State Board Examination to become Registered Nurses.

The RSCC Academic Council has established (for both beginning and transfer students) the following requirements in considering applicants for admission into the Associate of Science Degree Nursing Program:

I. Applicants must:
   A. Apply and be accepted to RSCC.
   B. Submit high school transcripts or GED equivalent and transcripts of all previous college work to the Admissions Office.
   C. Take the ACT exam (for student applicants under 21 years of age).
   D. Complete Academic Development courses prior to the application deadline to the nursing program as determined by the requirements specified on page 25 of the RSCC catalog under “General Student Classifications.”
   E. Pass a pre-admission test.

II. In addition to requirements above, applicants must meet requirement A or B or C below.
   A. Complete at least 12 hours of work from the general education requirements in the Nursing curriculum with a minimum 2.75 GPA. These hours must be completed prior to the application deadline (third Friday in January.) A “C” or better must be attained in each required science course. ♦ MATH 1130 or higher level MATH must be completed with a grade of “C” or better prior to the application deadline.
   B. Students under 21 years of age must attain a composite score of 20 or above on the ACT battery. MATH 1130 or higher must be completed with a grade of “C” or better prior to application deadline.
   C. Licensed Practical Nurses may be admitted by fulfilling the following:
      1. Meet requirements I. A, B, C, and D above.
      2. Complete twelve (12) hours of general education courses from the nursing curriculum prior to registration for Nursing 109. BIOL 2010 and MATH 1130 or higher level MATH must be completed with a grade of “C” or better as part of the 12 hours.
      3. Graduate from state approved LPN program and have a current valid LPN license.
      4. Pass the NLN proficiency examination.

III. Only nursing courses which were completed within three years prior to applying for admission or readmission will be considered for transfer. Science courses more than ten years old will not be considered.

IV. A mandatory orientation to the nursing program will be scheduled prior to the first day of classes. At this orientation students must submit:
   A. A completed physical examination providing evidence of physical status necessary for practice in all areas of nursing care.
   B. Proof of current CPR certification that includes one-person, two-person and infant and child CPR (Healthcare Provider). Students must submit a copy of certification.
   C. Students who do not attend this orientation and submit physical examinations and proof of CPR certification by the first day of class will be dropped from the program.

V. Health:
   A. Even though preliminary admission to the Nursing Program has been granted, a student will be required to undergo a physical exam/health verification before final admission to the program. Students will be required, during the
course of the program to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements include freedom from communicable diseases, the ability to perform certain tasks and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Core performance standards for admission and progression which comply with the Americans with Disabilities Act of 1990 are available from the office of the Nursing Program.

B. Students will be required to meet all health guidelines of the affiliating agencies. For example, health insurance may be required by some affiliating agencies. Not having health insurance could limit a student's educational experience. Students are responsible for costs incurred from injury or illness while in the Nursing Program.

VI. Other

A. Individuals who are admitted to the program whose use of alcohol or consciousness-altering drugs interferes with their performance of nursing education activities will be referred for a drug screen and counseling. Please refer to the Nursing handbook for further information. Failure to correct the problem will result in termination from the Nursing Program.

B. Students will be required to provide nursing care under supervision, for patients with infectious diseases. Any student refusing assignment to an infectious patient may be subject to dismissal from the program.

C. The applicant must report if any license in any health care field has been suspended, revoked or denied.

D. Additional testing and counseling may be recommended on an individual basis.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

A Health Science/Nursing Committee considers all eligible applicants and recommends applicants for acceptance into the Nursing Program. Students who have not met minimum requirements will not be considered. All students meeting minimum criteria will be considered competitively, based on ACT score or GPA in required general education courses completed. It will be to your benefit to complete as many general education courses as possible by application deadline. The earlier application date will also be considered if other criteria are equal. MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE. Preference will be given to Tennessee residents.

RSCC General Student classification admission policies for transfer students apply to transferring nursing students. Students wishing to transfer nursing credits must meet RSCC general admissions requirements. Nursing program admission requirements must also be met with the exception of the nursing pre-admission test. A letter of recommendation including evidence of clinical and lab competency must be submitted from the director of the previous nursing program. Transfer students may seek placement in the nursing sequence by taking a proficiency examination subject to the approval of the nursing faculty. No nursing courses earned in a school of practical nursing may be credited by transfer, although academic courses, if earned through a college or university, will be evaluated for transfer. Nursing courses from an NLN accredited or state approved School of Nursing will be evaluated for transfer on an individual basis.
Financial Aid may be available. Questions should be directed to the Financial Aid Office.

Uniforms are required. There are additional expenses for the nursing program.

Retention Policies
1. The student must maintain a cumulative GPA of 2.0 or better. A “C” must be achieved in science, math and nursing courses in order to progress.
2. A student must satisfactorily complete each clinical rotation each semester in order to continue in the program. A grade of “incomplete” must be removed prior to the first clinical day of the following semester in order to progress to the next nursing course.
3. The student must carry professional liability insurance while enrolled in nursing courses.
4. The student must maintain CPR Certification while enrolled in the nursing program.
5. The student must abide by the course and clinical policies as outlined in the Nursing Student Handbook. Failure to do so may result in dismissal from the program.

Readmission Procedures
1. Only one readmission to the nursing program is permitted. Readmission to the nursing program is also contingent upon the availability of space. Requirements for initial admission to the nursing program must be met in order for a student to be considered for readmission. Students with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the nursing faculty. Students seeking readmission to the nursing program must state their intention in writing to the Nursing Program Director at least 30 days prior to summer semester, or 90 days prior to fall or spring semester.
2. If two “D” grades or below are received in nursing courses, the student will be dismissed from the program, and the person receiving such grades may not be eligible for admission into the nursing program of any other TBR institution.
3. Those students who fail to maintain a cumulative GPA of 2.0 may be considered for readmission to the nursing program only after removing all grades of less than “C” in required general education courses.
4. Students repeating nursing courses must repeat both theoretical and clinical components of the course.
5. Readmitted students must complete all graduation requirements in effect for the program at the time of readmission.

Legal Limitations for Licensure
A graduate of an approved school of nursing who has been convicted of a violation of the law other than a minor traffic violation may be denied a nursing license. A graduate’s eligibility for licensure is determined on an individual basis. Students are advised to consult with the licensing board regarding their licensure eligibility.

Academic Advisement
Nursing faculty provide academic advisement for prospective nursing students as well as for those students admitted into the program. The faculty assist students with scheduling classes and dealing with academic concerns. Faculty members have office hours posted on their office doors. Students should contact a faculty member for advisement as needed. It is recommended that students experiencing academic difficulties make an appointment and discuss this with a faculty member as soon as possible.
ROANE STATE COMMUNITY COLLEGE
DEPARTMENT OF NURSING

CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

The Roane State Community College Nursing Program has adopted the following core performance standards. Admission to and progression in the nursing program is not based on these standards, rather they will be used to assist each student in determining whether accommodations or modifications are necessary.

If a student believes that he or she cannot meet one or more of the standards without accommodations or modifications, the nursing program will determine, on an individual basis, whether or not the necessary accommodations or modifications can be made reasonably.

A.A.S. NURSING

The two-year, Associate of Applied Science degree program in Nursing emphasizes patient-centered approaches to nursing care. The graduate nurse is able to provide highly skilled nursing care for patients and families in a variety of health care delivery settings. The program of learning includes the study of clinical application of nursing theory and principles. The graduate is eligible to take the State Board examination to become a registered nurse.

A grade of “C” or better is required in ♦ MATH 1130 or higher level MATH prior to the application deadline.

These classes may be taken prior to being accepted into the program.

♦ BIOL 2230 Microbiology 3
♦ BIOL 2010, 2020 Anatomy and Physiology I, II1 8
CST Computer Science Elective or
COLL 1020 Computer Concepts & Appl. 3
♦ ENGL 1010 Composition I 3
♦ MATH 1130 College Algebra or higher level MATH2 3
PSY 220 Developmental Psychology 3
SPCH Speech Elective 3
Humanities Elective 3

Students must be accepted into the nursing program to enroll in these classes.

First Year
NSG 105 Foundations for Nursing Practice 10
NSG 107 Care of Childbearing Family 4
NSG 109 Adult & Child Health I 6
NSG 118 Pharmacology in Nursing 3

Second Year
NSG 210 Adult & Child Health II 10
NSG 212 Psychosocial Nursing 4
NSG 215 Transitions to Nursing Practice 4

TOTAL HOURS 70

1Strongly recommend these courses being completed prior to taking NSG 105.
2MATH 1530 is recommended for students planning to complete a BSN.

Consult course descriptions for prerequisites and corequisites.

Students pursuing this option will be advised by the Nursing Department.

Program Deadline: Third Friday in January.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 18 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
LPN CAREER MOBILITY

LPN Career Mobility may not be offered every year. Availability of this option is dependent upon the number of qualified applicants.

This program is designed to facilitate the achievement of a registered nurse level education by LPNs who qualify for admission. LPNs who wish to qualify for this program are required to pass a proficiency examination. The examination will cover fundamentals of nursing.

Examination scores are valid for three (3) years. Candidates who do not enter the program after three (3) years will be required to repeat the examination process.

Candidates are required to present an active Tennessee Practical Nurse license to be admitted to the examination. Candidates should arrive 30 minutes before test-time. ID must be verified before admission to the examination is permitted.

Admission to the Career Mobility program is not automatic. Academic qualifications as well as test scores will be considered in the selection process. Admission is also contingent on available space in the program.

A grade of “C” or better is required in ♦ MATH 1130 or higher level MATH and ♦ BIOL 2010 prior to beginning nursing classes.

These classes may be taken prior to being accepted into the program.

General Education

- ♦ BIOL 2230 Microbiology 3
- ♦ BIOL 2010, 2020 Anatomy and Physiology I, II1 8
- CST Computer Science Elective or 3
- ♦ ENGL 1010 Composition I 3
- ♦ MATH 1130 College Algebra or higher level MATH2 3
- PSY 220 Developmental Psychology 3
- ♦ SPCH Speech Elective 3
- Humanities Elective 3

29

1Strongly recommend completion of BIOL 2020 prior to taking nursing courses.
2MATH 1530 is recommended for students planning to complete a BSN.

Challenge by Proficiency Examination (NSG 115) 10

SPRING SEMESTER - FIRST YEAR

NSG 107 Care of the Childbearing Family 4
NSG 109 Adult and Child Health I 6
NSG 126 Pharmacology in Nursing 3

13

FALL SEMESTER - SECOND YEAR

NSG 210 Adult and Child Health II 10

SPRING SEMESTER - SECOND YEAR

NSG 212 Psychosocial Nursing 4
NSG 215 Transitions to Nursing Practice 4

8

Academic Advisement: LPN Mobility students must have an academic advisement conference with the nursing program director prior to beginning NSG 107. Students pursuing this option will be advised by the Nursing Department.
A.A.S. OCCUPATIONAL THERAPY ASSISTANT

The Certified Occupational Therapy Assistant (COTA) is a health professional who uses purposeful activity with individuals who are limited by physical injury or illness, psychosocial dysfunction, developmental or learning disabilities, poverty and cultural differences or the aging process. The COTA works under the supervision of a registered occupational therapist (OTR) and collaborates with others to maximize independence, prevent disability and maintain the health of individuals requiring services. Students are trained in the skills and techniques necessary to participate in the treatment and testing of patients. The educational program includes lecture and laboratory experiences as well as practice in clinical settings.

ADMISSION TO THE OTA PROGRAM IS REQUIRED PRIOR TO TAKING ANY OTA COURSES, with the exception of OTA 104 which has an open admissions policy. Sixteen (16) hours of volunteer or work experience with an occupational therapist or an occupational therapy assistant is required prior to admission to the program. A form evaluating and verifying 16 volunteer hours must be submitted to the OTA department prior to the application deadline. An interview will be offered the top 40 candidates. Meeting minimum requirements does not guarantee acceptance. Those not accepted can apply for the following year or seek advisement on other possible career options.

The program is designed to be taken in sequence, individual circumstances may permit variations. All OTA courses are taught on the Oak Ridge Campus. All admissions material must be submitted by the third Friday of January for the following fall semester.

The Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA’s phone number is (301) 652-AOTA. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification of Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

NOTE: All OTA students must complete Level II Fieldwork within 18 months following completion of academic preparation.

NOTE: A felony conviction may affect a graduate’s ability to sit for the NBCOT certification examination or attain state licensure. For more information contact NBCOT at (301) 990-7979 or www.nbco.org and the state licensure board at 1-888-310-4650, ext. 2-5163 or www.state.tn.us/health.

**TOTAL HOURS** 78

1Should be taken prior to beginning OTA classes.

2Elective, not required for graduation.

Students pursuing this option will be advised by the Health Science Division.

**Program Deadline: Third Friday in January.**

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 20 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
A.A.S. OPTICIANRY

The Opticianry program is a two-year associate of applied science degree career preparation program. Graduates of this program will be eligible to sit for the Tennessee State Board Examination in Ophthalmic Dispensing and the national board certification examinations. The total educational program will include general studies, technical, and field work components.

Opticians design and fit glasses, contact lenses and other specialized optical devices, based on the doctor’s prescription and the patient’s visual needs. Fashion is also a factor in designing eyewear.

The Opticianry program is nationally accredited by the Commission on Opticianry Accreditation.

Admission to the program is required prior to enrolling in any OPT course. Courses must be taken in sequence. All professional opticianry courses are taught at the main campus in Harriman.

These classes may be taken prior to being accepted into the program.

TOTAL HOURS 77

1Business elective may be chosen from the following: BUS 101, BUS 221, 278 or 281.
2Higher level math course may be substituted.

Students pursuing this option will be advised by the Health Science Division.

Program Deadline: Continuous acceptance.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 20 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
A.A.S. PHYSICAL THERAPIST ASSISTANT

This program prepares students with the necessary knowledge and skills to assist in the treatment and testing of physical therapy patients under the supervision of a registered physical therapist. Training includes the use of exercise, therapeutic modalities and special treatment procedures in classroom, laboratory and clinical settings. This program is accredited by the Commission on Accreditation in Physical Therapy Education.

The 1+1 curriculum design establishes the first year for prerequisites and the second year for physical therapy courses. All first-year prerequisites (PRE-PTA status) must be completed prior to being considered for admission into the second year. There is an open admissions policy for enrolling in the PRE-PTA classes. The second year (PTA STATUS) lasts one calendar year—August to August of the next year. Classes taken the second year must be taken in sequence and require a full course load.

Selection for the second year will be based on GPA in the prerequisites, anatomy and physiology grades, physical therapy tech work experience, interview scores (top 40 applicants based on a point system will be offered interviews), and documentation and rating on physical therapy observation experience. This experience will be completed in the course PTA 102 Introduction to Physical Therapy. A maximum of twenty students will be selected for the second year. Those not accepted can apply for the following year or seek advisement on other possible career options.

All admission materials except Spring grades (i.e. Spring 2005 for Fall 2005 acceptance) should be submitted by the third Friday of January for the following fall semester. Spring grades need to be received by May 31st. Students that turn materials in after these deadlines may not be considered for admission.

Here are some other things to keep in mind for the second year. Clinical courses during the second year might require travel to other cities for extended periods of time at the student’s expense. Once accepted into the second year, it is the student’s responsibility to be certified in Basic First Aid and to maintain certification in Infant, Child and Adult CPR. This can be done through the Red Cross and/or American Heart Association.

All second year PTA classes are taught at the Oak Ridge Branch Campus.

**TOTAL HOURS** 76

---

**Program Deadline:** Third Friday in January.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 19 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
A.A.S. RADIOLOGIC TECHNOLOGY

The radiographer is a healthcare professional that performs radiographic procedures that provide information to assist in the diagnosis and treatment of the patient. The Radiologic Technology Program consists of six semesters of full-time study which includes supervised clinical coursework in a radiology department. The clinical courses include assignments during the intercessions between semesters. The program is affiliated with 21 area hospitals and clinics. Each student will be assigned to a variety of clinical sites during the two years of clinical coursework.

Applicants for the program may begin working on the general education courses at any time. Official acceptance to the program is required prior to enrollment in the professional courses. The professional courses must be taken in sequence and are offered only at the Oak Ridge Branch Campus. Remedial and developmental courses must be completed prior to the application deadline.

Applicants must spend a minimum of 8 hours of observation time in an inpatient diagnostic radiology department and must submit the required form documenting this observation time. This form is available at the Oak Ridge Admissions Office and is also available on the RDT webpage. The form must be received before the application deadline. In addition, special consideration will be given to those applicants who make an A or B in required science and math courses.

The program is accredited by the Joint Review Committee on Education in Radiologic Technology. Graduates of the program are eligible to take the certification examination administered by the American Registry of Radiologic Technologists.

These classes may be taken prior to being accepted into the program.

A.A.S. RESPIRATORY THERAPY TECHNOLOGY

The Respiratory Therapy program prepares an individual to perform the staff responsibilities of the respiratory care profession. General education courses and respiratory care courses which include supervised clinical experience in area hospitals make up the building blocks of this exciting curriculum. All respiratory therapy courses are taught at the Knox County campus.

Along with the general entrance requirements of the Health Science programs, the applicants for Respiratory Therapy must also:

a. Obtain a “C” or better in each required science course.

b. Complete ten (10) hours of observation in area respiratory departments. Students should contact the program director for more information. A completed observation form must be sent back to the program director prior to the application deadline. The form for documentation of observation hours may be obtained from the Health Science admissions clerk, Admissions Office or Respiratory Therapy faculty.

c. Only respiratory therapy courses which were completed within three years prior to applying for admission or readmission will be considered for transfer. Science courses more than ten years old will not be considered.

Students that have been admitted into the program must attend an orientation to the Respiratory Therapy program prior to the first day of class. Students must submit physical examination forms at this time. Students who fail to attend orientation or submit physical examination forms and CPR certification may be dropped from the program. Proof of CPR certification must be submitted prior to beginning RTT 132.

All students must pass the mock written registry and clinical simulation examinations to graduate from RSCC. Upon graduation, students are eligible to take the credentialing examinations offered by the National Board of Respiratory Care. The program is accredited by CAAHEP and CoARC, committees on Allied Health and Education.

These classes may be taken prior to being accepted into the program.

**TOTAL HOURS** 72

*This course must be taken before enrolling in RTT 122.

Students pursuing this option will be advised by the Health Science Division.

**Program Deadline: Last working day in May.**

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 20 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
A.A.S. PARALEGAL STUDIES

A legal assistant or paralegal is a person qualified by education, training or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency or other entity who performs specifically designated substantive legal work for which a lawyer is responsible. (American Bar Association Standing Committee on Legal Assistants.)

The paralegal studies program is designed to prepare students to be proficient in paralegal duties and responsibilities. Students who complete this curriculum will be able to apply basic legal concepts and become familiar with Tennessee’s court system and its substantive and procedural laws. Competency objectives include skills in legal ethics, research, writing, problem solving, and communication. Students will participate in an internship for practical experience. Admission to this program will require students to meet the minimum course standards for other two-year technical degree programs.

Roane State’s Paralegal Studies program supports the general principles of ethical legal practice, professional responsibility, and the prohibition against the unauthorized practice of law by non-lawyers (including paralegals).

The objectives of the Paralegal Studies program are to educate and make students proficient in the following areas: legal ethics, procedural law, substantive law, and working in a legal environment.

These objectives are met by requiring students to complete (1) legal introductory courses; (2) legal specialty courses; and (3) a required internship and by exposing them to (4) quality instruction in each of these areas that promotes mastery of the procedural aspects of legal work. Upon completion of the Paralegal Studies program, students will be able to: recognize, evaluate, and appropriately respond to ethical dilemmas; perform legal research tasks; perform legal writing tasks (including pleadings, briefs, correspondence, real property documents, bankruptcy documents, business organization documents, and internal memoranda); interview clients and witnesses; investigate legal matters; work closely with supervising attorneys in a wide variety of substantive legal matters; and quickly familiarize themselves with and work well in a variety of legal office settings.

**TOTAL HOURS**      | **60**

1Please refer to p. 92 for a list of general education electives.

Students pursuing this option will be advised by the Social and Behavioral Sciences Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. However, graduates of the paralegal program are encouraged to continue their education and transfer agreements are in place enabling A.A.S. Paralegal Studies graduates to continue their education at the University of Tennessee–Chattanooga, Middle Tennessee State University and Tusculum College. For more information concerning transfer of courses, please contact the program director. NOTE: 18-19 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
A.A.S. TECHNICAL COMMUNICATIONS

Technical Communications is a unique online degree program that is part of eLearnIT. This online learning experience provides for both an Associate of Applied Science degree and preparation for students to continue in their pursuit of bachelor’s degree through a partnership with the University of Tennessee.

This degree represents the second year of the eLearnIT program. Students in this program will have taken the first year of courses at Nashville State Technical Institute (NSTI), transferred equivalent courses from another institution, or taken equivalent courses at Roane State. All eLearnIT courses articulate with and transfer completely to the University of Tennessee-Martin’s Bachelor of University Studies program.

eLearnIT is an asynchronous learning environment, which means that students decide when to participate in class activities such as bulletin board discussions. This allows students to work around their schedules. However, please note that all courses do have an end time clearly specified by the instructor by which ALL course work is required to be completed AND turned in.

Please keep in mind that eLearnIT is an online degree program, which means that students must have computer access. Students are expected to have a basic familiarity with computers and the Internet. For additional information about eLearnIT, including hardware and software standards and other degree pathways, visit the eLearnIT website at www.elearnit.org.

TECHNICAL CERTIFICATE PROGRAMS

Students in these programs should apply for admission as special credit students. No placement testing is required of these programs except the Paramedic program. Financial Aid may not be available for all certificates pending approval. Contact the Financial Aid Office for more information. For students to receive a certificate at the end of the program, a 2.0 GPA must be maintained.

COMPUTER ART & DESIGN

The Technical Certificate of Credit in Computer Art and Design is especially geared toward these individuals: 1) those already holding BFAs, MFAs, or other degrees who need a structured program of computer skills to enhance or secure employment, or 2) those who wish to quickly enter the job market on a technical level and pursue further education along with their employment.

To complete requirements to receive the technical certificate of credit in Computer Art and Design, students must pass competency tests in six areas: Basic computer skills; pagination; Raster Graphics; Vector Graphics; 2-D animation; and 3-D animation. In addition, students must pass proficiency tests in one area of specialization. An internship is also required.

The following courses are required:

1Choose 2 from ART 145, ART 205, ART 206, ART 207, ART 208, ART 209.

Students pursuing this certificate will be advised by the Humanities Division.

NOTE: 10 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

GEOPHYSIC INFORMATION SYSTEMS

This program offers the knowledge and ability to use modern analysis tools to display information relative to features on the ground, below ground or above ground. Small, economical computer systems now have the speed and software to empower a trained user to manage, present and analyze geographic information.

- OAD 204 Information and Document Control 3
- OAD 250 Work Experience 3

**TOTAL SEMESTER HOURS** 30

Students pursuing this certificate will be advised by the Business and Technology Division.

See page 135 for the A.A.S. degree in Business Management Technology, Office Administration Information Technology option.

**NOTE:** 10 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

### PHARMACY TECHNICIAN

Pharmacy Technician is a nine-month certificate program designed to prepare students to enter the pharmacy field as trained technicians with certification from the Pharmacy Technician Certification Board. This new program has been approved for implementation, but full details were unavailable at the time of publication of this catalog. For further information, contact the Admissions Office or the Math-Science Division.
Certificate Programs

POLICE MANAGEMENT

This program is designed to provide state-of-the-art education in the areas of procedural law and police management. The curriculum provides an opportunity for police supervisory personnel to receive training in a non-degree credit program. The Police Management certificate program is not designed to provide entry-level skills in police science. Students interested in a career preparation program should refer to page 137.

The following courses are required:

Students pursuing this certificate will be advised by the Social and Behavioral Science Division.

NOTE: 4 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

TENNESSEE EARLY CHILDHOOD TRAINING ALLIANCE

The TECTA program is designed for students who have a GED or high school diploma, are currently working in a licensed or registered child care facility, and reside in Tennessee. The program provides 30 hours of cost free orientation. The participant then enrolls as a Roane State student and begins the first of five college classes which leads to the Child Development Associates (CDA) certificate.

Student Requirements

1. Submit an application for admission and $10 non-refundable application fee.
2. Submit an official copy of high school transcript or GED scores.

The following courses are required:

Oralentation ............................................................................................... (0) Non-credit

This course provides the childcare worker with thirty hours of instruction in the following areas: professionalism, individualism and cultural diversity, child development, developmentally appropriate practices, learning environments, health and safety, guidance, observation and assessment, family relationships, human relations, environment, and activities and curriculum. Prerequisite to the Level classes—students must enroll in one of the following Orientation classes (30 clock hours): Center Based; Infant/Toddler; School-Age; Family Based; Administration.

Note: ECE 210 is not part of the CDA certificate required classes.

Students pursuing this certificate will be advised by the TECTA Office.
HEALTH SCIENCE CERTIFICATE PROGRAMS

DIAGNOSIS AND PROCEDURAL CODING

The Diagnosis and Procedural Coding program is a nine month certificate program designed to prepare students to perform medical diagnosis and procedure coding in an outpatient or ambulatory healthcare setting. Professional courses (HIT) in the program are taught during the day on the Roane County Campus and in the evening at the Knoxville Center for Health Sciences. Included in the program is clinical instruction allowing students to apply coding to actual medical records of patient encounters.

Admission Requirements

1. Submit an official copy of high school transcript, or GED scores or college transcript.
2. Complete RSCC application and admission requirement for special student category.
3. A grade of “C” or better must be obtained in each science course required in the Health Information Technology curriculum for acceptance in both the Health Information Technology degree option or Diagnosis and Procedural Coding certificate option.
5. Be accepted by the Health Sciences Admissions Committee.

The following factors are utilized in ranking and accepting applicants:

1. Completion of HIT 107
2. Completion of BIOL 2010 and BIOL 2020
3. Attendance at program orientation session scheduled each spring/summer

Only HIT courses which were completed within three years prior to applying for admission or readmission will be considered for credit toward graduation.

Retention Policies

A student must maintain the following standards or he/she will be dismissed from the program.

1. A grade of “C” or better is required in each HIT course and required science course.
2. Completion of specialty courses as outlined by the degree checklist. Exceptions to this must be approved by the program director.
3. Evidence of malpractice insurance and physical examination must be provided prior to clinical training.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Readmission Procedures

1. A student may be considered for readmission to a Health Science program if all of the following criteria are met:
   A. The applicant must complete an application for Health Science programs and submit to the Records office.
   B. Only one readmission to Health Science programs will be permitted.
   C. The applicant must interview with the program director before the date of the review by the Admissions Committee for consideration for readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
   D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a “C” or better in the course.
   E. Readmission to a Health Science program is contingent upon the availability of space.
2. Final selection of students will be made by the Health Science Admissions Committee.
DIAGNOSIS AND PROCEDURAL CODING

All general education classes (bold print) can be taken prior to being accepted, or in
the suggested sequence below after being accepted into the program.

**Fall Semester**
- ◇ BIOL 2010  Anatomy & Physiology I 1 4
- HIT 102  Intro. to Health Information 3
- HIT 107  Medical Terminology 2 3
- HIT 103  Coding & Classification Systems 3

13

**Spring Semester**
- ◇ BIOL 2020  Anatomy & Physiology II 1 4
- HIT 130  CPT Coding 3
- HIT 140  Medical Office Procedures 2

9

TOTAL SEMESTER HOURS 22

1Recommended to be completed prior to acceptance.

2An open course that may be taken by any student & is recommended to be completed prior to accep-
tance.

Students pursuing this certificate will be advised by the Health Science Division.

Program Deadline: July 15

NOTE: 7 credit hours must be completed at Roane State in order to meet the
graduation residency requirement. (See page 59)

EMERGENCY MEDICAL TECHNOLOGY

These programs are designed to qualify students to work as emergency medical
technicians which could lead to national certification and state licensure.

**First Responder** - Course Number: EMT 109 4 credits
This course prepares the student for the First Responder State Licensure exam.

The First Responder is often the first medically trained rescuer on the scene of an
ill or injured patient. They provide the first link in the Emergency Medical Services
system. They are employed as firemen, law enforcement agents, park rangers, rescue
squad personnel, daycare workers, EMS and many other occupations.

Admission requirements:
1. Must meet all RSCC admission requirements.
2. Submit a current Health Care Provider level CPR card or Professional Rescuer card.

**Emergency Medical Technician Basic I and II**

**First Semester**
- EMT 160  Basic I 8 credits

**Second Semester**
- EMT 161  Basic II 7 credits

This course prepares the student for the National Registry exam for EMTs. Upon
successful completion of this exam the student will be eligible for State Licensure.
Students having EMT licensure are able to work as part of an EMS team on Basic and Advanced ambulance units. They are employed in emergency rooms, law enforcement agencies, rescue squads, fire stations, health clubs, ski patrols, park rangers and other related fields.

Admission requirements:
1. Must meet all RSCC admission requirements.
2. Must submit a regular high school diploma or equivalent. (NOTE: A special ed diploma or certificate of attendance WILL NOT meet this requirement.) Students must be 18 years old and have a high school diploma or GED to be eligible to take the State of Tennessee exam.
3. Submit a current Health Care Provider level CPR card or Professional Rescuer card.

Retention:
1. A minimum grade of 80% in each of the three areas, lecture, lab and clinical must be achieved to advance to the next semester.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

EMT Accelerated - Course Number: EMT 162 15 credits

This course prepares the student for the National Registry Exam for EMTs. Upon successful completion of this exam the student will be eligible for State Licensure.

The accelerated course is Basic I and II combined into one semester and is designed for those students that have completed First Responder or have a medical background.

Students having EMT licensure are able to work as part of the EMS team on Basic and Advanced ambulance units. They are employed in emergency rooms, law enforcement agencies, rescue squads, fire stations, health clubs, ski patrols, park rangers and other related fields.

Admission requirements:
1. Must meet all RSCC admission requirements.
2. Must submit a regular high school diploma or equivalent. (NOTE: A special ed diploma or certificate of attendance WILL NOT meet this requirement.) Students must be 18 years old and have a high school diploma or GED to be eligible to take the State of Tennessee exam.
3. Submit a current Health Care Provider level CPR card or Professional Rescuer card.

Program Prerequisites: EMT 109-First Responder course, medical background, or successful completion of college level science courses. You must obtain permission from the EMS program director.

Retention
1. Maintain current licensure and maintain current CPR-Health Care Provider.
Certificate Programs

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Certificate Program

Paramedic

<table>

<tr>
<th>First Semester</th>
<th>Second Semester</th>
<th>Third Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>EMT 211 13 credits</td>
<td>EMT 212 13 credits</td>
<td>EMT 218 3 credits</td>
</tr>
<tr>
<td>EMT 221 3 credits</td>
<td>EMT 222 3 credits</td>
<td>EMT 223 4 credits</td>
</tr>
</tbody>
</table>

The Paramedic program is a three-semester certificate program. The lecture and lab consists of approximately 600 hours. The clinical/field internship is approximately 500 hours.

The program consists of four components of instruction: lecture, skills laboratory, clinical education and field internship. The successful completion of these components will prepare the students for National Registry exams and enable him/her to demonstrate competence as an entry level paramedic.

Graduates of this program work in areas of law enforcement, fire, Emergency rooms, medical clinics, rescue, athletic departments, forestry, EMS, 911 centers and similar occupations.

Admission Requirements:
1. Submit current EMT license.
2. The student must complete all testing required by the State of Tennessee Department of Health EMS Division. Refer to Paramedic admissions packet.
3. Submit an official high school transcript or GED scores or college transcript.
4. Complete RSCC application and meet RSCC admission requirements for either general or special student option.
5. Complete Health Science admission application and all materials identified in the Paramedic admissions packet and submit by June 30.
6. Submit a current Health Care Provider level CPR or Professional Rescuer card.

HEALTH: Students will be required, during the course of the program to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements include freedom from communicable diseases, the ability to perform certain tasks, and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the American Disabilities Act of 1990. Students will be required to meet all health guidelines of the affiliating agencies. Students are responsible for cost incurred from injury or illness while in the Paramedic program.

Students must follow the admissions process in regard to interviews and testing in compliance with EMS rules and regulations as set forth by the Tennessee Department of Health, Division of Emergency Medical Services and the RSCC-EMS Department. Refer to the paramedic admissions packet for further information. A Paramedic Committee considers all eligible applicants and recommends applicants to the Health Sci-
ence Admission Committee. Applicants must report if their license in any health care field has been suspended, revoked, or denied.

Retention:
1. Maintain current Tennessee licensure and maintain current CPR-Health Care Provider level or Professional Rescuer level.
2. Maintain 80% in didactic, lab and clinical areas.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Students wishing to pursue an AAS in General Technology with emphasis in Emergency Medical Services, should consult a Health Sciences advisor.

Program Deadline: June 30.

NOTE: 12 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

### MEDICAL TRANSCRIPTION

The Medical Transcriptionist Program is a nine month certificate program. In addition to classroom lecture and transcription practice, two days a week are spent during the second semester in a health care facility affording the student valuable work experience in Medical Transcription. Graduates obtain employment in hospitals, clinics, doctor’s offices, and transcription services. Graduates are eligible to take the American Association for Medical Transcription certificate examination. **MDT courses must be taken in sequence.**

Admission Requirements
1. Submit an official copy of high school transcript or GED scores or college transcript.
2. Recommend typing speed of 45 words per minute; typing/keyboarding skills are required. Basic knowledge of computer/word processing functions (recommend COLL 1020 or CST 170) is required.
3. Pass a high school level grammar, punctuation and spelling preadmission test.
4. Completed RSCC application and admission requirements for special student category.
5. Completed Health Sciences application.
6. Completed health form.
7. Be accepted by the Health Sciences Admissions Committee.
8. Acute hearing required.

Retention Policies
Students’ grades will be evaluated at the end of each semester by the Health Sciences Admissions committee. A student must maintain the following standards or he/she will be dismissed from his/her respective program:
1. A grade of “C” or better in each specialty course.
2. Completion of specialty courses as specified by the degree checklist. A student must be able to complete courses with the class in which he/she was admitted. A student who cannot graduate with the class in which he/she was admitted will be dropped from that class and must re-apply to a subsequent class.
3. Evidence of malpractice insurance and physical examination must be provided prior to clinical training.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Readmission Procedures
1. A student may be considered for readmission to a Health Sciences program if all of the following criteria are met:
   A. The applicant must complete an application for Health Sciences programs and submit to the Admissions Office.
   B. Only one readmission to a Health Science Program will be permitted.
   C. The applicant must interview with the program director of the specific program before the date of the review by the Admissions Committee for consideration for readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
   D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a “C” or better in the course.
   E. Readmission to a Health Science program is contingent upon the availability of space.
2. Final selection of students will be made by the Health Sciences Admissions Committee.

**TOTAL SEMESTER HOURS**: 25

PLEASE NOTE: Flexible scheduling including online courses are available for a limited number of students meeting special criteria (must score at least 90% on preadmission test). Please contact the program director or visit our website at www.rscc.cc.tn.us/mdt for specific details. Traditional Medical Transcription classes are held at the Oak Ridge Branch campus.

Students pursuing this certificate will be advised by the Health Science Division.

**Program Deadline**: July 15.

**NOTE**: 8 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)

*Not offered on-line.

**ADMISSION REQUIREMENTS FOR THE POLYSOMNOGRAPHY AND SOMATIC THERAPY PROGRAMS**

Due to limited enrollment, the following special admission policies are required for the program:

1. Submit an official high school transcript or GED scores or college transcript.
2. Complete a Health Science application and submit it to the Admissions Office.
3. Complete an RSCC application and admission requirements for special student category.
4. Take an admission test.
5. All qualified applicants will be interviewed prior to admission.

**MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE.** Preference will be given to Tennessee residents.

Applications should be submitted by the third Friday in January for Somatic Therapy, and by the last working day of May for Polysomnography for the applicant to have priority consideration for entrance into the program for the following fall semester. Incomplete applications will not be processed. Any applications received after the deadline will be considered by the Health Science Admissions Committee on a space available basis. All transcripts must be received in the Records Office by the application deadline.
Retention Policies
A student must maintain the following standards or he/she will be dismissed from the program:

1. A grade of “C” or better in each specialty course.

2. Completion of specialty courses as specified by the degree checklist. A student must be able to complete courses with the class in which he/she was admitted. A student who cannot graduate with the class in which he/she was admitted will be dropped from that class and must reapply to a subsequent class.

3. Evidence of malpractice insurance and physical examination prior to clinical training.

The RSCC policy of Student Conduct and Disciplinary Sanctions applies to all students regardless of the program in which they are enrolled. In cases where alcohol and drug violations occur, disciplinary action, as well as the decision whether to test for alcohol or drugs, will be processed through the Dean of Health Sciences and Nursing and the office of the Dean of Student Services and Multicultural Affairs.

Readmission Procedures
1. A student may be considered for readmission to a Health Science program if all of the following criteria are met:
   a. The applicant must complete a Health Science application and submit it to the Admissions Office.
   b. Only one readmission to a Health Science program is permitted.
   c. The applicant must interview with the program director of the specific program before the date of the review of the Admissions Committee for consideration for readmission. An acceptable level of competency may need to be demonstrated prior to readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
   d. A student must repeat the specialty course or courses for which he/she was dismissed and attain a “C” or better. Students may repeat a course only once, and on a space available basis.
   e. Readmission to a Health Science program is contingent upon the availability of space.

2. Final selection of students will be made by the Health Science Admissions Committee.
POLYSOMNOGRAPHY

Polysomnographic technology is an allied health specialty for the diagnosis and treatment of sleep disorders. There are over 80 different sleep disorders including sleep apnea, narcolepsy and insomnia.

Students will learn how to operate sophisticated electronic monitoring devices which record brain activity (EEG), muscle and eye movements, blood oxygen levels and physiological events.*

Polysomnography technologists are employed in sleep disorders centers in hospitals, clinics and office settings. This program will provide lectures, laboratory and clinical experiences at quality sleep centers. A major emphasis of the program will be to prepare technologists for board registration by the Association of Polysomnographic Technologists.

All general education classes (bold print) can be taken prior to being accepted, or in the suggested sequence below after being accepted into the program.

*Although there are day and night shift positions, the majority of positions are night shift.

**It is highly recommended that interested applicants complete HIT 107, COLL 1020, tour a sleep center, and observe a polysomnogram (sleep study) prior to beginning the program.

Students pursuing this certificate will be advised by the Health Science Division.

Program Deadline: Last working day in May.

NOTE: 9 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)
SOMATIC THERAPY  
(MASSAGE THERAPY)

Somatic therapy is a nine-month certificate program to prepare students for entry level careers in the growing field of massage, bodywork and somatic therapies. Graduates will be eligible for a Tennessee Massage Therapy License and eligible to sit for the National Certification in Therapeutic Massage and Bodywork Examination.

The focus of this program will be Swedish Massage and Neuromuscular Therapy with an overview of the many other modalities practiced by Licensed Massage Therapists. More than 100 different approaches to therapeutic manipulation of muscles, tendons, ligaments, fascia, and circulatory structures are available in the market. Most require advanced training beyond the scope of this certificate program.

Somatic therapists practice in a wide variety of settings: health clubs and wellness centers; chiropractic and physical therapy offices; hotels, resorts and cruise lines; health food stores and sports outfitters; pain management and sports injury clinics; psychological and psychiatric clinics; and private homes and offices. Some work under the supervision of other licensed health care providers. Some are in business for themselves as private contractors. Many work part-time. Many work exclusively from their home offices.

Enrollment is limited. All Somatic Therapy courses are taught at the Oak Ridge Branch Campus.

**TOTAL SEMESTER HOURS 12**

Students pursuing this certificate will be advised by the Health Science Division.

**Program Deadline: Third Friday in January.**

**NOTE: 9 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 59)**
Multicultural Day—with its “food fest” and focus on other cultures and regions—is wildly popular on all Roane State campuses.
COURSE DESCRIPTIONS

The courses are listed in the following format: description, course number, course title, semester hours (credits) brief description, and term in which it is normally taught.

F = Fall
Sp = Spring
Su = Summer

ALLIED HEALTH

*ALH 210—Cultural Diversity in Health and Illness . . . . . . . . . . . . . . . 3 Credits
This course is a study of cultural differences in health care beliefs. Human responses to health and illness will be studied in selected cultural groups.

ALH 240—Care at the End of Life . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course provides guidance for end of life care including aspects of the family as the unit of care, the role of the health care professional as advocate, the impact of cultural influences, financial issues, and provision of comfort and symptom management for the dying patient.

ALH 245—Toward Healthy Aging . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Addresses the many factors of healthy aging, including activity, self esteem, nutrition, sexuality and cultural diversity. May be used for elective credit only.

ALH 246—Psychological Aspects of Aging . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Addresses the psychological components common in aging adults, including depression, grief, loneliness, isolation and suicide. Discusses cognitive dysfunction, organic problems and common intervention strategies such as group therapy, peer support, and psychotropic medications. May be used for elective credit only.

ALH 247—Physical Assessment . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Explores physical changes associated with normal aging and the specific needs that accompany these changes. Discusses skills needed for assessment of the changes and pharmacological management of them. Additional discussions focus on laboratory values and their implications. May be used for elective credit only.

ALH 248—Chronic Illness . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Identifies factors of chronic illnesses, preventive measures, and interventions for maximum functioning for daily living. May be used for elective credit only.

ALH 250—Leadership in Health Care . . . . . . . . . . . . . . . . . . . . . . . . . . 4 Credits
This sixty-hour course is designed for the individual who wants an enriched career in health care, especially if management is in their future. Health Care Leadership allows health care professionals to attain exposure to many “non-clinical” skills, tools and techniques that those in leadership positions must possess in order to succeed. This course also provides a forum to share problems with other health care leaders. Students will examine the leadership challenges of health care, how to construct a customer-focused organization, the tools utilized by effective leaders, and finance for non-financial managers.

*ALH 254—Human Cross-Sectional Anatomy . . . . . . . . . . . . . . . . . . . . 3 Credits
A study of the human body in a cross-sectional context. Emphasis will be placed on major anatomical features and radiologic landmarks. Students also explore soft tissue details as resolution allows. This course will serve to prepare students for conventional tomographic radiology, computer tomography, position emission tomography, magnetic resonance scanning and ultrasonography. (Crosslisted with BIOL 2540) Sp

*This course does not meet any curricular requirements for any program, with the exception of the technical requirement for the A.A.S. General Technology program.
ANIMAL SCIENCE

ASC 101—Animal Science ................................. 4 Credits
General principles of the livestock industry with emphasis on management, breeding, feeding, and care of dairy cattle, horses, beef cattle, sheep, and swine. (Does not fulfill natural/physical science sequence.)

