Honors Program Information and Project Description:

You and your instructor should develop a project to be completed in addition to your regular class assignments. Our goal is to motivate and encourage you. You may develop an original idea or choose to:

- Produce a video, performance, or computer art piece
- Conduct an experiment to test a scientific hypothesis
- Conduct a research project containing new information from interviews, questionnaires, or surveys
- Write an article for publication
- Create a web-page
- Create a non-print format presentation (Power Point, slides, video)
- Conduct a project in schools, hospital, or cultural site

Write a detailed description of your project or attach an abstract.
