Please Note:

The course offerings and requirements of the institution are continually under examination and revision. This catalog presents the offerings and requirements in effect at the time of publication but is no guarantee that they will not be changed or revoked. However, adequate and reasonable notice will be given to students affected by any changes. This catalog is not intended to state contractual terms and does not constitute a contract between the student and the institution.

The institution reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students to be effective whenever determined by the institution. Enrollment of all students is subject to these conditions.

Current information may be obtained from the following sources:

Admission Requirements—Admissions Office

Fees and Tuition-Business Office

Roane State Community College provides the opportunity for students to increase their knowledge by providing instruction in the various disciplines and programs through faculty who, in the opinion of Roane State Community College, are qualified for teaching at the college level. The acquisition and retention of knowledge by any student is, however, contingent upon the student's desire and ability to learn and his or her application of appropriate study techniques to any course or program. Thus, Roane State Community College must necessarily limit representation of student preparedness in any field of study to that competency demonstrated at that specific point in time at which appropriate academic measurements were taken to certify course or program completion.

Roane State's just down the road. . . .

Our goal is to make higher education accessible where you live and work. Recognizing that our society places so many multiple demands on our students' busy lives, we work hard to offer our classes in convenient locations and at flexible times.

As you browse through this catalog and see the diverse programs and classes, please remember that they are available in many ways: traditional classes, video check-out classes, satellite campus classes, two-way interactive video classes, express classes, and Internet classes. You choose the time, place and format. We promise quality instruction and service regardless of the option.

Whether you are just considering attending Roane State or are currently attending, this catalog is designed to help you make informed decisions about the options available. You will find information on college parallel programs that enable you to complete the first two years before transferring to a university to complete a baccalaureate degree. You will also discover programs that give you marketable job skills in two years or less. If you need assistance before beginning college level work, it is also available.

Whether you are 18 or 80, you will find you have the potential to expand your horizons at Roane State.

Just down the road...you will find friendly, helpful faculty and staff who want to help you be successful.

Just down the road . . . you will find opportunities to begin a first or new career.

Just down the road . . , you will find your future.

William S. Fuqua III, Interim President Roane State Community College

COLLEGE HISTORY

Roane State Community College serves an eight-county area in East Tennessee including Roane, Anderson, Cumberland, Scott, Loudon, Campbell, Fentress, and Morgan counties. In addition to these counties, Roane State's Health Sciences service area also includes Knox and Blount Counties.

Roane State provides opportunities for transfer education, career education, continuing education, and developmental education. Designed for students who plan to transfer to senior institutions, the Roane State academic transfer curricula include two years of instruction in the humanities, mathematics, natural sciences, and social sciences to build a strong liberal arts background during the freshman and sophomore years. Roane State graduates transfer to senior institutions in-state such as the University of Tennessee, Tennessee Technological University, Middle Tennessee State University, East Tennessee State University, and many out-of-state universities and professional schools.

Roane State's career preparation programs train students in business management, health sciences, office administration, police science, and other fields for students desiring associate degrees or certificates. The ever increasing demand for people to work under the supervision of the scientist, the engineer, the physician, and the business professional has led to the development of a wide range of career education options.

Continuing education opportunities are provided through a variety of non-credit courses that do not require admission to the college. These courses are offered for personal enrichment, for compliance with business and industrial requirements, for specific technological information and for general cultural benefits.

Roane State continues to respond to state and federal mandates to promote "Excellence in Education." Programs are continually evaluated by students, faculty, and alumni to ensure successful transfer or career placement upon graduation. The college seeks to serve those students who are serious about the challenge of education for a more productive life. An Honors Program for gifted students was implemented in the fall of 1985.

A general education core curriculum including the humanities, arts, math, and sciences is required of all degree program graduates. Roane State has also implemented the state educational initiative to require all graduates to be computer literate. New career programs introduced in 1989 to meet employment demands now and in the future included Environmental Health Technology, Opticianry, and Emergency Medical Technician/Paramedic. A new Occupational Therapy Assistant program was added to the curriculum in 1992.

Beginning with the Pierce-Albright Report in 1957, which resulted in a \$200,000 appropriation by the Tennessee General Assembly in 1963 to initiate the community college system, the philosophy of community colleges in Tennessee has been to provide higher education for all Tennessee residents. The first three community colleges were established in 1965, with one in each of Tennessee's three grand divisions—Cleveland State in East Tennessee, Columbia State in Middle Tennessee, and Jackson State in West Tennessee. Additional community colleges opened in Dyersburg and Tullahoma in 1969. The sixth community college opened in Morristown in 1970.

In 1969, the General Assembly, upon the recommendation of Governor Buford Ellington and the State Department of Education, authorized three additional community colleges to be built in Sumner, Roane, and Shelby counties. After visits by Commissioner J. Howard Warf and other officials from the State Department of Education in 1969, a site on Patton Lane was chosen as the permanent location of Roane State Community College. In May of 1970, Dr. Cuyler A. Dunbar was selected as the first president of the college. After beginning classes in the fall of 1971 at a temporary location, RSCC occupied the first permanent building on Patton Lane in August 1973.

Groundbreaking for the second building on the Roane State campus was held in January 1977. This three-story Technology Building, which houses the expanding career education programs, was occupied in December 1978.

Construction on Campus Expansion Phase II began in June 1978. The Maintenance Building was completed in June 1979, and the Library/Learning Resource Center in September 1980. In addition to reference and audio-visual services, the center houses Distance Learning and the Teaching Arts and Technology Center. A branch campus at Hardin Valley Road and Pellissippi Parkway was occupied in the Fall of 1986. This campus was shared with a sister institution in Knox County.

With the establishment of Pellissippi State Technical Community College in the fall of 1988, Roane State moved its Oak Ridge campus to new sites in Oak Ridge. The new facility has received tremendous support from the community and continues to grow as services are expanded. Phase I of the East Tennessee Agricultural Exhibition Center was completed in 1988 at the Roane County campus. The facility has hosted a variety of agricultural, civic and community events.

With 18 years of service to the college, President Dunbar resigned from Roane State in 1988 to assume the presidency of Catawba Valley Community College in Hickory, North Carolina. Dr. Sherry L. Hoppe was appointed on an interim basis and later named as Roane State's second president in spring 1989.

In June of 1994, Roane State held a dedication ceremony for its first permanent Higher Education Center at the new facility in Huntsville. The Scott County Center was named after Earl McDonald, former Scott Countian who now resides in Fayette, Alabama. McDonald generously provided a \$1 million gift to help build the new Roane State facility. The center's library was named after Scott County native Howard H. Baker, Jr., former senator and Reagan White House chief-of-staff. Baker's memorabilia and world-renowned photographs are displayed in the new library. The 15,000 square foot center is situated on 37 wooded acres provided by W.H. Swain.

In August of 1994, the college held its long-awaited groundbreaking for the new \$6.3 million Humanities Building. Final approval of funding for the building came in April after 13 years of support by community and political leaders. The Humanities Building was opened for classes in the spring of 1997.

In December of 1998, Roane State held a dedication ceremony for its second permanent Higher Education Center at the new facility in Crossville. The Cumberland County Center was named after Roy and Joanne Stone. The Stones donated the 40 acre tract of land for the new center as well as significant financial contributions. The center's library was named after the Cumberland Clinic Foundation in honor of this organization's significant financial contribution. Roane State occupied a new leased facility in Knox County to accommodate its Center for Health Sciences that serves the expanded service area of Knox and Blount counties. The facility houses classrooms and labs for nursing, medical laboratory technology, polysomnography, and EMT/Paramedic programs.

Another hard-won dream of the college became a reality when the Oak Ridge Branch Campus celebrated the dedication of its new, state-of-the-art, 120,000 square foot facility on August 13, 1999. The building is named in honor of State Senator Randy McNally and former State Representative David Coffey in recognition of their contributions and leadership in the campaign for the permanent branch campus facility.

Roane State now serves more than 5,300 students who are enrolled for credit. More than 5,000 students are served yearly through non-credit courses, programs, and workshops.

Locations

The Roane County campus of Roane State Community College consists of 138 acres located near the cities of Harriman, Kingston, and Rockwood in Roane County, Tennessee. The site is near the intersection of Patton Lane and U.S. Highway 70 and is easily accessible from Interstate 40, U.S. 27, and U.S. 70. The Oak Ridge Branch campus is located at 701 Briarcliff Avenue.

To more effectively serve the higher education needs in Roane State's service delivery area, RSCC and Tennessee Technological University entered into a cooperative

agreement for the provision of higher education services at selected higher education centers. Roane State provides general education for students wishing to transfer to four-year colleges or universities, technical and career education programs, and developmental education for students lacking an adequate academic background. TTU provides undergraduate junior and senior level courses as well as graduate courses.

The following centers are now in full operation:

RSCC/TTU Scott County Higher Education Center, Huntsville, Tennessee

RSCC/ITU Cumberland County Higher Education Center, Crossville, Tennessee

Campbell County Higher Education Center, LaFollette, Tennessee

Knox County Health Sciences Center, Knoxville, Tennessee

Loudon County Higher Education Center, Lenoir City, Tennessee

In addition to the main campus in Roane County, the branch campus in Oak Ridge and the higher education centers, the college also offers classes in Fentress County.

ACCREDITATION

Roane State Community College is accredited by the Commission on Colleges of The Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree. The college's career preparation programs are accredited as follows:

Dental Hygiene	Commission on Dental Accreditation of the American Dental Association
EMT-Paramedic	AMA Commission on Accreditation of Allied Health Education Programs (CAAHEP)
Medical Laboratory Technology	National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)
Medical Record Technology	AMA Committee on Allied Health Educa- tion and Accreditation in collaboration with the American Health Information Management Association
Nursing	National League for Nursing Accreditation Commission 61 Broadway New York, NY 10006 Phone: (212) 363-5555
Occupational Therapy Assistant	Accreditation Council for Occupational Therapy Education
Opticianry	Commission on Opticianry Accreditation
Physical Therapist Assistant	APTA Commission on Accreditation in Physical Therapy Education
Radiologic Technology	Joint Review Committee on Education in Radiologic Technology
Respiratory Therapy Technology	Joint Review Committee for Respiratory Therapy Education and Commission on

Programs.

Accreditation of Allied Health Education

STATEMENT OF MISSION AND PURPOSE

Roane State's vision is to become the comprehensive learning center for its communities, providing powerful and flexible environments for service and learning that will enhance the lives and work place readiness of students seeking the knowledge and skills needed for diverse roles in the 21st century.

Roane State Community College is a comprehensive, public, two-year post-secondary institution and a member of the State University and Community College System governed by the Tennessee Board of Regents. Through a firm commitment to affordable access and equal opportunity for all protected groups, Roane State serves the higher education needs of a widely diverse eight-county service area which includes Roane, Anderson, Loudon, Campbell, Scott, Cumberland, Morgan, and Fentress counties and expands to include Knox and Blount counties for the delivery of health technologies. With seven staffed locations and a wide range of distance learning offerings, Roane State brings the benefits of higher education within the reach of all who live and work in these different communities.

Roane State awards the associate of arts and associate of science degrees to students who wish to transfer to a four-year college or university. For those students seeking immediate career opportunities, licensure, or professional skill upgrading, Roane State awards the associate of applied science degree as well as technical and academic certificates of credit. The college offers career programs in business-related fields for the 21st century workplace and has achieved regional and national distinction for the diversity and quality of its programs in the field of health care. To meet the needs of students who must balance multiple career and family priorities with their educational goals, Roane State offers programs in flexible and convenient instructional formats. To facilitate a seamless transition through all stages of the educational process, Roane State is committed to developing and maintaining cooperative partnerships with area K-12 schools as well as four-year institutions.

Roane State is committed to providing all students a challenging and nurturing learning environment which encourages and inspires them to meet the high expectations and standards needed for responsible citizenship and to embrace the concept of learning as a lifelong endeavor. The college is committed to preparing all its students to demonstrate the attainment of critical thinking skills, communication skills, personal and professional goals and values, respect for diverse ideas and cultures, and a sense of the global community.

Roane State serves the workforce development needs of its communities by working in partnership with area business and industry to provide customized training, onsite at the workplace, locally at one of Roane State's centers, or through a variety of distance learning options. The college also serves as a valuable resource for cultural, aesthetic, and recreational opportunity and enjoyment for its communities.

Just as Roane State values lifelong learning as the key to thriving in a complex and rapidly changing world, so too the college embraces technology as the driver which will power those changes and is committed to integrating the most efficient and effective uses of technology throughout the institution for the enhancement of learning and of service.

Roane State's success can only be measured by the success of its students and by its reputation as a valued and vibrant community learning center. The ongoing assessment of educational outcomes and administrative objectives and a firm commitment to the change and evolution necessary to ensure continuous improvement will enable the college to fulfill its vision for those it serves.

Roane State remains committed to the education of a non-racially identifiable student body and promotes diversity and access without regard to race, gender, religion, national origin, age, disability, or veteran status.

ACADEMIC PROGRAMS

Roane State offers many challenging and rewarding degree programs. Detailed information about each program can be found beginning on page 74.

ADULT LEARNING AND PROGRAM DEVELOPMENT

(865) 882-4602

The Adult Learning and Program Development Office provides credit programs and services to support the educational needs of local business and industry. Courses can be offered on campus, at a business or community site during day, evening, or weekends in a variety of delivery modes.

The Distance Learning program is part of the Adult Learning and Program Development Office which offers flexible and convenient educational opportunities through the College at Home video/audio/telecourse and on-line courses. Testing services for College at Home students are provided through the Counseling and Career Resource Center on the Roane County Campus and on the Oak Ridge Branch Campus.

The IDEA (Interactive Distance Education Access) live interactive system is also a part of the Distance Learning program and links students and instructors through twoway audio and video transmission. IDEA classrooms, in Roane County, Oak Ridge, Campbell County, Cumberland County, Loudon County and Scott County, allow students to attend classes at the site closest to their home or work.

Roane State has joined with Chattanooga State, Cleveland State, Pellissippi State, and Walters State to form the Tennessee On-Line Community College Consortium (TOCCC). The TOCCC is designed to offer classes through the World Wide Web that will progress toward an associate's degree.