ASC 110—Fundamentals of Horsemanship I ................ 1 Credit
This course introduces the student to proper riding, handling, mounting and dismounting. The emphasis of the course will be upon the care of the horses. May be substituted for a physical education elective. A special course fee may be required for this course. Please consult the Semester Class Schedule for specific fee information.

ASC 120—Fundamentals of Horsemanship II ................ 1 Credit
This course is a continuation of ASC 110. May be substituted for a physical education elective. (Prerequisite: ASC 110 or consent of instructor.) A special course fee may be required for this course. Please consult the Semester Class Schedule for specific fee information.

ASC 130—Theory of Horsemanship ............................ 3 Credits
A discussion of the evolution, history, breeding and basic requirements in owning and caring for pleasure horses as a personal riding mount.

ASC 140—Stable Management ............................... 3 Credits
Management of a teaching and training stable and the preparation of horses and riders for the show ring.

ANTHROPOLOGY

ANTH 2150—Native American Studies ............................. 3 Credits
A general survey of native American cultures with emphasis on cultural development, diversity, and comparative analysis. Topics include prehistory, social organization, kinship, politics, religion, and material culture, as well as discussion of current Native American concerns.

ART

ART 101—Studio Fundamentals: Drawing ..................... 2 Credits
Development of observational skills and perception of reality. Fundamental aspects of drawing - line, tone, space, form, and composition. Primarily for art, architecture, interior design, and art education majors. Additional work may be required outside class. F
2 hours lecture—2 hours laboratory

ART 102—Studio Fundamentals: Two Dimensional Design .......... 2 Credits
Surface composition and color. Primarily for art, architecture, interior design, and art education majors. Additional work may be required outside class. Sp
2 hours lecture—2 hours laboratory

ART 103—Studio Fundamentals: Three Dimensional Design .......... 2 Credits
Projects dealing with real space and three dimensional materials. Primarily for art, architecture, art education, and interior design and housing majors. Additional work may be required outside class. F, Su
2 hours lecture—2 hours laboratory

◆ ART 1030—Art Appreciation ...................................... 3 Credits
Form and meaning in the visual arts, lecture-discussion. Especially for non-majors. F, Sp

◆ ART 104—Introduction to Illustration ............................. 3 Credits
Illustration is a design-related career field dealing with the production of pictorial material accompanying and enhancing text through the rendering of scenes, objects and people. Illustration may also include producing maps, charts and diagrams.
2 hours lecture—2 hours laboratory
Course Descriptions

♦ ART 105—Illustration II .............................................. 3 Credits
A continuation of ART 104 with a more self-actualized course of instruction.
2 hours lecture—2 hours laboratory

♦ ART 111—Drawing I: Survey of Drawing ....................... 3 Credits
Exploration and refinement of fundamental aspects of drawing with emphasis on composition, techniques, and concepts. A minimum of two hours drawing outside class is required.
2 hours lecture—2 hours laboratory

♦ ART 113—Painting I: Introduction ............................... 3 Credits
An introduction to the techniques, materials, and tools of oil and acrylic painting. F, Sp
3 hours lecture—3 hours laboratory

♦ ART 114—Painting II ................................................. 3 Credits
A continuation of ART 113 with an emphasis on individual experimentation. F, Sp
3 hours lecture—3 hours laboratory

♦ ART 131—Photography I ............................................ 3 Credits
Introduction to the art of black and white photography. Field and studio shooting, history of photography, basic developing, and enlarging techniques. Some outside lab work will be necessary. Some additional fees for supplies may be required. F, Sp
3 hours lecture—3 hours laboratory

♦ ART 132—Photography II ........................................... 3 Credits
Individual research in specific photographic topics. (Prerequisite: ART 131) Some additional fees for supplies may be required. F, Sp
3 hours lecture—3 hours laboratory

♦ ART 140—Introduction to Industrial Design .................... 3 Credits
Introduction to sculptural forms and techniques. A studio course exploring artistic expression in three-dimensional space. (Prerequisite: ART 103)
2 hours lecture—2 hours laboratory

♦ ART 141—Beginning Graphic Design ........................... 3 Credits
Survey of graphic design; tools, materials, techniques; lettering, and use of type; layout and design. Some additional work may be required outside class. (Prerequisites: 101, 102, 103) F
2 hours lecture—2 hours laboratory

♦ ART 142—Computer Art ............................................. 3 Credits
Introduction to various applications of Computer Graphics and an overview of examples produced with the newest technology. Hands-on experience in working with microcomputer graphics software to solve a variety of design problems with simple computer graphics. Emphasis on applying the principles of art design to the media to create clear and creative graphic. A minimum of 3 hours lab work per week will be necessary to complete course work. F, Sp
3 hours lecture

♦ ART 143—Computer Art II ......................................... 3 Credits
Advanced exploration of computer applications and graphic design for pagination, presentation, illustration, three dimensional modeling, or animation. 3 credit hours. 1 hour lecture, 1 hour per week required lab internship, 4-6 hours per week (minimum) computer lab time. (Prerequisite ART 142) F, Sp

♦ ART 144—Computer Art III ......................................... 3 Credits
Continuation of ART 143.

♦ ART 145—Computer ART IV ....................................... 3 Credits
Continuation of ART 144.

♦ ART 147—Industrial Design II ..................................... 3 Credits
Continuation of ART 140.
2 hours lecture—2 hours laboratory
ART 151—Ceramics I: Handbuilding  . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
All ceramic handbuilding techniques including forming methods, glazing, clay preparation, firing, small and large scale pieces. Ceramic history through slide lectures. Some work outside class may be required.
3 hours lecture—3 hours laboratory

ART 152—Ceramics II: Throwing  . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Thrown ceramic forms including functional utilitarian pottery techniques, glazing and firing methods. Some work outside class may be required. (Prerequisite: ART 151)
3 hours lecture—3 hours laboratory

ART 161—Printmaking I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
An introductory survey of printmaking with studio experience in intaglio, monotype, relief and collography.

ART 181—Visions Seminar I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
Emphasis on research, creative processes, scriptwriting and problem solving in the conceptualization of original projects or the visualization of assigned problems. Group critiques will assist students in the formation and polishing of content for work to be produced with the computer or traditional media. F, Sp

ART 182—Visions Seminar II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
Continuation of ART 181.

ART 183—Visions Seminar III  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
Continuation of ART 182.

ART 191—Practicing Artists Seminar  . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Visiting artists who have achieved mastery in a wide variety of computer applications or areas of production such as graphic design, illustration, three dimensional modeling, animation and simulation will conduct each class. Sp

ART 201—Survey of Art History I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Survey of major monuments in Western art, with an emphasis on the art of Europe from pre-history through the Middle Ages. F

ART 202—Survey of Art History II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Survey of major monuments in Western art, with an emphasis on Europe and America from 1400 to the present. Sp

ART 203—Survey of Contemporary Art  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
History of development of modern art from Impressionism through present day movements. F

ART 205—Web Graphics I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits

ART 206—Web Graphics II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Continuation of ART 206.

ART 207—Animation I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course is an introduction to basic skills and concepts of 3D animation, modeling, lighting, camera movement, and rendering. Students will learn how to create storyboards and explore the animation development process.

ART 208—Animation II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course continues with intermediate 3D animation and modeling including topics such as hierarchical animation, animation graphs and more advanced script development.

ART 209—Animation III  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Advanced topics in 3D modeling/animation, composition and the development of independent creative work.
ART 211—Watercolor I: Introduction .......................... 3 Credits
Techniques, materials, and tools of transparent watercolor. A minimum of two hours painting outside class will be required. (Prerequisites 101, 102, 103 for art majors, none for non-art majors) Sp

2 hours lecture—2 hours laboratory

ART 212—Watercolor II ............................................. 3 Credits
Further study of the techniques of transparent watercolor, with attention to individual exploration of surface, space, and concept. A minimum of two hours painting outside class will be required. Sp

2 hours lecture—2 hours laboratory

ART 221—Portfolio Preparation ................................. 2 Credits
This course emphasizes (1) preparation of portfolio, demo reel, multimedia CD or sample book, (2) preparation and monitoring of the internship experience, and (3) preparation and completion of the six proficiency tests required in the CAD degree.

ART 2140—Digital Support Graphics ......................... 3 Credits
Development of design knowledge and productivity with digital tools for the creation of support graphics. Students will acquire proficiency in the creation of raster graphics, vector graphics, charting, and pagination. The harvesting of graphic imagery through scanning, digital photography and the legal use of archives and web resources will also be introduced. Emphasis will be placed on the creative manipulation of graphics, and the creation of graphic solutions that are appropriate and printable for specific projects.

ASTRONOMY

ASTR 1010—Introduction to Astronomy I .................. 4 Credits
An introductory survey, with accompanying laboratory, treating the composition, structure, and dynamics of the universe and introducing the basic vocabulary of astronomy and the principles of the scientific method. Components of the solar system are discussed, and hypothesis and theories of the origin and evolution of the solar system are considered in the light of current knowledge and scientific reasoning. F

3 hours lecture—3 hours laboratory

ASTR 1020—Introduction to Astronomy II .................. 4 Credits
A continuation of ASTR 1010 in which the sequence of stellar birth, evolution, and death is studied. Characteristics of galaxies and of the beginning of the universe are considered in view of modern astrophysics and particle physics. Principles of interpreting astronomical observations are reinforced through laboratory experience. (Prerequisite: ASTR 1010) S

3 hours lecture—3 hours laboratory

BIOLOGY

For a student to receive credit for a biology course, the lecture section must be accompanied by a laboratory session during the same semester.

BIOL 1110—General Biology I ................................. 4 Credits
Biochemistry of cell function, plant and animal anatomy and physiology. F, Sp, Su

3 hours lecture—2 hours laboratory

BIOL 1120—General Biology II ............................... 4 Credits
Plant and animal reproduction, genetics, evolution, ecology and behavior. BIOL 1110 recommended, but not required to be taken in sequence. F, Sp, Su

3 hours lecture—2 hours laboratory

BIOL 1130—Introduction to Radiation Biology ............ 3 Credits
Introductory study of the structure and function of the human body with emphasis on basic concepts important to understanding the effects of radiation and other environmental considerations on various target body systems. (Prerequisite: BIOL 1110) Sp
Course Descriptions

BIOL 2010—Human Anatomy and Physiology I 
A study of basic biological chemistry, cellular structure and function (including cellular respiration, protein synthesis and cell division), histology, and integumentary, skeletal and the nervous system. The laboratory will provide experiments to illustrate principles covered in lecture. Note: Students are to bring latex or rubber gloves to the 1st class session. F, Sp
3 hours lecture—3 hours laboratory

BIOL 2015—Environmental Science
A study of chemical, physical and biological processes in nature and how human dependence on these systems is compromised by our activities. Lecture and laboratory activities provide instruction in such topics as resource management, nutrient cycles, biomes, ecosystems, air and water quality, climate, human population growth, soil conservation, and waste management. (This course satisfies the three hour natural science requirement for AAS career education programs such as Paralegal, Criminal Justice, Business Management, and Contemporary Management. Students planning to transfer into a baccalaureate program should consult their advisor when choosing natural science electives). F, Sp
3 hours lecture—3 hours laboratory

BIOL 2020—Human Anatomy and Physiology II
A study of the anatomy and physiology of the muscular, circulatory and immune systems, respiratory, digestive, excretory, endocrine and reproductive systems. The laboratory will provide anatomical investigation of and physiological experimentation with these systems. (Prerequisite: ♦ BIOL 2010, Human Anatomy and Physiology I) Note: Students are to bring latex or rubber gloves to the 1st class session. Sp, Su
3 hours lecture—3 hours laboratory

BIOL 2110—Field Biology
An elective field-oriented course covering fauna and flora identification, basic ecological principles, and outdoor skills. This course will generally be offered as a two week camping experience. A special fee will be assessed to cover equipment, food, and transportation.

BIOL 2120—Cell Biology
A study of Cellular structure and function including cell membranes, organelles, extracellular matrix, enzymes, cell cycle, DNA replication, Transcription, translation, and control of gene expression. Special topics include molecular biology, cancer biology, immunology, and cellular communication. (Prerequisites: ♦ BIOL 1110, 1120 or the equivalent of 2 years of high school biology and ♦ CHEM 1010 and 1020) F
3 hours lecture—3 hours laboratory

BIOL 2130—General Genetics
Classical and modern principles of heredity; laboratory experiments involving a variety of organisms. (Prerequisites: ♦ BIOL 1110, 1120, or the equivalent of 2 years of high school biology and satisfactory ACT scores, or consent of instructor; ♦ CHEM 1110, 1120 and ♦ BIOL 1110, 1120 recommended) Sp
3 hours lecture—3 hours laboratory

BIOL 2130—Microbiology
An introductory course in microbiology dealing with bacteria, fungi, yeast, and viruses to include discussions of cell structure, identification, taxonomy, metabolism, genetics, resistance, infection, disease, and immunity. (Prerequisite: ♦ BIOL 1110 or 2010 or equivalent college level biology) F, Sp, Su
2 hour lecture—2 hour laboratory

BIOL 2530—General Ecology
Relations between organisms and their environments, including human environmental problems. (Prerequisites: ♦ BIOL 1110 or the equivalent of 2 years of high school biology and satisfactory ACT scores) F, Sp
3 hours lecture—2 hours laboratory/field work
BIOL 2540—Human Cross-Sectional Anatomy .......................... 3 Credits
A study of the human body in a cross-sectional context. Emphasis will be placed on major anatomical features and radiologic landmarks. Students also explore soft tissue details as resolution allows. This course will serve to prepare students for conventional tomographic radiology, computer tomography, position emission tomography, magnetic resonance scanning and ultrasonography. F

3 hours lecture—demonstration exercises

BIOL 2510-2690—Independent Scientific Investigation .................. 2 Credits
Independent laboratory/library research in biology by qualified students under the supervision of a faculty member. Especially designed to develop interest in and to apply techniques of scientific research. Up to six (6) credit hours may be earned. (Prerequisite: Consent of the faculty member)

BUSINESS AND COMMERCE

BUS 100—Career Planning .................................................. 1 Credit
This web-enhanced course emphasizes career assessment, employment searches, networking, resume building, and interviewing techniques. It will give major exposure to the tools necessary for acquiring employment.

BUS 101—Introduction to Business ...................................... 3 Credits
Orientation course designed to give an overall view of business as a framework for further detailed study into accounting, data processing, marketing, management, etc. Included are vocational/career opportunities, business terminology, and the functions that are used in the business process. F, Sp, Su

BUS 111—Business Mathematics ......................................... 3 Credits
A course dealing with mathematics as applied to business operations. Included are mathematics of trading, operating, finance, ownership and investment, and summary and analysis. F, Sp

BUS 112—Personal Finance .................................................. 3 Credits
A course designed to aid the student in practical money management. Topics included are charting financial objectives; budgeting; consumer borrowing, renting, and buying; investing; employee benefits and taxation. F, Sp

BUS 201—Principles of Real Estate I ..................................... 2 Credits
A fundamental real estate course covering the basic laws and principles of Tennessee Real Estate, giving understanding, background, and terminology necessary for advanced study in specialized courses. This course and BUS 206 satisfies the state commission of real estate’s prerequisite for Affiliate Broker’s license examination. (Corequisite: BUS 206)

BUS 206—Principles of Real Estate II .................................... 2 Credits
A continuation of BUS 201. (Corequisite: BUS 201)

BUS 208—Real Estate for New Affiliates ................................. 2 Credits
Course topics include prospects for buying and selling, establishing and maintaining client/customer records, protocol with agents, the contract, and case study exercises.

BUS 209—Office Brokerage Management ............................. 2 Credits
Examination of history of agency, agency in real estate, creating agency, problems, relationships, brokerage, listing agreements, termination, property management, pricing, contractual agreements, transfer of ownership, federal regulations, state regulations, duties owed others, regulated activities, and sanctions.

BUS 212—Just-In-Time ....................................................... 3 Credits
Explains the company-wide philosophy of “only the right parts, of the best quality, in the right place, at the time” through the elimination of waste and non-value added activities; includes the Kanban system of stockless production. This course will help in the preparation for certification by the American Production and Inventory Control Society. Elective credit only.
**BUS 215—Business Ethics** 3 Credits
A course concerned with the relationship between business goals and practices and the good of society. Of specific concern will be matters such as fair pay, safe working conditions, well-made products at fair prices and environmental issues.

**BUS 219—Intro to Electronic Commerce** 3 Credits
This course provides a conceptual framework for using the Internet as a commerce tool and offers students an opportunity to develop skills in electronic storefront development. Topical materials covered during class include history of the Internet, the transition of the Web into a commercial tool, the impact of e-commerce on global commerce, revenue generating activities stemming from the Internet and the World Wide Web. Requisites: Students must have Internet connectivity at home and feel comfortable with team assignments that require outside-of-class work. (Cross-listed with CST 219) F, Sp

**BUS 221—Principles of Accounting I** 3 Credits
Basic principles and procedures in accounting relating to the complete accounting cycle for both service and merchandising companies owned as sole proprietorships and as corporations. Also, detailed analysis of assets and liabilities and owner’s equity. F, Sp, Su

**BUS 222—Principles of Accounting II** 3 Credits
Continues with corporate accounting and long-term liabilities, cash flow statement, and analysis of financial statements. Also, an emphasis on managerial and cost accounting for making sound business decisions. (Prerequisite: BUS 221; a grade of “C” or better is strongly recommended in BUS 221) F, Sp

**BUS 224—Cost Accounting** 3 Credits
Principles of manufacturing and distribution cost accounting. Material, labor, and overhead costs in job order and process cost accounting, budgeting analysis of cost distribution, standard costing, and related problems. (Prerequisite: BUS 222; a grade of “C” or better is strongly recommended in BUS 222) Sp

**BUS 225—Income Tax Accounting-Personal** 3 Credits
Federal income tax laws with emphasis on the preparation of returns for individuals. Both manual and computerized tax returns will be prepared. (Prerequisite: BUS 222 or permission of instructor; a grade of “C” or better is strongly recommended in BUS 222) F

**BUS 226—Income Tax Accounting-Business** 3 Credits
Federal income tax laws with emphasis on the preparation of returns for business. Both manual and computerized tax returns will be prepared. (Prerequisite: BUS 225 or permission of instructor; a grade of “C” or better is strongly recommended in BUS 225) Sp

**BUS 227—Fund Accounting** 3 Credits
The theory and practice of a fund accounting system used by a not-for-profit entity. Emphasis is on the budget process, appropriations and revenue funds for governmental agencies, schools, charities, and not-for-profit medical facilities. (Prerequisite: BUS 222 or consent of instructor; a grade of “C” or better is strongly recommended in BUS 222) F

**BUS 230—Quality Management Seminar** 1 to 5 Credits
Various perspectives in quality management examined. Topical material studied in course will be identified in appropriate class schedule. Sp (odd years)

**BUS 233—Intermediate Accounting** 4 Credits
Extensive analysis of the principal elements of accounting systems and statements with emphasis on the assets, liabilities, and stockholder’s equity of the balance sheet. (Prerequisite: BUS 222; a grade of “C” or better is strongly recommended in BUS 222) F

**BUS 234—Intro to Public Relations** 3 Credits
An introduction to the concepts of public relations, including customer expectations, internal workplace attitudes and ethics, writing press releases, seeking and receiving beneficial outside coverage, applying sound PR techniques as part of an overall strategy and ePR. Emphasis will be placed on writing skills, time management and evaluation.
BUS 236—Negotiations/Conflict Resolution ........................................ 3 Credits
This course is designed to provide the student with the necessary knowledge and skill to resolve various types of conflict we all encounter. Additionally, the course will focus on both learning and applying negotiation skills in a variety of business situations to reach successful solutions.

BUS 251—Legal Environment for Business ........................................ 3 Credits
Emphasis is placed on classification of laws, historical background of our systems of laws, duties, buying services, insurance, consumer protection, negotiable instruments, and business organization. F, Sp

BUS 255—Microcomputing Accounting Applications I ........................ 3 Credits
A course designed to acquaint business management majors with common microcomputer applications in the field of accounting. (Prerequisites: BUS 221 and COLL 1020; a grade of “C” or better is strongly recommended in BUS 221) Sp

BUS 257—Microcomputing Accounting Applications II ......................... 2 Credits
A course designed to acquaint the student with commercial accounting software using the microcomputer for medium size companies. Includes tracking of receivables, payables, inventory, and financial statement preparation. (Prerequisite: BUS 221 and COLL 1020; BUS 255 is strongly recommended; a grade of “C” or better is strongly recommended in BUS 221) F

BUS 261—Psychological Aspects of Management ............................... 3 Credits
This course applies psychological principles to business and other organizations concerned with effective management. Topics covered include leadership and supervision; communications and human relation skills; scientific and humanistic management and motivation skills, group dynamics and coping with change. F, Sp

BUS 262-270—Business Seminar ..................................................... 1 to 4 Credits
Exploration of specialized business interests. Topical material studied in course will be identified in the class schedule.

BUS 271—Sales ................................................................. 3 Credits
A course emphasizing the relationship of product and market, industrial and consumer sales, methods of market analysis, sales and sales methods. F, Sp

BUS 272—Retailing ................................................................. 3 Credits
A study of the principles and practices of retailing including planning, policies, and procedures of distribution. Sp

BUS 273—Principles of Marketing ................................................. 3 Credits
A general but critical survey of the field of marketing, covering international industries and commerce, distribution of resources, factors of distribution and transportation, and the marketing functions. F, Sp

BUS 274—Marketing Opportunity Analysis ...................................... 3 Credits
The purpose of this course is to provide a link between theory and practice by evaluating current and future market conditions in order to identify marketing opportunities. This is accomplished by introducing the student to patterns and plans which integrate the major goals, policies, and action sequences of the organization into a cohesive whole, allocating its resources into a unique posture within the internal and external environmental conditions. Students will be able to devise a marketing plan which exploits the opportunity so identified. They will also be able to estimate the consequences of implementing this plan. (Elective credit only)

BUS 278—Entrepreneurship ......................................................... 3 Credits
An introductory course designed to provide an overview of the business environment and requirements for successfully operating a small business. Topics covered include forms of business, credit management, utilizing professionals, information management, etc. Sp
BUS 281—Management and Supervision ............................. 3 Credits
This two course sequence is designed to introduce the basic aspects of supervisory development, to include the functions of management, communication skills, interpersonal relations, motivation, morale, discipline, leadership training and evaluation, decision-making and self-development. F, Sp

BUS 284—Management Seminar ................................. 3 Credits
Consideration of current problems, issues, and developments in the area of management. Students are guided through individual projects and outside research related to their area of concentration and employment training. Sp

CARDIOVASCULAR INTERVENTIONAL TECHNOLOGY

*CIT 101—Procedures I ................................. 3 Credits
This course covers an overview of anatomy and physiology, practical applications of interventional procedures, vascular correlations, and surgical intervention for specific disease processes.
3 hours lecture

*CIT 110—Procedures II ................................. 3 Credits
This course covers theory and practice of physiological monitoring, emergency care, and pharmacology.
3 hours lecture

*CIT 120—Procedures III ................................. 3 Credits
An overview of patient care and legal considerations, equipment and instrumentations, image quality and control, sterile techniques and isolation procedures.
3 hours lecture

*CIT 150—CIT Review ................................. 3 Credits
This course provides the Radiologic Technologist with CIT experience, an extensive review to sit for the ARRT examination in Cardiovascular Interventional Technology.
3 hours lecture

*This course does not meet any curricular requirements for any program, with the exception of technical requirement for the A.A.S. General Technology program.

CHEMISTRY

To receive credit for a chemistry course, the lecture section must be accompanied by a laboratory session during the same semester.

♦ CHEM 1000—Fundamentals of Chemistry .............................. 4 Credits
This course is designed for students desiring to enter a science, engineering or pre-med (veterinarian, pharmacy, etc.) program but who have had no high school chemistry or are not recent high school graduates. The emphasis will be on the fundamental concepts of chemistry, nomenclature, equation writing, simple stoichiometric calculations, bonding, gas laws and property of solutions. (NOTE: This course cannot be used to fulfill a natural/physical science requirement where a sequence is indicated. It can be used if a sequence is not required.) (Pre-requisite: 2 years of high school algebra or DSPM 0850 - Intermediate Algebra) F, Su
3 hours lecture—3 hours laboratory

♦ CHEM 1010—Intro to Chemistry I .............................. 4 Credits
Introductory chemistry dealing with the basic principles such as atomic structure, periodic law, states of matter, chemical bonding, types of compounds, gas laws, solutions, acids and bases, equilibria. (Prerequisite: 2 years of high school algebra and 1 year high school chemistry or 2 years of high school algebra and ♦ CHEM 1000) F
3 hours lecture—3 hours laboratory
CHEM 1020—Intro to Chemistry II ................................. 4 Credits
Aliphatic, aromatic, and heterocyclic organic chemistry with emphasis on structure, nomenclature, and functional groups. Introductory biochemistry concerning lipids, carbohydrates, proteins, and nucleic acids. (Prerequisite: CHEM 1010) Sp
3 hours lecture—3 hours laboratory

CHEM 1110—General Chemistry I ................................. 4 Credits
A study of fundamental principles of chemistry, such as mathematical calculations of chemical relationships, atomic structure, periodic relationships, molecular structure, bonding, and the chemistry of oxygen, hydrogen, and water. Kinetic Molecular Theory, physical states of matter, solution chemistry. (Prerequisite: 2 years of high school algebra and 1 year high school chemistry or 2 years of high school algebra and CHEM 1000) F, Sp
3 hours lecture—3 hours laboratory

CHEM 1120—General Chemistry II ............................... 4 Credits
The introduction to the studies of electrolytes, colloidal properties, oxidation-reduction, chemical thermodynamics and thermochemistry, molecular and ionic equilibrium, chemical kinetics and electrochemistry. (Prerequisite: CHEM 1110) Sp, Su
3 hours lecture—3 hours laboratory

CHEM 2010—Organic Chemistry I ................................. 4 Credits
A study of the properties, preparations, reactions, and spectroscopy of aliphatic and aromatic compounds, including reaction mechanisms and the relationship between structure and reactivity. (Prerequisite: CHEM 1120) F
3 hours lecture—3 hours laboratory

CHEM 2020—Organic Chemistry II ................................. 4 Credits
A continuation of CHEM 2010, covering carbanion condensations, heterocyclics, fats, carbohydrates, amino acids, and proteins. (Prerequisite: CHEM 2010) Sp
3 hours lecture—3 hours laboratory

CHEM 2021—Quantitative Analysis ............................... 5 Credits
The study of the basic theories of quantitative analysis, with stress on the theories of neutralization, precipitation, volumetric, and gravimetric analysis. (Prerequisite: CHEM 1120) Sp, on demand
3 hours lecture—6 hours laboratory

CHEM 2110—Qualitative Analysis ................................. 4 Credits
Theory and practice of qualitative analysis, chemical equilibrium and solubility product. Laboratory practice in the identification of the major cations and anions. (Prerequisites: CHEM 1110, 1120)
3 hours lecture—3 hours laboratory

CHEM 2350—Chemistry of the Radioisotopes .................... 3 Credits
Introduction to the theory of nuclear stability and nuclear decay processes. Detection, safe handling and use of radioisotopes will also be studied. (Prerequisite: CHEM 1120) Sp
3 hours lecture

CHEM 2400—Internship-Environmental Chemistry ............ 5 Credits
This work experience is designed to familiarize students with applications of environmental chemistry. Efforts will be made to place students in an area which supports their career goals. (A minimum of 300 contact hours are required.) No student may enroll in an internship unless the approval of the instructor is granted. Offered as needed.

CHEM 2420—Internship-Analytical Chemistry ................. 5 Credits
This work experience is designed to familiarize students with applications of analytical chemistry. Efforts will be made to place students in an area which supports their career goals. (A minimum of 300 contact hours are required.) No student may enroll in an internship unless approval of the instructor is granted. Offered as needed.
CHEM 2310-2590—Independent Scientific Investigation ............... 3 Credits
Independent laboratory/library research in chemistry by qualified students under the supervision of a faculty member. Especially designed to develop interest and to apply techniques of scientific research. Up to six credit hours may be earned. (Prerequisite: Consent of the faculty member)

COLLEGE STUDIES

COLL 1020—Computer Concepts & Applications ..................... 3 Credits
An introductory course including fundamental computer concepts, terminology, and applications. Included in this course is a basic familiarization with a microcomputer, an operating system, and the more popular microcomputer application such as word processing, spreadsheets, and others. F, Sp, Su

COMPUTER SCIENCE TECHNOLOGY

To receive credit for CST 201, 211, and 261 the lecture section must be accompanied by a laboratory section during the same semester. Students selecting the Computer Science Option may expect programming or lab assignments requiring 9 or more hours of computer use per week.

CST 103—Computer Presentations ............................... 3 Credits
An introductory course in the use of presentation software such as Powerpoint. Preparation of graphs, charts, slides, and transparencies is included. Students are required to make oral and written presentations with the use of presentation software. (Prerequisite: COLL 1020) F, Sp

CST 105—Database Management .................................. 3 Credits
First of a 3-course DBMS Certificate series, DBMS I is an introduction to database creation using SQL and MS Access. Focus is on terminology, object creation, data manipulation and integration with other applications. This course may be offered as a Web CT online course. (Prerequisites: COLL 1020) F, Sp

CST 108—Web Fundamentals .............................. 3 Credits
Web Foundations has three parts: (1) introduces students to the Internet and its wide array of useful resources. Students learn how to use key Internet technologies, gain experience configuring Internet browsers, use search engines to conduct advanced searches, and learn electronic commerce basics and security issues; (2) teaches students how to create simple Web pages containing text, graphics, hyperlinks, tables, forms and frames; and (3) teaches students fundamental networking concepts and practices, including network architecture and standards, protocols, TCP/IP, Internet servers, server side scripting and database connectivity, and security. (Prerequisite: COLL 1020) F

CST 109—Introduction to Programming ....................... 3 Credits
An introduction to programming using the C programming language. Topics include program design; pseudocode; language syntax; library functions; user written functions; constructs for repetition, iteration and selection; variable declaration and assignment statements; arithmetic, relational and logical operators; operator precedence and associativity; C data types; pointer variables; indirect addressing; and passing, using and storing addresses. Strong emphasis is placed on learning good programming practices and adhering to programming standards. (Prerequisites: Academic development requirements in reading and math, COLL 1020 as a co-requisite or instructor approval) F, Sp

CST 135—Spreadsheets ........................................... 3 Credits
Designed to introduce students to fundamental operations of a spreadsheet including formula development, graphics, data base management, and design. Course will expose students to windows based spreadsheet such as Excel. F, Sp
CST 156—Beginning Internet  . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Introduces students to services and information featured on the Internet, with an emphasis on using the Internet effectively for research. (Prerequisite: Adequate keyboarding and computing skills. OAD 100 and COLL 1020 or CST 140 recommended) F, Sp

CST 161—Introduction to Internet and Web Page Design . . . . . . . . . . 3 Credits
This course explores the vast personal, educational, and business resources available on the Internet. Topics covered in the class include Internet history, connectivity hardware and software, business, entertainment, and educational uses of the Web, the Web as a research tool, and Web page design.

CST 170—MS Word-Core  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Core level exam in MS Word 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC skills including basic working knowledge of MS Windows.)

CST 171—MS Word-Expert  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Expert level exam in MS Word 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC Skills including basic working knowledge of MS Windows and a skill level in MS Word 2000 at the core certification level.)

CST 172—MS Excel-Core  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Core level exam in MS Excel 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC skills including basic working knowledge of MS Excel 2000 at the core certification level.)

CST 173—MS Excel-Expert  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Expert level exam in MS Excel 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC skills including basic working knowledge of MS Excel 2000 at the core certification level.)

CST 174—MS Powerpoint-Core  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Core level exam in MS PowerPoint 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC skills including basic working knowledge of MS Windows.)

CST 175—MS Access-Core  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Core level exam in MS Access 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC Skills including basic working knowledge of MS Windows.)

CST 176—MS Outlook-Core  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
This course prepares students for the MOS Core level exam in MS Outlook 2002. Topics covered include all of the skills, techniques, processes, and methods as required for the certification exam. Also included in the course are test taking skills and simulated practice exams. (Prerequisites: Basic PC skills including basic working knowledge of MS Windows.)
CST 203—Data Structures ......................................................... 3 Credits
A continuation of Introduction to Programming and the C programming language with a primary focus on data structures. Topics covered in this course include; arrays, pointers, pointer arithmetic, pointer arrays, strings, format strings, linked lists, stacks, queues, trees, dynamic memory allocation, user-defined data types, records, reading and writing files, and other data structures topics. Strong emphasis continues to be placed on using good programming practices and adhering to programming standards. (Prerequisite: CST 109) Sp
2 hours lecture—2 hours laboratory

CST 204—Database Management II ........................................... 3 Credits
Second in a 3-course DBMS Certificate series, DBMS II students master MS Access, creating customized forms, reports, and data access pages. They learn how to create user-friendly and security controls such as input masks, switchboards, and validity rules. They also enhance the application’s control selection with Visual Basic for Applications. This course may be offered as a Web CT online course. (Prerequisite: CST 105) S

CST 208—Database Management Seminar ................................. 3 Credits
The last in a 3-course DBMS Certificate series, DBMS III students design a sophisticated database using design techniques, such as writing proposals, collecting and analyzing user views, and sketching the design in psuedocode. Students then create a user-friendly, secure, marketable database application that applies their mastery of SQL, VBA, and the database application. Finally, students use a popular computer presentations application to present their database application for review. On completion of this class, students qualify to apply for a Certificate of Advanced Database Management Systems. (Prerequisites: CST 103, 204 and 212) U

CST 209—JAVA I ................................................................. 3 Credits
An introductory course in Object Oriented Programming using JAVA. The JDK tool kit is used. Topics include definition of classes, constructors, methods, and instance variables. Design of classes for real world problems, overloaded constructors, overloaded methods, class methods, and class instance variables. Vectors, arrays, looping, and selection are implemented. Super classes and subclasses with the issues of inheritance are discussed. Polymorphism is covered. Applets and graphic user interface using class libraries of JDK are implemented. (Prerequisite: One semester of programming or CST 109.)
2 hours lecture—2 hours laboratory

CST 212—Visual Basic.Net ..................................................... 3 Credits
Exposure to the.Net environment to develop applications software and programming techniques beyond those covered in CST 105 Database Management and 209 GUI Programming I. (Prerequisite: CST 105, CST 209 or computer science advisor’s approval) Sp

CST 214—PC Repair and Software Setup .................................... 3 Credits
Maintenance and configuration of microcomputers including installation of drives, memory, NICS, sound cards, UPS, modems, and other hardware. Installation of operating systems and communications and other software is covered. Diagnostic software is used and good preventive maintenance practices are emphasized. F, Sp

CST 215—Operating Systems .................................................. 3 Credits
In depth experience on the operations of DOS, Unix, VMS, and Windows operating system. Students learn to apply, navigate through, and use operating system commands and directory structures. (Prerequisite: COLL 1020, CST 214 or Computer Science advisor’s approval) F

CST 218—JAVA II ............................................................... 3 Credits
A continuation course in Object Oriented Programming using JAVA. The JDK tool kit is used. A reminder of the concepts of super classes, subclasses with the issues of inheritance and polymorphism developed in CST 209. The course focuses on recursive problem solving throughout many applications and data structures. It compares sequential data structures implementation to recursive data structures implementation. The data structures used and implemented are Stacks, Queues, Lists, and Trees. (Prerequisite: CST 209.)
CST 219—Intro to Electronic Commerce ................................. 3 Credits
This course provides a conceptual framework for using the Internet as a commerce tool and offers students an opportunity to develop skills in electronic storefront development. Topical materials covered during class include history of the Internet, the transition of the Web into a commercial tool, the impact of e-commerce on global commerce, revenue generating activities stemming from the Internet and the World Wide Web. Requisites: Students must have Internet connectivity at home and feel comfortable with team assignments that require outside-of-class work. (Cross-listed with BUS 219) F, Sp

CST 220—Enterprise Computing ................................. 3 Credits
An advanced course of managing an enterprise and its resources from a single JAVA program. It includes topics like resource sharing using SDK. Portlets are also implemented and discussed. JAVA Serve Pages are implemented. JAVA Beans and Enterprise JAVA Beans are used. JAVA networking like CORBA and RMI are discussed and implemented. (Prerequisite: CST 209.)

CST 221-229—Seminar in Computer Applications ................. 1-4 Credits
Covers special topics in computer applications. Check with your academic advisor for courses offered each semester.

CST 230—Software Engineering I-System Analysis ......................... 3 Credits
This course is the study of software engineering practices within the context of a well established Information System (IS) Architecture. The focus of the course is the knowledge, skills and practices required to become a fully functional systems analyst. Topics include the IS development life-cycle; development methods; project management; quality metrics as prescribed by the Software Engineering Institute’s Capability Maturity Model; Systems Analysis methods and modeling techniques; and the development of Information System Models using a Computer Aided Software Engineering (CASE) tool. (Prerequisites: CST 105 or CST 109) F, Sp
2 hours lecture—2 hours laboratory

CST 232—Software Engineering II-Software Design .................. 3 Credits
This course covers the software design process. The resulting detailed design specification is suitable for implementation on a target computer system. The design of both processes and data is covered with emphasis on the development of application and database models, prototyping and rapid application development. Knowledge and skills in design modeling are accomplished within the Software Engineering framework taught in CST 230. Documentation of the software design specification is captured in a Computer Aided Software Engineering (CASE) tool. (Prerequisites: CST 230) Sp
2 hours lecture—2 hours laboratory

CST 236—Site Design Methodology ................................. 3 Credits
Design Methodology and Technology teaches students how to create and manage Web sites with tools such as Macromedia Dreamweaver and Flash, FrontPage 2000, Dynamic HTML, and various multimedia and CSS standards. Students will also implement the latest strategies to develop third-generation Web sites, evaluate design tools, discuss future technology standards, and explore the incompatibility issues surrounding current browsers. The course focuses on theory, design and Web construction, along with information architecture concepts, Web project management, scenario development and performance evaluations. (Prerequisite: Web Foundations Certificate) Sp

CST 237—E-Commerce Design ................................. 3 Credits
This is a 30-hour course that teaches students how to conduct business online and how to manage the technological issues associated with constructing an electronic-commerce Web Site. Students will implement a genuine transaction-enabled business-to-customer Web site, examine strategies and products available for building electronic-commerce sites, examine how such sites are managed, and explore how they can complement an existing business infrastructure. Students get hands-on experience implementing the technology to engage cardholders, merchants, issuers, payment gateways and other parties in electronic transactions. (Prerequisite: Web Foundations Certificate) Sp
CST 238—Web Languages ................................. 3 Credits
This course has two parts: (1) JavaScript Fundamentals teaches developers how to use the
textures of the JavaScript language to design client-side, platform-independent solutions. Stu-
dents learn how to write JavaScript programs, script for the JavaScript object model, control
program flow, validate forms, animate images, target frames, and create cookies. Students
will also understand and use the most popular applications of JavaScript; and (2) Perl Funda-
mentals teaches students how to fully utilize the Perl programming language. Students learn
the Perl syntax, the basics of using regular expression, how to use Perl data types, and how to
access and manipulate files. Students are also introduced to database connectivity and debug-
ing techniques. (Prerequisite: Web Foundations Certificate)

CST 239—Server Administrator ................................. 3 Credits
This course has two parts: Part I teaches foundational Internet services. Students learn user
management concepts in Windows 2000 and Linux, configure Domain Name System (DNS)
services, and Microsoft WINS, Samba, Telnet, and FTP. Students also learn about choosing
appropriate Internet system platforms and receive training on how to calculate throughput, choose
appropriate Internet connections and configure Windows 2000 Server and Red Hat Linux to use
TCP/IP. By the end of this course, students will be able to provide essential TCP/IP services for
any business interested in establishing an effective e-commerce presence; and Part II teaches
students how to implement mission-critical services on the Windows 2000 and Red Hat Linux
platforms. Students install and configure Web, newsgroup, email and proxy servers; receive
in-depth understanding of how to connect e-commerce databases to Web servers; and learn how
to enable CGI on windows 2000 and Linux. Students also learn about backup and lad balancing
issues, and receive foundational knowledge concerning Internet security. This course is designed
for personnel responsible for implementing real-world solutions for company intranets or ISPs
that provide Internet Web services. (Prerequisite: Web Foundations Certificate)

CST 272—Basic Networking ................................. 3 Credits
Networking hardware-network cards, communication media, repeaters, bridges, routers and
hubs are studied. Networking types, topologies and their characteristics are examined. Various
standards, protocols and models are also covered. (Prerequisite: MATH 1910)

CST 273—Advanced Networking ................................. 3 Credits
This course is a continuation of Basic Networking. Advanced Network Design, Network Man-
gement, and future networking technologies will be examined. TCP/IP and its utilities are
extensively covered here. (Prerequisites: CST 214 and CST 272.)

CST 275—Unix/Linux Operating System ................................. 3 Credits
This course covers the essentials of installing, configuring, maintaining, administering, and
troubleshooting the Linux Operating System. This course also encompasses a complete cover-
age of the Unix, including shells, utilities, X-windows and networking. (Prerequisites: CST
215 and CST 272)

COMPUTED TOMOGRAPHY

*CTR 110—Computed Tomography ................................. 3 Credits
This course is designed to prepare the Radiologic Technologist with CT experience to take the
advanced level examination in Computerized Tomography administered by the American
Registry of Radiologic Technologists.

