

**Cooperative Education
LEARNING OBJECTIVES**

Student Name	Major	Semester
Company Name	Address	
Work Phone	Supervisor Name/Title	

The learning objectives should clearly and precisely describe what is to be accomplished during the co-op work term and should include tasks that will demonstrate **skill building, problem solving, creativity and self-improvement**. They should be developed in conjunction with the supervisor and the student by the first week of the co-op period and approved no later than the third week by the instructor. At the end of the term, the supervisor will evaluate the level of achievement of each of the objectives.

List learning objectives in the space provided and check which attributes will be addressed for each objective. An evaluation of the learning objectives will be conducted as part of the final documentation.

Student Learning Objectives	Skill Building	Problem Solving	Creativity	Self-Improvement