CENTERS FOR TRAINING

(865) 882-4612

The Centers for Training is a division of Roane State's Office of Continuing Education and Distance Learning. The many centers in this division provide training and consulting services to local business and industry. Emphasis is placed on identifying the targeted need of the client and customizing the services provided to accomplish the goal in a cost effective manner. The centers within this division are:

Center for Business and Industry - Harriman - (865) 882-4612

- Marketing
- Leadership Development
- Customer Service
- Training Manuals
- Satisfaction Surveys
- Retail Management
- Performance Based Training
- **Business Consulting**
- **ACT Workkeys**
- Customized training per client request

ACLS, PHTLS, BTLS, PALS, CPR

Center for Health Sciences - Knoxville - (865) 539-6904

- Emergency Services Training
- Pharmacy Technician
- Health Care Leadership
- Wilderness First Aid First Aid/BBP/CPR
 - **EMT Bridge**

First Responder

· Customized training per client request

Center for Environmental Health and Safety - Harriman - (865) 882-4612

- · Environmental Compliance Courses
- · Worker Protection Courses
- OSHA/TOSHA Auditing
- Consulting on Environmental Health and Safety Issues

Center for Small Business Development - Oak Ridge - (865) 483-2668

- Promote growth, expansion, innovation, increased productivity and managerial
 excellence in the small business community.
- Provide meaningful advice, counseling, training and assistance to those wanting to start their own business.

COMMUNITY SERVICE PROGRAMS

(865) 882-4509

In addition to credit courses, special non-credit courses reflecting community interest may be organized at the request of a sufficient number of interested persons. Individuals may pursue these special offerings for personal enrichment, for compliance with business or industrial opportunities and/or requirements, for specific technological information, and for general cultural benefits. Students taking non-credit courses are not required to follow the same admissions procedures as those students in degree courses.

The Community Service Program of the college includes a variety of activities which are offered in cooperation with community groups and agencies. The program offerings are in accord with the public's needs and interests and include lectures, clinics, tutoring, short courses, conferences, forums, concerts, fine arts festivals, workshops, institutes, self-development functions, and community development functions. The college welcomes the opportunity to meet with representatives in our community (e.g., educational, governmental, industrial, and business organizations) to plan special types of training or activities that might be beneficial to an organization or our community.

COMPUTER TRAINING CENTER

(865) 483-8453 FAX (865) 483-2750

The Computer Training Center offers short-term, non-credit classes in the latest computer applications and technologies. Customized training is also available to business and industry. No special registration requirements are required for enrollment. The CTC is located in the Oak Ridge Mall.

EAST TENNESSEE AGRICULTURAL EXPOSITION CENTER

(865) 882-4590

The Exposition Center is a multi-use facility designed primarily for use by the livestock industry. The center hosts many local and national livestock events which include various horse shows, rodeos, team ropings, cuttings, sales and clinics. Due to its unique design, the center is also able to host many other community events which include boat and marine shows, paintball and archery tournaments, hunting and fishing expositions as well as various other contests and seminars. Because of the community service commitment of the college, the Exposition Center also hosts several events each year for various non-profit community organizations for which there is no charge.

ROANE STATE FOUNDATION

(865) 882-4507

The Roane State Foundation was founded in 1979 as a separate non-profit entity with the purpose of providing financial support for the students and programs of Roane State Community College. It seeks to enhance community awareness of the college, to secure private contributions and bequests, and to manage monies or properties given to the Foundation. Governed by a volunteer board of directors, the Foundation provides financial support for college activities. The executive director of Institutional Advancement works with members of the college's Development Council and serves as the liaison between the board of directors and the college community.

The Roane State Foundation's current priorities include:

- Strengthening scholarship endowments
- Providing support services to students
- Acknowledging outstanding faculty and staff for service and leadership
- Encouraging adult learners
- Fostering participation in cultural and community activities
- · Developing facilities and special capital projects
- Providing perpetual trusteeship of capital funds donated to the college
- Supporting special projects which cannot be funded by public funds.

There are many ways to participate in Roane State Community College's giving program through the Foundation. Gifts of cash provide immediately accessible capital for the college. Contributors of appreciated assets such as securities, life insurance, real estate or personal property are excellent vehicles for making a charitable gift, and may also offer significant tax benefits to the donor. Such contributions may be made outright or through deferred gifts or bequests. Donors are encouraged to consult with their financial advisors for the method or combination of methods best suited to their own situations.

RSCC/LEAD INSTITUTION

RSCC, designated a Lead Institution by the Tennessee Board of Regents, is charged with the responsibility of overseeing the development of a cohesive plan for the delivery of postsecondary vocational, technical, and career programs and with support services for technology centers in an eight-county area including Anderson, Campbell, Cumberland, Fentress, Loudon, Morgan, Roane, and Scott counties.

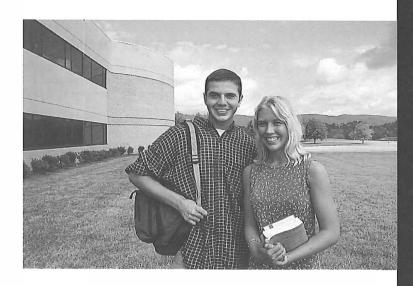

Roane State is responsible for providing support for the delivery of the following services: occupational and academic diagnostic services, developmental education (basic skills), job/vocational education and occupational training, special business and industry training, sub-baccalaureate or non-collegiate technical education, job placement and counseling, transfer for community college, and continuing education and community service.

As Lead Institution, RSCC also provides administrative support services for accounting and budgeting, purchasing, personnel, student records, financial aid, institutional research, and public relations for postsecondary technology centers.

WRITING CENTER

(865) 882-4677 (Roane County) (865) 481-2026 (Oak Ridge)

The Writing Center provides free writing assistance to Roane State Community College students, faculty and staff, and to the community. The purpose of the Writing Center is to promote excellence in writing. The center seeks to develop approaches that put writing at the center of the academic and professional enterprise and to foster the perception of writing as a vital means of communication, as an art form, and as a powerful mode of learning for all subjects.

Roane State is always "just down the road,"

with a main campus in Roane County;

a branch in Oak Ridge; higher education

centers in Campbell, Cumberland,

Loudon and Scott counties; and a

health sciences center in Knoxville.

ADMISSION TO THE COLLEGE

RSCC can aid in the intellectual development of anyone who wants to take advantage of a high-quality, low-cost, state-supported educational experience. The following pages describe in detail the costs and procedures for admission to Roane State Community College.

The information included in this section of the catalog is provided to guide you through these steps. If you have questions which are not explained, please contact the Admissions Office at (423) 882-4523 or 1-800-343-9104.

College tours may be scheduled at the Admissions Office or at any off campus location.

ADMISSION PROCEDURES

Roane State Community College subscribes to the "open door" policy for admissions; however, admission may be granted on a "controlled" basis if ACT or SAT scores and/or placement assessment results indicate any academic deficiencies. Regular admission is granted to those students whose ACT or SAT scores and/or placement results indicate there are no academic deficiencies.

The following general requirements apply, and more specific requirements are found under "General Student Classifications."

- Graduate from an approved high school, home school or receive a GED high school equivalency diploma and file with the Records and Registration Office an official high school transcript or an official copy of GED scores. Transcripts for graduates from Tennessee public high schools must provide evidence that the student passed the required Tennessee Comprehensive Assessment Program (TCAP).
- 2. File an application for admission and submit a non-refundable application fee of \$5 which must accompany the application form. The application form must have all appropriate spaces completed. Failure to complete all appropriate spaces accurately may result in expulsion from the college.
- All students must complete the Certificate of Immunization to provide proof of two doses of Measles, Mumps, and Rubella (MMR) vaccines if born in or after 1957. The form should be mailed to the Records and Registration Office.
- 4. All freshman applicants under 21 years of age must submit ACT or SAT scores. Information on the ACT may be obtained from the high school counselor, the Counseling Office at RSCC, or by writing to American College Testing, Inc., P.O. Box 168, Iowa City, Iowa 52242. Roane State Community College's ACT Code Number is 3985. This number should be used to request that scores be sent to RSCC.
- 5. Students who have graduated from a Tennessee high school and who have not earned one credit in American history while in the high school program are required to complete 6 semester hours of American history during their first 30 hours of regular enrollment at Roane State. This requirement does not affect the student who enters the college with a GED certificate.

All correspondence concerning your admission file should be addressed to:

Records and Registration

Roane State Community College

276 Patton Lane

Harriman, Tennessee 37748

A candidate for admission should request application forms early enough to allow ample time for required materials to be forwarded to the Records and Registration Office.

When all admissions papers have been received in the Records and Registration Office, the applicant will be sent a letter indicating that he/she has been accepted for admission or he/she will be advised by letter that further action is necessary in order to

establish eligibility for admission. Applicants will be advised when to appear for testing, counseling, and registration.

Additional admission requirements are in effect for accelerated courses in Contemporary Management. See page 120 for further information.

ADDITIONAL ADMISSION AND RETENTION REQUIREMENTS ARE IN EFFECT FOR HEALTH SCIENCE AND NURSING PROGRAMS. PREFERENCE FOR ADMISSION WILL BE GIVEN TO RESIDENTS OF THE STATE OF TENNESSEE. SEE PAGE 128 FOR FURTHER INFORMATION.

GENERAL STUDENT CLASSIFICATIONS

1. **DEGREE STUDENT:** Applicants who take courses for credit which will apply toward a degree. Categories for degree-seeking students are:

First-Time College Student

A student pursuing a degree at Roane State and has never attended college before must complete the following:

- 1. Submit application for admission and non-refundable \$5 application fee.
- Submit official high school transcripts or official copy of GED scores. Transcripts must be mailed directly to the Records and Registration Office and should include date of graduation as well as verification that the student passed the required proficiency examination.

NOTE: The transcript of a Tennessee home schooled student must be accompanied by certification of registration with the superintendent of the local education agency which the student would otherwise attend. (A form is available upon request from the Admissions Office.) Students unable to provide a satisfactory secondary school credential may substitute acceptable GED scores.

- 3. All applicants under 21 years of age must submit ACT or SAT scores. Roane State prefers the ACT but will accept the SAT. These scores will be used to determine the areas in which the student will be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.
 - a) Students whose composite score is less than 19 on the Enhanced ACT or less than 920 total score on the SAT will be assessed in the area of reading.
 - b) Students whose English sub-test score is less than 19 on the Enhanced ACT or less than 460 verbal score on the SAT will be required to take the writing sample portion of the placement assessment.
 - c) If the student's mathematics sub-test score is less than 19 on the Enhanced ACT or less than 460 math score on the SAT, or if a student in a University Parallel program does not have two years of high school algebra, the math portion of the placement assessment will be required.
- 4. All applicants 21 years of age and older must undergo placement assessment. Students 21 years of age and older may choose to take the ACT and be assessed according to the above-mentioned guidelines. The ACT or SAT must have been completed within the last three years.
- All students enrolled in Composition I will be evaluated during the first week
 of classes. Students showing deficiencies will be referred to testing for possible placement in appropriate remedial or developmental courses.
- 6. Placement in DSS 089 College Success Strategies is required for either (1) students who are placed in at least two subject areas at the remedial level or (2) students who are placed in three subject areas including remedial or de-

velopmental levels. Beyond this mandatory placement, students with two deficiencies—either both developmental or one developmental and the other remedial—have the option to elect placement in College Success Strategies. Course enrollment is limited to students in these categories.

Transfer Student

A degree-seeking applicant who has attended another college or university will be considered a transfer student. Transfer students may be exempt from EDU 100—Orientation to College.

- Transcripts from all previously attended institutions should be mailed directly to the Records & Registration Office. Transcripts are not accepted from students. An evaluation of college credit will be completed. If less than 60 semester hours have been accumulated, an official high school transcript or GED scores must be submitted.
- 2. Transfer students under the age of 21 must submit ACT or SAT scores. If fewer than 60 semester hours have been attempted, ACT or SAT scores will be used to determine the areas in which the student will be required to undergo placement assessment. Grades in courses completed will also be taken into consideration for proper placement assessment determination. Enrollment in courses indicated by results of the assessment is mandatory.
- 3. Transfer students age 21 and older, who have less than 60 semester hours of credit, will have their course records evaluated for proof of competency in the areas of reading, writing, and mathematics. Students lacking college course work in these areas will be required to undergo placement assessment. Enrollment in courses indicated by results of the assessment is mandatory.
- Remedial/Developmental course work taken at other TBR institutions will be posted to the student's RSCC transcript and will be considered in regards to the number of attempts.
- All transfer students with 60 or more semester hours will be exempt from placement testing.
- 6. Transfer applicants who do not meet the Roane State retention standards or whose last term of enrollment resulted in academic suspension will be admitted on academic probation and may be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.
- 7 Transfer applicants whose last term of attendance resulted in academic suspension and who are currently serving a suspension at another institution must meet with the Admission and Retention Committee to request admission. If admission is recommended by the committee, the applicant may be required to undergo placement assessment as noted in section 3.b above.
- Credits for courses not corresponding with the curriculum at Roane State may be entered on the transcript as elective credit. All credit will be posted within the first term of enrollment.

Readmitted Student

Any former Roane State applicant or student not enrolled the previous semester (excluding summer) who wishes to return to the college will be considered a readmit student. Students seeking readmission should:

- Submit an application for readmission. There is no application fee charged under this category. (PLEASE NOTE: Students who applied for admission but never attended should fill out the general application for admission in lieu of the readmission application if it has been more than 1 year since making application to the college.)
- 2. Degree seeking students must submit official transcripts from all colleges or universities attended since their enrollment at Roane State.
- 3. All applicants whose last semester of attendance resulted in academic suspen-

sion and who are seeking readmission within one calendar year of that suspension must meet with the Admission and Retention Committee to appeal the suspension prior to readmission. If reinstated, these students may be required to undergo placement assessment. Enrollment in the courses indicated by results of the assessment is mandatory.

 Effective spring 1992, readmit students who took courses at RSCC prior to fall 1985 are no longer exempt from fulfilling Academic Development requirements in placement testing and course completion.

International Student

An applicant who is a citizen or a permanent resident of a country other than the United States is classified as an international student.

English Proficiency: An international student or permanent resident whose native language is NOT English must satisfy one of the following prerequisites:

- 1. Submit a minimum score of 500 on the Test of English as a Foreign Language (TOEFL) or 173 on the new computer-based TOEFL.
- 2. Submit a transcript showing graduation from an American high school.
- Submit a transcript from another U.S. institution showing satisfactory completion (a minimum grade of C must be achieved in college-level English Composition I).

It is the responsibility of the international student to be familiar with the regulations of the Immigration and Naturalization Service and assume responsibility for complying with these regulations.