3 hours lecture

*This course does not meet any curricular requirements for any program, with the exception of
technical requirement for the A.A.S. General Technology program.
COOPERATIVE EDUCATION

COE 101—Cooperative Education I ................................. 3 Credits
COE 102—Cooperative Education II ................................. 3 Credits
COE 201—Cooperative Education III ................................. 3 Credits
COE 202—Cooperative Education IV ................................. 3 Credits
A sequence of experiential learning that takes place in real employment situations. The student must be approved by the Placement Coordinator, the academic division of the student’s major or area that is being explored, and the employer for full-time or part-time paid employment in industry, business or government. A minimum of ten (10) hours of actual work experience per week throughout the appropriate semester is required to receive credit. The work experience will be jointly evaluated by the Placement Coordinator and the employer. For further information contact the Placement Coordinator in the Counseling and Career Resource Center, or visit the Roane State homepage at RSCC.CC.TN.US

CRIMINAL JUSTICE

CRJT 101—Introduction to Criminal Justice ................................. 3 Credits
Philosophical and historical background; agencies and respective jurisdictions; police ethics, public relations and career orientation. F

CRJT 105—Introduction to Corrections ................................. 3 Credits
This includes the history to criminal corrections in the United States; analysis of the crime problem; identification of the correctional client; correctional methods used in the United States; and emphasis on correctional goals in the criminal justice system. Sp

CRJT 110—Juvenile Delinquency ................................. 3 Credits
A study of new attempts geared toward the rebellious youthful offenders in the areas of treatment, experimentation, innovative programs, and theories of causation. F, Su

CRJT 111—Criminal Procedure ................................. 3 Credits
A study of legal concepts and procedures, including the laws of arrest and search warrant procedure, beginning with the issuance of legal process to ultimate court disposition. Sp

CRJT 112—Court Procedures ................................. 3 Credits
An introduction and study of court procedures and specifically rules of evidence for all career areas of the criminal justice systems. Content will range from the basic considerations of relevancy through qualifications of witnesses to specific evidential problems. Sp

CRJT 201—Police Administration and Organization ................................. 3 Credits
A study of police organizations, their hierarchical structure, techniques of administration and management utilized in standard police organizations with emphasis on problems of supervision, responsibility and control of police units. F

CRJT 213—Criminal Investigation ................................. 3 Credits
Fundamentals of criminal investigation procedures; crime scene search and recording, collecting and preserving evidence; scientific and technical aids; case preparation. F, Su

CRJT 221—Criminal Law ................................. 3 Credits
An introduction to the theory and practice of basic scientific techniques utilized in the investigation and solving of crime. The procedures which will be presented by means of classroom lectures, demonstration sessions and practical laboratory periods will emphasize the proper handling and examination of evidence, fingerprinting, photography, glass fractures, casts and molds, narcotics and preparations, and crime scene searches. Sp, Su

CRJT 231—Seminar in Police Problems ................................. 3 Credits
A course designed to consolidate the various learning experiences in police science. Emphasis is placed on special problems. Sp
DENTAL HYGIENE

NOTE: All DHT courses must be taken in appropriate sequence, as listed in the degree checklist. Admission to the Dental Hygiene Technology program is required prior to taking any DHT courses.

DHT 101—Preclinical Dental Hygiene .......................... 5 Credits
This course introduces the student to basic concepts and techniques of performing oral health services. The student will demonstrate knowledge and skill of learned techniques in a supervised preclinical setting. F
3 hours lecture—8 hours laboratory/week

DHT 111—Dental Science I .......................................... 3 Credits
This course covers topics in tooth morphology; head, neck and oral anatomy; oral embryology and oral histology; oral and basic pathology; periodontology. F
3 hours lecture/week

DHT 112—Dental Science II ........................................... 3 Credits
This course is a continuation of Dental Science I. (Prerequisites: ♦ BIOL 2010 & ♦ CHEM 1010) Sp
3 hours lecture/week

DHT 121—Clinical Dental Hygiene I .............................. 2 Credits
Supervised clinical practice of previously learned dental hygiene techniques. S
120 total hours of clinic

DHT 132—Dental Radiography ........................................ 3 Credits
This course covers topics in the theory, practice and interpretation of radiography. Safety concerns will be addressed. Students will demonstrate proficiency in the use of dental radiography equipment. Sp
2 hours lecture—2 hours laboratory/week

DHT 133—General and Oral Pathology ............................ 4 Credits
This course covers general pathological concepts and a study of oral pathology. (Prerequisite: ♦ BIOL 2020) Su
7 1/2 hours lecture/week

DHT 141—Principles of Dental Hygiene I .......................... 3 Credits
This course is a continuation of the concepts and techniques outlined in DHT 101. Sp
3 hours lecture/week

DHT 161—Biochemistry and Nutrition ............................. 3 Credits
This course presents the basic principles of the biochemistry of nutrition and the application of these principles to clinical Dental Hygiene. (Prerequisite: ♦ CHEM 1010) Sp

DHT 171—Dental Materials ............................................. 3 Credits
This course investigates the characteristics, physical properties, manipulation, uses and care of materials used in dentistry. Su
4 hours lecture—6 hours laboratory/week

DHT 201—Pharmacology and Pain Control ........................ 3 Credits
This course includes the study of drugs used in dentistry and pain control measures used in dentistry. F
3 hours lecture/week

DHT 211—Dental Hygiene Seminar ................................. 2 Credits
This course covers topics of professionalism for the dental hygienist including legal aspects of practice, ethics and dental office practices. Sp
2 hours lecture/week
**DHT 212—Community Health** ................................. 3 Credits
This course covers concepts of public community health and includes field experiences in a variety of community health settings. Sp
2 hours lecture—3 hours laboratory/week

**DHT 221—Clinical Dental Hygiene II** ........................ 3 Credits
Continuation of the supervised clinical practice of previously learned dental hygiene techniques. F
180 total hours of clinic

**DHT 222—Clinical Dental Hygiene III** .......................... 3 Credits
Continuation of the supervised clinical practice of previously learned dental hygiene techniques. Sp
180 total hours of clinic

**DHT 240—Principles of Dental Hygiene II** ....................... 2 Credits
This course is a continuation of DHT 141. F
2 lecture hours/week

**DHT 242—Principles of Dental Hygiene III** ....................... 1 Credit
This course is a continuation of DHT 240. Sp
1 lecture hour/week

**DHT 251—Periodontology** ........................................ 1 Credit
This course presents advanced concepts in the treatment of periodontal disease. F
1 lecture hour/week

## EARLY CHILDHOOD EDUCATION

**ECED 1010—Introduction to Early Childhood Education**  ........ 2 Credits
Introduction to the early childhood profession including an emphasis on professionalism and developmentally appropriate practice. Includes an overview of history of early education, theoretical program models, different types of early childhood programs, community resources, professional organizations, and contemporary trends and issues in programs for children ages birth to nine. Field experiences required.

**ECED 2010—Safe, Healthy Learning Environments** ............... 3 Credits
A study of the basic principles and practices of safety, health and nutrition as they relate to the early childhood setting, home and community for children ages birth to nine. Also included is a study of principles of creating appropriate learning environments for young children. Field experiences required.

**ECED 2015—Early Childhood Curriculum** .......................... 3 Credits
A study of developmentally appropriate practices and the teacher’s role in supporting development of young children ages birth to nine. An emphasis on curriculum planning including goals, environment, roles of teachers and parents, materials and settings. Field experiences required. (Prerequisites: ECED 1010, 2010 or department approval.)

**ECED 2020—Infant, Toddler, Child Development** ................. 3 Credits
The study of the physical, cognitive, social, and emotional aspects of young children and their application to the care, guidance and development of the child birth to nine. Laboratory observation and interaction. (Prerequisites: ECED 1010, 2010 and completion of all DSP requirements for reading, writing, and learning strategies or department approval.)

**ECED 2030—Infant and Toddler Care** .............................. 3 Credits
A course on the care and education of infant and toddlers, birth to age three in group settings (i.e. child care centers, family child care homes, Early Head Start). Includes rationales and strategies for supporting the whole child including cognitive, language, social-emotional, and physical development in a safe, responsive environment. Emphasis is on relationship-based care and education with special attention to the unique environment aspects of programs for the child under three.
ECED 2040—Family Dynamics & Community Involvement 3 Credits
The role of the family and community in the physical, cognitive, social and emotional growth of the child in a diverse society. Includes benefits of and strategies for developing positive, reciprocal relationships with families in an early childhood setting ages birth to nine. Field experiences required. (Prerequisites: ECED 2015 or department approval.)

ECED 2050—Psychomotor Development 3 Credits
This course discusses the major theories of psychomotor development and the application to the development of the young child ages birth to nine. Particular emphasis is placed on the positive development of motor skills. Field experiences required. (Prerequisites: ECED 2020 or department approval.)

ECED 2060—Development of Exceptional Children 3 Credits
Explores practices that early childhood professionals can apply to develop a more inclusive and accessible environment for all children ages birth to nine. Provides students with skills to include children of all abilities through appropriate arrangement of the environment. Includes strategies for developing strong relationships with families and other community agencies. Field experiences required. (Prerequisites: ECED 2020 and 2040 or department approval.)

ECED 2070—Developmental Assessment 3 Credits
This course will cover assessment for children from birth to nine years of age. Both formal and informal instruments will be discussed with the emphasis on tools that can be used by teachers of young children. Considerations in choosing, administering and reporting results of assessments will also be addressed. Field experiences required. (Prerequisites: ECED 2020 or department approval.)

ECED 2080—Language and Literacy in Early Childhood 3 Credits
The research-based principles and practices for providing young children aged birth to nine a strong foundation in language and literacy within a developmentally appropriate approach. Field experiences required. (Prerequisites: ECED 2015, 2020 or department approval.)

ECED 2085—Math and Science in Early Childhood 3 Credits
A course on the standards, principles and practices in teaching mathematics and science to young children ages birth to nine. An emphasis will be placed on developing an integrated math and science curriculum that includes appropriate content, processes, environment and materials, and child-centered choices. Field experiences required. (Prerequisites: ECED 2015, 2020 or department approval.)

ECED 2090—Creative Development 3 Credits
This course provides strategies for promoting creative development of the child ages birth to nine. Students will gain an understanding of the concept of creativity: what it is, why it is important, and how the development of creativity in young children can be encouraged. Emphasis is on the development of creativity in relation to art, music, language, movement and dramatic arts. Field experiences required.

ECED 2100—The Mentoring Teacher 3 Credits
A study of the philosophy, principles, and methods of mentoring adults who have varying levels of training. Emphasis will be on the role of mentors as facilitators of adult learning while simultaneously addressing the needs of children, parents and other staff. (Prerequisite: department approval.)

ECED 2110—Advanced Learning Environments 3 Credits
This course focuses on the skill, knowledge, and materials development that are necessary in the provision of a developmentally appropriate environment for young children ages birth to nine. Field experiences required.

ECED 2120—Administration of Child Care Centers 3 Credits
A study of organization and administration practices applicable to the child care center. Topics of special consideration will include leadership, enrollment and public relations, staff management, financial management, facilities, regulations, parent relations, and program development. Field experiences required.
ECED 2130—Clinical Practicum I ........................................ 2 Credits
Supervised practicum with a minimum of 15 clock hours in seminar and 45 clock hours in early childhood practical experiences. Course includes a study of the physical and human qualities that combine to create an environment that is safe and healthy, and promotes optimum learning for young children ages birth to nine. (Prerequisite or corequisite: ECED 2010 or department approval.)

ECED 2140—Clinical Practicum II ........................................ 2 Credits
Supervised clinical experience with a minimum of 15 clock hours in seminar and 45 clock hours in an approved Clinical Site (NAEYC, NAFCC or NSACA accredited agency or department approved site). Course includes emphasis on using reflective practice to examine components of quality, set goals, and design a plan for professional growth for the early childhood educator of children ages birth to nine. (Prerequisites: ECED 1010, 2010, 2015, 2040, 2130 or department approval.)

ECED 2150—Clinical Practicum III ........................................ 2 Credits
Supervised practicum experience with a minimum of 15 clock hours in seminar and 45 clock hours of approved early childhood practical experiences. This course focuses on the student’s demonstration of competencies that produce positive developmental outcomes for young children ages birth to nine. (Prerequisites: All required ECED courses or department approval.)

ECONOMICS

ECO 201—Principles of Economics I ................................. 3 Credits

ECO 202—Principles of Economics II ................................. 3 Credits
A continuation of economics with the special emphasis on microeconomics. An introduction to individual demand. Production planning and the related effect upon market structures, resource allocation, and income distribution; e.g., wages, rent, interest, and profits. Sp

EDUCATION

EDU 100—Orientation to College .................................... 1 Credit
Valuable information to promote the student’s success in college. Includes registration and advisement procedures; financial aid; counseling and other student services; study habits; and other topics that should contribute to student success. (It is advised that EDU 100 be taken concurrently with ENG 101) F, Sp

EDU 101—Introduction to the Teaching Profession ............ 2 Credits
Survey of the roles and responsibilities in the teaching profession and of current educational issues, practices, and problems. Information on employment opportunities, legal issues, and changing social expectations of educational institutions. F

EDU 111—Introduction to Educating Exceptional Children .... 2 Credits
Examination of categories of exceptionality (mental retardation, giftedness, deafness, blindness, emotional disturbance, orthopedic impairment, etc). Brief review of educational strategies used with particular problems. Site visits to acquaint the student with services, settings, and teacher roles.

EDU 121—Introduction to Early Childhood Education ............ 3 Credits
Societal factors involved in the development of early childhood education, historical perspectives, major theories and application of theories, establishing appropriate educational environments, and related issues.
EDU 210—Child and Adolescent Development ........................ 3 Credits
Comprehensive overview of human physical, psychological, and social development from prenatal to late adolescent development. F, Sp

EDU 211—Educational Psychology ............................................... 3 Credits
Focus on making classroom education more effective by applying specific principles from the following areas of psychology: development, learning, motivation, evaluation, individual differences, and adjustment. F, Sp

EDU 220—Creative Arts for Young Children ................................. 3 Credits
Planning and executing appropriate developmental activities for young children in a wide range of curriculum areas.

EDU 221, 222—Trends and Issues in Education I, II ....................... 3 Credits
In-depth analysis of a particular topic, concern, or problem in education.

EDU 223—Instructional Aids and Equipment ................................. 1 Credit
Basic operation of audiovisual hardware and selection, as well as the utilization of materials for developing instructional media. Students will be provided experiences with preparation of instructional materials using a variety of media. (Prerequisites: EDU 101 and computer skills)

EDU 230—Administration of Early Childhood Education Programs .... 3 Credits
Administrative and managerial procedures relevant to the operation of early childhood education programs.

EDU 231—Field Experiences I ..................................................... 2 Credits

EDU 232—Field Experiences II ..................................................... 2 Credits
A cooperative classroom experience for the student and local school systems. Student exposure to duties, responsibilities, and requirements of the teaching profession. (Prerequisite: EDU 101 or permission of instructor) F, Sp

EDU 240—Children’s Literature .................................................. 3 Credits
A survey course dealing with readings and discussions in developmentally appropriate practice literature and related activities.

**EMERGENCY MEDICAL TECHNOLOGY-PARAMEDIC**

*EMT 107—Vehicle Extrication and Rescue ................................. 3 Credits
This course covers all aspects of vehicle rescue, crash rescue and extrication. The course also deals with, and stresses personal safety during extrication operations. Facts on late model car structure and extrication methods and patient protection will be emphasized. Successful completion of this course allows the student to sit for the certification examination given by the Tennessee Association of Rescue Squads. F

3 hours lecture

EMT 109—First Responder ......................................................... 4 Credits
This initial training course in the art of pre-hospital emergency medical care follows the guidelines set by the Department of Transportation (D.O.T.). Successful completion enables the student to sit for licensure examination given by the Department of Health and Environment, Division of Emergency Medical Services. First Responders are individuals trained to assess patients, use AEDs, provide emergency care, and when necessary, move patients without causing injury. This class is 60 hours long-16 hours are lab. (Prerequisite: Students must have a current Health Care Provider level CPR card.) F, Sp, Su

Combination lecture/lab (4 hours/week)

*EMT 114—Cave Rescue .......................................................... 4 Credits
This course is designed to familiarize rescue and EMS personnel with the proper techniques for negotiating entrance and in-cave pits. Students will learn how to select and assemble their personal vertical and horizontal caving equipment, rig, rappel and ascend drops in a safe manner.
*EMT 115—Advanced Cardiac Life Support - ACLS ............... 1 Credit
An introduction to common medical emergencies encountered by pre-hospital care providers. Emphasis is on the recognition and management of emergencies relating to the respiratory and cardiovascular systems. Students must show proficiency in EKG recognition and the advance treatment of the patients in cardiopulmonary arrest. Upon successful completion of this course, students will be ACLS trained by the American Heart Association. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

*EMT 116—Basic Trauma Life Support - BTLS ................. 1 Credit
A study of the assessment and treatment of victims suffering traumatic injury. Emphasis is on airway maintenance with cervical spine immobilization and currently accepted treatments for life threatening injuries related to the cardiopulmonary, musculo-skeletal, gastro-intestinal, and nervous systems. Upon successful completion of the BTLS course, students will receive certification by the Tennessee Chapter of the American College of the Emergency Physicians. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

*EMT 117—Pediatric Advanced Life Support - PALS ............ 1 Credit
A study of medical and trauma emergencies as related to pediatric patients. Emphasis is on the assessment and treatment of children by the health care provider in a pre-hospital setting. Diseases commonly associated with children such as epiglottis, croup, asthma, and febrile seizures are discussed. The specific areas of obstetrical emergencies and neonate care are included. Upon completion of the PALS course, students will receive certification by the American Heart Association. This course is available to EMTs, paramedics, nurses, respiratory therapists and physicians.

*EMT 118—Pre-Hospital Trauma Life Support - PHTLS ........ 1 Credit
A study of the assessment and treatment of victims suffering traumatic injury. Emphasis is on airway maintenance with cervical spine immobilization and currently accepted treatments for life threatening injuries related to the cardio-pulmonary, musculo-skeletal, gastro-intestinal, and nervous systems. Upon successful completion to the PHTLS course, students will receive certification by the American College of Surgeons. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

*EMT 119—Emergency Medical Dispatcher (EMD) ............ 8 Credits
This course covers all aspects of Emergency Medical Dispatch curriculum, maintaining DOT standards. The course includes CPT, First Aid, Basic Telecommunication skills, and Basic EMD skills. It also includes a law enforcement and fire component. Successful completion of this course will enable students to take the State of Tennessee exam for licensure.

6 hours lecture—2 hours clinical

*EMT 120—Emergency Vehicles Operations Course (EVOC) .... 1 Credit
This course is for individuals who will be driving emergency vehicles. The objective is to review technical and legal responsibilities of the vehicle operator. The course reviews standard operating procedures and the state and local laws related to emergency vehicles and includes a hands-on driving lab.

EMT 125—Extended Skills for the EMT ....................... 3 Credits
This course prepares the EMT student to perform skill competencies consistent with State of Tennessee EMT regulations. Content areas include intravenous access, pharmacology and medication administration for the Basic EMT. Patient assessment and airway management review included. Labs and clinical contacts are required. F, Sp

2.5 hours lecture—36 hours clinical

EMT 126—Emergency Response to Terrorism .................... 3 Credits
This course will update the EMT, fire fighter and police personnel with tactics and strategies of terror related organizations. The goal is to bring understanding, clarity and sensibility to professionals so that when they respond to an act or terrorism they may be safer and more effective in helping those who need assistance. Recommended for those in public service related professions.
*EMT 130—Tactical Medical Operations I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .
EMT 162—Emergency Medical Technician - Accelerated .......... 15 Credits
The EMT-Accelerated course combines the EMT-Basic I and II courses into one semester and incorporates all of the state-mandated content and skills required for EMT-IV licensure. This course prepares the student for the National Registry Exam for EMTs. Upon successful completion of this exam the student will be eligible for State of Tennessee EMT-IV licensure. (Pre-requisite: EMT 109 — First Responder course or prior medical background or successful completion of any college level science course. You must obtain permission from the EMS program director.)
15 hours lecture/lab per week—36 hours clinical/semester

*EMT 193—First Responder Refresher ......................... 1 Credit
DOT approved course for renewal of First Responder Licensure.
17 hours/semester

*EMT 194—Paramedic Refresher ............................. 3 Credits
Refresher training adhering to and including content of National Standard EMT-Paramedic Refresher curriculum.
48 hours/semester

EMT 211—Paramedic I ........................................ 13 Credits
First of a 3 part series to prepare the student for Paramedic Certificate. Topics include paramedic role and responsibilities, EMS system, medical/legal consideration, EMS communications, medical terminology, general patient assessment, airway and ventilation, pathophysiology of shock, general pharmacology, major incident response and stress management. (Prerequisite: PRIOR admission to the Paramedic Program; Corequisite: EMT 221) F
8 hours lecture—6 hours laboratory

EMT 212—Paramedic II ....................................... 13 Credits
Second of a 3 part series to prepare the student for Paramedic licensure. Topics include trauma, burns, respiratory care, cardiovascular care, endocrine emergencies, neurological emergencies, acute abdominal distress, anaphylaxis, toxicology, alcoholism, drug abuse, infectious disease, environmental injuries, geriatrics, pediatrics, behavioral emergencies, OB/GYN and neonatal care and certification in the following: ACLS, PALS, BTLS, and PBTLS. (Prerequisite: EMT 211; Corequisite: EMT 222) Sp
8 hours lecture—6 hours laboratory

*EMT 217—Comprehensive Advanced Cardiac Life Support ....... 3 Credits
An introduction to common cardiac emergencies encountered by pre-hospital care providers in adult and child populations. Emphasis is on the recognition and management of emergencies related to the respiratory and cardiovascular systems. This course covers interpretation of EKG rhythm strips and treatment algorithms. Introduction to ischemias, injury and infarction patterns in 12-lead EKGs. Upon successful completion of this course, students will be ACLS and PALS trained by AHA standards. This course is available to EMTs, EMT-Ps, nurses, respiratory therapists, and physicians.
3 hours lecture

EMT 218—Paramedic III ....................................... 3 Credits
Third of a 3 part series to prepare the student for Paramedic Certification. Topics include rescue, EMS-C, scenario-based simulations, and practice skill stations for NREMT-P. (Prerequisite: EMT 212; Corequisite: EMT 223) Su
1 hour lecture—3 hours laboratory

EMT 221—Clinic I ................................................... 3 Credits
Clinical experience in area hospitals and ambulance services. (Corequisite: EMT 211) F
135 Clinical Hours

EMT 222—Clinic II ............................................... 3 Credits
Clinical experience in area hospitals, ambulance services, and geriatric and psychiatric facilities. Continuation of EMT - 221. (Corequisite: EMT 212) Sp
135 Clinical Hours
EMT 223—Clinic III ................................................. 4 Credits
Clinical experience in area hospitals and ambulance services. Emphasis will be upon making patient care decisions and directing patient care in the pre-hospital setting, within the scope of training. (Corequisite: EMT 218) Su

215 Hours

*EMT 225—Critical Care ............................................. 7 Credits
Critical Care Emergency Medical Transport Personnel, CCEMTP. This intensive course is offered in conjunction with the University of Maryland Baltimore Campus (UMBC). It provides the foundation which prepares the paramedic or nurse as a critical care transport specialist. The 80+ hour course covers a wide variety of critical care topics including: critical care environment, breathing management, surgical airway management, hemodynamic management, cardiac management, pharmacological management, GI, GU, and renal management, neurological management, transport considerations and special considerations. Upon successful completion, students will receive a certificate from UMBC valid for three years. Prerequisites include: ACLS, PALS or ENPC (trauma course) BTLS/PHTLS/TNCC, CPR and two years working in your field of medicine. F

3 hours lecture—3 hours laboratory

*This course does not meet any curricular requirements for any program, with the exception of technical requirement for the A.A.S. General Technology program.

ENGINEERING CORE

ERG 161—Fundamentals of Engineering Graphics I .......................... 3 Credits
Technical sketching, geometries construction with emphasis on plane surface analysis: presentation of engineering data: graphical solution of three dimensional space problems: primary and secondary auxiliary views. Application of computer-aided Design and Drafting (CADD) in solving engineering problems. Three two-hour periods or two three-hour periods, including one hour of lecture per week.

ERG 162—Fundamentals of Engineering Graphics II .......................... 3 Credits
Continuation of Fundamentals of Engineering Graphics I with emphasis on CAD applications in three dimensional drawing, working drawings, assemblies and details, CAD component evaluation and use. Selected problems from the engineering sciences utilizing special drawing techniques on electronic mediums. Offered as needed.

ERG 211—Auto CAD I .................................................. 3 Credits
The utilization of microcomputers in the design and drafting process using AutoCAD. The selection of CAD component, the command and syntax structure, basic drawing and editing techniques, two-dimensional and three-dimensional drawing techniques. Two three-hour periods or three two-hour periods, including two hours lecture per week.

ERG 212—AutoCAD II .................................................. 3 Credits
CAD systems management, customization and productivity techniques, introduction to AutoLISP, data file exchange solid modeling, advanced 3-D drawing techniques. Two three-hour periods or three two-hour periods, including two hours lecture per week.

ERG 213—Computer-Aided Design/Modeling .............................. 3 Credits
The study of three-dimensional modeling principles and techniques. The use of projections, viewports, model space and paper space will be covered. Upon completion of this course a student will be able to draw and dimension solid models of objects using the three-dimensional microcomputer techniques.

ERG 221—Surveying I .................................................. 4 Credits
Introduction to surveying, chaining and pacing, direct and profile leveling, measurements of angles, transit-tape-traversing, traverse analysis, calculation of areas, adjustment of instruments. (Corequisite: ♦ MATH 1110 - College Algebra)
ERG 241-249—Independent Engineering Investigation  . . . . . . . . . . . . . 3 Credits
Independent research and development in engineering by qualified students under the supervision of a faculty member. Intended to develop interest and skill in the techniques of engineering research and development. Transfers as elective credit only. (Consent of the faculty member is required.)

ENGINEERING SCIENCE

ESC 111—Survey of Engineering  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1 Credit
Overview of the required skills, types of jobs, and specialty areas in engineering. An overview of the goals, objectives, methods, and ethics of the engineering profession in all the major engineering disciplines is presented. F, Sp

ESC 112—Computer Aided Engineering  . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Introduction to computers in engineering using structured programming in BASIC, Visual BASIC, and C to create solutions to typical engineering applications. Applications of computer packages such as engineering spread sheets, graphics, and word processors will be included. Sp

ESC 211—Statics  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Statics of particles and rigid bodies, resultants of force systems, static equilibrium, friction, moments, and application to trusses. (Prerequisites: /MATH 1910, Calculus I; Corequisite: /PHYS 2110) F

ESC 212—Dynamics  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Dynamics of particles and rigid bodies, kinematics, kinetics, Newton’s laws, work and energy, and impulse and momentum. (Prerequisite: ESC 211 - Statics) Sp

ENGLISH

NOTE: Any full-time degree-seeking student at any TBR institution must be enrolled in a core (or developmental) English course each term until that student completes core writing requirements. Any part-time degree-seeking student at any TBR institution must be in a core (or remedial/development) English course for each 12 hours taken. Students may not withdraw from a core or a remedial/developmental English course unless they withdraw from school.

DSPW 0700—Basic Writing  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Designed to develop basic skills essential in writing standard English. Emphasis will be given to basic mechanics of spelling, punctuation, capitalization, pronoun usage, verb tense, sentence structure, and paragraph development. Satisfactory completion of this course or other evidence of competency in these areas is a prerequisite for DSPW 0800.

DSPW 0800—Developmental Writing  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Designed to develop writing skills through journal writing, vocabulary enrichment, and critical thinking with special emphasis on paragraph patterns and short essays.

◆ ENGL 1010—Composition I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Composition I is designed to develop proficiency in essays based on several rhetorical modes of writing, such as narrative (personal experience) and expository (informative) essays. The majority of the essays are applicable to major fields of study and societal issues. Research paper required.

◆ ENGL 1020—Composition II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Writing based on literature and research. Includes interpretation and analysis of fiction, drama, poetry, and the novel. (Prerequisite: ◆ ENGL 1010) NOTE: ◆ ENGL 1020 may not be used as a humanities elective.
ENGL 2110—Survey of American Literature I ...................... 3 Credits
Survey of American literature from the Colonial period to the Civil War. May include selections from Poe, Hawthorne, Thoreau, Dickinson, Whitman, etc. (Prerequisite: ENGL 1020)

ENGL 2120—Survey of American Literature II ..................... 3 Credits
Survey of American literature from the Civil War through the Modern period. May include selections from Twain, Frost, Eliot, Faulkner, O’Connor, etc. (Prerequisite: ENGL 1020)

ENGL 2150-2190—English Practicum ................................. 1-5 Credits
Introduction to Writing Center theory and the practice of tutoring writing students. Participants will work in one of the RSCC writing centers for one or more semesters to develop tutoring skills and gain professional experience; some writing, research and work on the internet required. (Prerequisites: ENGL 1010 (ENGL 1020 preferred), a writing sample, and permission of the instructor.)

ENGL 2210—Survey of British Literature I ....................... 3 Credits
Survey of British literature from the Old (in translation) and Middle periods through the 18th century, with emphasis on primary texts and their link with historical Britain. May include selections from Chaucer, Spenser, Shakespeare, Behn, Swift, etc. (Prerequisite: ENGL 1020)

ENGL 2220—Survey of British Literature II ..................... 3 Credits
Survey of British literature from the Romantic through the Modern periods, with emphasis on primary texts and their political and social significance in Britain. May include selections from Wollstonecraft, Wordsworth, Keats, Byron, Bronte, Tennyson, the Brownings, Yeats, Eliot, etc. (Prerequisite: ENGL 1020)

ENGL 2510—Appalachian Literature ............................... 3 Credits
An introduction to the literature of the Southern Appalachian Mountains through the reading of past and present works. Emphasis is placed on how outsiders view the area, how the mountaineers view themselves and how those views are changing. Students should gain an understanding and appreciation of the area. Cross listed as HUM 291. (Prerequisite: ENGL 1020).

ENGL 2530, 2540, 2550—Seminar in Creative Writing ........... 3 Credits
Theory and practice of the creation of poetry or prose through the analysis of models and student manuscripts developed in a workshop setting. (Prerequisite: ENGL 1010)

ENGL 2310—Survey of World Literature I ...................... 3 Credits
Survey of world literature from the ancient world to the Renaissance. May include selections from the Bible, Greek and Roman classics, Dante, Marie de France, Chaucer, Cervantes, Shakespeare, etc. (Prerequisite: ENGL 1020)

ENGL 2311—Introduction to Technical Writing .................... 3 Credits
An introduction to the field of technical writing, including editing, researching, report writing in the student’s field of specialization, etc. The course is provided online to enhance computer and electronic communication skills. (Prerequisites: ENGL 1010)

ENGL 2320—Survey of World Literature II .................. 3 Credits
Survey of world literature from the Renaissance through the Modern period. Includes selections from Moliere, Voltaire, Swift, Flaubert, Dostoevsky, Tolstoy, contemporary world authors, etc. (Prerequisite: ENGL 1020)

ENGL 2411—Advanced Technical Writing ....................... 3 Credits
Further study and practice in technical writing, following the principles emphasized in the introductory course. Additional emphasis will be placed on consistency, logic, flow, conciseness, pinpointing and addressing needs, developing skills in persuasion, and synthesizing another’s ideas and data. (Prerequisite: ENGL 1010)

ENGL 2421—Technical Research ................................. 3 Credits
In-depth study of methods of research, including development of successful interview questions, development of questionnaires, and methods of conducting research online, in the workplace, and using digital libraries. (Prerequisite: ENGL 1010)
ENGL 2450—Online Communication and Publishing ................. 3 Credits
A targeted study of successful and unsuccessful online communication and its relationship to successful public relations, along with practice in writing, editing, revising, and proofreading online documents. (Prerequisite: ENGL 1010)

♦ ENGL 2510—Introduction to Poetry ............................ 3 Credits
Study of poetry as a distinct genre of artistic expression. Emphasizes analyzing and writing about poetry. (Prerequisite: ♦ ENGL 1020)

ENVIRONMENTAL HEALTH

EHT 120—Waste Management and Pollution Prevention ............ 3 Credits
An overview of the regulatory drivers and systems by which hazardous and non-hazardous wastes are managed. Incentives for waste minimization are presented, as well as techniques and sources of information.

EHT 130—Industrial Hygiene and Safety I .......................... 3 Credits
An overview of industrial hygiene and safety concepts including a recognition of occupational hazards and classes of control techniques. Human anatomy and physiology as it relates to occupational hazards is presented. Students are also introduced to the Occupational Safety and Health Act and its administration.

EHT 201—Environmental and Occupational Law and Regulations ... 3 Credits
Survey of federal and state laws regulating environmental management, employee health and safety, hazardous substances, waste management and environmental restoration, and water and air pollution.

EHT 210—Environmental Instrumentation ............................ 3 Credits
Provides an introduction to those instruments used to evaluate such occupational hazards as noise, radiation, heat stress, oxygen deficiency, explosive atmospheres, and hazardous chemicals and an examination of techniques for characterizing water, wastewater, and hazardous wastes. Environmental sampling techniques and protocols are presented.

EHT 211—Safety and Emergency Response .......................... 3 Credits
A review of federal, state, and local emergency response guidelines and methods for protecting workers employed in hazardous waste operations and emergency response.

EHT 215—Applied Radiological Control Technology .................. 3 Credits
Study of the core academic knowledge and skill required of entry level radiation control technicians. Includes applying skills in mathematics, algebra, physical sciences and life sciences to the control of occupational exposure of workers to ionizing radiation. Topics include radiation mathematics, physical sciences, nuclear physics, sources of radiation, biological effects of radiation, radiological protection, exposure control, and radiation detector theory and operation.

EHT 225—Special Topics in Environmental Health ................. 1-3 Credits
This elective course is designed to allow instruction in special topics deemed necessary to meet the demands of business and industry.

EHT 230—Industrial Hygiene and Safety II ............................ 3 Credits
A more in-depth analysis of the physical, biologic, and chemical hazards encountered in the workplace. Topics include exposure to temperature extremes, noise, radiation, hazardous chemicals, and biologic hazards including bloodborne pathogens. Specific administrative and engineering controls and personal protective equipment are presented.

EHT 242—Internship ..................................................... 4 Credits
Work experience designed to familiarize students with applications of principles utilized in the environmental field. Students must attain at least 200 contact hours. No student may enroll in an internship without the approval of the instructor.
FRENCH

◆ FREN 1010—Beginning French I ........................................... 3 Credits
Elementary grammar, pronunciation, and conversation through textbooks supplemented by audio cassettes, filmstrips, computer programs, and videotapes. (No prerequisite)

◆ FREN 1020—Beginning French II ........................................... 3 Credits
Continuation of Beginning French I. (Prerequisite: ◆ FREN 1010)

◆ FREN 2010—Intermediate French I ........................................... 3 Credits
Advanced grammar and conversation through use of textbooks supplemented by audio cassettes, filmstrips, computer programs, videotapes, and selected readings. (Prerequisite: ◆ FREN 1020)

◆ FREN 2020—Intermediate French II ........................................... 3 Credits
Continuation of Intermediate French I. (Prerequisite: ◆ FREN 2010)

GEONOMIC INFORMATION SYSTEMS

GIS 101—Introduction to Geographic Information Systems ............. 4 Credits
An introductory course dealing with the basics of using computerized map information in science, education, social science, and business applications. Students will learn to organize their own projects using mapping software, spatial data, and a variety of geographic information technologies and tools. Business, education, and social science applications emphasize demographic data while scientific applications emphasize environmental and facility management issues. (Prerequisite: Working knowledge of Windows or Macintosh based PC systems) F, Sp

GIS 105—Computer Cartography ........................................... 3 Credits
An introduction to the properties, uses, symbology design and computer production of maps. Covers the use of maps, aerial photographs and satellite imaging in geographical analysis. (Corequisite: GIS 101) F

GIS 110—Geographic Database Technology ............................ 3 Credits
Geographic Information Systems (GIS) need access to a great variety of data to be of any value for decision making. This introductory course will cover major aspects of capturing, manipulating, and using geographic and related data. Topics include hierarchical vs. flat-file databases, data tables, geographic objects and attributes, relational databases, geographic data organization, data conversions, import-export, and data quality assessment. The student will learn to construct queries using SQL and query-by-example tools to answer simple and more complex problems. Data used includes TIGER/Line, DLG/DEM, DWG and ASCII. Database software used includes FoxPro, Access, MapInfo, ArcView, Intergraph, and Maptitude plus various conversion software. Sp

GIS 210—Global Positioning Systems and Digital Imagery ............ 3 Credits
Using Global Positioning System (GPS) technology, this course will introduce topics of data capture (including scanning), editing, registration and rectification to provide an image for the extraction of geographic data such as property boundaries, streets, streams and structures. Uses of GPS in this course are to provide reference points for registering and rectification of images, verifying and correcting map data as well as creating real-time maps with the use of laptop computers. (Prerequisites: GIS 101 and GIS 110 or with consent of the instructor) F

GIS 211—Internet Mapping Applications ................................. 3 Credits
This course provides the foundation for distributing high-end GIS and mapping services via the internet. Students will learn how to design web based applications for integrating local and internet spatial data sources for query, display and analysis in a user friendly web browser.
GIS 220—GIS Network and Demographic Applications  
The student will focus on developing a coherent framework for using the vast quantities of data made available by government and other sources along with his/her own data. The student will explore multiple views of a single issue or set of information by looking for new possibilities. (Prerequisites: GIS 101 and GIS 110) Sp

GIS 230—GIS Project Management  
The student will focus on developing a coherent framework for using the vast quantities of data made available by government and other sources along with his/her own data. The student will explore multiple views of a single issue or set of information by looking for new possibilities. Learning outcomes include gaining and enhancing the ability to effectively match data and task appropriately and to identify appropriate types and sources of information needed to solve a problem. (Prerequisites: GIS 101 and GIS 110) Sp

GIS 250-259—Seminar in Geographic Info Systems  
Special topics in GIS. Check with your advisor for courses available each semester.

GIS 290—Directed Research Project  
This capstone course will consolidate the student’s learning experiences in geographic information systems technology. Students will develop and complete an original, comprehensive project that encompasses geographic and computer mapping fundamentals learned in previous courses. (Prerequisite: Permission of the instructor) Su

GEOGRAPHY

Geography is a subject which in its broadest sense studies the earth-atmosphere system and human activities therein. As such, geography provides an unusual blend of social science and natural science. Prospective students should note that the 3-credit-hour courses in geography generally are classified as social science credits. The 4-credit-hour sequence (GEOG 1040, 1050, Geography of the Natural Environment I, II) fulfills the natural/physical science requirements in most liberal arts programs.

GEOG 1040—Geography of the Natural Environment I  
A study of the processes which govern atmospheric activity and of the characteristics of world climatic patterns. Subjects of interest include storms, oceanic influences, climatic change, and analysis of weather maps. Special attention is given to human interaction with the climatic environment.

3 hours lecture—3 hours laboratory

GEOG 1050—Geography of the Natural Environment II  
An investigation of the earth as a system comprised of landforms, soils, vegetation, and animals, each interacting with climate to create a world pattern of environments of importance to humankind.

3 hours lecture—3 hours laboratory

GEOG 1110—World Geography I  
A study of the major organizing concepts and their applications in the different subfields of human geography, including regional analysis, population, political, cultural, urban, and economic geography. Special attention is given to analysis of current world problems and issues. As needed.

GEOG 1120—World Geography II  
Selected world regions, especially those with problems or situations of contemporary interest, are used to illustrate geographical concepts, points of view, and techniques of analysis.

GEOG 2010—Physical Geography  
A study of the global earth, the tools of the discipline, the atmosphere, the hydrosphere and the biosphere.
GEOG 2030—Introduction to Economic Geography .......................... 3 Credits
A study of location and spatial organization of the world’s major types of economics, including agriculture, energy and mineral production, manufacturing, transportation, trade, and services.

GEOG 2310—Human Geography .................................................. 3 Credits
This course is an overview of man’s spatial distribution over the Earth’s surface. It concentrates on the relationship between people, places and environments and to applying spatial and ecological perspectives to life situations.

GEOLOGY

The geology sequence offers students an additional branch of science which will fulfill natural/physical science curriculum requirements. Geology provides a perspective about the earth that may be very helpful in numerous other fields of study including archaeology, anthropology, forestry, soil science, biology, and engineering. The courses listed below do not have to be taken in sequence, and there are no prerequisites.

♦ GEOL 1040—Physical Geology .................................................. 4 Credits
An introduction to the physical processes acting within and upon the Earth’s surface to create its many different features. Topics of interest include identification of minerals and rocks, plate tectonics, mountain building, volcanoes, stream activity, glaciation and regional landform development.

3 hours lecture—3 hours laboratory

♦ GEOL 1050—Historical Geology .................................................. 4 Credits
The study of the Earth’s physical and biological history as interpreted from the rock and fossil record. Topics include an introduction to fossils, evolution and ancient environments, stratigraphy, and a review of earth history.

3 hours lecture—3 hours laboratory

GERMAN

♦ GERM 1010—German I ............................................................. 3 Credits
Essentials of German, developing listening and reading comprehension, speaking and writing. (No prerequisite)

♦ GERM 1020—German II ........................................................... 3 Credits
Continuation of Beginning German I. (Prerequisite: ♦ GERM 1010)

♦ GERM 2010—Intermediate German I ........................................ 3 Credits
Review of German grammar and a continuation of the approach used in GERM 1010 and 1020. Selected readings. (Prerequisite: ♦ GERM 1020)

♦ GERM 2020—Intermediate German II ....................................... 3 Credits
Continuation of Intermediate ♦ GERM 2010. (Prerequisite: GERM 2010)

HEALTH

HEA 221—Safety, First Aid and CPR ........................................... 3 Credits
This course will provide the knowledge and skills necessary to sustain life, reduce pain and minimize the consequences of illness or injury until medical help arrives. Upon satisfactory course completion, students will receive certificates for First Aid and Adult, Infant and Child CPR.

