Host Families Needed for International Students

Host families provide a bed, meals and a place to study. The families do not have to provide transportation or buy any personal items for the students. Occasionally, host families may be asked to volunteer as drivers for field trips, but participation is optional. Roane State's international students range in age from 18-22 and speak English, although skill levels vary. A support system composed of college staff members and other host families will provide assistance. For more information or to volunteer, contact Adolf King at (865) 481-2000 ext. 2211 or kingaa@roanestate.edu.