The following should be submitted to the Admission Office no later than 30 days prior to the beginning date of the term the applicant wishes to enroll.

- 1. Application for admission with a non-refundable \$5 application fee.
- Official copies of academic records from secondary schools, colleges, or universities accompanied by notarized or certified English translation of these documents.
- 3. International students under 21 years of age must submit ACT or SAT scores.
- Placement assessment may be required dependent upon age, admissions category (new or transfer), and ACT/SAT scores. Enrollment in courses indicated by results of the assessment is mandatory.
- 5. For F-1 (student) visas, evidence of financial resources adequate for all expenses for at least one year of enrollment is required. The first year fees and expenses total \$15,025. (This figure is an estimate and is subject to change.) Additional funds are required if the student plans to bring a spouse, or dependent into the country. A statement verifying these resources from a US bank will fill this requirement. If original statement is in foreign currency, an official conversion to US dollars must accompany the foreign statement.
- 6. Provide documentation substantiating official status with the US Immigration Service. (Passport, visa, etc.)
- 7. Provide a copy of the form I94.
- 8. All international students are required to have health and accidental insurance from a Roane State approved US company.
- Provide proof of two doses of Measles, Mumps, and Rubella (MMR) vaccines if born in or after 1957.

All international students applying for admission pursuant to a student visa shall submit a certificate from a licensed physician or other qualified medical authority verifying freedom from tuberculosis within thirty (30) days from the first day of classes. Failure to submit such certification shall result in denial of further enrollment or admission. In the event that a student either has tuberculosis or has potential tuberculosis

requiring medical treatment, continued enrollment will be conditioned upon the determination by a licensed physician that further enrollment does not present a risk to others and upon the student's compliance with any prescribed medical treatment program.

Permanent Resident

The student must meet all applicable requirements for regular admission to the college. Other requirements are as follows:

- 1. Submit a copy of the front and back of Permanent Resident Alien card.
- Minimum score of 500 on the TOEFL or 173 on the computer-based TOEFL or meet one of the requirements from the English Proficiency section listed above.
 *Appeals concerning English proficiency may be made to the Director of Admissions.
- 2. NON-DEGREE STUDENT—Applicant who does not work toward a degree may be admitted as a non-degree student. Students in this category who wish to be reclassified to degree-seeking must submit appropriate transcripts and possibly undergo placement assessment. A change of status form must be completed. Forms are available in the Records and Registration Office. Reclassification will not occur until all requirements of the new admissions category are met. Students may not change status during the first term of enrollment. These categories include:

Technical Certificates

Students enrolled in one of the following technical certificates of credit programs are considered non-degree students. Since Child Support Enforcement and Health Sciences are limited in enrollment, applicants to these programs must submit a special program application. No placement assessment is required of these programs except the Paramedic program. Some certificate programs may require additional testing before being admitted. Students wishing to enroll in a technical certificate program should:

- 1. Submit an application for admission along with a non-refundable \$5 application fee
- Submit an official copy of high school transcript or GED scores or college transcript.

NOTE: The high school transcript must be a regular or honors diploma. A special ed diploma or certificate of attendance DOES NOT meet this requirement.

Technical Certificate programs offered:

Somatic Therapy

Child Support Enforcement
Computer Art & Design
Diagnosis and Procedural Coding
Geographic Information Systems
Medical Transcription
Office Information Technology
Paramedic
Phlebotomy
Police Management
Polysomnography

Transient Student

A regularly enrolled student of another institution who wants to take a limited number of hours during a term and who is not presently working toward a degree at Roane State may be admitted as a transient student. To enroll as a transient students should:

- 1. Submit an application for admission and pay the non-refundable \$5 application fee.
- Provide a letter of good standing from his/her institution verifying enrollment in a degree program in lieu of college transcript. Students planning to take college level math, English or a science course with a prerequisite requirement must submit an official college transcript.

Audit Student

Students who want to enroll on a non-credit basis may choose to audit coursework at Roane State. Fees for audits will be assessed on the same basis as fees for credit courses. A student who attends a class with audit status will not receive a grade. Instead, enrollment is reflected on the academic record as 'AU' for audit. Transcripts of previous schoolwork are not required under this category. To enroll as audit:

- Student should submit an application for admission with non-refundable \$5 application fee.
- 2. Some disabled or elderly students may qualify for a special fee rate. Proof of age may be required by the Records and Registration Office. For more information regarding fees for disabled and senior citizens, refer to page 61.

NOTE: Remedial or developmental level courses as well as fast-track courses may not be taken for audit.

Admission to classes for audit may be limited or denied based on availability of space.

Personal/Professional Enrichment

Students who do not wish to pursue a degree or certificate but want to enhance personal and/or professional skills may enroll in these "special" categories.

Non-High School Graduate

- Applicant who has passed his/her 18th birthday and who does not have a regular high school diploma or GED and who wishes to pursue the GED through academic development instruction.
- 2. Students 21 or older who have not earned a high school diploma and not currently enrolled in high school.

To enroll

- 1. Submit an application for admission and non-refundable \$5 application fee.
- 2. Undergo placement assessment.
- 3. Take the prescribed remedial and developmental courses only.

Student may change to degree-seeking status by successfully completing the GED and completing a change of status form.

High School Graduate—Applicant who has earned a regular high school diploma or GED may enroll in any course except college-level math, English, or one that has college-level math or English prerequisites. Any student who plans to enroll in math or English courses must undergo placement assessment unless he/she has taken the ACT within the last 3 years and has scores which waive this requirement. (For ACT requirements, refer to page 25 under "General Student classifications.") To enroll students should submit an application for admission and non-refundable \$5 application fee. (No transcript is needed.)

Student with Previous College Credit—Applicant who has earned college credit but does not have a degree may enroll after completing the following:

- 1. Submit application for admission and non-refundable \$5 application fee.
- 2. Undergo placement assessment if enrolling in math or English courses unless student has already completed college-level math or English.

College Graduate—An applicant who has earned a college degree may enroll in college courses without regard to course prerequisite requirements. An application for admission with a non-refundable \$5 application fee should be submitted. **Transcripts are not required.**

Advanced Studies Program (For High School Students)

Students who have completed their sophomore year in high school and meet the criteria for Advanced Studies may earn college credit while still in high school. Two options are available:

- *Dual Credit—Allows students to enroll in classes that award both high school and college credit.
- *Joint Enrollment—Allows high school student to enroll in college classes and earn college credit only.

To enroll as an Advanced Studies student applicants should:

- Submit an Advanced Studies application AND an application for admission to the Center for New Student Admission.
- 2. Have permission of high school principal, counselor and parent.
- 3. Have a 3.2 GPA or better on a 4.0 scale or 2.75 on a 5.0 scale.
- 4. Submit ACT scores. The ACT composite must not fall below 20 and subscores in English and mathematics must be 19 or higher.
- 5. Courses satisfactorily completed will count as credit for those who submit a high school transcript showing evidence of high school graduation. Advanced Studies students must submit a high school transcript verifying high school graduation as well as a change of status/major form prior to enrolling as degree students.

Academically Gifted Student (High School Students)

A student in grade 9, 10, 11 or 12 who has been classified as "academically gifted" by evaluation through the multi-disciplinary team process may earn college credit while in high school. Admission is based on the following criteria:

- 1. A grade point average of 3.2 or better on a 4.0 scale.
- 2. Approval of the high school principal and the Director of Admissions.
- Enrollment only in those courses designated in the student's Individual Education Program (IEP) developed by the multi-disciplinary team. A copy of the student's IEP showing those courses or a list of the approved courses from a school official must be sent to the Director of Admissions before registration will be allowed.

ADMISSION REQUIREMENTS

To enroll in a transfer program leading to an associate of arts or an associate of science degree, and eventually a bachelor's degree, the Tennessee State Board of Regents requires the completion of specific high school courses.

All applicants who graduated from a high school or home school in or subsequent to 1989 must meet the following requirements in addition to those listed in the student's selected program of study. All requirements must be met prior to being awarded the associate degree in a university parallel program. Applicants who received a GED certificate in 1989 and thereafter as well as students who have an Enhanced ACT score of 26 or higher are considered to have met all high school unit requirements except those in foreign language and visual or performing arts.

	Units
English	4
Mathematics	3
Algebra I and II and Advanced Math or	
Integrated Math Sequence I, II, III	
Natural/Physical Science	2
At least 1 unit must be Biology I or II,	
Biology for Technology, Chemistry I or II,	
Physics, or Principles of Technology II	
U.S. History	1
Social Studies	1
Foreign Language	2
Visual/Performing Arts	1

Applicants who are found to be deficient in any of the above areas may be admitted on a provisional basis and will be required to remove any deficiencies prior to being granted an associate of arts or associate of science degree. Questions regarding this policy should be forwarded to the Records and Registration Office.

Removal of Entrance Deficiencies

Students with academic deficiencies will be notified by the Records and Registration Office. Deficiencies must be removed prior to receiving an associate degree. A grade of "C" or better must be earned in these courses. Courses used to remove deficiencies cannot be used to fulfill program requirements.

NOTE: Entrance deficiencies in English, Algebra I and II will be handled through mandatory assessment, placement and removal of deficiency at the remedial or developmental level.

RESIDENCY CLASSIFICATION

The following guidelines are used to determine "in-state" or "out- of-state" status for fees and tuition.

- 1. Every person having his or her residence in this state shall be classified "instate" for fee, tuition and admission purposes.
- 2. Every person not having his or her residence in this state shall be classified "out-of-state" for fee, tuition and admission purposes.
- 3. The residence of a dependent* is that of his or her parent. "Parent" shall mean a person's father or mother. If there is a non-parental guardian or legal custodian of dependent, then "parent" shall mean such guardian or legal custodian provided that there are not circumstances indicating that such guardianship or custodianship was created primarily for the purpose of conferring the status of an "in-state" student on the dependent.
- The residence of a married person can be determined based on the residence of the spouse.
- 5. A recent graduate of any "out-of-state" high school must supply evidence of Tennessee residency before receiving "in-state" tuition status. Copies of property deeds or property tax payment statements are acceptable evidence.
- 6. Dependent students of divorced parents shall be classified "in-state" when one parent's residence, regardless of custodial status, is in Tennessee.
- International students shall be classified as "out-of-state" for tuition and admission purposes.
- 8. Students classified by Immigrations as a Permanent Resident, Resident Alien, or Refugee may be classified as "in-state" if their residence is in Tennessee.
- 9. Persons not living in Tennessee but employed full-time in Tennessee shall be classified "in-state." The student must provide appropriate documentation.

In-state applications can be obtained from the Records and Registration Office or at any Roane State location. All questions should be directed to the Records and Registration Office.

*Dependent shall mean a person whose parents have not entirely surrendered the right to the care, custody and earnings of such person and who are still under obligation to support or maintain the dependent person. A person the age of 18 or older is considered to be independent by the state. If a person 18 or older is to be considered dependent, the parent must provide a copy of a federal income tax return claiming the dependent.

SELECTIVE SERVICE REQUIREMENTS

- (1) Pursuant to federal law, every male who is between the ages of eighteen (18) and twenty-six (26), and is a citizen of the United States or a resident of the United States must register with the Selective Service.
- (2) Notwithstanding the provisions of paragraph (1), the requirement to register shall not apply to any alien lawfully admitted to the United States as a nonimmigrant under Section 101(a)(15) of the Immigration and Nationality Act, as amended, for so long as he continues to maintain a lawful nonimmigrant status in the United States.

ACADEMIC FRESH START

Purpose

The Academic Fresh Start program is designed to assist those students who have had a minimum 4-year separation from college and who demonstrate a greater level of academic maturity as a result of that separation. Students who did not realize their full academic potential during their first attempt at the college experience are being given a second chance to meet their educational goals without penalty. Through the Academic Fresh Start program, students are given a second chance to begin their academic careers by removing all previously taken courses from the current academic statistics. Although the courses will not be physically removed from the student's academic record, they will no longer be calculated in the quality point average computation and will no longer apply toward the fulfillment of any college requirement.

Student Requirements

- A student must not have been enrolled at any college or university for a minimum of 4 calendar years.
- 2. After readmittance to RSCC or admission as a degree student the student must accumulate 18 semester hours with a minimum GPA of 2.5.
- 3. Academic Fresh Start applies to all RSCC courses taken prior to the 4-year separation. All work attempted before the date of separation will be removed from consideration toward fulfillment of degree requirements. Previously satisfied testing requirements will not be forfeited.
- 4. All grades/courses preceding the re-enrollment period will be given inactive status and will remain listed on the transcript but will not be calculated in current academic statistics (earned hours, attempted hours, cumulative grade point average).
- Only those students pursuing an associate degree are eligible for Academic Fresh Start.
- 6. Academic Fresh Start may be granted only once, and when granted, is irrevocable.

Procedures

- A student who is eligible for Academic Fresh Start must make that request in writing at the time of admission/readmission. Forms are available in the Records and Registration Office.
- The Registrar will review the student's transcript at the time the student accumulates the required number of hours to verify that the student has met policy requirements.
- 3. The student will be notified in writing of the results of his/her application for Academic Fresh Start. All written documents will be placed on the student's file.
- 4. Upon approval by the Registrar, the transcript will be updated to reflect "ACA-DEMIC FRESH START" with the effective date.

PLANNING AN EDUCATIONAL PROGRAM

The responsibility for selecting an educational program rests with each student. The faculty and counselors take pride in assisting students in program planning and course selection. Students who are planning to transfer from Roane State to a senior institution at the conclusion of two years' work should secure a copy of that institution's catalog to use in planning their transfer program. Final responsibility for direct planning of courses and every preparation necessary to graduate from RSCC or to transfer to other colleges and universities rests with the student.

ACADEMIC ADVISEMENT

(865) 882-4528

At Roane State, academic advising is a shared responsibility of the student and the faculty advisor. First-time students and students transferring into Roane State are encouraged to attend a New Student Orientation session to meet with an advisor and schedule the upcoming term's classes. During the first semester of enrollment, students are assigned an advisor from their major area of study. The advisor works closely with the student in determining his/her education goals and in developing a plan for completing these goals.

All students are encouraged to meet with their faculty advisor at least once a year. Students who are undecided in their major should contact Counseling and Career Services for information and assistance. Counseling and Career Services advises students who are classified as "special students" and have no declared major. Beginning Fall 2000, students with high school deficiencies will be required to meet with an academic advisor prior to registration.