HEA 223—Safety in the Workplace ............................................. 1 Credit
This course will provide an overview of chemical, biological, physical and ergonomic stresses in the workplace. Hazard recognition, evaluation, and control are also presented. Employee rights to a safe workplace are discussed.
### HEALTH INFORMATION TECHNOLOGY

#### (Medical Record Technology)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>HEA 241</td>
<td>School Health</td>
<td>2</td>
<td>This course for prospective teachers is designed to investigate current school health issues. This course will include health instruction, health services and healthful school environment.</td>
</tr>
<tr>
<td>HIT 102</td>
<td>Introduction to Health Information</td>
<td>3</td>
<td>Introduction to the profession and the health care delivery system. Orientation to the content of the health record, numbering, filing, microfilm, accreditation and certification standards. Laboratory practice in the assembly and analysis of medical records and numbering and filing systems. (Prerequisite: HIT 107) F 2.5 hours lecture—22.5 hours lab per semester</td>
</tr>
<tr>
<td>HIT 103</td>
<td>Coding &amp; Classification Systems</td>
<td>3</td>
<td>An introduction to coding and classification systems used in health care. This course will focus on ICD-9-CM coding. Laboratory practice time devoted to ICD-9-CM coding. (Pre-requisite: HIT 107; corequisite: ♦ BIOL 2010) 2 hours lecture—3 hours laboratory/week</td>
</tr>
<tr>
<td>HIT 106</td>
<td>Health Data Systems</td>
<td>3</td>
<td>Introduction to health care data, indexes and registries. The calculation of rates and percentages used by health care facilities will be emphasized. Manual and automated techniques of maintaining data will be discussed along with data display techniques. Sp 3 hours lecture/week</td>
</tr>
<tr>
<td>HIT 107</td>
<td>Medical Terminology</td>
<td>3</td>
<td>Greek and Latin elements of medical terminology, stems, suffixes, prefixes and root words. Medical terminology pertaining to each body system. Open to all students. F, Sp, Su 3 lecture hours/week</td>
</tr>
<tr>
<td>HIT 113</td>
<td>Legal Aspects of Health Information</td>
<td>2</td>
<td>To provide the student a foundation in federal and state legislation regarding medical record release, retention, authorizations, and consents. The importance of confidentiality and professional ethics will be emphasized. The medical record in court and the medicolegal importance of accurate documentation will be presented. F 2 lecture hours/week</td>
</tr>
<tr>
<td>HIT 117</td>
<td>Principles of Medical Claims Billing and Processing</td>
<td>3</td>
<td>An introduction to Medical Insurance and Claims Processing with an emphasis on Managed Care Contracts and various Health Care Payers. This course will introduce the student to the basic fundamentals of medical coding by focusing on ICD-9 and CPT coding systems.</td>
</tr>
<tr>
<td>HIT 130</td>
<td>CPT Coding</td>
<td>3</td>
<td>An introduction to the Current Procedural Terminology (CPT) coding system, outpatient coding guidelines, reimbursement strategies, and clinical coding experience in area health facilities. (Prerequisites: HIT 102, HIT 103; Corequisite: ♦ BIOL 2020) Sp 2 hours lecture—3 hours laboratory/week—45 hours clinical/semester</td>
</tr>
<tr>
<td>HIT 140</td>
<td>Medical Office Procedures</td>
<td>2</td>
<td>An introduction to business aspects of a medical practice including third party payers, claims filing and processing, accounting and payroll functions. (Prerequisites: HIT 102, HIT 103) Sp 2 lecture hours/week</td>
</tr>
<tr>
<td>HIT 215</td>
<td>Principles of Healthcare Administration</td>
<td>3</td>
<td>Introduction to principles of management specifically directed toward the health information manager. Personnel management, departmental budget preparation and maintenance, departmental policies, procedures and job descriptions will be introduced. Sp 3 hours lecture/week</td>
</tr>
</tbody>
</table>
HIT 221—Advanced Health Information Procedures ................. 3 Credits
Introduction to medical record procedures in long-term care, ambulatory, home-health, hospice and psychiatric facilities. A study of the Problem Oriented Medical Record and the tumor registry is included. Strategies for successful completion of the National Accreditation Exam and obtaining employment are included. Sp
3 hours lecture/week

HIT 222—Pathology and Clinical Interpretations ...................... 4 Credits
An introduction to common disease processes, their clinical signs, symptoms, and manifestations. Diagnostic radiology and laboratory examinations, pharmacological and other treatment modalities employed in the treatment of disease will be emphasized. (Prerequisites: BIOL 2010, 2020) F
4 hours lecture/week

HIT 231—Directed Practice I ................................................ 3 Credits
Actual practice in an area hospital. Topics covered include chart assembly and analysis, coding, abstracting, release of information, and medical transcription. F
135 hours clinical experience

HIT 232—Directed Practice II ................................................ 4 Credits
Clinical experience in quality improvement, utilization management, hospital committee functions, and medical record supervision. Practice is also obtained in specialized facilities such as long term care, psychiatric, ambulatory care, veterinary medicine, and tumor registry. (Pre-requisite: HIT 231) Sp
180 hours clinical experience

HIT 242—Automated Health Information Systems .................... 3 Credits
An introductory course dealing with principles of automated information systems. The flow of patient information from registration through the clinical care process and billing, to the end use of information in decision support systems will be explained. The importance of data accuracy, integrity and security will be emphasized. The current state of technology employed in healthcare to make the transition to a total computerized patient record will be discussed. Software packages currently utilized by health information departments will be explained and students will utilize application software packages, build databases, query systems and design reports. Sp
2 hours lecture/week—3 hours laboratory/week

HIT 251—Coding for Reimbursement ................................. 4 Credits
Advanced topics in ICD-9-CM coding focusing specifically on Official Coding Guidelines, sequencing skills and the use of ICD-9-CM in health care reimbursement. The prospective payment system theory and methodology will be the course focus. Ambulatory Patient Classifications will be introduced. Laboratory practice in coding and optimization techniques using actual medical records and a computerized grouper. (Prerequisites: HIT 103, 130; Corequisite: HIT 222) F
3 hours lecture—3 hours laboratory/week

HIT 252—Quality Resource Management ........................... 2 Credits
This course will emphasize current philosophy and methodology in conducting an effective utilization management and quality improvement program for a health care facility. Requirements of various governmental, third party payers, and accreditation bodies regarding appropriate utilization of resources and continuous quality improvement will be emphasized. F
2 hours lecture/week
HISTORY

◆ HIST 1010—Survey of Western Civilization I  3 Credits
A general survey of the major political, social, economic, and cultural developments in Western Civilization from the Ancient World to 1715. Emphasis on the Greek World, the Roman Empire, feudal Europe, Renaissance, Reformation, constitutional monarchy in England in the 17th century and the triumph of absolute monarchy in France under Louis XIV. F
NOTE: ◆ HIST 1010 H, Honors is also offered which is a more in-depth study of these themes and is taught primarily as a discussion, rather than a lecture, class. (Prerequisite: Consent of instructor)

◆ HIST 1020—Survey of Western Civilization II  3 Credits
A general survey of the major political, social, economic, and cultural developments in Western Civilization from 1715 to the present. Emphasis on the Enlightenment, French Revolution and Napoleon, national unification of Germany and Italy, world wars of the 20th century, Russian Revolution, and post-1945 Europe. Sp
NOTE: ◆ HIST 1020 H, Honors is also offered which is a more in-depth study of these themes and is taught primarily as a discussion, rather than a lecture, class. (Prerequisite: Consent of instructor)

◆ *HIST 1210—Survey of World History I  3 Credits
The study of human history from prehistory to c. 1500 A.D., covering the beginnings of civilization c. 3000 B.C. and investigating the economic, social, political, and cultural institutions developed by humans prior to the beginning of European expansion.

◆ *HIST 1220—Survey of World History II  3 Credits
The study of human history from c. 1500 A.D. (shortly after Europeans began their expansion) to the present, and including the investigation of the economic, social, political, and cultural institutions developed by humans both in response to European expansion and independent of European influence.

◆ HIST 2010—Survey of United States History I  3 Credits
An exploration and analysis of major themes and events in the political, cultural, social, economic, and intellectual history of the United States to 1877. F, Sp, Su
NOTE: ◆ HIST 2010 H, Honors is also offered which is a more in-depth study of these themes and is taught primarily as a discussion, rather than a lecture, class. (Prerequisite: Consent of instructor)

◆ HIST 2020—Survey of United States History II  3 Credits
Continuation of History 2010. F, Sp, Su
NOTE: ◆ HIST 2020 H, Honors is also offered which is a more in-depth study of these themes and is taught primarily as a discussion, rather than a lecture, class. (Prerequisite: Consent of instructor)

HIST 2030—Tennessee History  3 Credits
This course is a general survey and analysis of the history of the state of Tennessee from the beginning of statehood in 1796 to about 1990. There is also a pre-statehood component that examines Native American history in the region (with an emphasis on the Cherokees) and the history of exploration and early settlement.

*Accepted for history sequence requirement at UTK, UTC, and MTSU.

HOME ECONOMICS

HEC 131—Elementary Nutrition  2 Credits
Applying principles of nutrition in the selection of food for health promotion and maintenance.
HEC 201—Principles of Nutrition 3 Credits
This course emphasizes the function, food sources, recommended intake, and assimilation of each of the six nutrient classes.

HUMANITIES

See Art, English, Music, Philosophy and Speech for other Humanities electives.

HUM 261-291—Humanities Seminar 1-3 Credits
This course is designed for those students who are interested in pursuing an in-depth study of some particular humanities problem.

HUM 262—Great Works 3 Credits
An interdisciplinary study of great works of art, drama, music and literature. A teaching team from the Humanities Division guides students on a search to answer the question of what it means to be human.

HUM 263—Anthropology of Religion 3 Credits
This seminar is a general survey of religious beliefs and activities among non-industrial societies. The course will concentrate on the anthropological study of belief systems, myths, rituals and ceremonies, rites of passage, cultural change and adaptation, and revitalization movement. Crosslisted as SSC 230.

INTERIOR DESIGN AND TECHNOLOGY

IDT 110—Introduction to Interior Design 3 Credits
Introductory, practical experiences based on the elements and principles of interior design. Includes orientation to the profession, relationships to allied fields and philosophical approaches.

JOURNALISM

JOUR 1110—Intro to Mass Communications 3 Credits
An overview of systems of mass communications with an emphasis on American media, their ownership, legal and social controls, role and effects. Advertising, broadcasting, journalism and publishing, and public relations will be examined and placed in the context of theories of mass communications.

JOUR 2010—Writing for Mass Media 3 Credits
Information gathering and writing under deadline for print and broadcast media, including news and promotional copy. Preparation of news advertising and persuasive text. Comparison of styles and organization techniques. Grammar, usage and style workshop. (Prerequisites: ENGL 1020 and typing proficiency or permission of instructor.)

LAW

LAW 101—Intro to the Legal Profession & Legal Ethics 3 Credits
Philosophy and history of law; legal decision making; the American judicial system; business organizations; civil procedure; role of legal assistants; and ethical and professional standards. F

LAW 102—Survey of American Law 3 Credits
Legislation, administrative process; government regulation of business, anti-trust, and consumer law; torts; contracts; investigations; domestic relations; wills, estates, trusts, real property, etc. Sp

LAW 140—Legal Research 3 Credits
Legal bibliography including codes, administrative regulations, reporters, digests, encyclopedias, citators, law reviews, and treatises; analysis and synthesis of cases. F
LAW 150—Legal Writing  ................................................. 3 Credits
Legal writing skills including precision and clarity, legal citation, and format; drafting of law
office and trial memoranda, trial court brief, appellate brief, and abstracting depositions; analysis
and synthesis of legal materials. (LAW 140 is suggested as a prerequisite) Sp

LAW 160—Torts ................................................................. 3 Credits
Non-contractual obligations which an individual in society owes others according to common
law and statute; emphasis on intentional acts violating legally protected interest. F

LAW 170—Criminal Law ....................................................... 3 Credits
Substantive aspects of criminal law including general principles of criminal liability, specific
analysis of particular crimes; substantive defenses to crime. Sp

LAW 201—Domestic Relations  ........................................... 3 Credits
Laws, procedures, and documents involved in domestic relations; breach of promise to marry;
maintenance; adoption; divorce. F

LAW 211—Business Organizations  ..................................... 3 Credits
Sole proprietorships, partnerships, corporations, and other business vehicles; formation of
various types of business entities; preparation of appropriate documents.

LAW 215—Child Support Law  .......................... 3 Credits
This course will give the student an overview of child support law in Tennessee with an em-
phasis placed upon the Tennessee Child Support Guidelines: child support establishment; child
support enforcement; and Title IV-D offices.

LAW 221—Civil Trial and Appellate Practice I .................... 3 Credits
Procedural law; preparation and use of pleadings and other documents involved in the trial
and appeal of a civil action. F

LAW 222—Civil Trial and Appellate Practice II .................... 3 Credits
Procedural law; preparation and use of pleadings and other documents involved in the trial
and appeal of a civil action. (Prerequisite: LAW 221)

LAW 231—Estate and Trusts I  ............................................ 3 Credits
Effects of various types of ownership upon passage of property at owner death, with or with-
out a will; administration, taxation of estates and inheritances; basic requirements for trusts,
wills, guardianships, and conservatorships; administration of a decedent's estate including in-
come tax consequences; case analysis; preparation of necessary documents. F

LAW 232—Estate and Trusts II  .......................................... 3 Credits
U.S. Estate Tax, Tennessee Inheritance Tax, U.S. Gift Tax provisions, estate planning, changes
in asset ownership and tax advantages through removal of assets or fixation of values;
problem-solving activities. (Prerequisite: LAW 231 or permission of program director)

LAW 235—Legal Environment for Business  ..................... 3 Credits
Emphasis is placed on classification of laws, historical background of our systems of laws,
duties, buying services, insurance, consumer protection, negotiable instruments, and business
organization. Sp

LAW 240—Legal Internship  .............................................. 3 Credits
Supervised activities in a law firm, agency, or corporate legal department as a paralegal. (Pre-
requisite: permission of the program director) Su

LAW 241—Real Property  .................................................. 3 Credits
Freehold estates, concurrent ownership, leases, real estate contracts and deeds, recording sys-
tem, title assurance, easements, lateral support, water rights, zoning, and eminent domain;
practical aspects of conveyance from drafting of purchase and sale agreements to passing of
papers; mechanics of title examining; preparation of documents for mortgages, foreclosures,
recordings, and closing. Sp
LAW 251—Public Benefits/Administrative Advocacy ........................ 3 Credits
Substantive law and procedures for public benefits applications and appeals from agency admin-
istrative decisions; includes Medicare, Medicaid, supplementary security income, OASDI, food
stamps, structure of administrative agencies, administrative procedures and advocacy skills.

LAW 261—Creditor Rights and Bankruptcy .............................. 3 Credits
Bankruptcy procedure including initial filing, meetings of creditors, adversarial proceedings
and the final discharge hearing; operation of the automatic stay; adequate protection; confor-
mation of a Chapter 13 Plan; Chapter 7 and Chapter 11 proceedings; debtors obligations and
rights; secured and unsecured creditors priorities, preferences, fraudulent transfers.

LAW 271—Investigations/Pretrial Advocate .............................. 3 Credits
Investigative techniques, interviewing skills, fact analysis, courses of evidence, records ac-
cess, judgment collection, missing persons, background investigation, case planning, analysis
and strategy.

LAW 275—Income Tax .......................................................... 3 Credits
Survey of federal income tax laws emphasizing preparation of returns for individuals, sole
proprietorships, and partnerships. Overview of corporate tax law, administrative and judicial
tribunals, jurisdiction, and tax controversies.

LAW 280—United States Supreme Court .................................. 3 Credits
Survey of the structure and decision-making process of the United States Supreme Court,
including in-depth study of recurring issues before the court.

LAW 290-299—Special Topics in Paralegal Studies ............... 1-9 Credits
Independent studies in legal assisting. Students may take more than one independent or indi-
vidualized study in a given discipline up to a maximum of nine credit hours.

MAGNETIC RESONANCE IMAGING

*MRI 111—Introduction to MRI ........................................ 4 Credits
This course is designed to provide students with a thorough basic understanding of magnetic
resonance imaging theory and principles of operation. Students gain understanding of current
MRI system components, hardware pulse parameters, and clinical significants.
4 hours lecture

*MRI 121-135—Clinical Education ................................. 18 Credits
The clinical educational courses are conducted at an approved clinical education center and
require supervised performance of magnetic resonance imaging of the head, neck, spine, chest,
abdomen, pelvis, and musculoskeletal system. Arrangements for clinical education sites are
made by Roane State Community College in cooperation with the MRI instructor.

Accelerated courses are for technologists already employed in MRI that will be able to move
through the clinical competencies at a faster rate.

Non-accelerated courses are for those technologists that have no previous experience in MRI
and will move at a slower rate in achieving required competencies.

*This course does not meet any curricular requirements for any program, with the exception of
technical requirements for the A.A.S. General Technology program.
MAMMOGRAPHY

*MAM 110—Mammographic Procedures .......................... 3 Credits
This course covers radiographic interventional procedures, anatomy, positioning, technique, quality control, and the Mammography Quality Standards Act. This course will prepare registered radiologic technologists to take the A.R.R.T. mammography registry. 8 week course.

*MAM 120—Mammography Pathology .............................. 1 Credit
This course will cover radiographic pathology and abnormalities of the breast. It is designed to enhance knowledge of registered mammographers as well as those seeking to take the A.R.R.T. mammography registry. 8 week course.

2 hours lecture

*This course does not meet any curricular requirements for any program, with the exception of technical requirement for the A.A.S. General Technology program.

MANAGEMENT

MGT 100—Portfolio Assessment ................................. 1 Credit
This course is an introduction to prior learning assessment and the standards used to evaluate prior learning through portfolio preparation. Patterns of learning in personal, professional, and former education experiences will be identified for the creation of a portfolio. Creating a portfolio of documentation that will include types of training, work experiences, principles and practices of these experiences, examples of work, influential works and people, and summary will be components of the course. Sp

MGT 120—Spanish for Managers ................................. 1 Credit
A one-hour credit course that provides language skills for anyone who does business internationally, whether abroad, on the telephone, or via email. Students learn phrases for any business situation, as well as cultural information essential to working with Spanish speaking colleagues.

MGT 150—Introduction to Hospitality I ......................... 3 Credits
This course is an introduction to the hospitality industry, with emphasis on the broad spectrum of hospitality organizations and career opportunities.

MGT 160—Introduction to Hospitality II ......................... 3 Credits
This course is an in-depth introduction to hospitality management with an emphasis on the functions of the hospitality manager. It includes the historical and future perspectives of the hospitality industry.

MGT 200—Business and Its Environment ........................ 4 Credits
Nature of business, including economic issues and systems. An overview of the functional areas of business including management, marketing, financial systems, computers, accounting, business law, and careers in business is presented. F

MGT 201—Management Concepts ................................. 4 Credits
This course is an introduction to management with emphasis on the managerial functions, i.e., planning, organizing, staffing, directing and controlling. Also included is an exploration of leadership, motivation, communication, quality control and decision making from both an individual and a group standpoint. F

MGT 203—Human Resource Management ........................ 4 Credits
The study of the various aspects of human resource management with special emphasis on the training of personnel for both private and public organizations. Included in the course is the exploration of selection and recruitment; placement; evaluation techniques; collective bargaining and union/management relations; and compensation management including incentives and benefit packages. F

MGT 205—Marketing in the New Millennium .................... 4 Credits
An overview and analysis of the activities performed by individuals, businesses, and nonprofit organizations that allow for the exchange of goods and services satisfying the needs of major
markets. The course includes the study of controllable and uncontrollable market variables, marketing strategy and consumer behavior. Sp

MGT 206—Organizational Aspects of Supply/Demand 4 Credits
This course covers the foundations of economics-supply and demand and demand theory as well as features and goals of capitalism market systems, national income determinations, and monetary fiscal policy. Sp

MGT 207—Managerial Accounting and Finance 4 Credits
This course focuses on the use of management accounting information and financial accounting information in various business settings. Additionally, the course will focus on accumulation and reporting accounting information. Sp

MGT 208—Training and Development 4 Credits
Underscores the most recently developed training techniques with emphasis on needs assessment; teaching and learning skills; instructional systems design (ISD); and training delivery and evaluation. Su

MGT 209—Interpersonal Communication 4 Credits
An exploration and application of the basic concepts and principles of effective interpersonal and intergroup communication. Emphasis will be on the students’ development of a personal action plan to improve their interpersonal communication skills. Su

MGT 210—Business and its Legal Environment 4 Credits
The exploration of the laws and procedures affecting the legal environment of business including the nature and sources of law; courts and legal procedures; constitutional law; and the law of torts; in particular intellectual properties like copyrights and trademarks. Su

MGT 215—Special Topics in Management I 1-8 Credits
An in-depth analysis of a particular topic, concern or problem as it applies to management. May be used for prior learning assessment with prior approval from the student’s academic advisor.

MGT 220—Special Topics in Management II 1-8 Credits
A continuation or extension of MGT 215.

MGT 225—Resolving Conflict: Negotiating Successful Solutions 4 Credits
In this course the student will gain an understanding of the various types of conflict and the causes of those conflicts. The student will learn different methods of successfully resolving conflict in both interpersonal and group environments. Additionally the student will learn ways to improve negotiation skills and other means of Alternate Dispute Resolution (ADR) available to resolve conflicts and solve problems. Su

MASSAGE THERAPY
(SEE SOMATIC THERAPY)

MATHEMATICS

The State Board of Regents, governing board of Roane State Community College, has endorsed a provision aimed at strengthening mathematics in the System institutions. This provision states that the mathematics course taken to fulfill the requirement for graduation must carry high school prerequisites of two years of algebra and one year of geometry.

DSPM 0700—PreAlgebra 3 Credits
This course stresses basic arithmetic and geometry skills, operations with integers, and solving basic linear equations. Satisfactory completion of this course or other evidence of competencies in these areas is a prerequisite for DSPM 0800-Elementary Algebra. This course does not fulfill the math requirement for graduation. F, Sp, Su
Course Descriptions

DSPM 0800—Elementary Algebra .............................. 3 Credits
This course is designed to provide students basic algebraic skills on a pre-college level. Satisfactory completion of this course or other evidence of competencies in these areas is a prerequisite for DSPM 0850-Intermediate Algebra. This course does not fulfill the math requirement for graduation. F, Sp, Su

DSPM 0850—Intermediate Algebra .............................. 3 Credits
This course is designed to provide students advanced algebraic skills on a pre-college level. Satisfactory completion of this course or other evidence of competencies in these areas is a prerequisite for appropriate college level mathematics courses. This course does not fulfill the math requirement for graduation. F, Sp, Su

The Mathematics Department endorses the TI-86 calculator for ALL math courses.

MATH 0990—Geometry ........................................... 3 Credits
A study of the most used theorems of two- and three-dimensional Euclidean Geometry. Topics include symmetry, congruence, similarity, right triangle relationships, and geometrical modes of thinking in problem solving.
NOTE: This course is required of all students majoring in a transfer program who have not had high school geometry or another advanced high school mathematics course with geometry as a major component and will not fulfill the requirement for graduation.

MATH 1000—Computer Geometry Modeling .................. 3 Credits
Numerical and computer representation of curves and surfaces, solid geometry modeling, and management aspects of geometry data. Cubic-tension B-Splines, Bezier curves/surfaces, graph-based and Boolean models and concepts of constructive application to CFD, CAD, robotics, animation, image processing, and computer graphics. (Prerequisite: Two years high school algebra and/or completion of DSPM 0850).

MATH 1030—Mathematics for the Health Sciences .............. 3 Credits
This course is designed to prepare the allied health student to function in academic and clinical settings with mathematics competence. Topics of study include fractions, fractional equations and formulas, ratios and proportions, apothecaries and metric measurements, dosage calculations, logarithms, and statistics. (Prerequisites: Two years of high school algebra and one year of high school geometry or appropriate developmental mathematics courses) This course does not meet math requirement for AS/AA degree, nor does it carry transfer credit. F, Sp

◆ MATH 1130—College Algebra ................................... 3 Credits
A course in algebraic functions, their properties and uses-equations, inequalities, graphs, systems of linear equations, analytical geometry including ellipse and hyperbola. Applications are in the mathematics of finance as well as the laws of growth and decay in other areas. (Prerequisites: Two years of high school algebra and one year of geometry or appropriate developmental mathematics courses) F, Sp, Su

◆ MATH 1410—Number Concepts/Algebra Structures ............ 3 Credits
This course includes symbolic logic, logical reasoning, history of early numeration systems, set theory with rules of operations and Venn diagrams, relations and functions, the systems of whole numbers, of integers, and of rational numbers. Any student would profit from this course, but it is especially targeted to the education major (elementary and non-math secondary). (Prerequisite: Two years of high school algebra and one year of geometry or appropriate developmental math.) F

◆ MATH 1420—Problem Solving/Geometry ......................... 3 Credits
A continuation of MATH 1410, this course includes elementary number theory, irrational number, basic algebra, interest (simple and compound), elements of plane and solid geometry (especially working with measurements and formulas), the metric system, and basic statistics. (Prerequisites: ◆ MATH1410 or consent of instructor). Sp
MATH 1530—Probability & Statistics (Non-Calculus Based) . . . . . . 3 Credits
An introduction to probability and statistics without calculus. Topics covered include sampling, frequency distribution, elementary probability, hypotheses testing, linear regression and correlation, analysis of variance and non-parametric statistics. A scientific calculator is required. (Prerequisites: Two years of high school algebra and one year of geometry or appropriate developmental mathematics courses) F, Sp, Su

MATH 1630—Finite Mathematics . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Brief review of algebra with emphasis on linear, quadratic, exponential, and logarithmic functions. Correlation, regression, matrix algebra, linear programming, mathematics of finance, and probability. Applications to business and finance. (Prerequisites: Two years of high school algebra and one year of geometry with an ACT of 22 or above or appropriate developmental mathematics and MATH 1130) F

MATH 1720—Trigonometry . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
Analysis of functions of angles, solutions of right and general triangles, graphs of trigonometric functions, identities and formulas, equation-solving techniques, De Moivre’s Theorem, polar coordinates, and exponential and logarithmic functions. A calculus sequence student who is lacking in trigonometry background is strongly advised to take this course before MATH 1910. A calculator with trig and log functions will be needed by the student. (Prerequisites: Two years high school algebra and one year of geometry, or appropriate developmental mathematics and MATH 1130) F, Sp, Su

MATH 1730—Pre-Calculus . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 4 Credits
Designed primarily for students planning to enter the calculus sequence, but who need more mathematical background. Topics include functions and graphing-algebraic, trigonometric, exponential and logarithmic, equations, the binomial theorem, and conics. A calculator with trig and log functions will be needed by the student. (Prerequisites: Two years high school algebra, a year of geometry and a score of 22 or higher on the math component of the ACT or appropriate RSCC courses, e.g. developmental and MATH 1130; regardless of high school background, an ACT of less than 26 on the math component indicates that the student would profit from taking MATH 1730 before calculus.) F, Sp

MATH 1810—Calculus for Business and the Life Sciences I . . . . . . . 3 Credits
A calculus course for students not planning to major in mathematics, engineering, computer science, or the physical sciences. Limits, derivatives of polynomial, exponential, and logarithmic functions, extrema, implicit differentiation, related rates, and applications to Business and the Life Sciences. (Prerequisites: Two years of high school algebra and one year of geometry with an ACT of 24 or above or appropriate developmental mathematics and MATH 1130) F, Sp

MATH 1820—Calculus for Business and the Life Sciences II . . . . . . 3 Credits
A continuation of MATH 1810 for those programs which need multivariable calculus. Methods of integration, differential equations, partial derivatives, multivariable max and min, differentials, and Lagrange multipliers with applications to Business and the Life Sciences. The course includes double and triple integrals and continuous probability functions. (Prerequisite: MATH 1810) Sp

MATH 1910—Calculus I . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 4 Credits
The standard course in single-variable calculus is designed for students of science, engineering, mathematics, and computer science. Topics included are rates of change, limits, continuity, differentiation, integration and applications of the derivative. (Prerequisites: Two years high school algebra, one year of geometry, and one year of advanced math (including trigonometry) plus satisfactory ACT scores of 26 (or equivalent SAT scores) or above on the math component, or MATH 1730) F, Sp

MATH 1920—Calculus II . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 4 Credits
This course includes the differentiation and integration of transcendental functions with applications, additional methods of integration, analytic geometry, and infinite series. (Prerequisite: MATH 1910) Sp, Su
♦ MATH 2000—Matrix Computations ............................. 1 Credit
Introduction to matrix calculations including determinants, eigenvalues and eigenvectors. (Prerequisities: ♦ MATH 1910 or permission of instructor.) Sp

♦ MATH 2010—Matrix Algebra ................................. 3 Credits
A first course in the algebra of simultaneous linear equations and matrices. Includes Gaussian elimination, determinants, vector spaces, linear transformation, eigenvalues, eigenvectors, change of basis, Gram-Schmidt orthonormalization process, and applications. (Prerequisites: ♦ MATH 1910, ♦ MATH 1920 or consent of instructor.) Sp

♦ MATH 2050—Probability and Statistics (Calculus-Based) ........ 3 Credits
This calculus-based course is designed primarily for students of Business and Economics. It includes descriptive statistics, concepts of probability and probability distributions, binomial and normal distributions, linear correlation and regression, estimation and significance tests for means, ANOVA, contingency tables and quality control. A calculator and basic computer abilities are necessary. (Prerequisite: ♦ MATH 1810 or ♦ MATH 1910) Sp

♦ MATH 2100—Discrete Mathematics .............................. 3 Credits
This course is designed for mathematics and computer science majors. It includes symbolic logic, sets, relations and functions. Boolean algebra, combinatorics, and the concept of proof in mathematics and elementary number theory. (Prerequisite: ♦ MATH 1910)

♦ MATH 2110—Calculus III ......................................... 4 Credits
This course is a continuation of the first-year calculus sequence. Topics included are partial differentiation, multiple integrals, polar co-ordinate geometry and parametric equations, 3-D analytical geometry vectors and vector calculus. (Prerequisite: ♦ MATH 1920) F

♦ MATH 2120—Differential Equations ............................. 3 Credits
A study of the solution of ordinary differential equations, first order equations, linear equations of any order, series solutions, applications, Laplace transforms, and Runge-Kutta methods. (Prerequisite: ♦ MATH 1920) Sp

MATH 2700-2710-2720—Independent Study ....................... 2 Credits Each
Independent study in mathematics by qualified students under the supervision of a faculty member. Especially designed to introduce students to techniques of mathematical research. Up to six credit hours can be earned. (Prerequisites: ♦ MATH 1920 and consent of instructor on request and by prior approval of mathematics department)

MATH-SCIENCE

MSC 101—Science Literacy ............................................. 3 Credits
A broad course aimed at giving the student a general understanding of science and technology. The course expects to raise the students understanding of the public issues that involve science.

MSC 102—Survey of Science ......................................... 2 Credits
This course includes items in science as well as topics in astronomy, geology; discusses the nature of energy and matter and recent advances in biology.

MSC 1011—Physical Sciences ....................................... 3 Credits
This course is an introduction to the concepts and methods employed in the discipline of science. The student should obtain a knowledge of the physical sciences sufficient to make informed decisions about physical science issues that are presented in the normal policy creation process. Included in the course are an introduction to the criteria for what a science is and what types of reasoning are considered valid within scientific disciplines; the basic concepts and methodology of physics, chemistry and geology; and applications of the concepts of physical sciences to political, social and economic issues.
MSC 1012—Introduction to Physical Sciences ............... 4 Credits
This is a survey course of the principles of physics and chemistry. Topics from the following areas will be covered: The nature of science, mechanics, energy momentum, sound and light, electricity and magnetism, atomic theory, chemical reactions, nuclear reactions, science and modern life. F

3 hours lecture—2 hours laboratory

MATH-SCIENCE SEMINAR

MSC 261-289 ......................................................... 1-3 Credits
This course is designed to give the student an in-depth study of a particular topic in any one of the math-science disciplines (Biology, Chemistry, Geography, Geology, Math, or Physics).

3 hours lecture—2 hours lab

MEDICAL RECORD TECHNOLOGY

(SEE HEALTH INFORMATION TECHNOLOGY)

MEDICAL TRANSCRIPTION

MDT 102—Medical Terminology .............................. 3 Credits
A study of medical terminology word elements including prefixes, suffixes and root words. Diagnostic, clinical, laboratory, pharmaceutical and surgical terms are also learned as they pertain to each body system. F

3 hours lecture/week

MDT 103—Anatomy Concepts in Medical Transcription .... 2 Credits
A study of basic anatomy and physiology of all body systems. F

2 hours lecture/week

MDT 104—Basic Medical Transcription ....................... 5 Credits
The study of medical transcription practices and procedures according to AAMT guidelines. Transcription practice utilizing dictated medical reports such as office notes, letters, history and physical reports, consultations, operative reports, discharge summaries, x-ray and pathology reports. An introduction to medical ethics is also provided.

14 hours laboratory/week

MDT 105—Medical Transcription Procedures I ............. 1 Credit
Study includes a review of basic grammar and punctuation rules. Course also provides an introduction to medicolegal issues, regulatory agencies and other pertinent health information management issues related to the practice of medical transcription.

MDT 110—Computer Concepts in Medical Transcription .... 1 Credit
A study of computer applications related to the practice of medical transcription to include word processing functions that will enhance productivity. Practice with typing tutorial software to increase speed and accuracy.

MDT 111—Advanced Medical Transcription .................. 5 Credits
Advanced medical transcription with emphasis on speed and accuracy in a variety of types of medical transcription. Sp

15 hours laboratory/week

MDT 112—Clinical Practicum ..................................... 6 Credits
Transcription experience in a medical facility. Sp

16 hours clinical/week
*MDT 114—Medical Transcription Review Seminar I . . . . . . . . . . . . . . 2 Credits
Review of medical terminology, anatomy & physiology, pharmacology, and medical trans-
scription procedures according to the AAMT Book of Style including rules of grammar and
punctuation. (Prerequisite: previous coursework in medical terminology and anatomy & physi-
ology recommended.) F
2 hours lecture

*MDT 115—Medical Transcription Review Seminar II . . . . . . . . . . . . . 2 Credits
Transcription practice of authentic physician dictation in a variety of medical specialties. Tran-
scripts graded according to the AAMT Style Guide. Review of AAMT style guidelines. (Pre-
requisites: Medical transcription experience in hospital clinical information department,
transcription service or equivalent setting; one year minimum is recommended.) Sp
2 hours lecture

*MDT 116—Medical Transcription Review Seminar III . . . . . . . . . . . . 4 Credits
Transcription practice of authentic physician dictation in a variety of medical specialties. Re-
view of AAMT Style Guide rules. Transcripts graded according to the AAMT Style Guide.
Provides advanced medical transcription practice in an effort to enhance transcription skills and
assist less experienced medical transcriptionist in preparation for the practical portion (part II) of
the CMT (certified medical transcriptionist) examination. (Prerequisite: MDT 115) F

*This course does not meet any curriculum requirements for any program, with the exception of
technical requirement for the A.A.S. General Technology program.

MDT 120—Advanced Medical Terminology . . . . . . . . . . . . . . . . . . . . . . 1 Credit
A study of human diseases and associated laboratory, radiological and surgical terminology.
1 hour lecture/week

MDT 125—Pharmacology Concepts in Medical Transcription . . . . . . . 1 Credit
This course will familiarize the student with the trade names and brand names of a variety of
medications, drug classifications and general therapeutic use.
1 hour lecture/week

MDT 1020—Medical Terminology Part A . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
A study of basic elements of a medical word: word roots, suffixes and prefixes. Diagnostic,
clinical, laboratory and surgical terms are also learned in the following body systems: gas-
trointestinal, respiratory, cardiovascular, blood, lymph and immune systems. F
2 hours lecture/week

MDT 1021—Medical Terminology Part B . . . . . . . . . . . . . . . . . . . . . . . . 1 Credit
A study of basic elements of a medical word: word roots, suffixes and prefixes. Diagnostic,
clinical, laboratory, and surgical terms are also learned in the following body systems: muscu-
loskeletal, nervous system, special senses, genitourinary, female reproductive and endocrine,
and integumentary. Sp
1 hour lecture/week

MDT 1030—Anatomy Concepts in Medical Transcription Part A . . . 1 Credit
A study of basic anatomy and physiology of the following: Introduction to the human body;
tissues, glands, and membranes; skin; digestion; respiration; heart; blood vessels and blood
circulation; blood; lymphatic system and immunity. F
1 hour lecture/week

MDT 1031—Anatomy Concepts in Medical Transcription Part B . . . 1 Credit
A study of basic anatomy and physiology of the following body systems: skeletal; muscular,
nervous, sensory, urinary, male and female reproduction and endocrine. Sp
1 hour lecture/week
MDT 1040—Basic Medical Transcription Part A .......................... 3 Credits
Transcription practice utilizing dictated medical records such as histories and physicals, consultations, operative reports, discharge summaries, and x-ray reports in the following specialties; dermatology, gastrointestinal, pulmonary, and cardiovascular. The study of medical transcription practices and procedures according to the American Association for Medical Transcription guidelines. In addition, a limited review of the rules of grammar and punctuation as they pertain to the function of medical transcription is also included. F
9 hours lab practice each week

MDT 1041—Basic Medical Transcription Part B .......................... 2 Credits
Transcription practice utilizing dictated medical records such as office-related notes and letters, histories and physicals, consultations, operative reports, discharge summaries, and x-ray reports. The study of medical transcription practices and procedures according to the American Association for Medical Transcription guidelines. Introduction to medical ethics, medico-legal issues, regulatory agencies as well as other pertinent health information management issues related to the practice of medical transcription is also included. Sp
6 hours lab practice each week

MILITARY SCIENCE

AIR FORCE

MSAF 1010—The Air Force Today I ................................. 1 Credit
This is a survey course that focuses on the organizational structure and missions of the Air Force; officership and professionalism, and includes an introduction to communicative skills. A weekly leadership laboratory consisting of Air Force customs and courtesies, health and physical fitness, and drill and ceremonies is mandatory. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 1030)

MSAF 1020—The Air Force Today II ................................. 1 Credit
This course is a continuation of MSAF 1010 that focuses on the organizational structure and missions of the Air Force; officership and professionalism, and includes an introduction to communicative skills. A weekly leadership laboratory consisting of Air Force customs and courtesies, health and physical fitness, and drill and ceremonies is mandatory. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 1040)

MSAF 1030—Leadership Laboratory I ............................. 1 Credit
Leadership Laboratory includes a study of Air Force customs and courtesies, drills and ceremonies, and giving military commands; instructing, correcting, and evaluating the preceding skills; studying the environment of an Air Force officer; and learning about opportunities available to commissioned officers. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 1040)

MSAF 1040—Leadership Laboratory II ............................. 1 Credit
Leadership Laboratory includes a study of Air Force customs and courtesies, drills and ceremonies, and giving military commands; instructing; correcting, and evaluating the preceding skills; studying the environment of an Air Force officer; and learning about opportunities available to commissioned officers. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 1020)

MSAF 2010—The Development of Air Power I ........................ 1 Credit
This course focuses on factors contributing to the development of air power from its earliest beginnings through two world wars; the evolution of air power concepts and doctrine; and an assessment of communicative skills. A weekly leadership laboratory consisting of Air Force customs and courtesies. Air Force environment, drill and ceremonies, and field training orientation is mandatory. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 2030)
MSAF 2020—The Development of Air Power II .......................... 1 Credit
This course is a continuation of MSAF 2010 that focuses on factors contributing to the development of air power from its earliest beginnings through two world wars; the evolution of air power concepts and doctrine; and an assessment of communicative skills. A weekly leadership laboratory consisting of Air Force customs and courtesies. Air Force environment, drill and ceremonies, and field training orientation is mandatory. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 2040)

MSAF 2030—Leadership Laboratory III ............................. 1 Credit
Leadership Laboratory includes a study of Air Force customs and courtesies, drills and ceremonies, and giving military commands; instructing, correcting, and evaluating the preceding skills; studying the environment of an Air Force officer; and learning about opportunities available to commissioned officers. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 2010)

MSAF 2040—Leadership Laboratory IV ............................. 1 Credit
Leadership Laboratory includes a study of Air Force customs and courtesies, drills, and ceremonies, and giving military commands; instructing, correcting, and evaluating the preceding skills; studying the environment of an Air Force officer; and learning about opportunities available to commissioned officers. On Demand. (Prerequisite: Permission from ROTC program at the University of Tennessee, Knoxville. Corequisite: MSAF 2020)

ARMY

MSAR 101—Foundations of Officership ............................... 2 Credits
Discusses organization and role of the Army. Emphasizes basic life skills pertaining to fitness and communication. Analyzes Army values and expected ethical behavior. Adventure training skills lab introduces land navigation, rifle marksmanship, mountaineering and optional field training exercises.

MSAR 102—Basic Leadership ............................................ 2 Credits
Develops basic skills that underline effective problem solving. Examines factors that influence leader and group effectiveness. Emphasis communication skills to include active listening and feedback techniques. Adventure training skills lab introduces land navigation, rifle marksmanship, mountaineering and optional field training exercises.

MSAR 103—Army ROTC Fitness Program .......................... 1 Credit
Develops individual muscular strength, muscular endurance and cardio-respiratory endurance. Classes are divided into groups based on ability and exercises are geared toward personnel improvement. Primary evaluation is the Army Physical Fitness Test, which consists of pushups, situps and a two-mile run. May be repeated. Maximum 4.

MSAR 200—Leaders’ Training Course ............................... 4 Credits
A 28-day leadership of self, self-confidence, and individual leadership skills. Concentrates on problem solving and critical thinking skills. Emphasizes communication skills such as feedback and conflict resolution. Adventure training skills lab introduces land navigation, rifle marksmanship, mountaineering, and optional field training exercises.

MSAR 201—Individual Leadership Studies ......................... 3 Credits
Develops knowledge of self, self-confidence, individual leadership skills. Concentrates on problem solving and critical thinking skills. Emphasizes communication skills such as feedback and conflict resolution. Adventure training skills lab introduces land navigation, rifle marksmanship, mountaineering, and optional field training exercises.

MSAR—Leadership and Problem Solving ........................... 3 Credits
Focuses on self-development through understanding of self and group processes. Examines leadership through group projects and historical case studies. Adventure training skills lab introduces land navigation, rifle marksmanship, mountaineering, and optional field training exercises. (Prerequisite: MSAR 201 or consent of the professor of Military Science.)
MUSIC

THEORY AND LITERATURE

◆ MUS 1030—Music Appreciation ........................................ 3 Credits
Open to all students who desire a better understanding of music. In this one-semester course, traditional art music will be explored through class lecture as well as weekly listening assignments. Available in lecture, video, and WEB format. F, Sp, Su

◆ MUS 110—Music Theory I (Fall only) ................................. 3 Credits
A study of notation, tonality, intervals, triads, seventh chords and chord progressions leading to a fundamental understanding of harmony in 18th century music. (Prerequisite: Knowledge of music fundamentals.)

MUS 111—Ear Training I .......................................................... 1 Credit
Development and proficiency in identifying intervals, scales, and triads aurally. Ability to vocalize and notate basic melodies, harmonies and rhythms. Should be taken concurrently with ◆ MUS 110, Music Theory I.

