

Emergency Diagram: Coffey/McNally Building, First Floor

Revised 2/8/2023

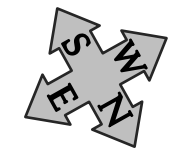

LOCKDOWN
 If you are in a classroom or office, turn out the lights, lock the door and **do not open it** until the all-clear is given. If you are in a hallway or open area, go to the **exit farthest from any noise of weapons** and move away from the building.

TORNADO/SEVERE WEATHER
 Tornado shelters (inner rooms and hallways) are marked in **yellow**. If you are not already in a shelter area, proceed to the nearest one and stay until the all-clear is given.
Second floor will be evacuating to the first floor via the stairwells.

BUILDING EVACUATION
 Go to the nearest exit. **Do not use the elevators or Atrium Stairwell.** Move at least **three hundred feet** away from the building and wait in parking lots until the all-clear is given.