ON-COURSE

Students wanting to know the courses they need to complete a particular degree program or how their courses meet the requirements of another degree program should take advantage of ON-COURSE, Roane State's advisement assistant. This computer program merges a student's academic record with the degree requirements for a particular major. Information included on the printout includes: academic requirements remaining, requirements completed or in progress, and work that is not applicable to a particular major. Students can obtain an ON-COURSE printout from their academic advisor, the Counseling and Career Services, Records and Registration, or any off-campus location.

ACQUIRING CREDIT

The following explains ways enrolled students may receive credit other than taking the specific classes at RSCC.

ENGLISH COURSE EXEMPTION

Students with an ACT sub-score of 27 or better in English may enroll for both English 101 and 102, attend English 102, and receive six semester hours credit with the grade earned in English 102.

ADVANCED PLACEMENT

Roane State offers course credit for successful completion of Advanced Placement examinations administered by the College Entrance Examination Board to high school students. Course credit will be granted to students presenting Advanced Placement ex-

amination grades of three or higher. Inquiries concerning Advanced Placement should be forwarded to the Records and Registration Office. A letter grade of "P" (Pass) will be assigned for credit granted.

CHALLENGE EXAMINATIONS

Currently enrolled students desiring to obtain credit by successfully completing challenge examinations must apply to the appropriate division and arrange to take the examination. A Credit-By-Proficiency form will be used. Credit-By-Proficiency cannot count toward residency requirements. Courses that contain a clinical or laboratory component, or whose competencies may not be assessed in a proficiency examination as in the regular course may not be challenged.

The student must take the form to the Business Office and pay the appropriate fee prior to taking the test. Students will be required to pay a fee equal to \$20 per hour times the number of credit hours. This fee is in addition to maintenance fees paid for courses in which the student is actually registered.

After fees are paid the student will take the form to the appropriate department to complete the test. When the test is complete, the grades assigned, and the appropriate signatures in place, the form will be sent to the Records and Registration Office for recording of credit. Credit type will be noted as PFT and a grade of "P" (Pass) will be assigned.

Fees are waived if the student desires to validate credit by examination for earned hours from an unaccredited institution or vocational school. Students must verify by official transcript that the credits have been earned previously when arranging to take the examination.

CLEP GENERAL AND CLEP SUBJECT AREA EXAMINATIONS

Have official scores sent from CEEB to the Records and Registration Office. An evaluation for possible credit will be made, and a copy of this evaluation will be mailed to the student. For information about taking CLEP examinations, contact the University of Tennessee Counseling Center. A letter grade of "P" (Pass) will be assigned for credit granted.

Note: Minimum Scores for CLEP General Exams prior to July 1, 1993 were 421-500. After this date, all scaled scores end in zero.

COURSE CREDITS FOR PASSING THE CPS EXAMINATION

Persons passing the Certified Professional Secretary examination will be granted 25 hours of credit at Roane State for the following courses.

OAD 100	Keyboarding1
OAD 105	Business Communications I
BUS 221	Principles of Accounting I
BUS 251	Legal Environment for Business
BUS 261	Psychological Aspects of Management
BUS 281	Management & Supervision I
CST 102	Computer Concepts and Applications
ECO 201	Principles of Economics I
OAD 201	Administrative Office Management

²Note: For English Composition exams taken between 1978 and April 1986, the minimum score for awarding credit was 530 and above.

^{*}These examinations will be reviewed (and may be rescored) during 1996.

Credits awarded are subject to change when the actual content of the CPS examination no longer corresponds to course content or when courses at RSCC are revised substantially.

In order to receive credit for these courses, the CPS applicant must follow the procedures listed below:

- The CPS holder will apply to the Records and Registration Office and pay the application fee required, and enroll for classes.
- 2. The CPS holder will present his/her test scores to the Records and Registration Office upon application as sufficient proof of his/her CPS status. A letter grade of "P" (Pass) will be assigned for credit granted.

TRANSFER OF CREDIT FROM COLLEGES AND UNIVERSITIES

Roane State accepts transfer credit from colleges and universities based on the following considerations:

- the comparability of the nature, content and level of credit earned to that offered by Roane State
- the appropriateness and applicability of the credit earned to programs offered by Roane State with regard to the student's educational goals
- the educational quality of the institution from which the credit was earned

The following policies and procedures govern the granting of credit for transfer coursework.

- Official transcripts of all previous college coursework must be sent to the college at the time of application. Foreign transcripts not issued in English must be accompanied by an English translation.
- Creditearned at a regionally or internationally accredited institution will be evaluated upon receipt of an official transcript.
- 3. Transfer credit (attempted and earned hours, quality points and GPA) will not be included on the Roane State academic record.
- 4. Courses earned with grades A, B, C, D, or P will be considered for applicability toward a degree/certificate program from Roane State. Only grades of A, B, C, or P will be accepted for remedial/developmental courses. Grades of D, F, W, X or I will not be accepted, but will be posted on the Roane State transcript for the purpose of tracking the Academic Two-Attempt policy.
- 5. Roane State grants non-traditional credit for military service and service schools in accordance with the guidelines established in ACE (American Council on Education) and DANTES (Defense Activity for Non-Traditional Educational Support) published by the American Council on Education. Military service credit will be assigned the letter grade of P.
- 6. Roane State grants non-traditional credit for CLEP (College Level Examination Program) and AP (Advance Placement) examination. CLEP and AP credit will be assigned a letter grade of P. See "Acquiring Credit" in this catalog for credit requirements.
- 7. Effective Fall 1999, Roane State will consider coursework from non-regionally accredited institutions as transfer coursework. Readmits and currently enrolled students may request credit consideration for coursework completed during or after Fall 1999. Credit requests must be made by completing an Application for Transfer of Credit form obtained from the Records and Registration Office or any off campus location. A course competency examination may be required as part of the process. Students required to take a course competency exam will be notified after the request for transfer credit form has been reviewed by the appropriate academic department. To request a course competency exam, the student must complete a Credit by Proficiency form, available from the Records and Registration Office or any off campus location. No fee is required for the

- exam when associated with transfer credit from a non-regionally accredited institution.
- 8. A mininum of 18 of the remaining 36 semester hours of coursework must be completed in residence at Roane State.

Transfer information can be obtained from Records and Registration. Advisement and information regarding inter-institutional articulation are available in the Counseling and Career Services Center.

MILITARY CREDIT

Veteran students who have one year or more of honorable military service will need to submit a copy of their DD-214 to the Records and Registration Office. Military credit will be awarded in physical education (4 semester hours) and military science (6 semester hours). Students who completed less than one year but received at least eight weeks of training will receive 2 semester hours of physical education credit. Additional credit for military training/occupational experiences may be awarded based on MOS credit listed on the DD-214.

Army veterans will be awarded military credit based on training/occupational experiences listed on the AARTS transcript. Veterans may request a copy of their AARTS transcript by contacting:

Manager, AARTS Operations Center 415 McPherson Avenue Fort Leavenworth, KS 66027-1373 FAX (913) 684-2011

RSCC follows all guidelines established by ACE (American Council on Education) and DANTES (Defense Activity for Non-Traditional Educational Support).

CORRESPONDENCE AND EXTENSION CREDIT

A student may not be enrolled at another college for correspondence or extension work while enrolled at Roane State unless special permission has been granted. All extension or correspondence work in progress upon admission must be reported to the Records and Registration Office at the time of the student's first registration. A maximum of 30 semester hours credit for correspondence or extension courses, credit for Advanced Placement, CLEP, or CPS tests, and/or credit resulting from military service may be counted toward a degree. All correspondence or extension work must have the written, documented approval of the Director of Records and Registration.

PRIOR LEARNING CREDIT

A currently enrolled student at Roane State may petition for credit through documented work experience or life experience in the field in which a degree is being pursued.

Prior learning credit may be obtained as elective credit or specific course credit as it relates to a course in the current Roane State course inventory. This credit cannot exceed 18 hours. Credit for prior learning is not designed for students pursuing an Associate of Arts or Associate of Science degree (University Parallel). This type of credit normally does not meet degree requirements at a senior institution.

Students interested in seeking prior learning credit should first contact the appropriate academic dean. The dean will then assign faculty in the discipline to meet with the student to begin preparation of the portfolio. Students may be required to enroll in MGT 100—Portfolio Management, a course specifically designed for portfolio development. For further information, please notify the Office of Adult Learning and Program Development.

The portfolio should contain the following:

1. An introduction that describes the basic facts for the learning experience.

- 2. Specific course numbers and course names for credit requested.
- A description of the types of formal training or instruction received in the subject since high school. This training could have occurred in classrooms, on the job, or through informal settings.
- A detailed list of the kind of work done in the area. Explain the responsibilities and tasks successfully performed.
- A detailed list of what was learned about the field as a result of the experience. Describe theories and practices developed.
- Appropriate examples of work along with the product resulting from the work, the conditions under which it was created, and changes that might be made now based on the experience.
- 7. A description of critical events, outstanding managers and their styles, reading or lectures that made the experience noteworthy.
- 8. A summary of the major experiences and insights to substantiate significant learning.

After the portfolio is completed the instructor will make a recommendation regarding the level of credit to the academic dean. The academic dean may choose to approve as submitted, modify the amount of credit awarded, or return the portfolio for additional information. The portfolio will then be sent to the Vice President of Academic and Student Services for review before the final credit is awarded. The portfolio should be retained in the academic division office for a period of five years.

Credit awarded will depend on the student's ability to analyze personal or professional significance. Awarding credit should be based on the student's experience as it relates to the years in the field, breadth of exposure, or level of responsibility.

When the evaluation is complete and the approprate signatures are in place, the form will be sent to the Records and Registration Office for the recording of credit. Credit type will be noted as EXP and a grade of "P" (Pass) will be assigned.

A special fee for prior learning credit is assessed.

Prior learning or proficiency credit will not apply toward meeting residency requirements for graduation.

COOPERATIVE EDUCATION

(865) 882-4546

The Cooperative Education program provides students with meaningful work experience related to their major field of study. The Placement Office at Roane State works with area employers to develop cooperative education experiences for Roane State students. These experiences allow the student to get practical on-the-job training prior to entering the work force. Cooperative Education work assignments may be on a concurrent or alternate basis. Most cooperative education work assignments at Roane State are concurrent, meaning that the student is enrolled in coursework leading to an associate degree while working.

Students must be in good academic standing and have completed 12 semester hours of coursework in their major (excluding Academic Development courses). A student may earn a maximum of 12 semester hours of co-op credit which may then be used toward general elective credit in the program of study. Students interested in receiving co-operative education credit must be registered with the Placement Office, however registration does not guarantee a successful co-op placement.

Co-op students must work a minimum of 10 hours per week over a 15-week period to receive co-op credit. While most co-op experiences are paid positions, some grant academic credit only.

All participants will be evaluated by the employing supervisor and will receive a letter grade at the conclusion of the semester. Students are also asked to evaluate the em-

ployer and write a summary of the co-op experience. For more information, contact the Placement coordinator at 882-4695, 483-0816, or visit the Roane State Community College home page at RSCC.CC.TN.US

TECH PREP

(865) 882-4626

Tech Prep is a study program beginning in the ninth grade of high school and continuing through at least two years of postsecondary education. It prepares students for high-skill technical occupations, such as Business Management, Health Science, Environmental Science and Engineering Technologies.

Tech Prep combines academic and occupational subjects. It emphasizes the transfer of high school credits to postsecondary institutions. This is known as articulation and this process allows students to make the transition from high school to postsecondary education without duplication of courses or loss of credit. This agreement between Roane State, Tennessee Technology Centers and high schools is achieved through coursework with a skill-based curriculum.

Students eligible to receive college credit at Roane State for successful completion of approved courses at high schools or Tennessee Area Technology Centers should follow these procedures:

1. Obtain articulation application and competency (skills) checklist(s) from the guidance office at high school or technology center attended.

Submit to the Tech Prep Office (1) an official high school transcript and/or technology center certificate; (2) articulation application; and (3) specific course competency checklist(s) signed by certified instructor(s) at the high school or Technology Center where course(s) were taken.

The Tech Prep Office at Roane State will notify students regarding their request for credit approval. **NOTE:** Maximum transfer hours awarded at Roane State is 28 hours.

For additional information about the Tech Prep program, contact the guidance office at your high school, a Tennessee Technology Center, or the Tech Prep Office at 882-4626.

STUDENT RECORDS

(865) 882-4526

Regulations:

At Roane State Community College, academic records are considered confidential. The college's policy regarding the use and release of student records is governed by Public Law 93-380, the Family Educational Rights and Privacy Act (FERPA) and the Tennessee Public Records Act.

Under the terms of these laws, the college and its employees are charged with protecting the confidentiality of the educational records of its student-prospective students, currently enrolled students, and former students. The college is empowered to disclose relevant portions of student records to faculty and staff determined to have a legitimate educational interest.

All exceptions to this policy, including disclosure to external persons or agencies, shall be administered by the Registrar, the Dean of Enrollment Management, the Vice President for Academic and Student Services or the President.

Definitions:

Student: A person who attends or who has previously attended Roane State.

<u>Student Academic Record:</u> Educational information or data maintained by the college which relates to personally identifiable student.

Third Party: A third party is defined as anyone other than the student.

Change of Name or Address:

The Records and Registration Office should be informed of all changes in the student legal name for marriage or other reasons, place of residence, mailing address, and telephone number. The college is not responsible for a student's failure to receive official information due to his/her failure to notify the college of any change(s) stated above.

Access to Records:

- A student shall be permitted to inspect and review his/her academic records within 45 days following the date on which he/she notifies the Records and Registration Office that he/she desires access to such records.
- 2. A student shall be provided with a copy of their academic record if they have no obligations to the college. If there is an obligation, the student will be allowed to view a copy of their academic record, but may not take the copy.
- Students have the right to request explanation or interpretation of their academic record.
- 4. The student shall be entitled to challenge the content of his/her academic records.
 - a. A challenge concerning the content of a student's academic record must be submitted in writing to the office/department immediately in charge of maintaining the record in question.
 - b. The challenge must be signed by the student.
 - c. The office/department in charge of maintaining the record will mark the date of submissions on the challenge. A response will be sent to the student within 30 days noting the action to be taken by the office/department or the student.