MUS 122—Music Theory/Ear Training II ................................. 3 Credits
This course includes the study of standard vocabulary of harmony, part writing, form and analysis of common practice music and the development of proficiency in identifying and notating melodic, harmonic and rhythmic dictation. Must be taken in sequence. (Prerequisites: MUS 110; MUS 111) Sp

◆ MUS 131—Pop Music in America ........................................... 3 Credits
A survey of American music representative of the present day scene, focusing on the evolution of rock music. Open to all students. F, Sp

◆ MUS 140—Fundamentals of Music ........................................ 3 Credits
A beginning study of music, its terminology, and its elements such as notes, scales, intervals, keys, triads, meter and smaller forms. Designed to acquaint the student with notation, the keyboard, sight singing, and ear training. Open to all students.

MUS 212—Music Theory/Ear Training III ............................... 3 Credits
This course includes a study of tonization, modulation, chromatic harmony, chord progressions, part writing, form and analysis leading to an understanding of harmony and melody in 19th century music and the development of aural listening skills and proficiency in identifying intervals, compound intervals, all scales, modes and chords. Students will display the ability to vocalize and notate complex melodies, harmonies, and rhythms. Must be taken in sequence. (Prerequisites: MUS 122) F

MUS 213—Intro to Digital Music ............................................. 3 Credits
Introduction to the use of computer technology in music notation, recording and editing. Course investigates MIDI technology, sequencing and audio recording. While some musical knowledge is a plus, creativity will suffice.

◆ MUS 220—Music Theory IV (Spring only) ............................ 3 Credits
Study of modulation, chromatic harmonies, 20th century harmonies, and other harmonic procedures since the common practice period. Must be taken in sequence. (Prerequisites: Music Theory I and II.)

MUS 221—Theory Practicum IV (Spring only) ....................... 1 Credit
Development of proficiency in identifying and notating complex melodic, harmonic, and rhythmic dictation. Must be taken in sequence. Should be taken concurrently with ◆ MUS 220, Music Theory IV.

◆ MUS 230—Introduction to Music Literature I ....................... 3 Credits
Study of music in Western civilization from antiquity through the Baroque era. Students learn through class lecture, listening assignments, concert attendance, and performance of representative literature. Offered for non-music majors who can read music; required for music majors. Offered only in alternate Fall semesters.
MUS 231—Music History Survey .............................. 3 Credits
Study of music in western civilization from antiquity through 20th century. Students learn through class lecture, listening assignments, concert attendance, and performance of representative literature. Offered for non-music majors who can read music; required for music majors.

♦ MUS 240—Introduction to Music Literature II .............. 3 Credits
A continuation of ♦ MUS 230, Introduction to Music Literature I, covering the Classic era through 20th century. Offered for non-music majors who can read music; required for music majors. Offered only in alternate Spring semesters.

♦ MUS 250—Choral Conducting ............................... 3 Credits
Study of choral conducting techniques; and management of church, school and community choral groups both vocally and organizationally. Offered for both music majors and non-music majors. Students should be able to read music. Sp

APPLIED MUSIC: ENSEMBLES

Non-music majors are invited to participate in any of the music ensembles. Auditions are required only for MUS 113—Celebration; all other ensembles are open to all students. All ensembles may be repeated for credit but cannot be repeated to replace a failing grade.

MUS 112—Roane State Concert Choir ............................. 1 Credit
Performs a variety of music, from pop to major choral works and selections from standard choral literature. Meets three hours per week. May be repeated for credit. Open to all students.

MUS 113—Celebration .......................................... 1 Credit
A contemporary show choir. Meets four hours per week and begins one week prior to the beginning of fall semester. Students accepted into Celebration are expected to participate in the class both fall and spring semester of the academic year. May be repeated for credit. Admission by audition only. (Auditions are held each spring for the following year.)

MUS 114—Celebration Choreography ......................... 1 Credit
Meets two hours per week and begins one week prior to the beginning of fall semester. Student accepted into Celebration are expected to participate in the class both fall and spring semesters of the academic year.

MUS 115—Small Instrumental Ensembles .................... 1 Credit
String, brass, and woodwind ensembles will rehearse three hours per week and perform three times during a semester. Classical literature for standard instrumentations will be emphasized. Rehearsal times arranged according to students’ schedules. Assignment of groups to be determined by instructor. F, Sp

MUS 116—Concert Band ........................................ 1 Credit
Performs traditional and contemporary wind ensemble literature. Open to all qualified students. Meets three hours per week. Open to all students who play band instruments. F, Sp

MUS 117—Jazz Band ............................................ 1 Credit
Performs arrangements for jazz in contemporary and jazz-rock styles. Performances regularly scheduled off-campus, as well as for student body. Meets two hours per week. No audition is required. May be repeated for credit.

MUS 118—Gospel Choir ........................................ 1 Credit
Perform traditional and contemporary gospel music designed for students who enjoy singing gospel music. Emphasis is placed upon public performances. Meets three hours per week. May be repeated for credit. Open to all students.

MUS 119—Women’s Choir ..................................... 1 Credit
Vocal ensemble consisting of female students. Performs a variety of choral literature specifically designed for the female voice. Ensemble will perform a minimum of three times per semester. May be repeated for credit but not to replace a failing grade. Meets on the Oak Ridge campus.
APPLIED MUSIC: CLASS INSTRUCTION

Class piano or class voice is offered for music major and non-music majors who wish to begin or continue basic instruction in these areas. May be repeated for credit.

MUS 101—Voice Class I ........................................ 1 Credit
Group instruction in basic vocal techniques, focusing on vocal styles of the 20th century. Class meets twice per week.

MUS 102—Voice Class II ........................................ 1 Credit
Continuation of group instruction in voice, focusing on performance skills and stage presence. Class meets twice per week.

MUS 103—Class Piano I ........................................ 1 Credit
Group instruction in basic keyboard technique for students with little or no prior training in piano, or for music majors preparing for a piano proficiency exam.

MUS 104—Class Piano II ........................................ 1 Credit
Group instruction in basic keyboard technique for students with little prior training in piano, or for music majors preparing for a piano proficiency examination. Electronic pianos will be used. Class meets twice weekly. Daily practice required. Should be taken in sequence.

MUS 108—Contemporary Guitar Class .......................... 1 Credit
Group instruction in basic skills of guitar, focusing on contemporary and folk music. Class meets twice weekly.

MUS 200-209—Music Seminar .................................. 1-3 Credits
This course is designed for those students who are interested in pursuing an in-depth study of some particular music area.

APPLIED MUSIC: INDIVIDUAL INSTRUCTION

Private lessons in voice, organ, piano, or other instruments may be taken each semester for one or two semester hours credit. Any student may take private lessons. Scheduling preferences will be given to full-time music majors. Students receive 25 minutes of private instruction per week per semester hour of credit. Any student may take applied music instruction in a minor area. Repeatable each semester for credit but may not be repeated to replace a failing grade.

A recital is required for music majors in their applied major field during their second year of study. All students taking applied music are required to attend all solo classes and other selected performances. The music department reserves the right to request qualified students to participate in recitals and other musical programs for the benefit of the college and the community. A minimum of 10 hours of practice per week is required of students in their major area of concentration. Five hours of practice per week is required of all others.

MUS 010—Solo Class .............................................. No Credit
Performance opportunity for all students enrolled in Individual Instruction. Required of all students enrolled for two hours credit in Individual Instruction, and for Music and Music Education Option Students each semester. Solo class is also for students with a music scholarship.

MUS 020—Recital .................................................. No Credit
Required of all Music and Music Education majors in their performance area with permission and recommendation of applied instructor. Should be registered for the last semester before graduation.

MUS 105—Accompanying .......................................... 1 Credit
Accompany voice lessons, ensembles, and recitals in order to learn the fundamentals of accompanying. Two voice students assigned per semester hour. Admittance by audition.
MUS 106—Accompanying .......................... 2 Credits
Students with acceptable piano proficiency accompany voice lessons, ensembles, and/or recitals. Two voice students assigned per credit hour. Admission by audition. May be repeated for credit. (Students enrolled in MUS 105 or MUS 106 are eligible for scholarship awards.)

Each of the following courses may be repeated for credit. The course number identifies the type of college credit, instrument, and credit hours. Students registering for any of the following courses should contact the instructor to schedule the lessons.

NURSING

NSG 105—Foundations for Nursing Practice ......................... 10 Credits
Introduction to the nursing process as it is applied to individuals at various stages throughout the life cycle. Content areas will include the role of nursing in health care delivery; basic human needs; legal and ethical considerations; the nursing process; therapeutic communication; vital signs; physical assessment; promotion of comfort; safety; hazards of immobility; infection control; wound care; medication administration; elimination; oxygenation; perioperative care; sensory alterations; sleep; nutrition; stress; psychosocial, cultural, and family factors in health care; loss, death, and grief. (Prerequisites or corequisites: ♦ BIOL 2010; corequisite: NSG 118) F

6 hours lecture—6 hours clinical—6 hours laboratory

NSG 107—Care of the Childbearing Family .......................... 4 Credits
Students will continue to apply the nursing process to care of the child-bearing family. Content areas include patient education; family planning; conception & fetal development; pregnancy; fetal assessment; labor & delivery; postpartum care; care of the newborn; maternal-infant nutrition; and care of the high-risk child-bearing family. (Prerequisites: BIOL 2010, NSG 105 and NSG 118; corequisites: ♦ BIOL 2020, NSG 109, plus NSG 126 for LPNs) Sp

3 hours lecture—6 hours clinical for 1/2 semester

NSG 109—Adult and Child Health I ................................. 6 Credits
This course introduces the student to pediatric and adult medical-surgical concepts within the framework of the nursing process. Emphasis is placed on pathophysiologic disturbances and related nursing skills. Content includes fluids and electrolytes; communicable diseases; orthopedic, EENT, autoimmune, oncologic and hematologic disorders; and dysfunctions of the integumentary, and reproductive systems. (Prerequisites or corequisites for LPNs: NSG 105 and NSG 118; corequisites: ♦ BIOL 2020 and NSG 107) Sp

3 hours lecture—6 hours clinical—6 hours laboratory for 1/2 semester

NSG 115—Fundamentals of Nursing ................................. 10 Credits
(Prerequisite: Admission to LPN Mobility Program)

NSG 118—Pharmacology ............................................. 3 Credits
This course will introduce the student to drug standards and legislation pertaining to drug therapy; drug preparations; basic principles of drug action; application of the nursing process in drug therapy; pediatric and geriatric implications in drug therapy; distribution systems; drug orders; mathematical principles related to drug preparation and administration; routes of drug administration; drug classifications; basic mechanisms of action, therapeutic applications, and nursing implications. (Prerequisite: Admission into Nursing Program; corequisite: NSG 105) F
NSG 126—Pharmacology in Nursing .......................... 3 Credits
Includes all content in NSG 118. (Prerequisites: ♦ BIOL 2010) (Corequisites: ♦ BIOL 2020, NSG 107, 109) Sp

NSG 210—Adult and Child Health II ......................... 10 Credits
A continuation of Adult and Child Health I. This course increases the pathophysiologic knowledge base in pediatric and adult medical-surgical health care within the framework of the nursing process. Content areas include the care of clients with cardiovascular, respiratory, renal, neurologic, endocrine, and gastrointestinal system dysfunctions. (Prerequisites: ♦ BIOL 2010, 2020, 2230, NSG 109) F
6 hours lecture—12 hours clinical

NSG 212—Psychosocial Nursing ............................ 4 Credits
This course focuses on the psychosocial needs of individuals of differing age groups at varying points on the mental health continuum. Multiple theoretical models are presented as the scientific bases for the implementation of the nursing process. (Prerequisites: NSG 210) Sp
3 hours lecture—6 hours clinical for 1/2 semester

NSG 215—Transitions to Nursing Practice .................. 4 Credits
A seminar course which focuses on exploration of nursing roles, organizational approaches to the delivery of nursing care, client and organizational management, and contemporary issues in nursing and health care. Clinical experiences focus on refinement of advanced nursing skills. (Prerequisite: NSG 210) Sp
2.7 class hours/week—60 hours clinical/semester

NSG 1051—Foundations for Nursing Practice-Part A* ........ 5 Credits
Introduction to the nursing process as it is applied to individuals at various stages throughout the life cycle. Content areas will include the role of nursing in health care delivery; basic human needs; legal and ethical considerations; the nursing process; therapeutic communication; vital signs; physical assessment and promotion of comfort. (Prerequisite or Corequisite: BIO 2010; Corequisite: NSG 118) F
3 hours lecture—6 hours laboratory

NSG 1052—Foundations for Nursing Practice-Part B* ........ 5 Credits
This course content includes safety; hazards of immobility, infection control; wound care; medication administration; elimination; oxygenation; perioperative care; sensory alterations; sleep; nutrition; stress; psychological, cultural, and family factors in health care; loss, death and grief. (Prerequisites: BIO 2010, NSG 118, NSG 1051) (Corequisite: BIOL 2020) Sp
4 hours clinical last 6 weeks plus 6 hours clinical entire semester

NSG 2101—Adult and Child Health II-Part A* ............... 5 Credits
This course increases the pathophysiologic knowledge base in pediatric and adult medical-surgical health care within the framework of the nursing process. Content areas include the care of clients with cardiovascular and respiratory system dysfunctions. (Prerequisite: NSG 107, 109, 212 and BIOL 2230) F
3 hours lecture—4 hours laboratory first 7 weeks
8 hours clinical entire semester with
8 hours clinical half semester

NSG 2102—Adult and Child Health II-Part B* ............... 5 Credits
This course increases the pathophysiologic knowledge base in pediatric and adult medical-surgical health care within the framework of the nursing process. Content areas include the care of clients with renal, endocrine, and gastrointestinal system dysfunctions. (Prerequisite: NSG 2101) Sp
3 hours lecture—8 hours clinical first 4 weeks

*Course is split into 2 semesters for part-time program.
OFFICE ADMINISTRATION

OAD 100—Keyboarding for the Computer .......................... 1 Credit
A software-based computer course designed for individuals with no prior keyboarding experience; develops touch mastery needed for information input; emphasis is on speed and accuracy. A pass-fail grading system will be used with 25 words a minute required. Note: This course will not be accepted as part of the Office Administration degree. F, Sp, Su

OAD 101—Keyboarding and Formatting ............................... 3 Credits
Students will use computers and keyboarding software to develop proper techniques of touch keyboarding and will be introduced to basic formatting techniques using MSWord 2002 software. Speed, accuracy and control are emphasized in developing touch mastery for alphabetic, numeric and symbol information input. F, Sp

OAD 102—Document Processing ....................................... 3 Credits
This course covers the intermediate principles and techniques of document processing using computers and MSWord 2002 software. Emphasis is placed upon planning and organizing a range of business communications and upon meeting production standards essential to the operation of modern offices. (Prerequisite: OAD 101) F, Sp

OAD 105—Business Communications ............................... 3 Credits
This course focuses on the fundamentals of English-parts of speech, word usage, punctuation, capitalization, abbreviations, numbers, spelling, proofreading, and editing. Marketing portfolio preparation, composing different types of business correspondence, and presenting information are emphasized. F

OAD 201—Administrative Office Management .................... 3 Credits
This course is an integration of in-depth discussion and practical applications of administrative support systems and procedures for the office professional in making contributions to the managerial functions of the electronic office. Sp

OAD 203—Business Writing ............................................ 3 Credits
This course is a study of the principles of business communications and skills necessary to communicate effectively in the complex and ever-changing contemporary business environment; emphasis is placed on the mechanics of writing letters, memoranda, reports, executive summaries, proposals, and other correspondence; a secondary emphasis is on oral presentations, listening, nonverbal and international communications. (Pre- or corequisites: ENGL 1010 or OAD 105) Sp

OAD 204—Information and Document Control ................... 3 Credits
This course covers the flow of paper and electronic documents through the information processing cycle, from creation to distribution, retention and destruction. The Internet and MSWord will be used for gathering information and creating documents. MSAccess will be used for records management projects. Study will include records inventory, retention and destruction schedules, security tactics and disaster recovery plans. (Prerequisite: OAD 101) Sp

OAD 205—Integrated Applications ................................. 3 Credits
Computers and Microsoft XP software are used in this course that emphasizes productivity and mastery of integrating MSWord, Excel, PowerPoint and Access. Simulated office situations and a variety of activities are included. (Prerequisite: OAD 102) F, Sp

OAD 211-215—Seminar in Office Administration .............. 1-3 Credits
An updating or analysis of a particular topic, concern, or problem in office administration. May include courses in preparation for the CPS exam and/or recertification.

OAD 250—Work Experience (Office Central) .................... 3 Credits
Practical application of office skills is achieved through serving in each of the positions in the model office under the supervision of the instructor. Projects from the college staff as well as local small businesses will be completed for actual work experience. (Prerequisite: OAD 101) F, Sp
OCCUPATIONAL THERAPY ASSISTANT

All OTA courses are required to be taken in sequence, as listed in the degree checklist. Admission to the program is required prior to taking OTA course with the exception of OTA 104.

OTA 102—Introduction to Occupational Therapy ................. 2 Credits
An introduction to the health care system and to the profession of occupational therapy. Included are the history and philosophical base of the profession and its personnel, an overview of medical terminology, application of learning style, and an orientation to ethics. F
  2 hours lecture/week

OTA 104—Rehabilitation Communication ......................... 2 Credits
This course includes information on written and oral communication used by rehabilitation professionals. Included are medical terminology, a study of the patient medical record, patient documentation, and use of focused professional literature to write abstracts and perform medical literature reviews. Emphasis will be on practical use of medical terminology and the medical documentation. Course prerequisite: ENG 101. F
  2 hours lecture

OTA 107—Therapeutic Activities ................................. 3 Credits
Analysis and performance of a variety of media emphasizing the concept of activity as therapeutic. Students will learn the grading and adaptation of selected activities and have the opportunity to order supplies, learn safety and maintenance of equipment, and to teach activities. F
  2 hours lecture—3 hours laboratory/week

OTA 110—Theory and Treatment of Psychosocial Dysfunction ...... 5 Credits
Description of psychosocial dysfunctions commonly treated in occupational therapy. Theories of occupational therapy treatment will be explored and students will practice a variety of techniques used in identifying and treating psychosocial disorders. Sp
  4 hours lecture—3 hours laboratory/week

OTA 115—Level I Psychosocial Fieldwork ......................... 2 Credits
Directed observation and participation in either psychosocial or community setting to learn the clinical application of occupational therapy principles and techniques. Sp
  15 hours lecture—40 hours clinical fieldwork

OTA 117—Neurological Theory and Treatment ..................... 4 Credits
Student will review basic neuroanatomy, neurophysiology and learn pathologies commonly seen in OT. Students will apply treatment principles in lab. Sp
  3 hours lecture—3 hours laboratory

OTA 209—Theory and Treatment of PAMs .......................... 3 Credits
This course will familiarize students with commonly used electrical stimulation, thermal and mechanical agents. The student will learn theory and application as well as how to integrate these PAMs into occupational therapy intervention plans. Use of PAMs as an adjunct to therapy or in preparation for purposeful activity will be addressed. (This is an OTA elective course and does not count toward degree requirements.) F, Sp
  3 hours lecture/lab combination

OTA 210—Theory and Treatment of Physical Dysfunction .......... 5 Credits
The student will learn about physical pathologies and disabilities commonly seen in occupational therapy as well as current treatment techniques and methods. Treatment applications and rationale will be explored in lecture and laboratory with simulated treatment practice. F
  4 hours lecture—3 hours laboratory/week

OTA 212—Occupational Therapy Practice Management ............ 2 Credits
Basic knowledge of the responsibilities of an OT department and in the health care setting. Planning and management of activity service is included. Current topics and issues in OT practice as well as the changing role from student to employee are explored. F
  2 hours lecture/semester
Course Descriptions

OTA 213—Clinical Application of Electrical and Thermal Modalities . . . . 1 Credit
Supervised clinical application of various physical agent modalities in approved setting. Minimum of 15 patient treatments. (This is an OTA elective course and does not count toward degree requirements). (Prerequisite or corequisite: OTA 209) F, SP

OTA 216—Pediatric Theory and Treatment .......................... 5 Credits
Descriptions of commonly treated disorders in children and developmentally disabled individuals. Occupational therapy treatment techniques, rationale and application are presented. Laboratory experience will include basic treatment skills and simulated treatment practice using purposeful activities. F
4 hours lecture—3 hours laboratory

OTA 217—Level I Physical Disability Fieldwork ........................ 2 Credits
Students will participate in occupational therapy treatment of clients with physical dysfunctions in clinical setting. F
15 hours lecture—40 hours clinical fieldwork

OTA 221—Life Development Fieldwork II ............................ 7 Credits
Supervised fieldwork in an approved mental health, community, educational, early intervention, work hardening, or other appropriate setting. Spring or summer, 8 weeks, full time. (Prerequisite: All required coursework must be completed.) Sp or Su
320 total hours

OTA 226—Medically Based Fieldwork II ............................ 7 Credits
Supervised fieldwork in an approved medically based setting. (Prerequisite: all required coursework must be completed.) Spring, eight weeks, full time.
320 total hours

OTA 227—Optional Fieldwork ........................................... 3 Credits
Level II fieldwork in a specialized setting. This is an OTA elective course, and does not count towards degree requirements. 40 hours/week clinical fieldwork (3-6 weeks). Sp

OPTICIANRY

OPT 101—Introduction to Opticianry ................................. 5 Credits
A general overview of the field of Opticianry, intended to provide the student with a broad base for more advanced study. Included is the history of Opticianry, the visual sense, basic geometric optics, normal and abnormal vision, lens theory and design, frame design and principles of decentration, government regulations and licensure, as well as an introduction to the ophthalmic dispensing clinic.
4 hours lecture—3 hours clinic

OPT 110—Ophthalmic Dispensing I ................................. 4 Credits
A continuation of Introduction to Opticianry to include frame fit and adjustment, prescription analysis, visual acuity, resolving prisms, influence of vertex distance on prescription, and introduction to presbyopia.
3 hours lecture—3 hours clinic

OPT 120—Ophthalmic Materials I ................................. 4 Credits
This course is designed to introduce the student to the most commonly used ophthalmic devices, and the physical make-up of these devices. This includes single vision lenses, spectacle frames, and bifocal lenses, with special emphasis on how these devices are produced. Also included is an introduction to fabrication of lenses, developing a basis for layout, blocking, grinding, and verification procedures.
3 hours lecture—3 hours laboratory

OPT 123—Geometric Optics for Opticians .......................... 3 Credits
Surveys basic elements of geometric optics. Explores the basic theories of light, the electromagnetic spectrum, shadows and pinhole cameras, refraction at a plane surface, critical angle and internal reflection, lateral shift, apparent depth, prisms, mirrors, thin lenses and image formation. Emphasizes ray tracing and calculations. (Prerequisite: ♦ MATH 1110). Sp
Combination lecture/lab (4 hours/week)
OPT 130—Contact Lenses I ........................................... 4 Credits
An introduction to the fitting of contact lenses, following the history of contact and the development of new contact lens materials. Advantages and disadvantages of these materials are outlined, as well as indications and contra-indications to contact lens wear. Emphasis is placed on the optical principles behind contact lens correction, and the introduction of basic skills with related instrumentation.

3 hours lecture—3 hours laboratory

OPT 140—Practicum .............................................. 3 Credits
Supervised fieldwork in a retail dispensary under a licensed optician, optometrist, or ophthalmologist.
120 total hours

OPT 143—Anatomy and Physiology of the Eye .................. 5 Credits
A detailed study of the structures and functions of the eye and its adnexa, as well as an overview of common ocular pathologies.

5 hours lecture

OPT 210—Ophthalmic Dispensing II ............................. 5 Credits
A continuation of Ophthalmic Dispensing I to include the optical properties of spectacle lenses and their relationship to the patient’s refractive error, the spectacle management of presbyopia, the spectacle management of high power prescriptions and prescription analysis.

4 hours lecture—3 hours clinic

OPT 220—Ophthalmic Materials II ............................. 5 Credits
A continuation of Ophthalmic Materials I, stressing: multifocal lenses - bifocals, trifocals, occupational, blended and progressives. Increased hands-on experience with lens edging, including insertion, removal, and bench adjustment of spectacles. ANSI standards applied to all lab work.

4 hours lecture—3 hours laboratory

OPT 230—Contact Lenses II ...................................... 5 Credits
Continuation of Contact Lenses I with increased attention to lens selection and design. Fitting philosophies of hydrogel and gas permeable contact lenses are put into practice, and follow-up care is stressed. Insertion, removal, and diagnostic skills are increased.

4 hours lecture—3 hours laboratory

OPT 260—Ophthalmic Dispensing III ........................... 5 Credits
A continuation of Ophthalmic Dispensing II to include advanced prescription analysis, clinical astigmatism, fashion spectacle dispensing, aniseikonia, low vision care, clinical types of hyperopia, ocular injuries and emergencies, visual field anomalies, orthoptics, prosthetic eyes, ophthalmic instrumentation, and theory of refraction.

4 hours lecture—3 hours clinic

OPT 270—Ophthalmic Materials III ............................ 4 Credits
A continuation of Ophthalmic Materials II to include cataract eyewear, glass lens tempering, high minus lens designs/materials, and a variety of specialty lenses. Practice management including: ordering, inventory, duty to warn, equipment maintenance, semantics and salesmanship. Licensed professional responsibilities are presented, along with the latest trends (fashion, technological breakthroughs). Advanced spectacle fabrication in the lab, to include: semirimless mounts, various repairs, progressive lenses, bifocal projects, and prism Rxs.

3 hours lecture—3 hours laboratory

OPT 280—Contact Lenses III ..................................... 4 Credits
Continuation of Contact Lenses II, dealing mainly with special fitting problems and special lens designs. Practice management techniques are included, as well as continued use of all needed instrumentation.

3 hours lecture—3 hours laboratory
PHILOSOPHY

◆ PHIL 111—Elementary Logic ................................................. 3 Credits
Study of the principles of reasoning, deductive and inductive fundamentals, and the use of logic as a practical tool for critical thinking.

◆ PHIL 121—Elementary Ethics .................................................. 3 Credits
Critical analysis of the principal ethical theories and their application to the problems of life.

◆ PHIL 130-150—Philosophy Seminar ........................................... 1-3 Credits
Designed to give students an in-depth study of a particular topic in contemporary branches of philosophy, including PHIL 130-History of God in Judaism, Christianity and Islam; PHIL 131 (Book of Revelation) and a proposed PHIL 132 (Book of Genesis).

◆ PHIL 201—Introduction to Religions of the World ......................... 3 Credits
Introduction to the study of religion through selected historical traditions, East and West.

◆ PHIL 231—Medical Ethics ....................................................... 3 Credits
Deals with ethical issues in allied health fields such as abortion, euthanasia, patient-professional relationships, allocation of medical resources, genetic engineering, and related topics.

◆ PHIL 1030—Introduction to Philosophy ....................................... 3 Credits
A study of problems that confront humans as they deal with knowledge and the nature of the world and their interaction with it.

PHYSICAL EDUCATION

The goal of RSCC’s wellness-related physical education classes is to optimize the quality of life for all students. The classes are designed to teach students ways to reduce their risks of disease while improving their levels of fitness.

PHED activity classes meet twice a week for the entire semester, with the exception of the video course. Challenge exams and/or credit by proficiency exams are NOT given for PHED activity classes.

◆ PHED 1060—Judo I ................................................................. 1 Credit
This course is a U.S. Judo Association accredited class that covers the requirements for one belt (kyu) certification and advancement. You will learn the throws, techniques of control, immobilizations on the ground, bending and locking joints, and the language of the art forms used in the course.

PHED 1070—Judo II ................................................................. 1 Credit
This course will demonstrate the techniques and movements utilized in Judo, an ancient, non-violent, defensive martial art. The course will also explore the underlying philosophy and terminology of Judo.

PHED 1080—Jujiitsu ................................................................. 1 Credit
This course will demonstrate the techniques and movements utilized in Jujiitsu, an ancient form of self-defense that originated in Japan. The course will also explore Jujiitsu’s underlying philosophy and terminology. Optional addition: Jujiitsu was designed to turn the force of an opponent’s attack against him, throw an attacker off-balance, topple the opponent, and immobilize him after getting him on the ground.

◆ PHED 1100—Fitness Walking .................................................... 1 Credit
Proper techniques for walking for fitness. Emphasis on health benefits of walking.

◆ PHED 1120—Slimnastics ........................................................... 1 Credit
For those interested in losing body fat and improving physical fitness.

◆ PHED 1130—Aerobics ............................................................. 1 Credit
A continuation of slimnastics, emphasizing cardiorespiratory endurance and changes in the body composition.
PHED 1170—Basketball ............................... 1 Credit
Practice of fundamentals as well as the various types of play.

PHED 1180—Bowling ............................... 1 Credit
Proper selection of equipment, correct method of approach and release of the bowling ball, and scoring. A fee will be charged for facility and equipment rental. F, Sp

PHED 1210—Golf ........................................ 1 Credit
Acquaintance of the beginning player with correct swing, selection and use of the various clubs, and fundamentals.

PHED 1300—Weight Training ......................... 1 Credit
An introduction to the proper techniques and practices of weight training.

PHED 1310—Marksmanship and Firearms Safety .................. 1 Credit
Training in safe and efficient use of small bore rifles for pleasure. Shooting practice with .22 caliber rifles. Emphasis on safety to protect all students involved. As needed.

PHED 1320—Racquetball ............................. 1 Credit
Instruction and practice in racquetball fundamentals. A fee will be charged for facility use.

PHED 1330—Softball ................................. 1 Credit
Instruction and practice in the fundamentals of catching, batting, and backing up other positions. Rules and strategies.

PHED 1340—Tennis ................................. 1 Credit
Instruction and practice in the development of basic strokes, rules, and terminology, with emphasis on learning to play singles and doubles.

PHED 1350—Volleyball ............................... 1 Credit
Fundamentals, rules, and strategy of play.

PHED 1360—Skiing ....................................... 1 Credit
Instruction and practice for the development of skiing skills. Class will be held at Ober-Gatlinburg on four sessions. A fee for facility use, ski rental, lift tickets, and insurance will be charged for this activity.

PHED 1380—Fitness for Living I ...................... 1 Credit
An individual total fitness program which encompasses these health related components for physical activity: cardiorespiratory endurance, muscular endurance, muscular strength, flexibility and body composition. There will be an additional emphasis on the development of a healthy, well-balanced nutrition plan.

PHED 1390—Fitness for Living II ..................... 1 Credit
A continuation of PED 138 (Prerequisite: PED 138).

PHED 1400—Fitness for Living III ..................... 1 Credit
An individual fitness program which encompasses these health related components for physical activity: cardio respiratory endurance, muscular endurance, muscular strength, flexibility and body composition. There will be additional emphasis on the development of programs focusing on healthy backs and becoming a smart health consumer.

PHED 1410—Fitness for Living IV ..................... 1 Credit
An individual fitness program which encompasses cardio respiratory endurance, muscular endurance, muscular strength, flexibility and body composition.

PHED 1750—Concept of Wellness ...................... 2 Credits
A course that emphasizes a six-dimensional model of wellness (physical, emotional, occupational, social, spiritual, and intellectual). This course will stress the importance of creating a balance of these dimensions that make up our daily lives. This course will fulfill requirements of one physical education activity course.
PHED 2050—Recreational Hiking ............................... 2 Credits
Instruction and experience in hiking for exercise and recreational enjoyment: Fundamentals of hiking, safety concerns, preparation and planning, and use of trail maps. Prerequisite: P.E. Fitness Walking or permission of instructor. (Counts as only one hour toward PE requirement.)
1 hour lecture/2 hours activity

PHED 2310—Wilderness Camping ............................ 3 Credits
A course designed to inform the novice through the experienced outdoors-person on the latest equipment, techniques, and clothing for safe hiking and camping. Students may apply this course toward one of the required physical education activity courses.

PHED 2510—Swimming ........................................... 1 Credit
Training for beginners in swimming, emphasizing recreational swimming. A special fee will be charged for this course based on facility rental charges.

PHED 2550—Rowing ............................................... 1 Credit
Fundamentals of rowing, including proper technique, safety, physical fitness, terminology, and recreational aspects of rowing.

PHYSICAL THERAPIST ASSISTANT

ALL PTA COURSES MUST BE TAKEN IN APPROPRIATE SEQUENCE, AS LISTED IN THE DEGREE CHECKLIST. ADMISSION TO THE PTA PROGRAM IS REQUIRED PRIOR TO TAKING ANY PTA COURSES.

PTA 102—Introduction to Physical Therapy .................... 2 Credits
This is a web course that introduces the student to the profession of physical therapy and the concepts of the total patient. Current issues in health care that impact physical therapy are investigated. It provides information about the role of the physical therapist assistant in terms of professional, legal and ethical standards. It also provides an introduction to the concepts of disability, cultural diversity and ethical decision-making. Part of this class requires the student to complete 12 hours of observation in a physical therapy setting under the supervision of a registered PT or PTA. This experience will be documented and satisfy one of the course requirements as well as serving as one of the admissions criteria. Open to all students. F, SP
Includes 12 hours of clinical observation

PTA 121—Kinesiology ............................................ 3 Credits
This course presents the basic concept of kinesiology. The perspective taken in studying this subject is from that of a physical therapist assistant. A good understanding of musculoskeletal anatomy will be reinforced and the neurological connection addressed. Emphasis is placed on normal motion and movement patterns, especially as they apply to physical rehabilitation. Biomechanical principles and the functional aspects of the musculoskeletal system are introduced. The course includes an introduction to posture, normal and pathological gait, goniometry and MMT. (Prerequisites: BIO 231, BIO 232 and acceptance into the PTA program). F
2 hours lecture—3 hours laboratory

PTA 141—Patient Care Techniques ............................ 4 Credits
This course introduces the student to basic skills necessary for assessment and safe care of the patient and teaches the theory and techniques of basic patient care procedures. F
2 hours lecture—6 hours laboratory

PTA 145—Terminology for Medical Communication .......... 2 Credits
This is a web course that allows the student to use a combination of learning tools to gain a sound background in medical terminology. This will allow the student to communicate effectively with other health professionals.
PTA 151—Therapeutic Modalities ................................. 5 Credits
This course discusses the general principles of therapeutic heat, cold, electricity, light, massage, intermittent compression, hydrotherapy, pool therapy and traction. The physiologic effects, indications, contraindications and appropriate application of numerous modalities are presented. F
3 hours lecture—6 hours laboratory

PTA 214—Treatment of Medical/Surgical Conditions ..................... 3 Credits
This course introduces the student to common medical and surgical conditions and their management. Sp
3 hours lecture

PTA 235—Advanced Physical Therapy Procedures I ....................... 6 Credits
This course introduces the student to the fundamentals of therapeutic exercise. Rehabilitation concepts and procedures are discussed and practiced in terms of goals, indications, contraindications, progression, modifications, adaptations and documentation per patient status. Treatment of common orthopedic conditions, cardiovascular conditions and amputations are also presented. Sp
4 hours lecture—6 hours laboratory

PTA 236—Advanced Physical Therapy Procedures II ....................... 6 Credits
This course introduces the student to the fundamentals of motor retraining in the adult and pediatric patient with neurological damage. Study of normal/abnormal movement, developmental sequence of gross and fine motor skills and motor skill acquisition across the life span are included. Treatment of common neurological, respiratory and ob/gyn conditions are presented. Rehabilitation concepts and procedures are discussed and practiced in terms of goals, indications, contraindications, progression, modifications, adaptations and documentation per patient status. Sp
4 hours lecture—6 hours laboratory

PTA 238—Clinical Preparation I ........................................... 3 Credits
This course prepares the PTA student for his/her clinical experiences and entry into the field as a physical therapist assistant. The student will begin to develop the concept of comprehensive patient care with mock clinic assignments. As an assistant to the Fitness Lab instructor and PTA faculty, the student will develop his/her skill as a PTA in the areas of wellness and prevention. The last four Fridays of the semester the student will participate in an integrated clinical affiliation. F
2 hours lecture—32 hours clinic

PTA 239—Clinical Preparation II .......................................... 2 Credits
This course continues to prepare the PTA student for his/her clinical experiences and entry into the field as a physical therapist assistant. Each student will further develop the concept of comprehensive patient care with mock clinic assignments. This semester will offer the student additional experiences in wellness and prevention as they assist in the Fitness Center. The last four Fridays of the semester the student will participate in an integrated clinical affiliation. SP
1 hour lecture—32 hours clinic

PTA 244—Seminar .............................................................. 1 Credit
This concentrated course completes the transition from student to physical therapist assistant. Case studies prepared by the students during their summer clinicals are presented and discussed. Additional attention to cultural diversity and ethical issues is provided. Strategies for successfully completing the State Licensure Exam are discussed. Employment issues are addressed and a mock board exam is offered. Su
15 hours

PTA 256—Clinical Education I .............................................. 6 Credits
Supervised patient care and clinical observation for the final semester PTA student. Su
240 hours clinic
PTA 257—Clinical Education II ................................. 6 Credits
Supervised patient care and clinical observation for the final semester PTA student. Su
240 hours clinic

PHYSICS

◆ PHYS 1010—Survey of Physics .............................. 4 Credits
This survey course will touch on the basic principles of physics with an emphasis on understanding the concepts involved (as opposed to the calculational aspects). Math will be used when needed to understand physical relationships, or to familiarize the student with some of the great concepts that changed the world.
3 hours lecture—3 hours laboratory/recitation

◆ PHYS 2010—Non-Calculus Based Physics I ................. 4 Credits
Covers mechanics, wave motion, and heat. (Prerequisite: College algebra and trigonometry such as Pre-calculus, or equivalent) Must be taken in sequence. F
3 hours lecture—3 hours laboratory

◆ PHYS 2020—Non-Calculus Based Physics II ............... 4 Credits
Covers electricity and magnetism, optics, and modern physics. (Prerequisite: PHYS 2010) Sp
3 hours lecture—3 hours laboratory

◆ PHYS 2110—Calculus-Based Physics I ....................... 4 Credits
Covers mechanics, wave motion, and heat (Prerequisite: ◆ MATH 1910 Calculus I.) Must be taken in sequence. F
3 hours lecture—3 hours laboratory

◆ PHYS 2120—Calculus-Based Physics II .................... 4 Credits
Covers electricity and magnetism, optics, and modern physics. (Prerequisite: ◆ PHYS 2110) Sp
3 hours lecture—3 hours laboratory

◆ PHYS 2310-2590—Independent Scientific Investigation .... 2 Credits
Independent research and development in physics by qualified students under the supervision of a faculty member. Especially intended to develop interest and skill in the techniques of physics research and development. Up to six hours credit may be earned. (Consent of the faculty member.)

POLITICAL SCIENCE

POL 101—United States Government and Politics ............... 3 Credits
An introduction to the fundamental institutions and processes of American national politics including the constitution, civil liberties, political parties, voting, the presidency, congress, and the courts. F

POL 102—Introduction to Political Science .................... 3 Credits
An introduction to the analysis of politics and of political systems and political ideologies in various countries. Sp
NOTE: POL 102 H, Honors is an enriched introduction to Political Science with extra readings, less lecture and more discussion. (Prerequisite: Consent of instructor.) As needed.

POLYSOMNOGRAPHY

PSG 101—Polysomnography I ................................. 4 Credits
This course covers the International 10-20 System, application of sensors used in polysomnograms (sleep studies), calibration and functioning of polysomnographic equipment, and procedures used in performing sleep studies.
3 hours lecture—3 hours laboratory
PSG 104—Sleep Disorders Diagnosis and Treatments ................. 4 Credits
This course covers sleep history; diagnosis and treatment of sleep disorders; cardiac, neuroanatomy, neurophysiology and respiratory functioning during sleep; and medical guidelines for polysomnography.

4 hours lecture

PSG 107—Polysomnographic EKG Interpretation .................... 3 Credits
This course covers identification of cardiac dysrhythmias, anatomy of the heart and abnormal heart rhythms seen during polysomnography.
Combination lecture lab—3 hours 24 minutes

PSG 111—Polysomnography II ........................................... 4 Credits
This course covers troubleshoot equipment malfunctions, CPAP titration, EEG abnormalities, artifact elimination, conducting the all-night polysomnogram, MSLT/MWT studies, electrical safety, ancillary equipment and maintenance of polysomnographic equipment.

3 hours lecture—3 hours laboratory

PSG 116—Polysomnographic Interpretation ........................... 3 Credits
This course covers all aspects of polysomnogram interpretation and report calculations. It will include sleep staging, interpretation of normal and abnormal EEG, respiration, body movements and cardiac rhythms.

2 hours lecture—3 hours lab

PSG 120—Clinical I .......................................................... 3 Credits
Students will complete rotations at clinical sites to gain experience working with polysomnographic equipment and sleep disorders patients.

120 total clinical hours

PSG 125—Clinical II ......................................................... 5 Credits
Continuation of Clinical I.

240 total clinical hours

PSYCHOLOGY

PSY 110—General Psychology ........................................... 3 Credits
A survey course dealing with the scientific analysis of human behavior and mental processes. F, Sp, Su

NOTE: PSY 110, Honors General Psychology, is an enriched introduction to psychology with extra readings, less lecture, and more discussion. (Prerequisite: Consent of instructor)

PSY 205—Psychology of Adjustment ................................. 3 Credits
A survey course dealing with adjustment in modern society focusing on a healthy self-concept, coping with psychological stress, and preventing maladjustment. Emphasis on humanistic principles and research. F, Sp

PSY 210—Biological Basis of Behavior ............................... 3 Credits
A survey course describing the theories and research involving the role of genetic factors, nervous and endocrine systems and other biological features influencing human behavior and mental processes. F, Sp

PSY 213—Abnormal Psychology ................................. 3 Credits
Definition of abnormal behavior. Survey of development and treatment of anxiety disorders, affective disorders, schizophrenia, paranoid disorders, personality disorders, organic mental disorders, somatoform disorders, dissociative disorders, childhood disorders, psychosexual disorders, and drug dependence. Recommended: PSY 110. F

PSY 220—Developmental Psychology ............................... 3 Credits
A survey course dealing with the physical, cognitive, social and emotional aspects of the human developmental processes—from conception to death. F, Sp, Su
RADIOLOGIC TECHNOLOGY

**RDT 102—Introduction to Radiologic Technology** .......................... 4 Credits
Orientation to the profession, the radiology department, and the hospital. Major areas of study include: basic radiation protection, darkroom management, body mechanics, fire and electrical safety, medical ethics, patient care, and medical terminology. F
4 hours lecture

**RDT 103—Image Analysis I** ........................................... 1 Credit
Evaluation of the image for positioning and technical quality. Identification of pertinent anatomical structures. Areas of study include: chest, abdomen, and contrast studies. F
2 hours laboratory

**RDT 106—Clinical Education I** ...................................... 4 Credits
Practical application in the radiology department. Skills include application of technical factors, radiographic positioning, patient interaction, and professional behavior. Students must demonstrate competence by performing radiologic examinations unassisted. F
16 hours clinical experience per week

**RDT 107—Clinical Education II** ...................................... 5 Credits
Continuation of Clinical Education I. (An additional 40 hours of clinical is scheduled during the preceding intersession.) Sp
16 hours clinical experience per week

**RDT 108—Clinical Education III** ..................................... 4 Credits
Continuation of Clinical Education II. (An additional 40 hours of clinical experience is scheduled during the preceding intersession.) Su
16 hours clinical experience per week

**RDT 110—Image Analysis II** .......................................... 1 Credit
Continuation of Image Analysis I. Areas of study include: upper and lower extremities, hip/pelvis, bony thorax, and vertebral column. Sp
2 hours laboratory

**RDT 113—Radiographic Procedures I** ................................. 4 Credits
Basic principles of radiographic terminology and positioning for routine and contrast procedures. Study areas include: chest, abdomen, digestive and urinary systems. F
3 hours lecture—2 hours laboratory

**RDT 114—Radiographic Procedures II** ............................... 4 Credits
Continuation of Radiographic Procedures I. New areas of study include upper and lower extremities, shoulder girdle, hip/pelvis, bony thorax and vertebral column. Sp
3 hours lecture—2 hours laboratory

**RDT 122—Exposure Technique** ....................................... 4 Credits
An analysis of the technical factors that influence film quality. Sp
4 hours lecture

**RDT 130—Radiographic Processing** .................................... 2 Credits
A study of silver image formation, manual and automatic processing, and radiographic quality control tools and procedures. Su
4 hours lecture for eight weeks

**RDT 203—Image Analysis III** .......................................... 1 Credit
Continuation of Image Analysis II. Area of study: headwork. Su
2 hour laboratory for eight weeks

**RDT 206—Clinical Education IV** ....................................... 10 Credits
Continuation of Clinical Education III. (An additional 80 hours of clinical is scheduled during the preceding intersession.) F
24 hours clinical experience per week
RDT 207—Clinical Education V ............................... 8 Credits  
Continuation of Clinical Education IV. Sp  
24 hours clinical experience per week

RDT 210—Radiographic Procedures III .......................... 2 Credits  
Continuation of Radiographic Procedures II. Areas of study are vertebral column, bony thorax, skull, facial bones, and sinuses. Su  
3 hours lecture—2 hours laboratory per week for 8 weeks

RDT 212—Radiographic Procedures IV ............................... 3 Credits  
A study of special and supplementary procedures and equipment including a review of radiographic pathology. F  
3 hours lecture

RDT 215—Advanced Radiography ................................. 1 Credit  
A study of the positioning and exposure modifications required for trauma, geriatric patients and patients with unusual conditions, body types or diseases. Also, exposure experiments, use of Q-C tools, advanced radiographic anatomy and film critique to prepare the student for entrylevel job skills.

RDT 222—Radiation Protection ................................. 2 Credits  
A study of the biological effects of ionizing radiation, patient and personnel protection, maximum permissible dose, personnel monitoring, and units of measurement for radiation exposure. Sp  
2 hours lecture

RDT 225—Radiation Physics ........................................ 3 Credits  
A study of electromagnetism, production and properties of x-rays, interactions with matter, x-ray tube and circuitry, and specialized imaging equipment. F  
3 hours lecture

RDT 226—Radiologic Science I ................................. 4 Credits  
Knowledge of the profession is enhanced through group discussion, research and writing. A comprehensive review of radiologic technology registry content is included. Sp  
4 hours lecture

RDT 227—Radiologic Science II ............................... 2 Credits  
Continuation of Radiologic Science I. Su  
5 hours lecture for 6 weeks

RDT 230—Image Analysis IV ....................................... 1 Credit  
Continuation of Image Analysis III. Areas of study: special and supplementary procedures. F  
1 hour laboratory

RDT 251—Clinical Education VI .................................... 2 Credits  
Continuation of Clinical Education V. Su  
24 hours clinical experience per week

READING AND STUDY SKILLS

DSPS 0800—College Success Strategies ............................... 3 Credits  
This course reviews the speaking, listening, and study skills techniques which facilitate successful participation in college courses. (Cannot be used to satisfy minimum number hours required for graduation.)

DSPR 0700—Basic Reading ........................................ 3 Credits  
Designed to develop fundamental reading skills through systematic approaches to instruction in vocabulary and comprehension. Satisfactory completion of this course or other evidence of competencies in these areas is a prerequisite for DSPR 0800.
DSPR 0800—Developmental Reading .......................... 3 Credits
Provides instruction for the improvement of college reading skills with special emphasis on
assessment and remediation. It is designed to develop college-level reading competence through
lecture, discussion and small-group instruction. Primary focus is given to the development of
inferential and critical reading ability.

RECREATION

REC 201—Social Recreation ................................. 3 Credits
Introduces methods and materials for planning, organizing, and conducting social activities
for groups of various sizes and ages in a variety of social situations. Emphasis is on the me-
chanics of planning and presenting a repertoire of activities for social recreation events. Major
activities will be discussed, played, and/or demonstrated.

RESPIRATORY THERAPY

RTT 121—Cardiopulmonary-Renal Anatomy and Physiology ........ 4 Credits
An in-depth study of the structure and function of the cardiopulmonary and renal organ sys-
tems, including the study of hemoglobin, oxygen, carbon dioxide, and acid base balance in
health and disease. (Spring Semester - First Year)
4 hours lecture

RTT 122—Respiratory Care Science I .......................... 4 Credits
Course will discuss the following information: ethical/legal issues as they pertain to the respi-
atory care profession. Patient assessment techniques to include vital signs, cardio/thoracic
assessment, radiographic, diagnostic, and laboratory test and results. Medical terminology,
stems, suffixes, prefixes and root words. Introduction to charting, utilization of the SOAP
technique, and other relative patient information. Principle, operation, maintenance, and trouble-
shooting of compressed gas sources and gas administration devices will be discussed. An
introduction of humidity and aerosol theories and therapies and an introduction to compressed
gas monitoring equipment will be included.
3 hours lecture—3 hours laboratory

RTT 123—Respiratory Pharmacology .......................... 2 Credits
Course will discuss drug preparations, basic principles of drug action, distribution systems,
drug orders, mathematical principles related to drug preparation and administration, routes of
drug administration, drug classifications, basic mechanisms of action, and therapeutic appli-
cations for drugs administered by respiratory therapists.
2 hours lecture

RTT 131—Pathology of Respiratory Diseases I ................. 2 Credits
A study of common respiratory abnormalities. Anatomical alterations of the lungs due to
disease, the etiology of the disease, the major respiratory-related clinical manifestations asso-
ciated with the disease process, and treatment of the disease will be studied. (Spring Semester
- First Year)
2 hours lecture

RTT 132—Respiratory Care Science II .......................... 6 Credits
This course will be a continuation of Respiratory Care Science I. In this course, the following
will be discussed: therapeutic aerosol delivery both long and short term. Aspects of airway
care to include: tracheal aspiration, various types airways, intubation/extubation techniques,
cuff care, and trach care procedures will be discussed. Continued discussions of medical ter-
minology will occur. Procedures and theory of hyperinflation therapy will be taught to in-
clude: deep breathing and coughing techniques, Sustained Maximal Inspiration (SMI), and
Intermittent Positive Pressure Breathing (IPPB). Students will be introduced to the clinical
sites, and will get an understanding of the clinical policies and procedures. Students will apply
procedural methods learned in Respiratory Care Science I in the clinical setting.
3 hours lecture—3 hours lab—12 hours clinic
RTT 220—Respiratory Care Science III ........................................ 4 Credits
This course will primarily discuss the concepts and physiological effects of mechanical ventilation. Various types of ventilators from hand-held devices to computer controlled devices will be discussed. Various ventilatory adjuncts such as P.E.E.P., C.P.A.P., S.I.M.V., Pressure Support, and others will be discussed in this course. Mechanical ventilation preparation, set-up, monitoring and troubleshooting will be discussed in detail. Students will be introduced to critical care medicine during the clinical rotations and will perform those procedures studied in Respiratory Care Science II. Medical rounds with physicians will be conducted along with patient case presentations.

2 hours lecture—3 hours lab—6 hours clinic

RTT 225—Pulmonary Function Studies ........................................ 2 Credits
The study of pulmonary concepts and techniques for testing of pulmonary function will be discussed, including specialized studies and evaluations.

2 hours lecture

RTT 230—Respiratory Care Science IV ....................................... 6 Credits
This course will be a continuation of Respiratory Care Science III. Concepts of ventilator weaning will be discussed. Various types of ventilators and techniques for monitoring and adjusting parameters will be discussed. Students will begin work in the critical care areas. Procedures learned in Respiratory Care Science III will be performed by students during this clinical rotation. Students will continue physician rounds during this rotation, and gain experience in the use of advanced patient monitoring equipment and working with various mechanical ventilators.

3 hours lecture—3 hours lab—12 hours clinic

RTT 231—Pathology of Respiratory Diseases II .............................. 2 Credits
A continuation of Pathology of Respiratory Diseases I. (Summer Semester - First Year)

2 hours lecture

RTT 235—Neonatal and Pediatric Care ....................................... 3 Credits
A detailed study of respiratory care concepts and techniques in neonatal and pediatric medicine. A close look at advanced equipment used in this specialty area as well as disease processes will be discussed.

3 hours lecture

RTT 245—Respiratory Care Science V ....................................... 6 Credits
This course introduces students to special therapeutic and diagnostic procedures in respiratory care. Elements of home care to include: equipment, patient/environmental assessment, and state/federal regulations will be discussed. Theory and introduction to special diagnostics such as bronchoscopy, stress testing, pulmonary rehabilitation, metabolic studies, and brachytherapy will also be included. Patient education methods will be introduced. Care of patients in the subacute care will also be introduced to the student. In the clinical setting students will continue work in the critical care areas and will work with and perform those modalities discussed in Respiratory Care Science IV. Students will also gain knowledge of and work in the pediatric and neonatal intensive care areas. Students must complete a final clinical summation evaluation during this clinical rotation.

3 hours lecture—3 hours lab—12 hours clinic

RTT 260—Hemodynamics and Rhythms ................................. 3 Credits
This course will introduce the student to the following: Theory and application of cardiac output measurement. Arterial line insertion techniques, care, and hazards. Hemodynamic studies to include: insertion, care, and hazards of flow directed balloon tipped catheter and the central venous pressure catheter. Pressure monitoring will discuss central venous pressures, right arterial pressures, right ventricular pressures, pulmonary artery pressures, and pulmonary occluding pressures. Study will also introduce the student to equipment associated with hemodynamic monitoring such as: transducers and monitoring devices. Waveform interpretation with clinical application will be discussed. Fundamentals of electrocardiography will be introduced to include: lead application, pharmacology for the cardiovascular problems, and
tracing interpretation. Studies in fluid and electrolyte balance as it related to respiratory care will also be discussed.

3 hours lecture

RTT 261—Respiratory Care Seminar .......................... 2 Credits
A review and practice of the NBRC Self Assessment Examinations including the entry level written registry, and the clinical simulation. Students must pass these examinations to receive a certificate of completion.

SOCIAL SCIENCE

(Courses in ECO, GGY, HIST, POL, PSY and SOC may also be taken as Social Science electives.)

SSC 102—Social Science Seminar: Travel Study ..................... 1 Credit
This seminar is a travel course (3-4 day week-end) that enables students to visit sites, museums, and other facilities for academic study in social science disciplines. Recent field trips include travel study to Washington, D.C., Williamsburg and Jamestown, VA, Gettysburg and Amish Country, PA, and New York City. Repeatable for up to six hours credit.

SSC 210-290—Social Science Seminar ........................... 1-3 Credits
In-depth analysis of a particular topic, concern, or problem in the social sciences. Courses may be oriented toward any one of the social science disciplines (history, political science, psychology, sociology-antropology) or may be cross disciplinary in nature combining several social sciences. Social Science elective credit only. Some examples of frequently offered Social Science Seminars include: African American History; The Civil War; Death and Dying; European Studies; Human Sexuality; North American Indians; The Southwest Field Trip; Women in Western Civilization; and World War II. As needed.

SSC 215—World War II .......................................................... 3 Credits
This course examines the largest single event in human history, the Second World War. The background to this conflict along with political, diplomatic, and military aspects will be studied through use of a textbook, the PBS video series-“The Civil War,” lecture, and class discussion.

SSC 216—Death and Dying ....................................................... 3 Credits
An interdisciplinary (including contributions from Anthropology, Art, Ethics, Health Sciences, History, Literature, Philosophy, Public and Government Policy, Religion, and Sociology) and humanistic study of death, dying and bereavement, including key issues and concerns. (Cross listed as HUM 261)

SSC 230—Anthropology of Religion ........................................ 3 Credits
This seminar is a general survey of religious beliefs and activities among non-industrial societies. The course will concentrate on the anthropological study of belief systems, myths, rituals and ceremonies, rites of passage, cultural change and adaptation, and revitalization movement. Crosslisted as HUM 263.

SSC 270—Appalachian Culture ............................................... 3 Credits
A general survey of the historical and cultural development of the region of Southern Appalachia. Emphasis will be placed on topics such as physiology, native Americans, historical settlement, rivers and transportation, folklore and crafts, farming and mining activities, and political and social developments. This course will include field trips to significant sites such as Cades Cove in the Great Smoky Mountains, the Blue Heron mining community in the Big South Fork National Recreation Area, and the Museum of Appalachia in Norris. As needed. No prerequisite.
SOCIOLOGY

SOC 201—Introduction to Sociology .............................. 3 Credits
This course focuses on the analysis of human social interaction, patterned social relationships, and social change. Emphasis is placed on the theoretical perspectives and principles of explanation used by sociologists, as well as the basic concepts such as culture, socialization, social organization, social deviance, and social stratification. F, Sp, Su

SOC 202—Social Problems ................................. 3 Credits
This course focuses on the study of the scope and effects of a number of societal problems. Attention is given to research findings as well as social programs and policies that have been or can be taken to attempt to solve the problems. Some social problems examined include environmental abuse, population and resource challenges, war, social inequality, technology, and violence. F, Sp

SOC 211—Cultural Anthropology .............................. 3 Credits
This course is an introductory survey of the principles, concepts, methods, and scope of anthropology. Emphasis is placed on the nature of culture, sociocultural adaptation, language, kinship, social systems, subsistence patterns, art, ritual and belief systems, and the impact of change. F, Sp

SOC 212—Prehistoric Archaeology .............................. 3 Credits
This course is an introductory survey of human origins and prehistoric cultures. Emphasis is placed on the general principles, history, theoretical orientations, and methods of archaeology. This course will examine a number of prehistoric cultural lifeways from the beginnings of human culture to the rise of civilization. (As needed)

SOMATIC THERAPY

MAS 100—Introduction to Therapeutic Massage .................. 3 Credits
Students will practice a massage routine designed to enhance relaxation and stress reduction. Careful attention to sanitation, hygiene, client comfort, and modesty will be part of the course requirements. Equipment and creating an environment for relaxation will be briefly addressed.
1 hour lecture/5 hours lab

MAS 102—Practice Issues ........................................... 1 Credit
Client intake; sanitation and hygiene; legal and professional issues; and avoiding burnout will be discussed and analyzed. CPR certification will be required. Coursework will include establishing clinical placement and getting contracts signed for spring semester.
1 hour lecture

MAS 105—East Asian Massage and Bodywork .................... 2 Credits
Students will be introduced to several therapies based on meridian/accupoint theory (Tuina, Shitasu, Amma, Accupressure, etc.) and on movement and breath (Tai Chi, Yoga, etc.) Meridian/accupoint theory is now covered in the National Certification Exam for Therapeutic Massage and Bodywork.
2 hours lecture/1 hour lab

MAS 110—Massage Anatomy, Physiology & Pathology I .......... 3 Credits
Students will learn anatomy and physiology of all body systems with special emphasis on muscle fascia and bones. Coursework will include building muscles in clay during the laboratory portion, palpation, kinesiology, and self-awareness skills will also be developed.
lecture/lab combination

MAS 112—Massage Anatomy, Physiology & Pathology II .......... 3 Credits
Continuation of MAS 110.
lecture/lab combination
MAS 116—Mind, Body and Ethics ................................. 2 Credits
This course covers the effects of touch and touch therapies on physiology, self-concept, human development, interpersonal relationships and society. Students will begin to develop professional boundaries as well as confidence and compassion in addressing the emotional dimensions of massage therapy. Codes of ethics will be examined and applied to real life dilemmas in massage practices.
  2 hours lecture

MAS 119—Public Outreach for Massage .......................... 2 Credits
This course will cover chair massage, sports event massage, public speaking/professional relationships related to massage practice. To build clientele, massage and somatic therapists must reach the public with brief, effective and professional demonstrations and presentations. Many massage therapists volunteer at athletic events as public relations for their businesses. Many groups and organizations offer the opportunity for guest speakers to educate their members about new, unusual or highly beneficial topics such as somatic therapies.
  2 hours lecture/1 hour laboratory

MAS 120—Swedish Massage ...................................... 3 Credits
Students will be taught the techniques of Swedish Massage, which serves as the foundation in which all Western massage techniques were developed. Swedish Massage dates back to the early 19th century and is based on a scientific system of manipulating soft tissues.
  1 hour lecture—5 hours laboratory

MAS 123—Overview of Somatic Therapies ......................... 2 Credits
With hundreds of somatic therapy sub-specialties requiring advanced training, students need exposure to practitioners of as many of these as possible. When guest lecture/demonstration/lab presenters who practice an important sub-specialty are not available, the text will be used.
  2 hour lecture—1 hour laboratory

MAS 130—Neuromuscular Therapy ................................. 4 Credits
Neuromuscular therapy is designed to provide relief for patients suffering from acute and/or chronic myofascial (muscle-connective tissue) pain. Students will apply knowledge of neurological laws, ischemia, trigger points, nerve entrapment, and postural distortion to choose appropriate and effective techniques. Use of SOAP charts to document sessions is required. Main areas of concentration include head and neck, shoulder, carpal tunnel, and low back pain.
  2 hour lecture—6 hour laboratory

MAS 135—Massage for Special Populations ....................... 2 Credits
Infant, pregnancy, and geriatric massage are the main focus of this course. Other populations related to student interests and instructor expertise may be addressed also.
  2 hours lecture/1 hour laboratory

MAS 151—Massage Business and Marketing ...................... 1 Credit
Students will be introduced to business record keeping, insurance billing, independent contractor agreements, promotional materials, and methods of building a practice.
  1 hour lecture

MAS 152—Clinical Massage Practice .............................. 2 Credits
Students must document at least 60 hours of massage practice and attend at least two seminar sessions. The experiential learning activities of recruiting clients and arranging at least one outside setting for giving massage sessions may be completed prior to the course starting.
  Clinical
SPANISH

◆ SPAN 1010—Beginning Spanish I .......................... 3 Credits
Elementary grammar, pronunciation and conversation through the use of films, videotapes, cassette tapes, filmstrips and computer programs. (No prerequisite)

◆ SPAN 1020—Beginning Spanish II .......................... 3 Credits
Continuation of Beginning Spanish I. (Prerequisite: SPA 101)

◆ SPAN 2010—Intermediate Spanish I .......................... 3 Credits
Advanced grammar and conversation through use of films, videotapes, cassette tapes, filmstrips, computer programs and library readings. (Prerequisite: SPA 102)

◆ SPAN 2020—Intermediate Spanish II .......................... 3 Credits
Continuation of Intermediate Spanish I. (Prerequisite: SPA 201)

SPEECH & THEATRE

◆ SPCH 201—Basic Speech Communication .......................... 3 Credits
This course is designed to introduce the student to the skills of interpersonal communication. Emphasis is placed upon the fundamental principles and techniques of public speaking, and the oral and physical aspects of delivery. Emphasis is also placed upon discussion, listening skills, thoughtful examination of diverse ideas, respect for everyone’s right to a point of view and the tenets of free speech. F, Sp, Su

◆ SPCH 221—Business and Professional Speaking .......................... 3 Credits
Designed for students going into management, human relations, communications, personnel management and the sciences where the individual must work on a person-to-person basis. Included in the course are units on presenting informative reports, using visuals, interview and conference techniques, and manuscript speaking. (No prerequisite) Sp

◆ THEA 1010—Introduction to Theatre .......................... 3 Credits
A survey course in theatre covering the history and development of Western drama. This course will emphasize drama as production rather than as literature. F.

◆ THEA 231—Fundamentals of Acting I .......................... 3 Credits
Fundamentals of Acting will emphasize the mechanics (vocal and physical) of presenting a character on stage. F.

◆ THEA 232—Fundamentals of Acting II .......................... 3 Credits
Improvisations, use of acting techniques in extensive work. Emphasis placed on special problems in contemporary roles. (Prerequisite: SPE 231 or permission of instructor)

THEA 2510—Theatre Practicum I .......................... 1 Credit

THEA 2520—Theatre Practicum II .......................... 1 Credit

THEA 2530—Theatre Practicum III .......................... 1 Credit

THEA 2540—Theatre Practicum IV .......................... 1 Credit

THEA 2550—Theatre Practicum V .......................... 1 Credit

THEA 2560—Theatre Practicum VI .......................... 1 Credit
Field experience courses offering practical experience for students working in on-campus and off-campus technically oriented or performance oriented theatre activities. Each course carries one hour credit, and students may earn up to six credits by enrolling for one course each semester.
STUDENT SUCCESS STRATEGIES

SSS 101—Study Skills Enhancement ........................................... 2 Credits
Designed for returning students who are not required to enroll in AD “College Success Strategies” but who feel they need support and instruction for study skills, time management, interpersonal and formal communication skills, and other topics which contribute to overall student success.

TECHNOLOGY

TEC 101—General Technology I ............................................. 1-10 Credits
An in-depth analysis of a particular topic, concern or problem as it applies to modern technology. May be used for experiential credit with prior approval from the Dean of Math and Natural Sciences.

TEC 102—General Technology II .......................................... 1-10 Credits
A continuation or extension of General Technology I.

TEC 110—Basic Computer-Aided Design and Drafting .................. 3 Credits
Introduction to basic computer-aided design and drafting (CADD). Subject areas include an exploration of multiview projections and CAD programs, creating, editing and displaying twodimensional information. Upon completion of the course the student will be able to draw, dimension and display principle views of objects using orthographic microcomputer techniques.

TEC 115—Introduction to CAD Software .................................. 3 Credits
A survey of the most popular and available CAD programs used in today’s work environment. The student will be introduced to various CAD programs to offer insight for selection and use in a work or personal use environment.

TEC 120—Application of CAD ................................................... 3 Credits
This course is designed to explore advanced applications in a CAD application. Tasks include customization, object-linking, dynamic data exchange, and importing and exporting files.

TEC 201—General Technology III ............................................ 1-8 Credits
A continuation or extension of General Technology II.

TEC 205—Writing for Technical Fields ...................................... 3 Credits
A technical writing course designed for students in non-degree technical programs. Incorporates introductory basic writing skills, the course begins with editing based on grammar and punctuation skills and covers purpose, audience, organization, clarity and conciseness. Writing and editing memoranda, business letters, project proposals and reports will provide the main focus. (TEC 205 is not a transferable course and cannot be substituted for ENG 231.)

ULTRASOUND

*ULT 110—Abdominal Sonography ......................................... 3 Credits
This course is a study of the cross-sectional anatomy of the abdominal organs and their normal and pathological appearance on ultrasound. This course includes the study of small parts sonography in the areas of thyroid, breast and scrotum.

*ULT 130—Obstetrics & Gynecology ........................................ 3 Credits
This is a study of the female pelvic organs in the non-gravid and gravid condition and how normal and abnormal anatomy appears on ultrasound. It includes the study of the normal and abnormal fetus as evaluated by sonography.

*ULT 140—Ultrasound Physics .................................................. 2 Credits
This ultrasound physics course is a detailed study of how ultrasound produces our image and how it interacts with tissue. Quality assurance and safety issues are also covered.
*ULT 160—Advanced Sonography Practice & Review  . . . . . . . . . . . . . 2 Credits
A study of current and miscellaneous ultrasound procedures. A comprehensive review of ultrasound physics, abdominal ultrasound and ob/gyn ultrasound.

*ULT 120—Sonography Analysis I  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1 Credit
Introduction to the critiquing of ultrasound images on a basic level to improve the students’ ability to use sonographic terminology in describing ultrasound images. Students will submit 2 basic normal case studies and the analysis of two ultrasound journal articles. This is an independent study.

*ULT 150—Sonography Analysis II  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
A course designed to improve the students’ skills in recognizing technical errors on sonograms. Students will submit 3 abnormal case studies and the analysis of three ultrasound journal articles. This is an independent study.

*ULT 170—Sonography Analysis III  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1 Credit
A course designed to improve the students’ skills in presenting a sonogram for reading by the interpreting physician. Students will submit 3 abnormal case studies and will complete a scientific research paper. This is an independent study.

*ULT 180—Vascular Sonography  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
This is a study of the cerebrovascular system. It includes extracranial, intracranial and peripheral vascular imaging. Normal and abnormal conditions are studied as it relates to sonography.

*ULT 190—Echocardiography  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 Credits
This course is a study of the cross-sectional anatomy of the heart and its related vessels. It includes practical knowledge and application of two-dimensional m-mode, Doppler, color flow Doppler, transesophageal and stress echocardiography. Normal and abnormal conditions of the heart as related to echocardiography are covered.

*ULT 200—Pediatric Sonography  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1 Credit
A study of sonographic procedures that is specific to the neonate and pediatric patient. This includes neonatal head, neonatal spine and specific diseases of the abdomen and pelvis of the pediatric patient.

*This course does not meet any curricular requirements for any program, with the exception of the technical requirement for the A.A.S. General Technology program.

WELLNESS

WELL 1010—Lifetime Wellness  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3 Credits
In this course, students will expand their knowledge and understanding of optimal health and wellness as it relates to their personal lives. Students will learn to evaluate their present health condition, make decisions for a healthy future and also plan and implement changes for a healthy lifestyle.
Roane State has varsity teams in four sports—men's and women's basketball, and baseball and softball.
STUDENT SERVICES

(www.roanestate.edu keyword: Dean of Students)

FOOD SERVICES

The Raider Cafe at the main campus and Anderson’s Grille at the Oak Ridge Branch Campus are operated by private contractors for the express purpose of providing students with good quality food. When classes are in session, the main campus cafeteria is open from 7:30 a.m. until 2:00 p.m. while the Oak Ridge grill is open from 10 a.m. until 6 p.m.

RSCC provides vending machines stocked with drinks, candies, chips, sweets, soup, and other items through a contractual agreement with a private vending contractor. To ensure that all vending products are first quality, fresh, and good tasting, the vendor replaces all unsold machine items on a regularly scheduled basis.

LIBRARIES

(865) 882-4553 Main Library, Roane County Campus
(865) 481-2004 Coffey Library, Oak Ridge Campus
(423) 663-3878 Baker Library, Scott County Campus
(931) 456-9880, Cumberland Clinic Library, Cumberland County Campus

The college libraries primarily serve the students, faculty and staff of the college. Secondary services are provided to members of the surrounding communities. Through its collection of books, online databases, periodicals, microfilm and other material, the library system supports the curriculum and provides material for recreational reading. Daily courier service is provided between campuses to deliver requested material. For more information, visit our website at www.roanestate.edu/library.

CENTER FOR TEACHING ARTS AND TECHNOLOGY (CTAT)

The Center for Teaching Arts and Technology, a Tennessee Center of Emphasis for higher education, serves the faculty, staff and students at RSCC as well as members of the surrounding communities. The primary purpose of the center is to promote the use of instructional technologies to enhance learning at Roane State by assisting faculty members in the implementation of these technologies in their classes. Faculty members are currently using WebCT, the IDEA rooms, and audiovisual software to deliver distance education courses throughout a seven-campus region. Many faculty members make extensive use of our audiovisual collection consisting of over four thousand audiotapes, videotapes, and DVDs. This center also serves the college by maintaining the RSCC web site, conducting computer and technology training for faculty and staff, and providing audiovisual support during special events such as the Academic Festival and graduation.

Center hours are: 7:45 a.m. to 5:00 p.m. Monday through Friday.
Closed during scheduled administrative closing days and holidays.
Any faculty member, staff member, student or community member requiring assistance should contact a member of the CTAT staff.

Contact information: Telephone: (865) 882-4556
Email: ctat@roanestate.edu

Microcomputers and software are available in the library for public use. There are also several microcomputer laboratories available for student use.

CTAT is designed to provide the faculty and staff with near state-of-the-art instructional technologies emphasizing instruction to students and staff. The use of these
technologies will be supported through internal instructional workshops emphasizing hands-on use of the equipment and media as well as individual assistance during one-on-one training.

INCLEMENT WEATHER

RSCC recommends that students use their own discretion in attending classes when snow and icy conditions exist. Additional information on the cancellation of classes due to inclement weather is available from the local media each day.

CHANGE OF NAME OR ADDRESS

The Records and Registration Office should be informed of all changes in the student’s legal name for marriage or other reasons, place of residence, mailing address, and telephone number. The college is not responsible for a student’s failure to receive official information due to his failure to notify the college of any change(s) stated above.

LEARNING SUPPORT SERVICES

Our Learning Centers provide free learning assistance to students, faculty, staff and to community members in the service area. There are three Learning Centers, one each on the Roane County Campus (second floor of the Library), the Cumberland County Campus (Rm. 152), and on the Oak Ridge Branch Campus in the Library. Visit our web site at www.roanestate.edu/learningcenter.

Tutoring in Math, Science and Other Disciplines—The Learning Centers provide tutoring in a variety of disciplines. Students can check the schedule for available tutors that is published on Campus Pipeline, distributed around the campuses, and posted outside the Learning Centers. The software that accompanies the college’s math courses is loaded on Learning Center computers and is available to students.

Writing Help—Each center offers the following help to students:

Writing consultations are available by appointment for one-to-one interaction with individual writers. The writing consultants (usually the director or a student writing tutor) do not edit or proofread writing assignments. When working with students, they focus on rhetorical and logical principles. Students are introduced to models of excellence in writing and challenged to think clearly and critically. We look for patterns of error and stress solid organization. To make an appointment, students may come by the centers or call 882-4677 in Roane County or 481-2026 in Oak Ridge.

The RSCC Online Writing Lab (OWL)—contains a number of online documents that students can access to help solve their writing and research problems. The documents include brief instructions for writing essays in various rhetorical modes, along with student samples; guidelines for writing research papers; help in using MLA style and quotations; tips for conducting interviews and for keyboarding; help with organization and writing introductions and conclusions; and information on conducting research on the Web. The OWL also includes a wealth of information for faculty, including links to other OWLs and professional sites across the country and to Web assignments.

The URL of the RSCC OWL is http://www.rscc.cc.th.us/owl&writingcenter/OWL/owl.html and it can be accessed through the Learning Support Services web site and through “Quick Links” on the college’s web page.

Group Study Rooms—The Learning Center on the Roane County campus has three group study rooms that students may sign up to use.
TV/VCR Use—Students may use TV/VCR set-ups in the Learning Centers to watch course-related videos. The Roane County Learning Center also has closed-circuit television for watching satellite downloads.

Orientations to the Centers—Each center offers orientation sessions, which give students an overview of services and offer hands-on practice in using computers. In order that all students get an opportunity to work on the computers, classes of 24 or more students should be divided in half and scheduled for separate orientations. Center directors are also available to visit classes and tell students about the services. Instructors should call the center one to two weeks in advance to schedule orientations or a class visit.

Computer Use—Each center is equipped with computers that have Microsoft Word, Excel, and other Microsoft products. (The Learning Center on the Roane County campus also has Macintosh computers.) Center staff members provide free basic computer instruction. It is not necessary to make an appointment to use a computer. The centers also provide Campus Pipeline and Web access.

STUDENT CONDUCT AND DISCIPLINARY SANCTIONS

0240-3-13-.01 INSTITUTION POLICY STATEMENT

(1) College students are citizens of the state, local and national governments, and of the academic community and are, therefore, expected to conduct themselves as law-abiding members of each community at all times. Admission to an institution of higher education carries with it special privileges and imposes special responsibilities apart from those rights and duties enjoyed by non-students. In recognition of the special relationship that exists between the institution and the academic community which it seeks to serve, the Tennessee Board of Regents has authorized the President of the College to take such action as may be necessary to maintain Campus conditions and preserve the integrity of the institution and its educational environment.

(2) Pursuant to this authorization, the College has developed the following regulations which are intended to govern student conduct on the campus. In addition, students are subject to all national, state, and local laws and ordinances. If a student’s violation of such laws or ordinances also adversely affects the institution’s pursuit of its educational objectives, the institution may enforce its own regulations regardless of any proceedings instituted by other authorities. Conversely, violation of any section of these Regulations may subject a student to disciplinary measures by the institution whether or not such conduct is simultaneously violative of state, local, or national laws.

(3) Having voluntarily enrolled as students at Roane State Community College and assuming a place in the College community, all students are presumed to be knowledgeable of, and to have agreed to abide by, the rules and regulations set forth in the Student Code of Conduct.

0240-3-13-.02 DISCIPLINARY OFFENSES

(1) Generally, through appropriate due procedures, institutional disciplinary measures shall be imposed for conduct which adversely affects the institution’s pursuit of its educational objectives, which violates or shows a disregard for the rights of other members of the academic community, or which endangers property or persons on institution or institution-controlled property.
(2) Individual or organizational misconduct which is subject to disciplinary sanction shall include, but not be limited to, the following examples:

(a) **Conduct dangerous to others.** Any conduct which constitutes a serious danger to any person’s health, safety or personal well being, including any physical abuse or immediate threat of abuse.

(b) **Hazing.** Hazing means any intentional or reckless act in Tennessee on or off the property of any higher education institution by one (1) student acting alone or with others which is directed against any other student, that endangers the mental or physical health or safety. Hazing does not include customary athletic events or similar contests or competitions, and is limited to those actions taken and situations created in connection with initiation into or affiliation with any organization.

(c) **Disorderly conduct.** Any individual or group behavior which is abusive, obscene, lewd, indecent, violent, excessively noisy, disorderly, or which unreasonably disturbs other groups or individuals.

(d) **Obstruction of or interference with institutional activities or facilities.** Any intentional interference with or obstruction of any institutional activity, program, event or facilities, including the following:

1. Any unauthorized occupancy of institution or institutionally controlled facilities or blockage of access to or from such facilities.
2. Interference with the right of any institution member or other authorized person to gain access to an institution or institutionally controlled activity, program, event or facilities.
3. Any obstruction or delay of a campus security officer, firefighter, or any institution official in the performance of his/her duty.

(e) **Misuse of or damage to property.** Any act of misuse, vandalism, malicious or unwarranted damage or destruction, defacing, disfiguring or unauthorized use of property belonging to the institution including, but not limited to, fire alarms, fire equipment, elevators, telephone, institution keys, library materials and/or safety devices; and any such act against a member of the institution community or a guest of the institution.

(f) **Theft misappropriation, or unauthorized sale.** Any act of theft misappropriation, or unauthorized possession or sale of institution property or any such act against a member of the institution community or a guest of the institution.

(g) **Misuse of documents or identification cards.** Any forgery, alteration of or unauthorized use of institution documents, forms, records or identification cards, including the giving of any false information, or withholding of necessary information, in connection with a student’s admission, enrollment or status in the institution.

(h) **Firearms and other dangerous weapons.** Possession of or use of firearms or dangerous weapons of any kind is prohibited.

(i) **Explosives, fireworks and flammable materials.** The unauthorized possession, ignition or detonation of any object or article which would cause damage by fire or other means to persons or property or possession of any substance which could be considered to be and used as fireworks.
(j) Alcoholic beverages. The use, possession, distribution, sale or manufacture of alcoholic beverages, or public intoxication on property owned or controlled by the institution (Roane State Community College); at an institution sponsored event; on property owned or controlled by an affiliated clinical site is prohibited. This includes any violation of any term of the Roane State Community College Drug-Free Schools and Communities Policy Statement (RSCC Policy No. GA-21-03). The Drug-Free Schools and Communities Act of 1989 is distributed to each student annually.

(k) Drugs. The unlawful use, possession, distribution, sale or manufacture, of any drug or controlled substance (including any stimulant, depressant, narcotic, or hallucinogenic drug or substance, or marijuana), being under the influence of any drug or controlled substance, or the misuse of legally prescribed or “over the counter” drugs on property owned or controlled by the institution; at an institution sponsored event; on property owned or controlled by an affiliated clinical site is prohibited. This includes any violation of any term of the Roane State Community College Drug-Free Schools and Communities Policy Statement (RSCC Policy No. GA-21-03). The Drug-Free Schools and Communities Act of 1989 is distributed to each student annually.

(l) Gambling. Gambling in any form is prohibited.

(m) Financial irresponsibility. Failure to meet financial responsibilities to the institution promptly including, but not limited to, knowingly passing a worthless check or money order in payment to the institution or to a member of the institution community acting in an official capacity.

(n) Unacceptable conduct in hearings. Any conduct at an institutional hearing involving contemptuous, disrespectful, or disorderly behavior, or the giving of false testimony or other evidence at any hearing.

(o) Failure to cooperate with institutional officials. Failure to comply with directions of institutional officials acting in the performance of their duties.

(p) Violation of general rules and regulations. Any violation of the general rules and regulations of the institution as published in an official institutional publication, including the intentional failure to perform any required action or the intentional performance of any prohibited action.

(q) Attempts and aiding and abetting the commission of offenses. Any attempt to commit any of the foregoing offenses, or the aiding and abetting of the commission of any of the foregoing offenses (an “attempt” to commit an offense is defined as the intention to commit the offense coupled with the taking of some action toward its commission.

(r) Violations of state or federal laws. Any violation of state or federal laws or regulations proscribing conduct or establishing offenses, which laws and regulations are incorporated herein by reference.

(s) Harassment. Any form of harassment including, but not limited to, racial harassment, sexual harassment or stalking is prohibited.

(t) Computer misuse.

Subject: Ethical and Responsible Use of Computer Resources

1. Scope

a. The policies and procedures outlined in the following document apply to all Roane State Community College Faculty, Staff, Students,
Visitors and Contractors. This policy applies to all academic, administrative, networking and microcomputer resources owned, leased or installed at all Roane State Community College locations.

b. In addition to the policies listed below, all users are subject to existing State and Federal laws and regulations concerning the use of computers, email and the Internet.

2. Definitions

a. Computer resources or Information Technology or instructional resources include computers and computer time, data processing, storage systems, computer systems, desktop and laptop computers, printers, servers, networks and any other peripheral device owned by Roane State Community college. Also included are computer programs, operating systems or other software and documentation.

b. Personal or private for profit use shall mean a use of Roane State Community College Information Technology resources which has the primary objective of financial gain for the user. Use of campus email by students, staff or faculty to post a resume or to contact a potential employer is not prohibited under this policy.

c. Defamation is a civil tort which occurs when one, without privilege, publishes a false and defamatory statement which damages the reputation of another.

3. Compliance with TBR Policies

a. To the extent a discrepancy exists between this policy and related Tennessee Board of Regents or State policy or law, TBR and State policy shall take precedence.

4. Policy

a. The purpose of this policy is to define responsible and ethical behavior of Roane State Community College users in order to preserve the availability and integrity of RSCC computing and technology resources. All files, records, and email stored on Roane State Community College computers and storage devices are the property of Roane State, the Tennessee Board of Regents and the State of Tennessee. This policy allows for the support of investigations of complaints under existing policies pertaining to sexual harassment, honor code, and state and federal laws on privacy and computer abuse.

b. A Summary of this policy will be displayed in a prominent location in all Roane State Community College labs.

5. Priorities for use of Computer Resources

a. Highest: Educational and administrative use.

b. Medium: Other uses directly and indirectly related to educational use, including access to the Internet and professional and personal communication.

c. Lowest: Recreational and entertainment use.
6. Rules of Use

a. Computer facilities at Roane State Community College are available to all students, faculty, and staff. It is the responsibility of the Information Technology Division personnel to maintain a stable operational environment for all users and to provide security for all programs and files currently residing on available computer systems. Cooperation of all users in the form of ethical and responsible behavior is required at all times so that all may share resources freely and equitably.

b. User responsibility – The following college rules and regulations are to define all users’ limitations. These rules are separate and apart from the Code of Conduct as approved by the Tennessee Board of Regents. Any violations shall be termed “computer misuse”, and the offender shall be referred to the appropriate college supervisor, or in the case of students, to the Dean of Student Services and Multicultural Affairs.

1) Users shall obtain proper authorization from Information Technology or designee before using Roane State Community College computer resources. Such authorization shall be requested and obtained in writing from the Executive Director of Information Technology or designee. Administrative Systems computer accounts and job numbers may not be used by anyone other than the applicant(s) and for any purpose other than that agreed upon with the director of Administrative Systems.

2) An individual may not access or copy the programs or data belonging to other individuals or to RSCC without permission.

3) A user may not attempt to learn the password of any other user and may not attempt to alter or destroy the files belonging to others.

4) Programs and data files stored at RSCC may not be taken to other sites without authorization from the Director of Computer Services.

5) An individual may not tamper with or change any switch settings or software settings on any devices located in Roane State Computer Center technical support staff.

6) A user may not monopolize any available resource to the extent of denying others fair use. Any non-productive use of the computer should not impede the use of terminals or microcomputers by others who have need for more valid use such as class assignments.

7) A user may not store games or game-related programs in any account or Roane State Community College microcomputer.

8) A user may not allow anyone to use his or her account or use the account of another. Your username and password identifies you to the entire Roane State Community College network. If another person uses your account, with or without your permission, they will be acting in your name. You may be held responsible for that person’s actions should they violate policies or the law. If someone offers you the use of an account you are not authorized to use, decline. If you discover someone’s password, please report it to the owner or to the Help Desk. This applies to administrative systems, networking and email accounts.
9) A user may not create or use programs or electronic devices that collect information about users on the network.

10) A user may not use Roane State Community College computers or systems to attack computers, networks or the Internet by launching viruses, worms, Trojan horses, mail bombs or other forms of attacks. Additionally, users may not attempt to access restricted portions of the operating system on the administrative system (VAX) or file servers, routers, switches, security software, unless express permission from Information Technology is granted.