Limitation on Access to Records:

- 1. A student shall be denied access to a parent's financial records.
- 2. A student shall be denied access to confidential letters and statements which were placed on a student's record prior to January 1, 1975.
- A student shall be denied access to confidential recommendations respecting his/her admission to the college or receipt of an honor or honorary recognition if he/she has signed a waiver of access rights.
 - a. Roane State shall not require any student to waive access rights.
 - b. A party from which a recommendation is sought may require such a waiver.
 - Confidential statements and letters shall be used only for the purpose for which they were solicited.
- 4. A student shall not be permitted to inspect records which personally identify other students even if he/she is personally identified on that record. In such a case he/she shall simply be informed of the information contained on the record.

Release of Transcripts or Information on Students' Academic Records Policy:

Roane State staff, faculty and other employees will be granted access to academic records on a need-to-know basis. All employees must abide by FERPA and the Tennessee Public Records Act when reviewing student records other than FERPA Directory Information and/or Solomon Amendment Directory Information. Roane State employees who have direct access to these records are:

President, All Records

Vice President, All Records

Deans, All Records

Division Heads, All Records

Director of Counseling and Career Resource Center, All Records

Coordinator of Advising, All Records

Release of Information is subject to the following procedures:

 Students may receive a copy of their transcript by appearing in person. A valid student identification card or a valid driver's license must be presented. Completion of a transcript request form with the student's signature is required prior to the release or mailing of the transcript. The student account will be checked for financial obligations, prior to release.

2. Students may receive a copy of their transcript by mailing or faxing their tran-

script request to:

Records and Registration Office

Roane State Community College

276 Patton Lane

Harriman, TN 37748-5011

FAX: 865-882-4527

A student's transcript request form must contain the following information:

Full Name (and other names used since leaving the College)

Social Security Number

Date of Birth

Date of Last Attendance

Number of Transcripts Requested

Address to which Transcript is to be Mailed

Current Mailing Address and Phone Number

Assessment test scores can be sent to other TBR (Tennessee Board of Regents) schools upon request. Requests for non-credit transcripts need to be made in writing to the Office of Continuing Education. In all cases, obligations to the college must be fulfilled before a transcript will be issued.

Release of Records to Third Parties:

A third party is defined as anyone other than the student. The student's parents
or legal guardians are considered third parties. FERPA Directory Information
shall be released to third parties without the written consent of the student.

FERPA defines directory information as:

Student Name

Address

Telephone Listing

Date of Birth

Participation in officially recognized activities and sports

Weight and Height of athletic team members

Dates of attendance

Degree and awards received

Major field of study

Most recent previous educational agency or institution

Solomon Amendment* defines directory information as:

Student Name

Address

Telephone Listing

Date and Place of Birth

Level of Education

Academic Major

Degree(s) Received

Educational Institution in which student most recently enrolled

*NOTE: The National Defense Authorization Act 1995, 1996 and the Omnibus Consolidated Appropriations Authorization Act, 1997, mandates this information be released to the military effective March 29, 1997.

Privacy:

- Directory information may be withheld as "no information available" if the student requests PRIVACY through the Records and Registration Office. The request for privacy may remain in effect for the entire educational career of the student or until the student requests the privacy to be removed. Request for privacy should be given serious consideration. Students seeking privacy should discuss such action with the Registrar.
- Information contained in Roane State records shall be provided without the student's written consent to third parties engaged in the validation, development or administration of tests, accreditation activities, or research conducted on behalf of the college provided such information is not revealed to any other party.
- Records shall be released without the student's written consent to college personnel authorized to have access to such records, authorized federal and state government officials, and/or officials of other institutions in which the student seeks to enroll.
- 4. Student academic records shall be released to any federal, state or circuit court having a judicial order. Subpoenas received will be held for review by TBR General Council. A reasonable effort will be made to contact the student prior to the release in response to such subpoenas or judicial orders.
- 5. Academic records shall be released by the college to any third party including the parent with written consent of the student.
- Academic records shall be released to third parties in emergency situations involving health or safety.
- 7. Records shall be released to a third party without the written consent of the student in connection with the student's application for, or receipt of, financial aid.

Destruction of Academic Records:

All or part of a student's records may be removed from the file and destroyed by the Records and Registration Office. However, once a student requests access to review his/her files, such removal and destruction may not occur until access has been granted and the review completed by the student.

Enrollment Verifications:

The Records and Registration Office cooperates with various lending agencies, including the National Student Loan Clearinghouse, by certifying that their student clients are enrolled at Roane State. Student Loan Deferment forms should be delivered to the Records and Registration Office at the beginning of the term. All medical and/or auto enrollment forms can be delivered to Record and Registration for completion. Forms should contain the policy-holder and student identification information. This is to ensure proper action upon receipt at the insurance company.

GOOD STANDING

Good Standing status denotes that the student is not on probation and is also eligible to continue enrollment or is eligible to re-enroll. Letters of Good Standing can be requested through the Records and Registration Office.

CLASSIFICATION

Student classification levels for purposes of registration are:
Freshman—0-26 credit hours
Sophomore—27 or more credit hours

CHANGE OF MAJOR/STATUS

Students may request to change their major/status after the first term of attendance. Currently enrolled degree or certificate-seeking students may request a change to non-degree status (special student category) once they have: 1) completed all academic development requirements, and/or 2) completed all admission requirements. Exceptions may be requested through the Registrar and will be decided on an individual basis. Special Student Category students are not eligible for federal financial assistance (Pell Grant, Veteran's Benefits, etc.). Change of status or major is not automatic. Change forms may be picked up at the Records and Registration Office, or any off campus site. Written confirmation of the change will be mailed to the student.

STUDENT IDENTIFICATION NUMBER (SID)

A student's identification number will be the social security number. The use of social security numbers is optional. If, at the time of application, the student desires not to disclose the SSN, the institution will assign a unique SID for the student's use. However, please note, if you receive federal and state financial assistance you are required to disclose your SSN.

STUDENT PERSONAL IDENTIFICATION NUMBER (PIN)

A student's personal identification number is used for verification purposes when accessing IRIS or Web registration. For further information or assistance concerning use of PIN or resetting your PIN, contact the Records and Registration Office.

HONORS PROGRAM

(865) 481-2010

The Honors Program provides opportunities for enriched and indepth study for those who desire an academic challenge and qualify with a 3.5 GPA. Courses are offered in humanities, language and literature, social science, environmental science, and math/science.

Honors students enjoy benefits such as field trips, social gatherings, cultural events, special programs and presentations. Members of the Honors Program are invited to join Phi Theta Kappa International Honor Society, which provides many transfer scholarships to four-year institutions.

Those who earn twelve hours of Honors credit and maintain at least a 3.3 GPA graduate as an Honors Associate and receive a certificate. Those who earn eighteen hours and maintain a 3.3 GPA graduate from the Honors Program and receive an Honors diploma. All Honors graduates and Phi Theta Kappa members receive special recognition at graduation.

Students who have a 3.0 GPA may take one course for Honors credit per semester on a provisional basis with special permission from the director of the Honors Program and the instructor of the course. Provisional Honors students may participate in Honors activities but are not eligible for scholarships.

ATTENDANCE REGULATIONS

- Attendance of classes and other official appointments is expected and may be included in the calculation of a student's final grade.
- 2. An explanation of absences should be given to instructors. This information should be presented in advance if possible.
- 3. Absences are counted from the first scheduled meeting of the class. IMPORTANT: Non-attendance does not constitute a withdrawal from classes or from the college. Procedures to formally drop a course or to withdraw from

- the college must be followed. FOLLOWING THESE PROCEDURES MAY PREVENT A FAILING GRADE ON A STUDENT'S TRANSCRIPT.
- Some Health Science and Nursing programs may have attendance requirements that affect progress or retention in the program. Contact the program director for detailed information.
- Attendance will be monitored for students who receive Title IV financial aid funds. Lack of attendance could mandate administrative withdrawal and necessitate the repayment of financial aid funds.

REGISTRATION FOR COURSES

The printed schedule of courses also contains registration information. Roane State Community College provides early registration via telephone — Instant Registration Information Service (IRIS) and through Web for Students — each semester for the currently enrolled and readmitted students. New students register after current and returning students. Procedures specified at the time must be followed during all registration. No student is officially enrolled until he/she has completed all requirements of enrollment including the payment of fees. Registration after the regular catalog published date may be permitted for one calendar week following this date. Exceptions for late registration or adding a class may be granted for good cause by the Vice President for Academic and Student Services. Late registration requires payment of the late fee. No student shall receive credit for a course for which he/she is not properly registered. A STUDENT MAY NOT BE ALLOWED TO REGISTER UNTIL ALL REQUIRED ADMISSION DOCUMENTS HAVE BEEN RECEIVED BY THE OFFICE OF RECORDS AND REGISTRATION.

AUDIT COURSES

Any student enrolled at RSCC may register for audit courses. The student will attend class without being required to take examinations or prepare lessons or papers. Students auditing a course will receive a final grade of "AU" (audit) on the transcript. No credit will be received for the course or toward major requirements.

CHANGE OF REGISTRATION/DROP-ADD

A student is allowed to change registration during the "Drop-Add" period at the beginning of each semester. The following procedures are to be followed in adding or dropping courses:

- 1. Prepare a change of registration form from the Records and Registration Office.
- 2. Secure approval from the Director of Academic Development, if the student has not completed all required academic development courses.
- Receive one copy which must be shown to the instructor whose course is being added.

Failure to follow these procedures will result in an "F" in a course the student did not attend.

NOTE: Students enrolled in Remedial/Developmental courses will not be permitted to drop these courses unless extenuating circumstances exist. Approval must be granted by the Director of Academic Development or a designee.

GRADE TYPE CHANGE

To change a course grade type, from audit to credit or credit to audit, the student must do so by following the Change of Registration/Drop-Add procedures. The dead-line dates listed below will be strictly enforced.

Audit to Credit Permitted during late registration/add period.

Credit to Audit Permitted during the withdrawal period.

PROGRESSION STANDARDS

ENGLISH COMPOSITION

The Tennessee Board of Regents' Committee on the Improvement of Student Writing made many recommendations that were implemented during the 1985–86 academic year. Of direct importance to incoming freshmen are the progression standards for English composition courses. The recommendation is as follows:

"Any full-time degree-seeking student at any TBR institution must be enrolled in a core (or developmental) English course each term until that student completes core writing requirements. Any part-time degree-seeking student at any TBR institution must be enrolled in a core (or remedial or developmental) English course for each 12 hours taken. Students may not withdraw from a core or a remedial or developmental English course unless they withdraw from school."

ORIENTATION TO COLLEGE

Full-time students required to take EDU 100 — Orientation to College, should take the course during the first semester of attendance at the college. Part-time students are required to take the course within the first year of attendance at the college.

Students transferring to Roane State who have completed 12 hours at another college or university are exempted from EDU 100 — Orientation to College. However, the student must still meet the credit hour requirement for the degree.

COURSE LOAD

The average semester hour load for a degree-seeking student should be 16 hours of credit. Individual programs may require more or less than 16 hours per semester for degree completion. A full-time student is one who is carrying 12 or more semester hours of credit. The following criteria apply to semesters by course loads:

- Students may register for 20 hours of credit upon verification of a 2.5 cumulative grade point average by the Office of Records and Registration.
- 2. Students may register for 21 hours of credit subject to verification of a 3.0 cumulative grade point average by the Office of Records and Registration.
- Students wishing to enroll for 22 hours or more must have the approval of the Dean of Enrollment Management.
- Any exceptions to the above guidelines must have the approval of the Vice President for Academic and Student Services.

Special for Credit students are limited to no more than 12 hours per semester with no limit to the total number of accumulated hours.

REPEATED COURSES

A student may repeat a course with the intent of improving the grade previously earned. In computing the quality point average of a student who has repeated one or more courses, only the last grade received in the repeated course or courses will be used. The hours attempted will be counted only once, provided that the number of repeats in any single course does not exceed two (three attempts). In the event that a student attempts a course more than three times, the third and subsequent grades shall be used in determining quality point average.

In order that grade point averages may be adjusted appropriately, the student repeating a course may file a course repeat form with the Records and Registration Office.

Veterans or other eligible persons repeating courses for which they have a passing

grade ("D" or higher) and for which they have been paid are cautioned not to claim this course for pay the second time.

Students may be permitted to repeat a course in which a grade of "B" or higher was earned only with the approval of the Vice President for Academic and Student Services.

COURSE ELECTIVES

Social Science

The following subject areas should be used in selecting elective courses:

Art	Economics*
Foreign Languages	Geography
Humanities Seminar	History
Music	Political Science
Philosophy	Psychology
Theatre	Social Science Seminars
Literature	Sociology
Physical Science	Natural Science
Chemistry	Biology
Physics-Calculus Based	Chemistry

*A.A.S. Business program majors must select a Social Science elective other than economics.

Geology Physics

General Electives

Astronomy

Humanities

Electives which are not specified in the course of study may be selected from any college level course numbered 100 or above.

COURSE SUBSTITUTIONS

Course substitutions require the approval of the student's faculty advisor and the appropriate academic dean. A form for this approval is available from advisors and should be processed prior to registering for the course in question.

Students in a transfer program should consult with their senior institution prior to submitting a substitution. Senior institutions may or may not honor substitutions. Substitutions are not approved for articulation agreements.

PHYSICAL EDUCATION ACTIVITY COURSE EXEMPTION AND SUBSTITUTIONS

Physical education exemptions may be granted to students who are medically disabled. Such students must substitute another course for the exempted activity classes. To apply for this exemption/substitution:

- Requests for this exemption/substitution must be made in writing to the director of Disability Service.
- Physician's documentation must be submitted to Disability Service to identify and verify this need.
- Consult with an advisor about substituting a two-hour Health/P.E. course to meet the degree requirement. Substitution choices include HEA 221, PED 175, and HEC 131.
- 4. A course that is not already required in the degree plan must be selected.

It is advisable to consult with the advisor early in the scheduling process to coordinate the substituted classes into the student's schedule.

CANCELLATION OF SCHEDULED CLASSES

Any scheduled class may be discontinued by the college. The right is reserved to cancel when the number enrolled is deemed insufficient. For further information, contact the Records and Registration Office.

GRADES

Grade Points — Grade points are numerical values assigned to letter grades in order to provide a basis for determining grade (quality) point averages. The four-point system is used.

	Grade	Grade/Quality Points
Α	Outstanding	4.0
В	Above average	3.0
C	Average	2.0
D	Passing but below average	1.0
F	Failing	0.0
AW	Administrative Withdraw for Non-Attender	ance 0.0

To meet degree requirements a student must maintain an overall grade point average of 2.00. Generally, letter grades are awarded according to the following scale:

Α	90 - 100	D	60 - 69
В	80 - 89	F	0 - 59
C	70 70		

Some specific exceptions to the above scale may apply and the college reserves the right to adjust it accordingly. Students enrolled in Health Science or Nursing programs may not follow the same scale. Students should refer to the grading scale included on the course syllabus.

Computing Your Grade Point Average (GPA):

- 1. Grade points (above) X Course credit hours = Grade points for course
- 2. Sum of the grade points for all courses = Total grade points
- 3. Total grade points divided by credit hours attempted = GPA

Example:

		•			Grade	
		Credit		Grade		Points
	Grade	Hours	X	Points	=	Earned
ENG 101	Α	3		4		12
MAT 110	В	3		3		9
CHE 121	C	4		2		8
SPE 201	В	3		3		9
PED 110	Α	11		4		4
	TOTAL	14				42

42 divided by 14 = 3.0 GPA

Other markings which may appear on the grade report and/or transcript are as follows:

ART	Tech Prep Credit	PFT	Challenge Examination
ΑU	Audit, no grade or credit	VAL	Validation of Previously Earned
EXP	Experiential Credit		Credit
I	Incomplete	W	Withdrew
MIL	Military Credit	WD	Academic Dev. Withdraw
P	Pass		

The grade "I" indicates that the student was passing at the end of the semester but has not completed the work of the course as required by the instructor. The student is thus on notice that he/she should contact the instructor immediately in an effort to complete course requirements. An "Incomplete" must be removed during the succeeding semester, with the exception of Summer Semester. Courses attempted which are incomplete are reflected on the academic record as hours attempted for which there is no credit established. This in turn affects the quality point average in the same manner as a failing grade. Should the "Incomplete" not be removed within the required time, the grade will convert to "F."

At the discretion of the Vice President for Academic/Student Services, selected courses may be offered using a pass-fail grading system. A "P" indicates a passing grade in such cases. Credit resulting from military service or from tests such as Advanced Placement, the College Level Entrance Examination Program, the Certified Professional Secretary, or other proficiencies will not be assigned quality points for computing the grade point average, and a letter grade of "P" (Pass) will be assigned for this credit.

If a student wishes to appeal a final grade in a course, he or she should discuss the matter first with the instructor of the course. If the issue cannot be resolved at that level, the student may submit a written appeal to the appropriate dean and finally to the Vice President for Academic/Student Services.

DEAN'S LIST

The Dean's List is the official medium for the institution to recognize outstanding academic achievement by students. Full-time students (those completing 12 or more semester hours of college-level courses) with a quality point average of 3.5-4.00 are identified each semester on the Dean's List.

WITHDRAWALS AND HONORABLE DISMISSALS

Students finding it necessary to withdraw from the college must do so officially to maintain good standing and to assure honorable dismissal and/or readmission.

The request for a late drop or withdrawal MUST be made on or before the last day of classes. Requests made after the semester has ended will not be approved. A student who stops attending classes and fails to follow the proper withdrawal procedure will be carried on the roll until the end of the semester and a grade of "F" will be recorded.

Withdrawal procedures are as follows:

- Obtain withdrawal form from the Records and Registration Office to initiate withdrawal procedure.
- 2. Make an appointment with a counselor or your faculty advisor.
- Return form to the Records and Registration Office for final withdrawal clearance.

After the withdrawal deadline date, no student will be permitted to withdraw from the college or classes and receive the designation of "W" without providing documented proof of one of the following conditions and verification that the mitigating circumstances developed after the withdrawal deadline:

- Illness or injury of the student or serious personal problems as verified by the attending physician or a psychologist.
- Necessary change in work schedule verified in writing by the student's employer.
- 3. New employment as verified in writing by the employer.

Students may apply for withdrawal from a completed semester by supplying the same information as above. If granted by a committee of the Vice President of Academic and Student Services, Dean of Students, and Registrar, grades for the courses requested will be recorded as "W."

NOTE: Students enrolled in Remedial/Developmental courses are not allowed to withdraw from these courses unless extenuating circumstances exist. Approval must be granted by the Director of Academic Development or a designee.

All equipment belonging to the college must be accounted for or paid for and all financial obligations met. If it is impossible for the student to take these steps in person, they should be completed by a person acting as an agent for the student.

ACADEMIC PROBATION AND RETENTION STANDARDS

A student who fails during any term to attain a cumulative quality point average at or above the level indicated below for the hours attempted (inclusive of any remedial or developmental courses) will be placed on academic probation for the following term.

Please note, academic probation is separate from academic development probation.

Semester Hours Attempted	Minimum Cumulative GPA
0 - 14	No minimum
15 - 26	1.0
27 - 40	1.4
41 - 48	1.7
49 - 56	1.9
57 - and above	2.0

ACADEMIC SUSPENSION

At the end of the following term of enrollment, a student on academic probation who has failed to attain: 1) the above cumulative standard OR 2) a 2.0 grade point average for the current term will be suspended. Students who have satisfied the 2.0 GPA but have not yet achieved the standards as listed above will remain on academic probation for subsequent terms until the standards have been achieved. Students on probation or suspension who fail to attain the cumulative standard and the 2.0 GPA for the subsequent term will be placed on suspension.

Suspension terms are as follows:

First time suspension One term (semester)

Second suspension Two terms
Third suspension Dismissal

In all instances, the summer term does not apply as a term served for suspension. For the student who is suspended at the end of the spring semester, the following fall semester is considered to be the term of suspension.

A third suspension of "Dismissal" may be appealed to the vice-president of Academic and Student Affairs after a period of two years absence from enrollment at the college.

Please note, academic suspension is separate from academic development suspension.

ACADEMIC DEVELOPMENT PROBATION/SUSPENSION

Students who have been suspended from RSCC or any other TBR college or university as a result of remedial or developmental courses should consult the section above.

APPEALS

A student who has been academically suspended either from RSCC or is currently suspended from another college or university may request an appeal through the Admissions and Retention Committee. If the student feels that there were extenuating circumstances (e.g. errors in their transcript, documentable medical or psychological

problems, court or military duty, etc.) that caused the academic problems, they may appeal to the committee for reinstatement.

To request an appeal the student must contact the Records and Registration Office for an appointment with the committee. If the Admissions and Retention committee grants the reinstatement, the conditions imposed by the committee will be clearly stated. These may include a reduced course load, regular meetings with an advisor or counselor, and course suggestions.

Students who voluntarily serve the time imposed by their suspension will be reinstated automatically and do not need to meet with the Admissions and Retention Committee.

Please note, academic appeals is a separate appeal process from academic development appeals.

TRANSFER STUDENTS

Students on academic suspension from another college or university must clearly designate this information on their application to Roane State. Falsifying this information may lead to dismissal. Degree or non-degree students who are transferring to RSCC are subject to the same standards for appeal as RSCC students. Transcripts from the suspended college/university are required.

While individual courses may transfer to RSCC and can count towards fulfilling degree requirements, the number of credit hours and quality points do not count towards calculating the GPA for academic probation and suspension.

GROUNDS FOR DISMISSAL

A student may be dismissed from the college for any one or more of the following reasons:

- 1. Failure to meet minimum academic standards as stated in the above section.
- Conduct of an unacceptable nature (Refer to Student Services section of this catalog).
- 3. Failure to meet Academic Development requirements for satisfactory progress through course requirements.

GRADUATION

Students who have successfully completed 48 semester hours toward a degree or half of the coursework required for a certificate must complete an Application for Graduation by the deadline for the intended graduation semester. The student is required to complete the form in its entirety, obtain his/her advisor's signature, and pay a non-refundable graduation fee.

An evaluation of the student's status towards graduation will be sent to the student and the academic advisor. The student is encouraged to meet with his/her advisor to develop a plan for the completion of the program based on the results of the evaluation.

Degree and Certificate Requirements

In order to obtain a degree or certificate, students must complete the general requirements as prescribed by Roane State and specific requirements set forth for the program. Requirements include:

- Minimum GPA. An overall Grade Point Average (GPA) of 2.0 is required for the degree and/or certificate. Only college-level courses taken at Roane State are computed into the GPA for graduation.
- 2. Minimum Credit Hours. Each candidate must complete at least 60 semester

- hours to be eligible for the associate's degree. All requirements specified in the catalog must be completed.
- 3. Catalog Option. The student must meet the requirements of (a) the current catalog or (b) the catalog in effect at the time the student entered a program through readmission to the college or by changing his/her major.
- 4. **Minimum Hours in Residence.** A minimum of 18 hours of the final 36 semester hours of coursework must be completed at Roane State but not less than 25% of the total hours in any degree program. Thirty percent of the semester hours in a certificate program must be taken at Roane State. Experiential and Proficiency credit does not apply to this residency requirement.
- 5. Additional Degrees. Requirements for more than one degree may be met. A minimum of 16 semester hours beyond the requirements for the first degree must be completed as well as all course requirements for the additional degree. Separate Application for Graduation forms must be filed for each degree.
- Additional options within a degree program. A student must complete requirements for more than one option within an A.A.S. degree program by successfully completing all course requirements. Only one diploma will be issued for the degree.
- 7. Obligations to the College. All candidates must fulfill all financial obligations to the college including parking tickets, the return of library books, audio-visual tapes, college at home materials, etc.
- 8. Exit Testing. All students seeking a degree from Roane State will be required to take the College Base exam prior to being granted their degree. Information regarding test administration dates will be sent to the student once his/her Application for Graduation has been processed. Certificate students are exempt from the College Base Test. A student may, as a condition of their graduation, be required to take additional tests designed to measure achievement in general education and in their major. The purpose of such testing is for evaluating institutional effectiveness or the academic program. Participation in testing may be required of all students, of students in certain programs, and of students selected on a sample basis. In order to comply fully with this provision, the student must authorize the release of his/her scores to the institution. Unless otherwise indicated, no minimum score or level of achievement is required for graduation and individual student scores will be treated as confidential.

Graduation with Honors

Degree-seeking students may be eligible for academic honors based on the quality point average of coursework completed at Roane State. Academic honors are reflected on the student's transcript and diploma. Certificate students do not qualify for academic honors. Honors designations are based on the following grade point averages: 3.5-3.69 cum laude; 3.7-3.89 magna cum laude; 3.9-4.0 summa cum laude.

Ceremony

Graduation exercises are held at the end of the spring semester only. Students who anticipate completing their work during the following summer are eligible to participate in graduation exercises if a grade point average is sufficient for graduation and an Application for Graduation has been officially processed by the spring deadline. Due to the early printing date of the program, academic honors are based on the previous term GPA. Fall graduates will be invited to attend the following spring exercises. Participation in the ceremony is optional, but strongly encouraged. Students will be sent ceremony information in March.

ACADEMIC DEVELOPMENT POLICIES AND GUIDELINES

BASIC SKILLS ASSESSMENT

In an effort to provide more effective educational services for students, the college participates in the Board of Regents' Remedial/Developmental assessment program to assess basic skills. Through this assessment, Roane State can identify the students' academic strengths and weaknesses in reading, writing, and mathematics skills. This information is used along with the student's past educational history to provide advisement and placement in courses that best help the indicated to improve skills in these areas, as well as study skills.

All Tennessee State Board of Regents colleges and universities require that all first time degree-seeking students undergo assessment. Transfer students who have not successfully completed college-level reading, writing, and mathematics courses must also undergo assessment. Further information regarding basic skills assessment can be obtained by contacting Counseling and Career Services on the Roane County or Oak Ridge campuses.

RESTRICTED ENROLLMENT

Students whose assessment results require enrollment in Academic Development (AD) courses may not enroll in a regular college level course which requires that competency as a pre-requisite until they have satisfactorily met the exit criteria of the appropriate AD courses. Exceptions to this policy require the approval of the AD director and completion of the related documentation.

College Level Courses Which Can Be Taken With Academic Development Courses: The following college courses may be taken by remedial/developmental students concurrently with their remedial or developmental courses.

AD Course Required

MAT 081 or 082 (Algebra)

ENG 073 or 083 (Writing) REA 076 or 080 (Reading)

Courses that can also be taken

Any course without math prerequisites
The only math courses that can be taken
are BUS 111 or 112.

Any course other than English
Any ART course except 121, 201, 202
Any cooperative education course

EDU 100

ENG 101, 102 HEA 221, 242

Any individual music instruction
Music performance groups
Any MAT, OAD, PED, or SPE class

TWO-ATTEMPT RULE

Students who have twice previously attempted a remedial or developmental studies course and failed to meet the minimum standards for progression will not be allowed to re-enroll in college for one academic semester (summer semester cannot count as the suspension). Students who have had three unsuccessful attempts in a remedial or developmental studies course and failed to meet the minimum standards for progression will not be allowed to re-enroll in college for one academic year.

Remedial/developmental coursework taken at other TBR institutions will be posted to the student's Roane State transcript and will be considered in regards to the number of attempts.

Any student who is suspended from the program has the right to appeal to the Academic Development Appeals Committee for reinstatement. The conditions of the reinstatement imposed by the committee must be followed. These may include reduced courseload, tutoring and regularly scheduled academic counseling sessions.

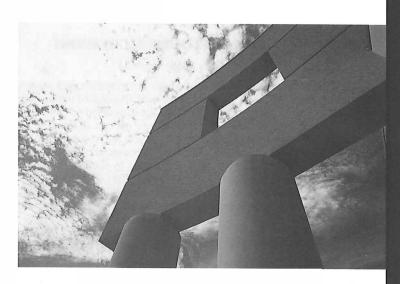

NOTE: Suspension based on academic developmental courses is not the same as general academic suspension. A student who is on suspension from RSCC due to failure to complete AD courses may not enroll in any other TBR institution until the suspension is lifted by RSCC. This also means that RSCC may not enroll a student on suspension from another TBR institution until that college has reinstated the student.

COLLEGE SUCCESS STRATEGIES

Any student who (1) is placed in at least two subject areas at the remedial level or (2) is placed in three subject areas including both remedial or developmental levels will be required to enroll in College Success Strategies. Any student who is not required to enroll but who feels that he/she would benefit from the course may elect placement in College Success Strategies with the approval of the AD Director.

ATTENDANCE IN ACADEMIC DEVELOPMENT COURSES

The Academic Development Program is required by the TBR to have a mandatory attendance policy. Students enrolled in AD courses are expected to attend all scheduled classes if at all possible. In the case of absences, students should work closely with their instructor regarding any work missed. Instructors must define the specifics of their attendance policies including any penalty for excessive absences. Questions regarding this matter should be directed to the AD director.