11) Users may not use the Roane State Community College computer network or telecommunication devices to send comments, requests, suggestions, proposals, images or other communication which are obscene, lewd, lascivious, filthy, or indecent, with the intent to annoy, abuse, threaten, or harass another person. (See Tennessee Code Annotated 39-17-902. Under certain circumstances, the Federal Communication Decency Act of 1996 may also apply.)

12) A user must abide by applicable copyright laws and licenses. College policies and state and federal law forbid the copying of software that has not been placed in the public domain and distributed as “freeware”. Shareware users are expected to abide by the requirements of the shareware agreement. Shareware and freeware may be downloaded for evaluation by faculty and staff but must be removed at the end of the evaluation period if not purchased. Students may download shareware and freeware and copy to a removable storage medium (floppy disk, zip disk).

13) Users may not install software on Roane State Community College hardware without permission from Information Technology.

14) Users shall not use Roane State Community College computer resources for any private or personal for-profit activities.

15) Except for those not-for-profit business activities which are directly related to an employee’s job responsibilities or which are related to an organization which is affiliated with the institution, a user shall not use Roane State Community College computer resources for any not-for-profit business unless authorized by the president or his/her designee.

16) Users may not use Roane State Community College computer resources to defame others.

17) Gambling performed with the use of Roane State Community College computer resources is prohibited. Gambling over the Internet is prohibited under Tennessee state law (Tennessee Code Annotated 39-17-502).

7. Access to Potentially Offensive Material

a. Faculty, staff and students at Roane State Community College are able to access information via electronic means from a wide range of sources including the Internet and the World Wide Web. Information in the form of text, graphics, images, sounds and video is available for a variety of purposes: teaching, research, and entertainment. However,
some of the material may be found offensive or pornographic by some of our community. Individuals may be particularly offended if they are exposed to the material unwittingly. The following policy and guidelines are designed to maintain freedom of expression and sensitivity to others.

b. Information accessible on the network may not be restricted through censorship. Censorship is not compatible with the goals of higher education. Freedom of expression is valued, supported, and protected at Roane State Community College.

1) Users must not expose others to offensive or pornographic material by deliberate or careless acts. Individuals must not be unwittingly exposed to offensive material through careless or deliberate acts of others. Users should use discretion and courtesy when accessing these materials. Do not display these materials in a manner which creates a hostile or abusive work or study environment for others. Users should clear screens and printers of potentially offensive materials after access. Offensive material may not be forwarded to others who are unwilling participants. Recipients of unwanted offensive material should tell the offender to stop and report repeat violation to faculty of Information Technology personnel.

2) Users may not under any circumstances save offensive or pornographic material on Roane State Community College computers or load such material on “screensaver” software so that it displays on a monitor or screen.

3) Users may not access illegal material. Illegal material, such as child pornography, from any source will not be tolerated or distributed within the Roane State Community College community. Federal Law (18 U.S.C. 2252) prohibits the distribution of child pornography across state lines. Reports or complaints regarding access to this material will be referred to legal authorities.

c. Obscene Materials are defined by Tennessee Law (Tennessee Code Annotated 39-17-901 (10) as those materials which:

1) The average person applying contemporary community standards would find that the work, taken as a whole, appeals to the prurient interest;

2) The average person applying contemporary community standards would find that the work depicts or describes, in a patently offensive way, sexual conduct; and

3) The work, taken as a whole, lacks serious literary, artistic, political, or scientific value.

8. Respect for State Owned Property

a. Users shall not intentionally, recklessly or negligently misuse, damage or vandalize Roane State Community College computer resources. If such misuse is suspected, the Executive Director of Information Technology, the Internal Auditor and Security Officer may conduct an investigation to determine the cause and responsibility. If appli-
9. Additional Responsibilities for Employees and Independent Contractors
   a. Users who are employees and independent contractors shall not make
      use of Roane State Community College computer resources for pur-
      poses which do not conform to the purposes, goals and mission of
      Roane State Community College and the user.
   b. Users shall not use Roane State Community College computer resources
      for solicitation for religious or political causes.

10. Digital Millennium Copyright Act of 1998
   a. Title II of the Digital Millennium Copyright Act of 1998 is designed
      to provide protection for institutions acting as a service provider (public
      Web site) if copyright infringement occurs without its knowledge. If
      the institution merely acts as a conduit for the copyrighted material it
      will not be held liable if, (1) it exerts no editorial control, (2) does not
      originate the transmission or choose the recipient, and (3) does not
      make the copyrighted material available available to others besides
      the intended recipient. The Act further provides that institutions of
      higher education are NOT liable for infringing acts by faculty or gradu-
      ate students IF:

      1) The faculty or graduate student’s activities do not involve online
         access (including email) to materials that were “required recom-
         mended” within the preceding three years for a course taught by
         the employee at the institution.

      2) The institution has not received more than two notices of action-
         able infringement by the faculty or graduate student.

      3) The institution provides all users of its system or networks the in-
         formational materials on compliance with U.S. copyright laws.

   b. In accordance with the provisions of Title II of the Act, Roane State
      Community College will designate and register an agent with the Reg-
      ister of Copyright. The name, address, phone number and email ad-
      dress of the agent will be listed publicly on the opening page of the
      Roane State Community College Website.

   c. Upon notification of an infringement in accordance with “Online Copy-
      right Infringement Liability Limitation Act”, Section 202, Subpara-
      graph (3) “Elements of Notification”, the Roane State Community
      College will immediately remove the offending material.

      1) The owner of the page containing the infringing material will be
         notified and advised that the material has been removed or dis-
         abled. If the user believes that the material has been erroneously
         identified as infringing the user may submit a counternotice to the
         complaining party or authorized representative and a copy to the
         institution’s designated agent. The counternotice must contain the
         information outlined in (3) “Contents of Counter Notification” of
         the Act. It must include the following information:

         1) A physical or electronic signature of the user.
2) Identification of the material that has been removed or to which access has been blocked and the location at which the material appeared before being blocked or removed.

3) A statement that the user has in good faith belief that the material was removed or disabled as a result of mistake or misidentification of the material to be removed or disabled.

4) The user’s name, address, telephone number and a statement that the subscriber consents to the jurisdiction of Federal District Court for the judicial district in which the address is located and that the user will accept service of process from the person who provided notification of infringement.

2) If no response to the counter-notice is received within fourteen (14) business days, Roane State Community College will immediately restore or cease disabling the material.

11. Disposition of Violations

a. Computer Misuse violation should be reported through the appropriate supervisory chain to Dean of Student Services and Multicultural Affairs, the Executive Director of Information Technology or the Dean of Human Resources.

1) The Dean of Student Services and Multicultural Affairs will be responsible for student violations. In the case of threatening or offensive communications, the Dean of Student Services and Multicultural Affairs will notify Security to ensure student safety.

2) The Dean of Human Resources will be responsible for staff and faculty violations.

3) The Executive Director of Information Technology will assist the Dean of Student Services and Multicultural Affairs of Dean of Human Resources in collecting evidence of violations.

b. The disposition listed below (not an all-inclusive list) are options drawn from the sanctioned policy of the Tennessee Board of Regents Code of Conduct.

1) Revoking of the individual’s right to use the computer, either on a temporary or permanent basis.

2) Probation

3) Suspension

4) Expulsion

5) Financial assessment for computer services

6) Legal prosecution. In the event that other college regulations are violated, additional penalties may be imposed.

7) Unauthorized use of the computer by an individual other than the college community may be adjudged a felony, and the individual may be liable to legal prosecution.
0240-3.13-.03 ACADEMIC AND CLASSROOM MISCONDUCT

(1) The instructor has the primary responsibility for control over classroom behavior and maintenance of academic integrity, and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct violative of the general rule and regulations of the institution. Extended or permanent exclusion from the classroom or further disciplinary action can be effected only through appropriate procedures of the institution.

(2) Plagiarism, cheating, and other forms of academic dishonesty are prohibited. Students guilty of academic misconduct, either directly or indirectly through participation or assistance, are immediately responsible to the instructor of the class. In addition to other possible disciplinary sanctions which may be imposed through the regular institutional procedures as a result of academic misconduct, the instructor has the authority to assign an F or a zero for the exercise or examination, or to assign an F in the course.

(3) If the student believes that he or she has been erroneously accused of academic misconduct, and if his or her final grade has been lowered as a result, the student may appeal the case through the office of the Dean of Student Services and Multicultural Affairs.

0240-3.13-.04 DISCIPLINARY SANCTIONS

(1) Upon a determination that a student or organization has violated any of the rules, regulations or disciplinary offenses set forth in these Regulations, the following disciplinary sanctions may be imposed, either singularly or in a combination, by the appropriate institution officials.

(2) Definitions of Sanctions.

(a) Restitution. A student who has committed an offense against property may be required to reimburse the institution or other owner for damage to or misappropriation of such property. Any such payment in restitution shall be limited to actual cost of repair of replacement.

(b) Warning. The appropriate institutional official may notify the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

(c) Reprimand. A written reprimand, or censure, may be given any student or organization whose conduct violates any part of these Regulations. Such a reprimand does not restrict the student in any way, but does have important consequences. It signifies to the student that he or she is in effect being given another chance to conduct himself or herself as a proper member of the institution community, but that any further violation may result in more serious penalties.

(d) Restriction. A restriction upon a student’s or organization’s privileges for a period of time may be imposed. This restriction may include, for example, denial of the right to represent the institution in anyway, denial of use of facilities, parking privileges, participation in extracurricular activities or restriction or organizational privileges.

(e) Probation. Continued enrollment of a student on probation may be conditioned upon adherence to these Regulations. Any student placed on probation will be notified of such in writing and will also be notified of the terms
and length of the probation. Probation may include restrictions upon the extracurricular activities of a student. Any conduct in violation of these Regulations while on probationary status may result in the imposition of a more serious disciplinary sanction.

(f) **Suspension.** If a student is suspended, he or she is separated from the institution for a stated period of time with conditions or readmission stated in the notice of suspension.

(g) **Expulsion.** Expulsion entails a permanent separation from the institution. The imposition of this sanction is a permanent bar to the student’s readmission to the institution. A student expelled from the College may not enter the campus grounds for any reason without the permission of the office of the Dean of Student Services and Multicultural Affairs. A student expelled from the College will not receive a refund for maintenance or miscellaneous fees.

(h) **Interim or summary suspension.** Though as a general rule, the status of a student accused of violations of these Regulations should not be altered until a final determination has been made in regard to the charges against him, summary suspension may be imposed upon a finding by the appropriate institutional official that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well being of the accused, or of any other member of the institution community or its guests, destruction or property, or substantial disruption of classroom or other campus activities. In any case of immediate suspension, the student shall be given an opportunity at the time of the decision or immediately thereafter to contest the suspension and, if there are disputed issues of fact or cause and effect, the student shall be provided a hearing on the suspension as soon as possible.

(i) **Counseling or Rehabilitation Treatment.** Counseling sessions with Roane State’s counseling office personnel or outside sources may be recommended for students with varying psychological needs. In addition, violations of drug and alcohol rules will result in mandatory participation in, and satisfactory completion of, a drug or alcohol abuse program, or rehabilitation program.

(j) The President of the College is authorized, at his or her discretion, to subsequently convert any sanction imposed to a lesser sanction or to rescind any previous sanction, in appropriate cases.

**0240-3-13-.05 DISCIPLINARY PROCEDURES**

(1) General Statement.

(a) Roane State Community College recognizes that disciplinary proceedings should play a secondary role to guidance and counseling and makes every effort to keep open the avenues of communication between students, faculty, and staff which provide for the transmittance of constructive ideas toward the solution of problems.

(b) However, whenever violations of standards of conduct occur, the institution may initiate judicial proceedings through the power vested in its Disciplinary Committee. In all cases, disciplinary action becomes a part of the student’s permanent record, and proper procedural safeguards will be used to assure due process. Notification of disciplinary action is by letter from the Dean of
Student Services and Multicultural Affairs to the student and (when appropriate) to the parents and other College officials.

(2) “Tennessee Uniform Administrative Procedures Act”. All cases which may result in (1) suspension or expulsion of student from the institution for disciplinary reasons, (2) assignment of a grade which results in the grade of “F” in a course for academic misconduct, or (3) revocation of registration of a student organization during the term of the registration are subject to the contested case provisions of the “Tennessee Uniform Administrative Procedures Act” and shall be processed in accordance with the uniform contested case procedures adopted by the Board of Regents unless the student waives those procedures in writing and elects to have his or her case disposed of in accordance with College procedures established by these rules.

(3) Due Process Procedures.

(a) Due process is not a technical concept with a fixed content unrelated to time, place and circumstances. It is an elusive concept in that its exact boundaries are indefinable and its content varies according to specific facts. The nature of the right involved, the nature of the proceedings and the possible penalty are all considerations which must be taken into account. The very nature of due process negates any conception of inflexible procedures universally applicable to every imaginable situation. There is no requirement of a formal type judicial hearing. Any College procedure which is reasonably calculated to be fair to the accused and to lead to a reliable determination of the issues is acceptable.

(b) The requirements of due process are flexible in different cases and will require different procedural safeguards. The nature of the hearing will vary depending upon circumstances of the particular cases.

(c) The following fundamental safeguards are required in every proceeding at Roane State Community College that may lead to a serious penalty:

(1) The student shall receive written notice of the specific charge against him, and the date and time of the hearing a minimum of three days prior to the hearing date. This charge shall be sufficiently precise as to enable the student to understand the grounds upon which the College seeks to impose a penalty against him and to enable him adequately to prepare any explanation of defense which may be available to him. The student may be accompanied by an advisor whose participation shall be limited to advising the student.

(2) The student shall be given an opportunity to respond to the evidence against him. He shall have an opportunity to present his position, make such admissions, denials, or explanations as he thinks appropriate and testify or present such other evidence as is available to him. The student has the right to call witnesses on his or her behalf and the right to confront witnesses against him. The technical rules of evidence normally followed in civil and criminal trials shall not apply.

(3) The decision of the Disciplinary Committee should be based upon the evidence presented at the hearing and a finding of guilt must be based upon substantial evidence.

(4) Cases of alleged sexual assault. In cases involving alleged sexual assault, both the accuser and the accused shall be informed of the following:
(i) Both the accuser and the accused are entitled to the same opportunity to have others present during a disciplinary proceeding; and

(ii) Both the accuser and the accused shall be informed of the outcome of any disciplinary proceeding involving allegations of sexual assault.

(4) Grounds for Appeal.

(a) A decision or judgment of the Disciplinary Committee may be appealed by the aggrieved party upon the following:

(1) Prejudicial error committed during the hearing whereby aggrieved was deprived of a fair hearing.

(2) Noncumulative material and relevant evidence new or newly discovered which with reasonable diligence could not have been produced at the hearing.

(3) The decision or judgment is not supported nor justified by the evidence.

(b) A decision or judgment of the Disciplinary Committee may be appealed by the Dean of Student Services and Multicultural Affairs on the grounds that the penalty or sanction imposed was sufficient or excessive.

(5) Notice of Appeal.

(a) A notice of Appeal shall be in writing and shall be filed with the President of the College, to whom the appeal is taken, within ten (10) calendar days from the promulgation and filing of the decision or judgment upon which the appeal is based. Failure to timely file the above mentioned notice shall constitute a waiver of any right to appeal.

(b) The President of the College will review the case and render a decision based upon his findings.

0240-3-13-.06 TRAFFIC AND PARKING REGULATIONS.

1. Registration of Vehicles

a) All vehicles parked or operated by any person in connection with their employment or attending classes at the college must be registered with the Office of the Dean of Student Services and Multicultural Affairs.

b) Vehicle registration must be renewed at the beginning of each fall semester and will be valid until the beginning of the following fall semester so long as the registrant remains a student or a college employee.

c) Expired campus registration decals must be removed. Current campus registration decals must be hung from the rear view mirror.

d) The person to whom the vehicle is registered is responsible for the vehicle and all violations and citations issued thereto. If the person operating the vehicle is other than the registrant, and a violation is committed, both he/she and the registrant may be fined.

e) Each student who registers for classes will be assessed a campus access fee each semester.

f) Faculty and staff will be assessed an annual campus access fee of $10. Persons who are employed spring semester or after will be assessed a campus fee of $5.
g) All faculty, staff and students who pay the campus access fee will be given a parking decal. Additional decals will be available at a cost of $1. The decal(s) issued will be valid from August through August of the following year.

h) If a person is unable to drive his/her own vehicle on a particular day, an explanatory note should be left on the dashboard (along with your decal number) to alert the security officer or hang your decal in the car that you will be driving.

i) In case of an emergency temporary permits (for no more than three days) are available in the Office of the Dean of Student Services and Multicultural Affairs.

2. Visitors
   a) Visitors are defined as persons not connected with the college, but who occasionally have business or other reasons to be on campus. Designated visitor space may be provided in the parking areas.

3. Enforcement
   a. Violation citations must be paid in the Business Office or appealed through the SGA/CAB (Student Government Associations/Campus Activities Board) or the Dean of Students and Multicultural Affairs office within 72 hours. APPEALS WILL NOT BE ACCEPTED AFTER THAT TIME.
   b. Illegally parked vehicles may be impounded or moved at the owners expense.

4. Parking
   Regular parking on all college lots will be by permit only and only in designated areas.
   a) Student signs indicate spaces or areas reserved for students. Only students may park in these spaces or areas. No faculty or staff parking.
   b) Faculty signs indicate spaces or areas reserved for faculty and staff. Only faculty and staff may park in these spaces or areas. No student parking except handicapped.
   c) Signage indicating spaces for the disabled are reserved for faculty, staff or students with disabilities. Faculty, staff, students, or visitors with disabilities may park in any space regardless of lot designation.
   d) Visitor signs indicate parking for visitors only and no faculty, staff or student parking is permitted.
   e) Absolutely no parking at loading zones, on sidewalks, on streets, on lawn, within 15 feet of fire hydrants, or in any reserved parking area.
   f) Visitors needing temporary parking passes may obtain them at designated areas at each campus.

5. Driving Regulations
   a) The speed limit on all campuses is 15 mph.
   b) All traffic signs must be obeyed.
   c) Motorists must yield the right-of-way to pedestrians.
d) All accidents involving injury to persons Account Representative damages to autos, equipment, etc. must be reported to the Security Office.

6. Violation Fees

a) No decal displayed $20.00
   Illegal use of decal $20.00
   Improper display of decal $20.00
   Parked in unauthorized area $20.00
   Double parked $20.00
   Improper motorcycle parking $20.00
   Wrong way on one-way street $20.00
   Parked in handicapped area $100.00

These fines are paid in the Business Office.

7. Penalties

a. Parking privileges for remainder of the school year may be suspended or revoked depending upon the severity of the violation and/or repeat violations.

b. Students who persist in violating these regulations or commit a single violation under extreme circumstances will be referred to the Dean of Student Services and Multicultural Affairs for disciplinary action which may lead to suspension or dismissal from the college.

8. Appeals Per Campus

a) The Office of the Dean of Student Services and Multicultural Affairs coordinates all traffic appeals on the Roane County Campus; the Dean of the Oak Ridge Campus coordinates traffic appeals in Oak Ridge. You must make appeal at the campus on which the citation was issued.

b) Roane County Campus:

1) Faculty and Staff may appeal a violation citation through the Office of the Dean of Student Services and Multicultural Affairs in cooperation with the Campus Security Office.

2) Students may appeal a violation citation by obtaining an appeals form from the Office of the Dean of Student Services and Multicultural Affairs. The appeal will then be reviewed by the SGA/CAB Traffic Appeals Board and either approved or denied.

3) Failure to appear at a scheduled meeting without notifying the SGA/CAB Traffic Appeals Board or the Office of the Dean of Students and Multicultural Affairs will result in a forfeiture of right of appeal.

c) Oak Ridge Campus

1) Faculty and Staff may appeal a violation citation through the Office of the Dean of the Oak Ridge Campus.

2) Students may appeal a violation citation by obtaining an appeals form from the Office of the Dean of the Oak Ridge Branch Campus. The appeal will then be reviewed by the SGA/CAB Traffic Appeals Board and either approved or denied.
3) Failure to appear at a scheduled meeting without notifying the SGA Traffic Appeals Board of the Office of the Dean of the Oak Ridge Campus will result in forfeiture of right of appeal.

d) Off Campus Sites

1) All traffic appeals will be handled by the directors at those locations, in cooperation with the Dean of Student Services and Multicultural Affairs.

e) All appeals must be made within 72 hours (except Saturday, Sunday and holidays) after date of issue. Failure to answer a citation within the 72 hour period will result in forfeiture of the right to appeal.

**0240-3-13-.07 REGISTRATION OF MOTOR VEHICLES**

(1) All vehicles parked or operated by any person in connection with their employment or attendance of classes at the college must be registered with the office of the Dean of Student Services and Multicultural Affairs.

(2) Vehicle registration must be renewed at the beginning of each fall semester and will be valid until the beginning of the following fall semester so long as the registrant remains a student or a college employee.

(3) Expired campus registration decals must be removed. Current campus registration decals are to be affixed as indicated on the instruction sheet attached to the decal.

(4) The person to whom the vehicle is registered is responsible for the vehicle and all violations and citations issued thereto. If the person operating the vehicle is other than the registrant, and the violation is committed, both he/she and the registrant may be fined.

(5) Each student who registers for classes at Roane State will be assessed a campus access fee each semester.

(6) Faculty and staff will be assessed an annual campus access fee. Persons who are employed spring semester or after will be assessed a campus access fee of a lesser amount.

(7) All faculty, staff, and students who pay the campus access fee will be given a parking decal. Additional decals will be available at minimal cost. The decal(s) issued will be valid from August through August of the following year.

(8) In case of emergency, temporary permits are available in the Office of the Dean of Student Services and Multicultural Affairs at no cost.

(9) Disabled students with a state issued disability placard for disabled parking should clearly display the placard when parking in a disabled space. In addition, a regular Roane State decal is required. Students with a temporary disability must have a special disabled parking permit from the Disability Services Office (located in the Roane County or Oak Ridge Counseling Centers) to park in a disabled space.
ATHLETICS
Phone: 865-882-4581
Roane State competes in men’s and women’s basketball, men’s baseball and women’s softball as a member of the Eastern Division of the Tennessee Junior College Athletic Association.

In order for a student to participate in athletics, eligibility requirements of the National Junior College Athletic Association must be met. Any inquiries about athletics should be directed to the Athletic Director in the gymnasium.

COUNSELING AND CAREER SERVICES
Phone: 865-882-4546 (Roane County)  Phone: 865-481-2003 (Oak Ridge Branch Campus)
Counseling and Career Services (CCS) was established to aid students in successfully completing their college work and establishing good foundations for future growth. The center is staffed by professionally trained, licensed, and nationally certified counselors who provide services for a wide range of problems—educational, vocational, personal, and testing services.

Confidentiality of counseling visits is assured so that students may feel free to discuss their concerns. Counselors also provide opportunities for students to develop interpersonal skills and to become more self-actualized using individual counseling, small group techniques, and workshops in human development. Situations which cause students undue concern may disrupt their interpersonal relations and affect academic achievements. CCS provides the assistance and atmosphere to work through these problems.

Roane State’s Career Services Center assists all students interested in exploring career options and selecting a major field of study. Through the availability of up-to-date resources, career decision-making workshops and individual advisement, students have the opportunity to learn the skills necessary to make appropriate career decisions that will directly affect their success in extending the academic world to the world of work.

It is Roane State’s goal through the use of a wide variety of resources to give every student the opportunity to maximize his or her career development potential.

CCS services include, but are not limited to, the administration of interest or personality tests as requested by the student.

Assessment Scheduled by Special Appointment
Career Scope
Myers-Briggs Type Indicator
DISABILITY SERVICES OFFICE (DSO)
Phone: 865-882-4546/865-882-4550 (Roane County)
Phone: 865-481-2003 (Oak Ridge Campus)

All RSCC disability policies and procedures are available online at www.roanestate.edu or available for pickup in the Counseling Office at the Harriman or Oak Ridge campuses.

Roane State provides counseling and academic support services to insure that disabled students have access to educational opportunities provided by the college. Any student having a qualifying disability under A.D.A. guidelines, which restricts his/her participation in academic life, may be eligible for services that may be provided to meet the individual student’s needs. Roane State serves in a liaison capacity with the Tennessee Division of Vocational Rehabilitation. Registration and other forms of administrative assistance and academic support are provided through the Disability Services Office (DSO) for learning and physical disabilities.

Participation in the services is on a voluntary basis; confidentiality is maintained. The following special services may be provided:

1. Special modifications will be made if it is determined that the mode of presentation of materials discriminates against the student. This may require re-structuring of materials, alternate methods of presentation, adjustment of physical facilities, extension of time allowed for tests or completion of coursework, etc. Modification should not alter academic requirements, and the student will be expected to show competency in the course material.

2. Individual files are maintained to serve as the guidelines for a particular student during his/her educational term at Roane State Community College. Documentation from a qualified professional must be submitted by the student to the DSO prior to receiving accommodations.

Students who have physical or learning disabilities requiring special services should contact Disability Services three weeks before each semester begins. Contact with Disability Services is also required after registration each semester.

Student Procedures for Special Services

To receive the special accommodations mandated in section 504 of the Vocational Rehabilitation Act, the learning and physically disabled are to meet the following guidelines:

1. Be identified as possibly learning or physically disabled. Any of the following ways is acceptable: self-referral, instructor referral, counselor referral. Any learning disabled student requesting assistance should be referred to Disability Services. Physically disabled students needing support should also be referred to Disability Services.

2. Be verified as learning or physically disabled. The type and degree of the disability may be confirmed by a number of appropriate methods:

   (a) High school record-IEP or resource classes as recorded on the high school transcript indicate diagnosis of a problem. A record of the diagnostic testing administered by school psychologist may be requested by the student and sent to Disability Services.
(b) Office of Vocational Rehabilitation-Students who have undergone academic evaluation through the office of Vocational Rehabilitation may request that a summary of the diagnostic testing be sent to Disability Services.

(c) Private agency, clinical psychologist or medical doctor-Students seeking the services of private agencies (i.e. clinical psychologist for diagnostic testing) may request that a summary of the results with recommendations be sent to Disability Services.

(3) Documentation-Learning disability verification, provided by the student, will be filed in the DSO. Pertinent documentation for the physically disabled student will be filed in Disability Services.

Once the learning or physical disability is verified and documented and accommodations are requested, the student may receive special services from the College. The faculty works with Disability Services to appropriately accommodate a student’s disability without compromising the academic requirements of the curriculum.

STUDENT ACTIVITIES
Phone: 865-882-4638

In keeping with its dedication to the concept of total student development, Roane State Community College recognizes the importance of developing both a well-balanced program of student activities and avenues for responsible student input in the decision making process.

For students to achieve their potential as well-rounded individuals, a broad-based activities program is essential. In addition, student involvement is imperative for effectively evaluating past programs and conscientiously planning future activities.

Roane State integrates these two concerns through the sponsorship of various clubs and organizations, committees, publications, and academic and social activities.

However, continued growth and development of the college and its students is largely dependent upon the discovery of new ideas and ways to combat student apathy and complacency.

Roane State strongly urges each student to support, through participation in one or more campus activities, attempts to conquer the “There’s nothing to do” syndrome. Involvement not only benefits the college but also makes the student’s stay a more richly rewarding experience. For information regarding extracurricular activities contact the Coordinator of Student Activities.

I. Athletics

Roane State competes in men and women’s basketball, men’s baseball and women’s softball as a member of the Eastern Division of the Tennessee Junior College Athletic Association.

In order for a student to participate in athletics, eligibility requirements of the National Junior College Athletic Association must be met. Any inquiries about athletics should be directed to the Athletic Director in the gymnasium.

II. Intramurals

Roane State conducts a diverse program of activities to provide students and staff the opportunity to participate in organized activities. The program does not require the intensified training and high degree of skill normally associated with
varsity competition. An individual’s playing ability is not considered as important as the desire to enter into the true spirit of competition for the purpose of fun and relaxation. Participants, however, are expected to display good sportsmanship at all times.

The intramural program includes physical activities such as flag football, basketball, and softball.

The RSCC Intramural Coordinator is vested with the final authority and responsibility on matters concerning scheduling, rule interpretation, and eligibility. In addition, the Intramural Coordinator may take any other action deemed necessary to insure that all intramural competition is played within the intent of the rules and within the realm of good sportsmanship. General Eligibility Requirements include:

1) Participant must be a current student or staff member at RSCC.

2) Participant must not be actively playing, practicing, or working out with any varsity athletic team in that sport. Automatic ineligibility results whenever a player is listed on the official team roster or “dresses out” on the date of any officially scheduled varsity contest. No more than three (3) varsity athletes will be allowed to participate per sports team.

Roane State Community College and its employees cannot assume responsibility for any injury(ies) incurred during practice for or participation in any one of the scheduled activities. Any student whose physical condition or health status is such that participation might be detrimental to his/her health is ineligible to play unless expressed written permission from a licensed, practicing physician is given to the Intramural Coordinator prior to participation. Determining health status and getting permission is the sole responsibility of the student. It is strongly recommended that all participants have medical examinations prior to participating in any intramural/recreational activity and that each participant have private and/or student medical insurance for his/her protection.

III. College Publications

Based upon student interest from year to year, the college provides sponsorship for various student publications. The following statements constitute the college policy regarding such publications.

A. Purpose of Student Publications

The college news periodical is edited and published by students during the year to inform students and staff of pertinent upcoming events, to provide students with an expression of opinions and views, and to increase student awareness of campus life.

The arts magazine is a student-run publication that promotes interest in the artistic efforts of students, staff, faculty and alumni.

All publications produced by students at Roane State may serve as forums for expression of ideas concerning issues and events of interest. Views expressed in the publications are not the views of the student body as a whole, the college, or the Tennessee Board of Regents.

B. Organization and Governance

All college and Board of Regents financial and administrative policies and procedures shall be followed in establishing and maintaining the operation of the student newspaper.
The Roane State Literary Magazine, the Caney Creek Sampler, shall be published as a project of a campus literary interest group. This group must have at least one Roane State faculty/staff advisor-editor. Students for staff and editorial positions will be selected by the Literary Magazine’s advisor(s). The editor(s) of the magazine must have a cumulative GPA of 2.25.

The Tennessee Board of Regents and the college administration recognize that all student publications at Roane State are guaranteed First Amendment freedom and that student editors have editorial control of the content of student publications. However, the editor also has responsibility to be knowledgeable of the meaning of First Amendment freedom and work closely with the advisor.

Any publication with the Roane State name or logo on it must reflect what the college considers “good taste”. The Dean of Student Services and Multicultural Affairs will call an appropriate publication committee meeting when necessary to hear and review plans, requests, or grievances associated with student publications and recommend appropriate action.

IV. Fine Arts

Concerts, lectures, and special cultural events are sponsored by the SGA for the enrichment of the students and community.

V. Clubs and Special Interest Organizations

A well-rounded, integrated program of student activities is provided through student organizations. Students may choose from a variety of organizations depending on their individual interests. These organizations include scholastic honorees, departmental groups, service organizations, and special interest groups.

A. CLUBS

AMERICAN CHEMICAL SOCIETY–RSCC STUDENT SECTION—This society promotes interest in chemistry and topics related to chemistry. The society generates materials, such as sample tests, problem sets, lecture notes, etc., which aid the students taking chemistry courses at RSCC. It sponsors guest speakers to inform the students on current topics in chemistry and related fields. The society monitors the chemistry program at RSCC in order to assure high quality and certification of the program. Members of the society are given certain privileges by the national American Chemical Society, such as magazines, resume writing aids and an employment clearing house.

BCM (Baptist Collegiate Ministry)—The BCM is three things in one—a fellowship of students, a program for students and an organization led by students. The BCM is an organization designed to meet the needs of college students. Programs are planned and carried out by the staff and students through worship, Bible study, church involvement, social ministries and mission projects. The BCM is a place to belong.

INTERNATIONAL ASSOCIATION OF ADMINISTRATIVE PROFESSIONALS (IAAP), ROANE STATE STUDENT CHAPTER—The Roane State student chapter promotes the professional development of students preparing for careers in the administrative support profession or as business teachers by offering opportunities and responsibilities for development of and improvement in confidence, skills and abilities, initiative, culture, and refinement.
OAK RIDGE INSTITUTE FOR CONTINUED LEARNING—This organization was formed and is managed by retired citizens for the purpose of providing non-credit courses, field trips and retreats for seniors. The ORICL is affiliated with the Elderhostel Institute Network and is one of among 250 similar institutes in the U.S. and Canada. Membership in the ORICL is open to all residents of the RSCC service area. Membership in the ORICL is open to all residents of the RSCC service area. Membership dues of $35 per person per semester entitle members to attend up to five of the Institute’s offerings a semester on a space available basis. Some courses, such as computer and art, and field trips may entail additional fees for use of equipment, materials, and transportation. The ORICL is located at the Oak Ridge Branch Campus, 701 Briarcliff Avenue. For more information or to receive a schedule of classes offered by the Institute, call (865) 481-8222.

OCCUPATIONAL THERAPY STUDENT CLUB—The OTA Club has been formed to 1) promote the field of OT in the community and at RSCC; 2) promote participation in state and national OT organizations; 3) allow participation in campus fund raising activities; and 4) provide community service.

PHI THETA KAPPA—An international honor society for two-year colleges. Invitation to membership is extended by the local chapter. To be eligible, students must complete at least twelve hours of college credit leading to an associate’s degree (part-time students are eligible); have a grade point average of 3.5; and enjoy full rights of citizenship in your country. International, regional, and chapter programs provide opportunities in the areas of scholarship, leadership, service, and fellowship. Benefits of membership include eligibility for transfer scholarships, automatic nomination for the national Dean’s List publication of outstanding students, automatic enrollment in the PTK Transfer Database, which is made available to four-year and senior level institutions that actively recruit transfer students; and the privilege of wearing the honors stole and tassel at graduation. For more information, contact Phi Theta Kappa chapter advisors Robert Benson (ext. 4254), Curtis Currie (ext. 4223) or Andy Anderson (ext. 4206).

PHYSICAL THERAPY STUDENT ASSOCIATION—The Physical Therapy Student Association has been formed to promote the field of physical therapy at Roane State and in the community.

PLAYMAKERS—The Playmakers are a non-profit organization with its energies focused on theatrical productions. All students and community members are encouraged to be involved with the Playmakers. Recent play productions include: The Glass Menagerie by Tennessee Williams, The Diviners by Jim Leonard Jr., and the musical extravaganza, The Little Shop of Horrors.

PSY/SOC CLUB—The PSY/SOC Club provides extracurricular activities for students to explore the study of human behavior. The club is open to any Roane State student interested in learning more about the social scientific study of human behavior and mental processes. The organization sponsors field trips, outside speakers and student scholarships.

RESPIRATORY THERAPY STUDENT ASSOCIATION—The Respiratory Therapy Student Association promotes the Respiratory Therapy Program at RSCC and in the community. The club is affiliated with the Tennessee Society for Respiratory Care.
ROANE STATE STUDENT NURSES’ ASSOCIATION (RSSNA)—The RSSNA is a constituent association of the Tennessee Association of Student Nurses’ (TASN) and the national Student Nurses’ Association (NSNA). Membership in RSSNA is open to students in the nursing program and prenursing students. The purposes of RSSNA are 1) to assume responsibility for contributing to nursing education through leadership development and political activism in an attempt to provide for the highest quality of health care; 2) to provide programs representative of fundamental and current professional interest and concerns; 3) to aid in the holistic development of the individual in his/her professional role, including his/her responsibility for the health care of people in all walks of life.

SADD CLUB—Purposes for the SADD Club are: 1) to provide awareness on drinking, driving, and risks; 2) to provide awareness on drug use; 3) to educate students and the community on the best prevention and intervention tools relating to decisions that can be destructive.

S.T.A.R.S. ART CLUB—Purposes for the S.T.A.R.S. Art Club are: 1) to provide a social bond for students and staff with the common interest of art; 2) to provide a vehicle for learning experiences in art outside the classroom through programs and field trips; 3) to provide students with ready opportunities to exhibit their work and learn about the technicalities of the exhibiting process; 4) to raise scholarship funds for art students and hold competitions designed to distribute those funds; 5) to provide art-related services to the community on a limited basis; and 6) to raise the art-consciousness of college and community by bringing quality work to the campus.

STUDENT AMERICAN DENTAL HYGIENIST ASSOCIATION—An organization assigned to promote the professional development of enrolled dental hygiene technology students preparing for a career in dental hygiene. Licensed hygienists who are students working toward a baccalaureate or graduate degree complementary to a career in dental hygiene are also eligible for student membership.

STUDENT OPTICAL SOCIETY—The Roane State Student Optical Society is designed to promote and encourage cooperation and unity among opticianry students, to improve their academic standing, and encourage student involvement in the community through optical related volunteer work and service projects.

B. ORGANIZATIONS AND BOARDS

CAMPUS ACTIVITIES BOARD—The Campus Activities Board provides opportunities for students on all Roane State campuses to gain leadership skills while providing social activities for their campus. Each of the seven campuses has a CAB headed by a chair and co-chair with five additional members from the individual campus student body. The chair and co-chair are selected spring semester of each year and the members are selected in the fall.

CANEY CREEK SAMPLER—The School’s magazine for the arts publishes poetry, short fiction, plays, essays, music, and art. Submissions are accepted from students, faculty, staff, and alumni. The magazine is staffed by students and is under the guidance of a faculty advisory board. See our website at http://tscartsmag.com.
ROANE STATE CONCERT CHOIR—This chorus is the official college choral organization. It performs a repertoire of standard choral selections at various college, public school, church, civic, and community functions.

STUDENT GOVERNMENT—The Roane State Student Government is made up of the chairs and co-chairs of the individual Campus Activity Boards from each of the seven Roane State campuses. The SGA provides opportunities for students to offer constructive opinions, thereby promoting cooperation among students, faculty and administration, and works for the common good of Roane State by assisting in the promotion of social activities and special campus projects. The SGA meets monthly in the interactive classrooms of the college. For copies of the Student Government constitution contact the Coordinator of Student Activities or the Dean of Student Services and Multicultural Affairs.

C. REGISTRATION OF STUDENT ORGANIZATIONS

The college shall adopt and enforce such rules and regulations as it may deem necessary and proper with regard to the registration, recognition and function of student organizations which operate on the college campus. The rules and regulations adopted by the college shall provide for the consistent application of reasonable standards and shall afford procedural due process by authorizing and providing for an appeal with the President of the College.

Membership in a student organization shall be limited to members of the college community; however, membership may include individuals from the professional and business communities. Membership shall be extended to such persons without regard to their race, religion, national origin, or sex.

The registration and recognition of a student organization by the college does not constitute college endorsement or approval of the policies or activities of the organization. No student organization shall represent or imply in any manner, in its contact with the public, that it speaks for or in the name of the College.

Student organizations and their members are subject to all state and federal laws and the rules and regulations adopted by the college and the Tennessee Board of Regents. All student organizations are required to register with the Coordinator of Student Activities.

The following procedures must be followed to register a student organization and gain active status:

1) Submit an application for the formation of a new club. Applications are available from the office of the Dean of Student Services and Multicultural Affairs or the Coordinator of Student Activities.

2) Secure a faculty advisor for the organization.

3) Secure approval from the Coordinator of Student Activities to hold an organizational meeting.

4) Prepare and submit the Constitution of the organization which must contain the following: the name, purpose, proposed activities, rules of membership of the organization, officers, their terms and method of selection, nature and frequency of meetings, and financial plans including any proposed fees, dues and assessments.
5) A signed statement of compliance by the organization that it will comply with all rules and regulations, policies, and procedures of the board and the institution and with all federal and state laws and regulations.

To retain an active status all organizations must submit the following information annually to the Coordinator of Student Activities.

1) A club roster containing the current officers and sponsors.
2) Changes in the Constitution or Bylaws.
3) An annual report outlining the organization’s activities and accomplishments for the year.

An organization may be placed on probation or suspended for the following reasons:

1) Failure to maintain compliance with the initial registration requirements.
2) The organization ceases to operate.
3) The organization fails to submit any required reports.
4) The organization requests withdrawal of registration.
5) The organization operates or engages in any activity in violation of rules and regulations of the institution or federal or state laws.

All organizational members and advisors are responsible for being familiar with the guidelines and policies listed above.

TESTING SERVICES

Phone: 865-882-4661 (Roane County)
Phone: 865-481-2000 ext. 2251 (Oak Ridge Branch Campus)

The Testing Center provides a wide range of services to both the College and the community. As a service to students entering Roane State, to other local students, and to residents of the community, the College serves as a testing center for the General Educational Development (GED) test. The Testing Center also administers the ACT Test on national test dates. For students who have made application to Roane State, the college testing center administers the ACT Residual and placement tests. In addition, the Center provides testing for the RN Entrance Examination, LPN Challenge, Health Science Entrance Exam and special departmental performance exams. The Academic Profile test required of all graduating sophomores is also provided by the Center.

REGULARLY SCHEDULED TESTS

Placement Tests (COMPASS)

The placement exams are given on the Roane County and the Oak Ridge campuses and at off-campus centers to Roane State applicants who have been admitted to the college. The basic skills assessment is required of all degree-seeking students who are 21 years of age and older and who do not have valid ACT scores.

Academic Profile Test

Each graduating sophomore is required by the Tennessee Board of Regents to take a test of general competency. This test does not affect one’s graduating status; rather it is a measure of how well Roane State educates its students. Students are encouraged to
do their best since Roane State’s evaluation and future funding are based on student performance. Students are advised that failure to meet this graduation requirement will result in having the student’s diploma held until this condition is met.

**ACT-Residual**

The ACT exams are given on the Roane County and the Oak Ridge campuses for students who are enrolled or have an application on file at Roane State. These test results are reported only to Roane State for placement purposes. Score reports are not available to other institutions or scholarship agencies.

**ACT-National**

Roane State Community College serves as an area test center for the American College Testing Program (ACT). Tests are given on the Roane County campus on all five of the national test dates. Students wishing to have their scores reported to institutions other then RSCC should take this test. Registration applications are available through high school guidance offices or the Testing Center.

**College At Home**

The College At Home (CAH) exams are given on the Roane County and the Oak Ridge campuses for students enrolled in College At Home courses. Specified hours are established at the beginning of each semester to offer the student a variety of testing times including days and evenings. Testing services are offered usually Monday through Saturday depending on the semester.