BUSINESS OFFICE REGULATIONS

(865) 882-4515

Tuition and fees are assessed and payable at registration each semester. Registration is not considered to have been completed until all assessed tuition and fees have been paid. Tuition and fees paid by check are not considered to have been paid until the check has cleared the bank. Students who have not met all financial obligations to the College will not be permitted to attend classes. No student will be permitted to reenroll, graduate, or receive a transcript until all financial obligations to the college have been satisfied. All tuition and fees are subject to change by direction of the Tennessee Board of Regents. The current semester class schedule should be consulted for current tuition and fee rates. Any student who has a question or problem concerning tuition, fees, or other monetary transactions pertaining to the College should contact the Business Office.

MAINTENANCE FEE — REFUNDABLE

All students, both resident and non-resident, will be assessed a maintenance fee. The maintenance fee rate for the 1999–2000 academic year is \$53 per semester hour, not to exceed \$599 per semester.

In-State	1	Credit Hour	\$53
	2	Credit Hours	\$106
	3	Credit Hours	\$159
	4	Credit Hours	\$212
	5	Credit Hours	\$265
	6	Credit Hours	\$318
	7	Credit Hours	\$371
	8	Credit Hours	\$424
	9	Credit Hours	\$477
	10	Credit Hours	\$530
	11	Credit Hours	\$583
	12	Credit Hours	\$599

An additional maintenance fee of \$50 per credit hour will be assessed for all hours exceeding 21 credit hours per semester.

TUITION — REFUNDABLE

Tuition is free to all residents of the State of Tennessee. Students classified as non-residents will be assessed tuition plus maintenance fees. The semester tuition rate for the 1999-2000 academic year is \$157 per semester hour, not to exceed \$1,794 per semester. The definition of residency as determined by the Tennessee Board of Regents will apply. Information concerning residence classifications may be obtained from the Director of Records and Registration. Non-resident students will be accepted if space permits.

SUMMER AND ALTERNATIVE SESSION FEES

Semesters are offered as full session, express sessions, and/or accelerated sessions. Any session may vary in the number of weeks that the classes meet. Students may register for the full session, alternative sessions or any combination thereof. Tuition rates and fees are applied based on the total number of enrolled hours per semester regardless of individual session hours. For any student registering for any course(s) or adding course(s), the assessment of course fees, late fees and change of schedule fees is determined by courses (if any) for which the student registered before the first official day of classes for each session. The primary consideration in determining what fees are as-

sessed is whether the student is registering for courses or adding courses. For this purpose the following definitions shall be used:

Registering for courses - a student registers for a course(s) only if he/she is not already enrolled in a course(s) meeting the same semester as the session in which he/she is enrolling.

Adding courses - A student adds courses when he/she is already enrolled in a course(s) meeting the same semester as the session which he/she is enrolling.

AUDIT FEE

Fees for courses being audited are the same as those taken for credit. Auditors are not required to take examinations and receive no credit.

MISCELLANEOUS FEES

Application Fee (Non-Refundable). Each student applying for admission to the college for the first time will be assessed a \$5 application fee. This fee is a one-time only fee and must accompany the application for admission.

Campus Access Fee (Non-Refundable). This fee will be assessed in addition to the Student Activity Fee.

- Each student who registers for classes at any college campus or center will be
 assessed a \$5 campus access fee each semester. This will include students registering for credit classes as well as Community Service-Continuing Education
 classes. Students registering for non-credit programs that meet fewer than twelve
 weeks, or fewer than twelve clock hours, or for which fees are not charged will
 be issued a temporary parking permit but not assessed an access fee.
- Faculty and staff will be assessed an annual campus access fee of \$10. Persons who are employed Spring Semester or after will be assessed a campus access fee of \$5.
- 3. All faculty, staff, and students who pay the campus access fee will be given a parking decal. Additional decals will be available at a cost of \$1.
- 4. All vehicles parked or operated by any person in connection with their employment or attending classes of the college must be registered with the Office of the Dean of Student Services. All other persons on campus who are not short-term visitors must have a temporary parking permit.

Deferred Payment Participation Fee (Non-Refundable). Students participating in the deferred payment plan will be assessed a \$10 participation fee that is due and payable with the initial down payment of fees.

Deferred Payment Late Payment Fee (Non-Refundable). A late payment fee of \$25 will be assessed for each installment payment which is not received on or before the due date for that payment.

Graduation Fee. Graduating students are assessed a fee of \$25 to cover the cost of a diploma and other related costs. This fee must be paid when the graduation application is submitted and is refundable only if the student does not graduate and no costs are incurred by the college. No graduation fees will be refunded if requested after one calendar year. There is no additional fee for completion of more than one option within a degree program and no additional diploma will be ordered. An additional \$25 fee will be required for each degree if the student is eligible to receive an additional diploma. The fee for a replacement diploma is \$10.

I.D. Card (Non-Refundable). There is no charge for the original I.D. card issued a student. A charge of \$1 will be made for replacement.

Individual Instruction in Music (Refundable). Semester fees for individual instruction in music are assessed as follows:

1 lesson per week \$55

2 lessons per week \$100

These fees are refundable on the same basis as maintenance fees.

Late Registration Fee (Non-Refundable). Students failing to complete the registration requirements prior to the late registration period will be assessed a late registration fee of \$10.

Liability Insurance Fee (Non-Refundable). A liability insurance fee will be required for students in the health occupation programs. The liability insurance will be purchased at a reduced group rate.

Lock or Key Replacement Fee (Non-Refundable). \$3

Locker Deposit (Refundable). A \$5 deposit is required for locker rentals. Deposit is refundable upon return of the lock to the Business Office.

Locker Rental (Non-Refundable). \$1 per semester, small locker; \$1.50 per semester, large locker. (Available on the main campus only.)

Miscellaneous Fees (Refundable). A fee for certain courses which are conducted in facilities not owned by the College will be assessed at a rate based on the amount charged by the owner of the facility. This fee is refundable on the same basis as maintenance fees.

Motor Vehicle Registration. All staff and students are required to properly register all vehicle(s) driven on campus and properly display parking decal(s) issued at that time. (See Traffic Regulations)

Returned Check Fine (Non-Refundable). A fine of \$20 is assessed for each check returned to the College by the bank. A student may contest this fee successfully by presenting a letter from the bank in which it is clearly indicated that the check was returned through error by the bank. The College reserves the right to refuse to accept a check from any person.

Student Activity Fee (Refundable). A student activity fee of \$5 per semester will be assessed for each credit student enrolled in classes at any college campus or center. This fee was adopted by the Student Government Association to provide funds for a variety of student activities. This fee is refundable on the same basis as maintenance fees.

Technology Fee (Refundable). A fee of \$6 per credit hour not to exceed \$50 per semester is assessed all students to provide and maintain computer labs and other advanced technology instructional equipment. This fee is refundable on the same basis as maintenance fees.

Telecourse/Audio/Video Course Fee (Refundable). A fee of \$20 per course is assessed for each audio/video tape checkout and cable television telecourse or audio course. Proceeds from this fee are used to pay the licensure/royalty fees related to each course. This fee is refundable on the same basis as maintenance fees.

Transcript Fee. A reasonable number of transcripts are provided by the College at no charge to the student. However, a charge of \$2.00 each will be assessed for requests totaling more than ten (10) in any term.

DEFERRED PAYMENT/DISCOUNTS/WAIVERS

DEFERRED PAYMENT PLAN

The deferred payment plan is available to students in good financial standing with a minimum account balance of \$150 after financial aid and any other credits have been applied to the account. It is available for regular academic terms, but not for summer or other accelerated terms or express classes. Enrollment will be considered complete when a signed deferred payment agreement is on file and the required initial payment under the plan has been officially receipted.

SENIOR CITIZENS AND DISABLED PERSONS

Disabled persons and persons 60 years of age or older, who live in Tennessee, are eligible to enroll in courses for AUDIT without payment of tuition, maintenance, technology or student activity fees. All special course fees will be assessed at the normal rate.

Disabled persons and persons sixty-five years of age or older, who live in Tennessee, are eligible to enroll in courses for CREDIT at the rate of one-half the credit hour fee per semester hour, up to a maximum of \$45. This rate applies to maintenance fees and technology fees. Special fees (such as graduation fees, student activity fees, campus access fees, telecourse/audio course fees, etc.) will be assessed at the regular rate. Arrangements should be made well in advance of registration day to provide documented evidence of disability or age.

Students registering using these classifications must register within the late registration period.

Fees for all Community Service courses must be paid at the regular rate.

VIETNAM CONFLICT VETERANS DEPENDENTS

All tuition, maintenance, activity, and other fees are waived for the children of Vietnam conflict veterans if the conflict veteran died while serving in Vietnam or as a result of injury sustained while serving in Vietnam, or was officially declared missing in action or declared a prisoner of war in Vietnam. Special age and residency requirements must be met. Documented evidence will be required.

HIGHER EDUCATION EMPLOYEES—PUBLIC CHAPTER 191

Full-time employees of the Tennessee Board of Regents and the University of Tennessee are eligible to enroll, on a space available basis, in one credit class per term without payment of tuition, maintenance, technology, student activity, or access fees. Information on this program is available from the Personnel Office. An application for Waiver of Fees — Public Chapter 191 (fully executed by the employing institution) must be presented at the time of registration.

STATE EMPLOYEE FEE WAIVER PROGRAM

Full-time employees of the State of Tennessee are eligible to enroll, on a space available basis, in one credit course per term without paying tuition charges, maintenance fees, technology fees, debt service fees, student activity fees, or registration fees. At the time of enrollment, the state employee must present a completed "Public Higher Education Fee Waiver for Employees of the State of Tennessee" form certifying that the applicant is a full-time employee with at least six months continuous service. Information on this program and related eligibility requirements is available from the Business Office.

FEE DISCOUNT PROGRAM FOR SPOUSES AND DEPENDENT CHILDREN OF TRR EMPLOYEES

Spouses and dependent children of certain retired employees and regular employees of Tennessee Board of Regents institutions who have been employed for at least one continuous year and work at least one-half time are eligible for up to a 50% discount on maintenance, technology, access and activity fees. The amount of the maintenance fee discount is 50% for full-time employees. Spouses and dependent children of part-time employees will receive a pro-rata portion of the 50% discount based on the employee's percentage of work effort. This program is applicable only to undergraduate credit courses. Certain special conditions must be met to qualify for this program. Information on the program is available from the Personnel Office. A Request for Fee Discount for Spouse and/or Dependent form (fully executed by the employing institution) must be presented at the time of registration.

FEE DISCOUNT PROGRAM FOR CHILDREN OF CERTIFIED PUBLIC SCHOOL TEACHERS AND FOR CHILDREN OF STATE EMPLOYEES

Children under the age of twenty-four (24) whose parent is employed as a full-time licensed teacher in any public school in Tennessee or as a full-time employee of the state of Tennessee are eligible for a twenty-five percent (25%) discount on maintenance and technology fees. At the time of enrollment, the student must present a completed "Public Higher Education Fee Discount for Children of Certified Public School Teachers and Children of State Employees" form certifying eligibility for the program. Fee discounts will not be retroactive; eligibility for the fee discount is available only by application and approval prior to the beginning of the term for which assistance is being sought. Information on this program and related eligibility requirements is available from the college Business Office.

REFUNDS

Regular Sessions — Students withdrawing from school entirely or dropping one or more classes may be entitled to a refund as follows:

75% of eligible fees will be refunded for drops or withdrawals for a period of 14 calendar days beginning with and inclusive of the first official day of classes or within an equivalent period for a short term course.

25% of eligible fees will be refunded following expiration of the 75% refund period, for a period of time extending 25% of the time period covered by the term. No refunds will be made beyond the 25% refund period.

100% of eligible fees will be refunded for classes canceled by the institution.

100% of eligible fees will be refunded for drops or withdrawals prior to the first official day of class as published in the academic calendar.

100% of eligible fees will be refunded in case of death of the registered student.

Summer Sessions — Summer and alternative session refunds will be based on the above with these sessions being prorated as a percentage of a full session.

General Refund Policy — No refund is due on courses which are dropped unless the total fees due for the remaining enrolled hours plus hours dropped after applicable refund periods is less than the total amount paid for refundable fees.

Refund calculations are based on the computer processed date for courses dropped via the Instant Registration Information Service (IRIS) or the processed date that appears on the official change of schedule form. Failure to follow proper procedures for dropping courses may result in forfeiting all rights to a refund.

Refunds can be expected approximately four weeks after the date the course is dropped.

Financial Aid Refunds — Refunds for students who receive assistance from Title IV financial aid programs are refunded to each grant and/or loan account in accordance with applicable federal regulations. Special refund policies may apply to first-time students who receive assistance under Title IV financial aid programs. For additional information, contact the Business Office.

Refund Appeals Process — Students may appeal a refund by submitting a written request outlining the basis for the appeal to the Business Office. Refund appeal requests will be decided by the Director of Fiscal and Auxiliary Services. The student will be notified in writing of the decision within ten (10) working days of receipt of the written appeal request. Students may appeal the decision of the Director of Fiscal and Auxiliary Services to the President by submitting a written request for a refund appeal review to the Vice President for Financial Services. The student will be notified in writing of the President's decision within ten (10) working days of receipt of the request for refund appeal review.

Community Services Activities: Withdrawals and Refunds

Withdrawal Policy — Registrants must notify the appropriate Continuing Education Unit, either by phone or in writing, of the intent to withdraw from a non-credit program. Failure to attend does not constitute withdrawal.

Refund Policy (Non-credit Courses) — For courses that meet on a weekly basis, registration may be canceled without penalty prior to the first class meeting. After the first class and prior to the second class, an 80% refund will be given. No refund will be made after the second class meeting.

For one and two day courses, withdrawals received prior to the first class meeting will be refunded in full. No refunds will be given after the course begins.

Courses canceled by Roane State Community College will be refunded in full or the registrants may elect to transfer into another general interest course.

Refund Policy (Non-credit Conferences, Workshops or Seminars)—Registrants in conferences, workshops or seminars should make withdrawals no later than five working days prior to the activity start date in order to receive a complete refund. If a notification of less than five working days is given, a refund, less 10% of the registration fee, will be returned to the registrant. No refunds will be made after the activity begins. Substitutions can be made without prior notification. Registrants should check all literature on the activity for any special exceptions.