**GED Test**

The General Education Development (GED) test for a high school equivalency diploma is administered at the Roane County, Oak Ridge and Scott County campuses on a regular schedule. For information on eligibility requirements call 865-882-4661 in Roane County, 865-481-2003 in Oak Ridge or by visiting the Testing Center on these campuses.

Persons who feel inadequately prepared to take the GED test may contact their local school system or the Career Training Center for GED preparation classes.

**IDEA**

The Testing Center works closely with the IDEA (Interactive Distance Education Access) program instructors to provide proctors for tests being administered in the IDEA Classroom at each campus.
OTHER STUDENT SERVICES INFORMATION
FROM THE DEAN’S OFFICE

ACCESS TO FACULTY—All full-and part-time faculty must establish and publish office hours in a manner visible to students. This includes faculty who are teaching at the main campus, the branch campus, the off-campus sites or through distance learning formats. Information regarding the location of the office, contact methods (i.e. telephone, e-mail, and mailbox location) and the days and times available must be included on the course syllabus. In addition, faculty locator data is available on the college’s web page and in printed form in the academic division offices.

BULLETIN BOARDS—College regulations require that all notices, posters, advertisements, announcements, and other bulletin board information be approved by the Office of the Dean of Student Services and Multicultural Affairs (Roane County), Dean of the Oak Ridge Campus (Oak Ridge), or the directors at the Scott, Loudon, Cumberland, and Campbell Centers. Approval may be obtained during normal working hours. Notices may remain on display for fourteen days (two weeks) before being removed and discarded. Posted material may be saved through personal removal prior to the expiration date. Materials should be posted only on bulletin boards, not walls or window space.

To maintain clean and uncluttered bulletin boards, all notices and announcements must be typed or neatly hand printed. Students should remove all notices personally if posted information becomes obsolete prior to the expiration date.

No solicitations of any form may be posted. All job postings must have prior approval by the Placement Office.

HARASSMENT (SEXUAL, RACIAL OR OTHER)

Harassment: Any form of harassment including, but not limited to, racial harassment, sexual harassment, or stalking, is prohibited by Title II of the Civil Rights Act of 1964. Any student who believes he or she has been subjected to harassment at Roane State should present the charge to the Dean of Student Services and Multicultural Affairs. Applicants for employment or employees should report such charges to the Affirmative Action Officer in the Human Resources Office.

Any present employee or student, former employee or student, or applicant for employment or admission at Roane State Community College who believes that discrimination has been practiced against him or her, or any employee or student who feels that practices at Roane Community College will result in discrimination against him or her should report these charges to the Affirmative Action Office.

HEALTH INSURANCE—Health and accident insurance coverage is available to all qualified students in the Tennessee University and Community College System. Students must be enrolled for at least 6 semester hours to be eligible for coverage. Plans are available for individuals or families. Enrollment forms are available in the office of the Dean of Student Services and Multicultural Affairs and from the Directors at all off campus locations.

NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES—It is the policy of the Tennessee Board of Regents that, Pursuant to Title IX of the Education Amendments of 1972, Sections 799A and 845 of the Public Health Service Act, and Regulations adopted pursuant thereto, no
institution or school shall discriminate on the basis of sex in the education programs or activities of the institution or school, including health-related programs. Institutions and schools shall ensure that equal opportunity and nondiscrimination exist on the basis of sex for students in all education programs and activities, including, but not limited to, the following: (1) recruitment and admission; (2) academic, extracurricular, research, occupational training, health related training, and other educational programs; (3) rules on student life activities; (4) housing; (5) facilities; (6) access to course offerings; (7) counseling; (8) financial assistance; (9) employment assistance; (10) health and insurance benefits and services; (11) rules on marital or parental status; and (12) athletics. In addition, in conjunction with Board Policy No 5:01:02:00, each institution and school shall ensure that no person, on the basis of sex, is excluded from participation, denied the benefits of, or subjected to discrimination in employment under any education program or activity. Nondiscrimination in employment on the basis of sex shall include, but not be limited to, the following areas: (1) employment criteria, (2) recruitment and hiring, (3) promotion, tenure, demotion, transfer, layoff, termination, nepotism policies and rehiring; (4) compensation; (5) job assignments, classifications and descriptions, lines of progression and seniority lists; (6) leave; (7) fringe benefits; and (8) all other terms, conditions, and privileges of employment.

POLICY MAKING AND THE STUDENT—Students have the right to voice their opinions and ask questions concerning current issues or policies of the College. RSCC students may participate in the decision making process through the Student Government Association/Campus Activity Board, by representation on some standing college committee, as well as participation on the Academic Curriculum Council. In addition, RSCC has an “open door policy” which allows students the opportunity to express their views through college administration.

SEXUAL OFFENDER NOTIFICATION—Roane State Community College, in compliance with the Federal Campus Sex Crimes Prevention Act and the University Sex Crimes Prevention Act of 2002, is distributing the following notice:

The Federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002 require that whenever a sex offender becomes employed, enrolls as a student or volunteers at an institution of higher education in the state of Tennessee, he or she must complete or update the Tennessee Bureau of Investigation (TBI) sexual offender registration/monitoring form and deliver it to TBI headquarters in Nashville. As defined in section 40-39-102 of the Tennessee code, a “sexual offender” means a person who is, or has been, convicted in this state of committing a sexual offense or who is, or has been convicted in another state or country, or who is or has been convicted in a federal or military court, of committing an act which would have constituted a sexual offense if it had been committed in this state. A “sexual offense” means the commission of acts including, but not limited to, aggravated and statutory rape, sexual battery, sexual exploitation of a minor, aggravated prostitution, and kidnapping.

Both acts designate certain information concerning a registered sexual offender as public information and therefore amend and supersede the Family Educational Rights and Privacy Act (FERPA) and other federal and state laws that previously prohibited the disclosure of such personal information. Since the laws require the publication of information pertaining to sexual offenders employed, enrolled or volunteering at an educational institution, said publication does not constitute grounds for grievance or complaint under institutional or Tennessee Board of Regents policies or procedures.
In compliance with the Federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002, members of the campus community may obtain the most recent information received from the Tennessee Bureau of Investigation (TBI) concerning sex offenders employed, enrolled or volunteering at this institution from Campus Security. Information is also available on the TBI’s website listing of sex offenders located on the internet at http://www.ticic.state.tn.us/SEX-ofndr/search_short.asp. For more information visit our website at http://www.roanestate.edu/sexual_offenders.

SMOKING—Roane State Community College has established, as allowed by legislation, a policy on smoking and use of tobacco products on campus. This policy is as follows:

1. Smoking is permitted outside of buildings in designated locations. Appropriate signage and ashurns will be provided at these locations. Smoking is not permitted within fifteen (15) feet of any building entrance except where physical layout does not permit.

2. Smoking or use of other tobacco products is prohibited inside any building or college vehicle.

3. Enforcement of this policy for staff will be the primary responsibility of supervisors. Security guards will be responsible for enforcement at public events. Student offenders will be referred to the Dean of Students and Multicultural Affairs if disciplinary action is deemed necessary. All college personnel have the authority to enforce this policy.

4. This policy will be widely communicated through standard institutional communication channels.

SOLICITING—No soliciting or sales, related to or affecting students, are permitted on the campus without securing prior written approval from the office of the Dean of Student Services and Multicultural Affairs.

STUDENT COMPLAINTS—Roane State Community College is committed to providing a quality educational experience for all students. Students are encouraged to take advantage of all relevant services and programs offered by the college therefore, RSCC is concerned that all students receive the best treatment possible by college personnel. However, if a student feels he/she has not received fair treatment, or has a complaint regarding some situation or condition (financial aid, tuition, refunds, parking tickets, advisement, records, admissions, facilities, classroom concerns, student conduct, etc.) at the College, the student may address the complaint in writing to the Dean of Student Services and Multicultural Affairs. The Dean of Student Services and Multicultural Affairs will investigate the complaint, consulting with other RSCC personnel as needed and will notify the student of the outcome. If the student is not satisfied with how the Dean of Student Services and Multicultural Affairs has tried to resolve the issue, the student may be heard by the Vice President of Academic Services. Please review the RSCC catalog (Student Services section) for detailed procedures regarding the appeal process for disciplinary matters.

STUDENT RESPONSIBILITY—There are a number of established policies and regulations and student-right-to-know information, developed by the College as well as mandated by the Tennessee Board of Regents, that exist for the welfare of both students and the college. This information is described in the following publications:
The RSCC catalog, the Students’ Guide to Safety, and the Student Handbook/Calendar, which are available and accessible to students at all RSCC campus locations. This information is also presented in the New Student Orientation sessions and in credit Orientation courses. Students should contact the Admissions Office, Academic Advisement Center, or the Dean of Students for copies, if needed. Although the College provides this information to the student, it is the student’s responsibility to become familiar with the policies and regulations outlined in these publications. Students may see the Dean of Student Services and Multicultural Affairs for clarification of these policies and regulations.

SUBSIDIARY USE OF THE COLLEGE CAMPUSSubsidary Use of the College Campus—As a general rule, visitors who desire to visit the college campus in a casual and informal manner are welcome. Non-members of the college community who have not been authorized in writing to use the college facilities and who repeatedly visit or spend a large portion of their time on the college campus interfere with the normal activities of the college and will be asked to leave.

The buildings, facilities, and campus of the college are reserved and dedicated to educational use, and no use may be made of the facility which is inconsistent with that primary use.

The college, acting on its own or at the request of a registered and recognized campus organization, may invite speakers, performers, or entertainers to appear before audiences on the college campus. No non-member of the college community may speak, perform, or entertain before an audience on the college campus without such an invitation and the written approval of the college of the time, place, and manner of such appearance. Rental of college facilities by non-college personnel may be arranged through BOOKIT (Office of Continuing Education) or the Dean of the Oak Ridge Campus.

No person or persons shall use any sound amplifying equipment on the college campus other than that requested by the college officials in carrying on the normal activities of the college.

No person shall take advantage of the large concentration and semi-captive audience of students and faculty to organize on the campus any assembly, moratorium, strike, sit-in, parade, demonstration or similar activity which substantially interferes with the normal activities of the college or the rights of others.

No person who threatens to substantially interfere with the normal activities of the college or to substantially interfere with or deny the lawful rights of others to use the facilities of the college shall enter or remain upon the college campus.

Children should not be brought to class or left unattended in any area of the college. Out of consideration to fellow students, faculty and staff, and for safety reasons, please secure appropriate babysitting services off-campus.

Non-members of the campus community are required while on the campus to observe and comply with the rules and regulations adopted by the college or the Tennessee Board of Regents. Non-members of the campus community are also required while on the campus to identify themselves upon the request of either campus officers or campus security or other law enforcement officials in the performance of their duty.

WEAPONS ON CAMPUS—Felony State Law prescribes a maximum penalty of six (6) years imprisonment and a fine not to exceed three thousand dollars ($3,000) for carrying a weapon on school property. “A...state or federal government entity or agent thereof is authorized to prohibit possession of weapons by any person at meetings conducted by or on the premises owned, operated, managed or under control of such...government entity. (TCA, 39-17-130-9)”
The Roane State Playmakers perform “Of Mice and Men” in the theater on the Roane County Campus.

Soomi Lee Chung ...................................................... Laboratory Coordinator  
B.S., Sung Kyun Kwan University—Chemistry  
M.S., Louisiana State University—Food Science  
Ph.D., Louisiana State University—Food Science  
Alvin T. Willis, Jr ....................................................... Laboratory Technician  
B.S., University of Tennessee—Pre—Veterinary/Animal Science (1976)
Social and Behavioral Sciences
(865) 882-4582-Social Science

Christopher L. Whaley .......................... Dean, Associate Professor/Program Director of Paralegal Studies and Pre-Law

A.A., Roane State Community College—Social Science
B.S., Middle Tennessee State University—Political Science
J.D., University of Tennessee College of Law—Law (1994)
Licensed Attorney (Tennessee)
Rule 31 Civil Mediator (Tennessee)

Tammy Guge ................................................................. Administrative Secretary
A.S., Roane State Community College—Office Administration
B.S., Tusculum College—Applied Organizational Management (1990)

Emeritus

Anne P. Minter .......................................................... Faculty Emeritus
B.S., Georgia College at Milledgeville—Chemistry
M.A., Duke University—Micro-biology
Ed.D., University of Tennessee—Science in Higher Education (1973-1988)

Irving T. Glover .......................................................... Faculty Emeritus
B.S., University of North Carolina—Science Education
M.Ed., University of North Carolina—Education
Ph.D., University of Virginia—Chemistry (1964)

Mabre M. Holder .......................................................... Faculty Emeritus
B.S., Middle Tennessee State University—Business (Marketing)
M.B.A., Middle Tennessee State University—Business (Marketing) (1974)

Benjamin S. Howard .................................................. Faculty Emeritus
B.A., University of Tennessee—English
M.A., University of Tennessee—German
Ph.D., University of Georgia—Comparative Literature (1972)

Melvin A. Kirkpatrick .................................................. Faculty Emeritus
B.S., Tennessee Technological University—Mathematics, Secondary Education
M.S.T., Middle Tennessee State University—Mathematics
Ed.D., University of Tennessee—Curriculum and Instruction, Mathematics Education (1978)
RECIPIENTS, FACULTY AWARD FOR TEACHING EXCELLENCE
SARAH ELLEN BENROTH AWARD

1981 Bruce Fisher Math-Science
1982 David Mullins Humanities
1983 Agnes NamKung Business & Economics
1984 Bill Yates Humanities
1985 Larry Works Social Science
1986 Steve Wheeler Social Science
1987 Susan Garner Health, P.E., & Recreation
1988 Stephanie Morris Math-Science
Barbara Phillips Academic Development
1989 Irving Glover Math, Natural and Social Science
1990 Jim Knox Humanities & Education
1991 Frank L. (Pete) Charton Math, Natural and Social Science
1992 Bruce L. Borin Humanities & Education
1993 James Kring Math-Science
1994 Becky Howard Math-Science
1995 Myrian Works Nursing
1996 Lil Gomez del Campo Social Science
1997 Pat Bailey Math-Science
1998 Anne Powers Humanities
1999 Gary Heidinger Social Science
2000 Bob Thomas Business and Social Science
2001 Becky Howard Math-Science
2002 Cindy Claborn Humanities
2003 Sally Licata Health Sciences and Nursing

Faculty

NOTE: (date) indicates date of last degree

ALFONSO JR., ROBERT ............................................. Assistant Professor of English
                                      Director of RSUCC Learning Centers
                                      B.A., Kent State University—English
                                      M.A., East Tennessee State University—English (1992)

ANDREACO, JANE ............................................. Instructor of Radiologic Technology
                                      B.S., RT(R), University of Health Arts—Radiologic Technology

ANDREWS, REBECCA L ............................................. Associate Professor of Business
                                      B.S., Tennessee Technological University—Accounting
                                      M.S., Oklahoma State University—Accounting (1967)
                                      C.P.A., State of Tennessee

BACKSTROM, KURT A ............................................. Associate Professor/Program Director
                                      of Physical Therapy Assistant
                                      B.S., Indiana University of Pennsylvania—Health and Physical Education
                                      M.S., University of Kentucky—Physical Education
                                      B.S., Howard University—Physical Therapy (1979)

BACKSTROM, SUZANNE M ............................................. Associate Professor
                                      PTA Program Coordinator of Clinical Education
                                      B.S., University of North Dakota—Physical Therapy (1978)
BADGER, ROGER A .................................................... Instructor of EMT/Paramedic
Licensed Tennessee State Paramedic

BAILEY, PATRICIA G .................................................. Professor of Mathematics
A.S., Roane State Community College—General
B.A., University of Tennessee—Biology
M.S.S.W., University of Tennessee—Social Work
Ph.D., University of Tennessee—Instructional Theory and Practice in Mathematics (1996)

BALDWIN, ELAINE B .................................................. Professor of Nursing
B.S.N., University of South Carolina—Nursing
M.N., Emory University—Nursing (1964)
Ed.D., University of Tennessee (1993)
Registered Nurse

BARNES, DELORISE C .................................................. Professor of Business
B.S., Livingstone College—Business Education
M.S., University of Tennessee—Business Education
Ed.D., University of Tennessee—Vocational-Technical Education (1978)

BARRIGA, MARIA .................................................. Associate Professor of Spanish
B.A., Universida Catholica—Spanish
Ph.D., University of Tennessee—Spanish (1991)

BARTH, ROBERT C .................................................. Associate Professor of Philosophy/Mathematics
B.S., Union University—Mathematics
M.S., University of Tennessee—Mathematics Education (1978)

BELL, DAVID W .................................................. Associate Professor of Mathematics
B.S., North Carolina State—Math Education
M.A.T., Duke University—Math Education (1973)

BODINE, MARK .................................................. Instructor of EMT-Paramedic
A.A.S., Roane State Community College—General Technology
Licensed Tennessee State Paramedic

BORIN, BRUCE L .................................................. Associate Professor of Speech
B.S., University of Nebraska—Education
M.A., East Tennessee State University—English and Speech (1975)

BOULDIN, C. LARRY .................................................. Professor of Mathematics
B.A., David Lipscomb College—Mathematics
M.S., Middle Tennessee State University—Mathematics
Ed.D., University of Tennessee—Curriculum and Instruction, Mathematics Education (1982)

BROWN, DARNETA .................................................. Associate Professor of Nursing
B.S.E., University of Tennessee—Education
A.D.N., Tennessee State University—Nursing
M.S.N., University of Tennessee—(1992)
Registered Nurse
BROWN, PATRICIA .......................................................... *Professor of Mathematics*
A.S., Roane State Community College—Secondary Education/Mathematics
B.S., Tennessee Technological University—Secondary Education/Mathematics
M.S., Tennessee Technological University—Secondary Education
Ed.D., University of Tennessee—Curriculum and Instruction/Mathematics
Education (1996)

BURGISS, JANET B ........................................... *Associate Professor of Mathematics*
B.A., Meredith College—Mathematics
M.M., University of Tennessee—Mathematics (1992)

BURNETT, HEATHER .................................................. *Assistant Professor of English*
B.A., University of Tennessee—English
M.A., Western Kentucky University—English
M.S., University of Tennessee—Curriculum and Instruction (1997)

BYRD, RODNEY .......................................................... *Instructor of EMT-Paramedic*
A.A.S., Roane State Community College—General Technology (1996)
Licensed Tennessee State Paramedic

BYRGE, TRACI .................................................. *Instructor of Health Information Technology*
A.A.S., Roane State Community College—Health Information Technology (1990)
RHI, Registered Health Information Technician
CCS, Certified Coding Specialist

CANTRELL, BRUCE .................................................. *Assistant Professor of Biology*
A.S., Roane State Community College—General
B.S., Tennessee Technological University—Biology
M.S., The American University—Biology (1985)

CHITWOOD, DORIS .................................................. *Associate Professor of Mathematics*
B.S., Cumberland College—Mathematics
M.A., Cumberland College—Secondary Education
Ed.S., Tennessee Technological University—Administration and Supervision (1987)

CHUNG, MICHAEL .................................................. *Associate Professor of Computer Science*
B.S., Southeast Missouri State—Agriculture
M.S., University of Missouri—Soil Physics
M.S., University of Missouri—Nuclear Engineering (1990)

CLABORN, CYNTHIA .................................................. *Assistant Professor of Music*
M.A., University of Tennessee—Vocal Performance

CONDON, JAMES B .............................................. *Professor of Chemistry*
A.B., State University of New York at Binghamton
Ph.D., Iowa State University (1968)

CORDELL, SHARON .................................................. *Associate Professor of Education*
B.S., Cumberland College—Education/English
M.S., Tennessee Technological University—Education/Reading (1974)
CROTTY, PATRICIA .................................................. *Assistant Professor of Nursing*
BSN, University of Tennessee—Nursing
MSN, East Tennessee State University—Nursing
Registered Nurse

CROWE, MARGARET W ................................. *Associate Professor of Nursing*
Riverside Hospital School of Nursing
B.S., University of Tennessee—Education
M.S., University of Tennessee—Child and Family Studies
M.S.N., University of Tennessee (1986)
Registered Nurse

CURRAN, MICHAEL ................................. *Professor/Program Director Dental Hygiene*
D.D.S., University of Nebraska (1972)

CURRIE II, W. CURTIS ................................. *Associate Professor of English*
B.A., Pfeiffer College—English Literature, English Writing Studies
M.A., University of Tennessee—English
Ph.D., University of Tennessee—English Literature (1991)

DELCUL, AMALIA ............................................ *Associate Professor of Spanish*
M.A., University of Tennessee—Spanish

DENISON, BETTY N ................................. *Associate Professor of Mathematics*
B.A., Meredith College—Mathematics
M.R.E., Southwestern Baptist Theological Seminary—Religious Education
(1972)

DENTON, JILL B. ........................................... *Assistant Professor of Mathematics*
B.S., Ohio University—Electrical Engineering
M.S., University of Tennessee—Mathematics (2003)

DOYLE, JAMES A ........................................... *Professor of Psychology*
B.A., Aquinas College—Psychology
M.A., Xavier University—Clinical Psychology
Ph.D., University of Saskatchewan—Social-Clinical Psychology (1973)

DRAKE, GLORIA ............................................. *Assistant Professor of Business*
Business Department Chair
A.S., Pearl River Junior College—Business
B.S., University of Southern Mississippi—Business Education

EASTRIDGE, DARRELL M .................................. *Associate Professor*
Respiratory Therapy Clinical Director
A.S., Cleveland State Community College
Certified Respiratory Therapy Technician
Registered Respiratory Therapist
B.A., Ottawa University—Health Care and Education
M.A.T., Carson Newman College
Ed.S., Lincoln Memorial University—Curriculum Instruction (1994)
EDWARDS, LINDA M.................................................Associate Professor of Biology
B.S., University of Tennessee—Botany
M.S., University of Tennessee—Botany (1967)

FELTNER, KAREN ....................................................Instructor/Program Director of
Health Information Technology
A.A.S., Roane State Community College—Medical Records (1983)
RHIIT, Registered Health Information Technologist
CCS, Certified Coding Specialist

FISHER, BRUCE ..........................................................Professor of Biology
B.S., Lincoln Memorial University—Biology
M.S., University of Tennessee—Zoology
Ph.D., University of Tennessee—Zoology (1974)

FOLTZ-GRAY, DANIEL A ........................................Associate Professor of English
B.A., University of Pennsylvania—English Literature
M.A., University of Chicago—English (1974)

FOX, BRADLEY ......................................................Assistant Professor of Business
B.S., Salem State College—Management

FREEMAN, FAYE ..................................................Associate Professor of Nursing
A.S., East Tennessee State University—Nursing
B.S., East Tennessee State University—Health Education
B.S.N., East Tennessee State University
M.S.N., University of Tennessee (1990)
Registered Nurse

GLENN, BETTY ..................Associate Professor of Business and Computer Science
Computer Science Department Chair
A.A., Roane State Community College—General Studies
B.A., University of Tennessee—English
M.B.A., Tennessee Technological University—Business Administration (1989)

GOGGIN, MICHAEL T ................Associate Professor/Program Director for Opticianry
B.A., State University of New York at Buffalo—Anthropology
A.A.S., Erie Community College—Ophthalmic Dispensing (1978)

GOLEBIEWSKI, MICHAEL ...................Assistant Professor of Speech/Theatre
B.S., Troy State University—Speech and Theater

GOMEZ DEL CAMPO, LIL .........................Associate Professor of History
B.A., University of Mexico—History, Mathematics
M.A., University of Mexico—History, Art History (1969)

GOWAN, JOYE E ..................Associate Professor of Mathematics
B.S., Oklahoma Baptist University—Mathematics
GREENLEE, GEOL A .................................................. Assistant Professor of Music
B.A., University of Wisconsin—Music
M.M., University of Tennessee—Music
D.M.A., University of Cincinnati—College Conservatory of Music—Composition (1997)

GRiffin, MISTRY .................................................. Assistant Professor of Physical Education
Assistant Women’s Basketball Coach
A.S., Snead State Community College—Health & Physical Education
B.A., Martin Methodist College—Early Childhood Education
M.A., Tennessee Technological University—Health & Physical Education (2001)

HARBIN, JANET L .................................................. Assistant Professor of Nursing
B.S., University of Tennessee—Human Ecology
M.S.N., University of Tennessee—Nursing (1994)

HARJALA, DAVID E ........................................ Associate Professor of Mathematics
B.S., Northern Michigan University—Physics

HEIDINGER, GARY L ........................................ Associate Professor of Sociology
B.S., Bethel College—History
M.A., George Peabody College—History (1965)
Certified in Thanatology

HENSLEY, VICKIE .................................................. Associate Professor/Clinical Coordinator for Radiologic Technology
A.S., Roane State Community College—Radiologic Technology
B.S., College of St. Francis—Health Arts (1992)

HILL, LESHA .................. Associate Professor/Program Director Respiratory Therapy
A.S., Roane State Community College—Respiratory Therapy
B.S., Tusculum College—Applied Organizational Management (1991)
Registered Respiratory Therapist

HILLIARD, PEGGY ........................................ Associate Professor of English
B.A., Furman University—English Literature
M.A., University of Tennessee—English Literature
Ph.D., University of Tennessee—English Literature (1989)

HOAGLAND, JUDY K .................. Associate Professor of Economics
B.S., Middle Tennessee State University—Political Science
M.A., University of Tennessee—Political Science (1973)

HOAGLAND, WILLIAM M .................. Associate Professor of Political Science and History
B.S., Lambuth College—History
M.S.S., University of Mississippi—History (1966)

HYDER, DAN .................. Associate Professor/Program Director Environmental Health Technology
B.S., East Tennessee State University—Environmental Health
M.E.S., University of Oklahoma—Environmental Science (1980)
JENKINS, ANTHONY .......................................................... Professor of Biology
  B.S., University of Tennessee—Animal Husbandry
  D.V.M., Auburn University (1968)

JONES, JOHNNY .......................................................... Women’s Basketball Coach
  Associate Professor of Physical Education
  A.A., Martin College
  B.S., Middle Tennessee State University—Physical Education
  M.S.S., United States Sports Academy—Fitness Management

JONES, MICHELLE .......................................................... Associate Professor/Clinical Coordinator
  Dental Hygiene
  B.S., East Tennessee State University—Community Health (1978)
  Registered Dental Hygienist

JORDAN-HENLEY, JENNIFER ........................................... Associate Professor of English
  B.S., Middle Tennessee State University—English
  M.A., Middle Tennessee State University—English Literature (1988)

KEEFE, PAULA .......................................................... Instructor/Program Director of Somatic Therapy
  M.A., University of Northern Iowa—Home Economics Education
  Carlson College of Massage Therapy (1991)
  Licensed Massage Therapist

KING, ADOLF A .......................................................... Interim Vice President of Academic Affairs
  Professor of Chemistry
  B.S., City of Leicester Polytechnic—Applied Chemistry
  M.S., Imperial College of Science and Technology, London University—Analytical Chemistry
  D.I.C., Imperial College of Science and Technology, London University—Analytical Chemistry
  Ph.D., Imperial College of Science and Technology, London University—Analytical Chemistry (1976)

KNOX, JAMES M .......................................................... Associate Professor of English
  B.S., Tennessee Technological University—Secondary Education, French
  M.A., Tennessee Technological University—English (1978)

LANZA, DONALD L .......................................................... Professor of History
  B.A., University of Tennessee at Chattanooga—History
  M.A., University of Tennessee—History
  Ph.D., University of Tennessee—History (1991)

LEE, ARTHUR C .......................................................... Assistant Professor of Geology
  B.S., Penn State University—Geosciences
  M.A., Temple University—Geology
  Ph.D., University of Southern California—Geology (1993)

LeMAY, CHARLENE L .................................................... Associate Professor of Nursing
  B.S.N., Vanderbilt University—Nursing
  M.S.N., University of Tennessee (1986)
  Registered Nurse
LICATA, SALVATRICE D ...................................................... Instructor of Opticianry
A.A.S., Mater Dei College—Ophthalmic Dispensing (1991)
A.O.S., Albany Business College—Accounting and Business Administration
Licensed Optician

MALVEAUX, KENNETH R ........................................ Associate Professor of English
B.A., University of Southwestern Louisiana—English
M.S., Tennessee State University/Vanderbilt University—Management of Social
Service Programs (1976)

MARSH, LINDA ..................................................... Program Director, Medical Transcription
A.S., Steed College—Medical Secretarial Science (1974)
RHIT, Registered Health Information Technician

MEGHABGHAB, GEORGE .......... Associate Professor of Computer Science Technology
B.S., Institut Superior D’Electronique du Nord, Lille, France—
Computer Engineering
M.S., University of Pierre et Marie Curie, Paris, France—Computer Science
Ph.D., University of Pierre et Marie Curie, Paris, France—Computer Science
Ph.D., Florida State University—Computer Science (1988)

MILES, DEBORAH I ......................... Associate Professor of Mathematics
B.S., Louisiana State University—Mathematics Education
M.M., University of Tennessee—Mathematics (1990)

MILLER, DONALD E ...................... Professor of Anthropology and Sociology
B.S., Brigham Young University—Youth Leadership
B.A., Brigham Young University—Archaeology
M.A., Brigham Young University—Archaeology
Ph.D., University of Tennessee—Education (1987)

MONDAY, MARILYN L ......................... Associate Professor of English
B.S., University of Tennessee—English
M.A., University of Tennessee—English (1984)

MURPHY, TRESSA ............................ Assistant Professor of Mathematics
B.S., University of Tennessee—Math
M.M., University of Tennessee—Math
Ed.S., Lincoln Memorial University—Education (1997)

MURRAY, WILLIAM P ...... Associate Professor of Physics/Engineering Technology
B.S., University of Cincinnati—Chemical Engineering
M.S., University of Tennessee—Chemical Engineering (1970)

NEELY, JANET ......................... Instructor of Occupational Therapy Assistant
Nashville State Technical Institute—Certified Occupational Therapy Assistant
(1982)
A.A.S., Roane State Community College—Occupational Therapy Assistant
(1995)

NESBIT, RANDY .............................. Associate Professor of Business
Men’s Basketball Coach/Athletic Director
B.S., The Citadel—Business Administration
ORR, KAREN S ..................................................  Associate Professor of Mathematics
  B.S., University of Tennessee—Secondary Science Education
  M.M., University of Tennessee—Mathematics (1991)

PALATINUS, DEBORAH T ........................................  Associate Professor of Biology
  B.S., University of Tennessee—Zoology
  M.S., University of Tennessee—Zoology (1971)

PAYNTER, AMY J ........................................  Assistant Professor of Computer Science
  B.S., Carnegie Mellon University—Operations Research
  M.S., Webster University—Computer Resources & Information Management (1997)

PEAVYHOUSE, MYRA K ..................................................  Professor of English
  A.S., Roane State Community College—Biology
  B.S., Tennessee Wesleyan College—Biology
  B.A., Tennessee Wesleyan College—English
  M.A., East Tennessee State University—English
  Certified Developmental Education Specialist

PLUMLEE, DONNA W ....  Assistant Professor/Program Director Polysomnography
  Registered Polysomnographic Technologist (1986)
  Registered Electroencephalographic Technologist (1992)
  A.A.S., Draughons Junior College—Business

POULIN, GERALD D ..................................................  Associate Professor of English
  B.A., Middle Tennessee State University—French and English
  M.A.C.T., Middle Tennessee State University—English (1971)

PUCKETT, DAVID ...................................................  Professor of Business/Economics
  B.S., Tennessee Technological University—Accounting
  M.B.A., Middle Tennessee State University—Business
  Ed.D., North Carolina State University—Adult and Community College Education (1994)

RAINES, B. DIANE ..................................................  Associate Professor of English
  B.S., University of Tennessee—English Education
  Ed.D., University of Tennessee—Instructional Technology and Educational Studies (2003)

RATH, DAVID E ..................................................  Associate Professor of Business
  A.A.S., Geneseo Community College—Travel & Tourism
  B.S., State University College at Buffalo—Marketing and Distributive Education
  M.S., State University College at Buffalo—Multi Disciplinary Studies (1982)

ROBERSON, CAROLYN ..........................................  Assistant Professor of Biology
  B.S., Stillman College—Biology
  M.S., Mississippi State University—Biological Sciences (1999)
ROBERSON, VALERIA ........................................... Assistant Professor of Speech
B.A., Berea College—History
M.A., University of Tennessee—Theatre (1991)

ROBERTSON, ANDREA ........................................ Assistant Professor of Nursing
B.S., University of Tennessee—Communications
M.S.N., University of Tennessee—Nursing (1999)

ROBISON, JEAN R ........................................... Assistant Professor/Program Director
Radiologic Technology
B.A., Immaculate Heart College—English
Registered Technologist (Radiology)—BHET School of Radiologic Technology

RUDOLPH, JOHNNIE J ........................................ Associate Professor of Math/Science
A.S., Cleveland State—Design and Drafting
B.A., University of Tennessee—Architecture (1976)

RUPLE, SAMUEL L ........................................ Assistant Professor of Computer Science
B.S., University of Alabama—Math
M.S., Georgia Institute of Technology—Computer Science

SAFDIE, ROBERT ........................................ Associate Professor of Psychology/Business
B.A., University of Tennessee—Psychology
M.A., Middle Tennessee State University—General Clinical Psychology (1976)

SAIN, SUSAN J ........................................... Assistant Professor/Program Director
Occupational Therapy Assistant
B.S., University of Wisconsin—Occupational Therapy
M.S., University of Tennessee—Health Education/Promotion (1994)

SAMMARTANO, LAURI J ........................................ Associate Professor of Biology
B.A., Saint Mary’s University—Biology
Ph.D., University of Illinois—Biology (1988)

SCHRAMM, WILLIAM ........................................... Assistant Professor of Economics
B.S., Rensselaer Polytechnic Institute—Geology
M.S., Louisiana State University—Geology
M.B.A., University of Texas—Concentration in Environmental Economics
Ph.D., University of Tennessee—Ecology (1997)

SCHUBERT, RUSSELL B ................................ Associate Professor of Environmental Sciences
B.S., Tennessee Technological University—Agriculture

SEATON, MARY SUZIN ........................................... Associate Professor of English
B.S., Middle Tennessee State University—English
M.A., Middle Tennessee State University—English (1977)

SEXTON, JEFF ........................................... Associate Professor of Mathematics
B.S., Tennessee Technological University—Business Administration
M.A., Tennessee Technological University—Educational Administration and Supervision (1991)
SIERGIEJ, PAMELA ............................................... Associate Professor of Biology
B.A., Seton Hill College—Biology
Ph.D., University of Tennessee—Biomedical Sciences (1994)

SMITH, BILLY L .................................................... Associate Professor of Mathematics
B.A., Union College—Chemistry
M.M., University of Tennessee—Mathematics (1974)

SMITH, CHARLES E ............................................. Professor of Mathematics
Director of Academic Development
B.S., Middle Tennessee State University—Mathematics
M.M., University of Tennessee—Mathematics
Ed.D., University of Tennessee, Knoxville—Educational Administration (1981)

SMITH, MARIA A .......................................... Associate Professor/Program Director
EMT-Paramedic
B.S.N., University of Detroit (1970)
C.E.N., Certified Emergency Nurse
Licensed Tennessee State Paramedic

SPITZER, PRISCILLA W .................. Associate Professor/Program Director of Nursing
B.S.N., Emory University—Nursing
M.N., Emory University—Adult Health Nursing (1977)
Registered Nurse

STAMM, LISA M. .............................................. Instructor of Nursing
B.S.N., East Tennessee State University—Nursing
M.S.N., University of Tennessee—Nursing (1991)
Registered Nurse

STEELE, SHELIA O ........................................... Assistant Professor of Nursing
B.S.N., University of Tennessee—Nursing
M.S.N., University of Tennessee—Nursing (1995)
Registered Nurse

STEPHENS, KENNETH W .................... Associate Professor of Computer Science
B.S., Middle Tennessee State University—Management
M.B.A., Middle Tennessee State University—Management (1974)

SYKORA, JENNIFER CANNON .................. Assistant Professor of Chemistry
B.S., Troy State University—Chemistry
Ph.D., Auburn University—Chemistry (2003)

TANNER, SHARON ............................. Dean of Health Sciences & Nursing
Associate Professor of Nursing
B.S.N., University of Tennessee—Knoxville
M.S.N., University of Tennessee—Knoxville (1985)
Registered Nurse

TEETER, W. SCOTT ........................... Associate Professor of Criminal Justice
B.S., Eastern Kentucky University—Law Enforcement
M.S., Eastern Kentucky University—Criminal Justice Education (1976)
THAIS, DAVID F ..................................................... Associate Professor of Business
   B.S., Indiana State University—Management
   M.B.A., Indiana State University—Business Administration (1974)
   C.P.A., State of Tennessee

THOMAS, JOHN K ................................................ Professor of History
   B.S., Austin Peay State University—History
   M.A., Austin Peay State University—History
   Ph.D., University of Tennessee—History (1990)

THOMASON, SARAH K ......................................... Associate Professor of English
   B.S., University of Tennessee—Education
   M.S., University of Tennessee—English Education (1974)

TRENTHAM, JEAN ................................................ Associate Professor of Business
   A.A., Hiwassee Junior College—Business Administration
   B.S., East Tennessee State University—Business Education
   C.P.S., 1977

TUCKER, JENNIFER D ............................... Associate Professor of EMT-Paramedic Program
   B.S.N., University of Tennessee—Nursing
   M.S., University of Tennessee—Exercise Physiology (1987)

WADDLE, JOETTE ................................................ Associate Professor of English
   B.A., Tennessee Technological University—English
   B.S., Tennessee Technological University—Secondary Education
   M.A., University of Tennessee—English (1985)

WARD, A. STEVEN ................................. Director, Center for Teaching Arts & Technology
   Associate Professor of Chemistry
   B.A., West Virginia University—Chemistry
   M.S., West Virginia University—Chemistry (1985)

WEST, WILLIAM ................................. Assistant Professor of Nursing
   A.S., Walters State Community College—Nursing
   B.A., University of Tennessee—Psychology
   M.S., University of Tennessee—Nursing (1998)
   Registered Nurse

WHALEY, CHRISTOPHER L ................. Dean, Social & Behavioral Sciences
   Associate Professor/Program Director of Paralegal Studies and Pre—Law
   A.A., Roane State Community College—Social Science
   B.S., Middle Tennessee State University—Political Science
   J.D., University of Tennessee College of Law—Law (1994)
   Licensed Attorney (Tennessee)
   Rule 31 Civil Mediator (Tennessee)

WHITING, VALERIE .......... Assistant Professor of Occupational Therapy Assistant
   B.S., Indiana University—Occupational Therapy
WILKERSON, BRYAN S .................................................... Assistant Professor of Art
B.F.A., University of Tennessee—Ceramics
M.F.A., Ohio State University—Ceramics (1999)

WINDHAM, DONALD L ...................................................... Professor of Psychology
A.A., Macon College—Social Science and Psychology
B.S., Berry College—Psychology
Ph.D., University of Tennessee—Psychology (1989)

WORKS, LARRY P ................................................... Associate Professor of Psychology
Baseball Coach
B.S., East Tennessee State University—Health and Physical Education
M.S., University of Montana—Health, Physical Education and Psychology (1968)

WORKS, MYRIAN .......................................................... Associate Professor of Nursing
B.S., University of Tennessee—Nursing
M.S.N., University of Tennessee—Nursing (1979)
Registered Nurse

WURTH, PATSY .......................................................... Instructor of Geographic Information Systems
B.S., Murray State University—Occupational Safety and Health
M.S., Murray State University—Geography/Geosciences (1991)

GLOSSARY

Advisor - A faculty member who meets with designated students each semester or year to help make curriculum choices and discuss progress toward achieving educational goals.

Articulation Agreement - A document that outlines the curriculum agreed to by Roane State and a four-year college or university to satisfy the degree requirements at Roane State and at the receiving four-year institution.

Associate Degree - An associate degree is awarded to students after completion of a core curriculum. Students completing options in University Parallel (transfer) programs receive the Associate of Science (A.S.) or Associate of Arts (A.A.) degree. Roane State students who complete options in Career Preparation programs receive an Associate of Applied Science (A.A.S.) degree.

Audit - Taking a course but not for credit. Auditing students pay required fees and attend class but are not required to complete assignments or take exams.

Career Preparation Program - An Associate of Applied Science (A.A.S.) degree program designed for students who wish to seek employment and enter the job market right after completing a two-year college degree program. The credits from these programs are not readily transferable to a four-year college or university, but do lead to the A.A.S. degree.

Course - A subject or class in which instruction is offered within a given period of time for a semester and for which credit toward a degree is given.

Course Load - The course load is the total number of semester hours or credit hours in which a student is enrolled for a semester. An average course load at RSCC is 12 to 18 hours for a student attending full time.

Credit Hours or Semester Hours - One credit hour or one semester hour is usually assigned for each 55 minutes of class per week for a semester. For example, Composition I is a three-credit hour or three-semester hour course. Since it is a three-hour course, a student taking Composition I would attend class three hours each week for 14 weeks and receive three hours of credit (or three credits) for the course.

Curriculum - The whole body of courses offered for study by the college, or by a particular department.

Elective - A subject or course which a student may choose from courses that are required for a specific degree program.

Full-time Student - A student enrolled in 12 or more semester hours of coursework per semester.

Grant - Financial aid that does not have to be paid back.

Grade Point Average (GPA) - An average obtained by dividing the total number of grade points (A=4; B=3; C=2; D=1) earned by the total number of hours of coursework attempted. See page 52 to calculate your GPA.

Humanities - Any course at Roane State in art, literature, foreign language, journalism, music, philosophy or theatre.

Loan - Financial aid that must be paid back, usually within a specified time.
**Part-time Student** - A student enrolled in less than 12 credit hours of coursework per semester.

**Prerequisite** - A course requirement that must be met before enrolling in particular courses.

**Semester** - A half-year of college. A period of instruction lasting 15 weeks at Roane State. Two semesters, fall and spring, ordinarily comprise a college year. The third semester, summer, is optional and may be used as a time to catch up or get ahead.

**Syllabus** - A precise outline of course expectations stating the required textbook(s), assignments and dates due, test dates, grading and policies, research papers, as well as other requirements.

**Transcript** - An official record of academic history, provided by high schools or other colleges previously attended.

**University Parallel** - Major programs of study designed primarily for students who wish to transfer to a four-year college or university and complete a baccalaureate (B.S. or B.A.) degree. The credits earned from these programs lead to the A.S. or A.A. degree.