Special Exceptions—Some non-credit courses, conferences, workshops, or seminars may have special deadlines and/or requirements established for registration or refunds. Registrants should check all literature received on the activity for exceptions to the general policies.

Centers for Training Refund Policy—Non-credit classes offered through the various centers within the Centers for Training require canceling two working days prior to class to receive a 100% refund. Any cancellation made after this point will yield no refund, however the various centers will work to get the participant in the next similar class offered.

BOOKS AND SUPPLIES

The cost of books and supplies will vary from one program to another. The Bookstore sells both new and used books. Students are encouraged to take advantage of savings which result when purchasing used books. The estimated cost of books and supplies is \$150–\$300 per semester. The College Bookstore will buy back used books in good usable condition in quantities limited to the anticipated needs for ensuing se-

mesters. Book buy back periods are announced at the end of each semester. Students selling books back to the bookstore will be required to furnish a Roane State Community College ID card.

CHECK CASHING/ACCEPTANCE POLICY

Both the Bookstore and the Business Office provide a free check cashing service. Personal checks may be cashed for any amount up to \$10 for students and up to \$20 for faculty/staff. However, 1) only one personal check per day may be cashed, 2) two party checks will not be accepted, 3) student checks will not be cashed by either the Business Office or the Bookstore anytime during the final two weeks of the semester and 4) a validated ID card is required.

A \$20 fine will be levied on all "returned checks." The return of a third check will result in the person's name being placed on the "no check list" and in the forfeiture of check cashing privileges.

If a check written for payment of a student's maintenance fee is returned, the student has ten (10) days in which to make restitution to the College via payment by cash, certified check, cashier's check, or postal money order. Failure to make such restitution will result in immediate disenrollment. Suspension from classes could also result from checks returned on the purchase of books or payment of other fees.

Until all financial obligations are satisfied, the student becomes ineligible for all benefits and services provided by the College such as receiving grades, receiving or sending transcripts, registering, and graduating.

The College reserves the right to refuse to cash any check. Appeals concerning the cashing of checks may be made to the Vice President for Financial Services.

FINANCIAL AID

(423) 882-4545

The financial aid program at Roane State Community College is designed to aid students who would find it difficult or impossible to attend college without financial assistance. Roane State offers a comprehensive program of financial aid in the form of scholarships, work study, grants and loans. Major emphasis is placed upon financial need, academic achievement, character, and promise of future success.

The basis for determining financial need is the result of an analysis of the parents' and/or student's resources as provided by the Free Application for Federal Student Aid (FAFSA). This application is available in most high schools and on all RSCC campuses. Students may also access the form online at www.rscc.cc.tn.us.

Eligibility for financial aid is based on financial need, availability of funds and ability to maintain satisfactory progress. To qualify a student must:

- 1. Submit the Free Application for Federal Student Aid to determine financial need.
- 2. Submit verifying documents as requested by the Financial Aid Office.
- 3. Be enrolled for admission or currently attending Roane State and enrolled in an approved degree or certificate program.
- Have financial aid transcripts sent from all postsecondary institutions attended if required.
- 5. Meet Roane State's satisfactory progress standards on page 65.

Roane State encourages students to apply early for financial aid. April 1 is the priority deadline for applying for the fall semester. Applications received by that date will be given first consideration in the allocation of financial aid funds. Applications received after April 1 will be accepted and awards made to eligible students on a first-come, first-serve basis as long as funds are available.

Although Roane State participates in the electronic processing of financial aid ap-

plications, we do not want to encourage students to wait until the last minute to file; therefore, initial applications received within the week prior to official registration will be processed only as time allows. These students may be required to pay for tuition and fees, then be reimbursed if they qualify for financial assistance at a later date.

FEDERAL PELL GRANTS

This federal entitlement program made available through the Title IV Student Financial Aid Programs is funded by tax dollars. Students should apply early through the FAFSA for the Federal Pell Grant as the primary source of financial aid since all other sources of assistance are based upon eligibility for the Federal Pell Grant.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (FSEOG) FEDERAL WORK-STUDY PROGRAM (FWS)

These grants are part of the federally funded Campus-based Programs of Title IV. Students may be considered for these additional funds after eligibility for the Federal Pell Grant has been determined. These programs have limited funding and application must be made by the specified priority date of April 1. Awards from these programs are made in the fall semester of each year, on a first come, first serve basis.

TENNESSEE STUDENT ASSISTANCE AWARD

The Tennessee Student Assistance Award administered by the Tennessee Student Assistance Corporation is a grant made available to Tennessee residents attending college in the State of Tennessee. An application deadline is assigned by the corporation each year. Funds are limited so early application through the FAFSA is important.

STUDENT LOANS

If students are interested in applying for the student loan programs, they should first complete the Free Application for Federal Student Aid (FAFSA). Specific information from this need analysis <u>must</u> be on hand before eligibility for the student loan can be determined. In addition, a separate loan application may be needed.

The Federal Stafford Loan Program is available to students who have been determined eligible through the above-mentioned need analysis system. This is a variable interest loan for the first-time borrowers. Repayment of the loan begins six months after the withdrawal, graduation or dropping to less than 6 credit hours. The limits of the loan are a minimum of \$500 and a maximum of \$2,625 for freshmen and \$3,500 for sophomores each year. The maximum amount of eligibility is \$12,250 while attending Roane State.

SATISFACTORY PROGRESS STANDARDS

The regulations that students receiving financial aid must follow are:

- Must be working toward an A.S. or A.A.S. degree or certificate (some certificates may not be eligible pending approval of program). Special students for credit are <u>not</u> eligible for any funding.
- 2. May receive federal funding for: 30 attempted RD hours; 100 attempted college credit hours if degree seeking (all attempted hours at RSCC and any other college or university attended count whether you receive funding or not); hours vary if certificate seeking (ask about limits).
- Class attendance will be monitored. If reported by instructor for non-attendance, student may be billed.
- 4. Class attendance will be verified before checks are disbursed.

- 5. After <u>each</u> semester, a student will be on financial aid suspension if (s)he meets <u>any</u> of these criteria: receives all Fs, completely withdraws; does not pass 66% of hours paid (passing grades = A, B, C, D only!); does not keep a 2.0 cumulative grade point average.
- If on financial aid suspension, student may attend Roane State at their own expense.
- No financial aid (including student loans) may be received if on financial aid suspension.
- 8. Suspensions may be appealed with documentation to the Director of Financial Aid and then to the Financial Aid Committee if necessary.

SCHOLARSHIP FOR ACADEMIC SERVICE

The Scholarship for Academic Service (SAS) is a two-year scholarship awarded to current high school graduates on the basis of academic achievement. Students are eligible to apply if:

- They rank in the top 25% of the current high school graduating class within the RSCC service area.
- 2. They have a cumulative high school grade point average of 3.0 by the deadline date.
- 3. They have a 19 composite on the ACT by the deadline date.
- 4. They must be a full-time (12 or more hours) student excluding R/D courses.
- 5. Recipients must maintain a cumulative 3.0 grade point average at Roane State and work 75 hours per semester to remain eligible for renewal.

SAS recipients are **required to work** 150 hours per academic year (unless there is a tuition discount applied to the account). An effort is made to give recipients work assignments related to their academic interests. Residents of the State of Tennessee who believe they are qualified should submit the general Foundation Scholarship application after the first semester of their senior year in high school and before the deadline date of March 1. These applications **MUST** be certified by the high school guidance counselor.

ATHLETIC INSTITUTIONAL GRANTS

Athletes are required to follow all of the same guidelines as stated above, except that they may be recruited from outside the service area. These institutional grants will be extremely limited, so high school coaches and guidance counselors are encouraged to communicate with Roane State coaches as to the availability at any given time.

PRESIDENTIAL SCHOLARSHIP

This scholarship is awarded to one valedictorian from each high school in the Roane State service area. To be eligible for the \$1000 annual scholarship, the recipient must be recommended by the high school guidance counselor, be a first-time college student and must enroll full-time at Roane State. The scholarship must be used starting the fall semester following graduation from high school. The award is renewable for a second year if the recipient maintains satisfactory academic progress and a 3.0 cumulative GPA. In the case of multiple valedictorians, ACT scores will serve as the tie breaker.

PRIVATE SCHOLARSHIPS

Roane State has a limited number of private scholarships. In selecting recipients for these scholarships, emphasis is placed upon scholastic achievement, character, future promise, and financial need. Scholarship applications are available on all campuses and March 1 is the priority deadline. Additional scholarships will be established as interested groups and individuals desire. Those wishing to establish a scholarship fund are

urged to contact the Director of Financial Aid at the college, or the Executive Director of Institutional Advancement.

AFRICAN-AMERICAN STUDENT SCHOLARSHIP

Black students who are residents of Tennessee and are enrolled as full-time students may apply for the African-American Scholarship. The scholarship will provide money to pay maintenance fees and to help pay for textbooks. Applicants must have a 2.0 Grade Point Average. Applications are available from the Financial Aid Office in Roane County.

ATHLETIC SCHOLARSHIPS

The college annually awards a number of athletic scholarships. For detailed information contact the Director of Athletics, (865) 882-4581.

VETERANS BENEFITS

Roane State cooperates with the Veterans Administration in providing educational opportunities for veterans. The Financial Aid Office is responsible for certifying veterans' eligibility and for providing a source of information regarding the "G.I. Bill."

To receive benefits a veteran must:

- 1. Contact the Veterans Administration Regional Office at 1-800-827-1000 or 1-888-442-4551 to verify how much benefit money is available to him/her.
- Provide the VA counselor in the Financial Aid Office a certified copy of the DD214 (discharge papers) or NOBE form if actively in service.
- 3. Fill out the Veterans Administration application.
- 4. Sign the RSCC institutional policies form.
- 5. Register for classes and pay fees.
- Notify the VA counselor in the Financial Aid Office that he/she is ready for certification.

NOTE: The certification process takes several weeks. The counselor will not begin the process until after the first week of classes. Receiving benefits can take up to 2 months; therefore, veterans must make adequate arrangements to cover college expenses.

Once enrolled, veterans and other eligible persons should maintain close contact with the assigned VA counselor in the Financial Aid Office. All changes of class schedule must be reported since doing a drop and add may change the monetary amount the veteran is to receive.

To maintain eligibility, the veteran must comply with the following rules:

- 1. Must be classified as a regular degree student or follow a VA approved certificate course of study. Special students for credit or non-credit do not qualify.
- 2. Must maintain the prescribed cumulative GPA listed on page 54 under Academic Probation and Retention Standards in this catalog.
- Courses may be claimed for pay only one time whether taken at RSCC or transferred from another institution.
- 4. Only courses specifically listed on a catalog page (as per major) may be certified for payment. Courses taken for a student's own personal enrichment will not be eligible for payment.
- 5. Course substitution forms must be processed and approved as described in this catalog <u>before</u> the substituted course is claimed for payment.
- Veterans and other eligible persons can receive pay for remedial/developmental classes when a need can be shown. The pay received is taken from the total entitlement.

Teachers and students

GENERAL EDUCATION

As part of RSCC's overall Teaching and Learning mission, it is the goal of all academic divisions at Roane State to provide learning experiences, built on general education competencies, which ultimately support the overall Strategic Plan of the college. Critical-thinking skills, personal and professional/career motivation, communication skills and a sense of community begin with students and teachers at course level, forming a base for the overall mission of the school.

Career Education

The career education curriculum includes a general education core leading students to the achievement of a basic understanding of the humanities, arts, and sciences; the achievement of basic skill competencies in oral and written expression, and an understanding of vocation as a part of the changing world culture and learning as a lifelong endeavor.

University Parallel

The general education university parallel core curriculum seeks to stimulate students to the acquisition of general knowledge in various academic disciplines, the ability to effectively express themselves orally and in writing, and preparation for advanced educational work through the acquisition of effective research, problem-solving, and critical thinking skills.

RSCC provides an informal intellectual environment which enables students to develop familiarity with current research and problem solving methods, a desire and ability for self-directed learning and effective expression, a capacity to synthesize knowledge from many sources, and an ability to critically examine new ideas and ways of thinking.

General Education Mission

Provide a general education base for each student so that he/she demonstrates knowledge in all areas required to become an educated and productive member of society. An institutional environment of intellectual openness and close association with faculty and administration assists students in developing skills for identifying and achieving personal goals. All degree programs contain a core of general education courses, including English, math, social or natural sciences, and humanities. Students completing any degree or certificate program should demonstrate attainment of general education competencies, including critical-thinking skills, personal and professional/career motivation, communication skills and a sense of community. These competencies, however, are not limited to general education courses alone, but are also evident in specialty courses with various disciplines.

General Education Competencies

General Course Competencies are the basis for the individual and course-specific competencies required in each course taught at Roane State.

Critical-Thinking Skills
Decision-Making Skills
Problem-Solving Skills
Research Skills
Computing Skills
Study Skills

Personal & Professional Motivation
Understanding One's Individual Needs
Setting Goals
Clarifying Values
Appreciating Scholarship
Practicing Wellness Concepts

Demonstrating Computer Literacy

Sense of Community

Understanding Geo-Political Issues
Understanding Environmental Issues
Welcoming Cultural Diversity
Appreciating Liberal and Cultural Arts
Having an Historical Perspective
Having an Awareness of Social and
Natural Sciences
Participating/Exhibiting Teamwork Skills

Critical-Thinking Skills

As productive members of a democracy, our students must accept the responsibility of making important decisions. Critical-thinking skills promote responsible action in one's personal and professional life. Critical thinking requires the ability to identify problems, research and evaluate alternative solutions and implement decisions. Because of our society's reliance on technology, an ability to solve problems and use math is crucial for success in the professional world and for evaluating matters of national and global importance.

Communication Skills

The ability to communicate well in a competitive and technological world is crucial to the success of our students. In business, academic and personal settings, the emphasis on teamwork requires that individuals use listening, reading, writing, speaking and computer skills to solve problems effectively. For communities to improve their social, economic and physical environments, citizens must be able to express their ideas, evaluate opposing viewpoints and debate possible courses of action. The Roane State curriculum emphasizes all of these communication skills.

Personal & Professional/Career Motivation

Personal and professional motivation is essential for becoming a productive member of society. Individuals must understand their own personal needs, set goals, clarify values, appreciate the value of scholarship in all fields and practice wellness in order to maximize their potential and understand the complex web of dependence and responsibility we all have toward each other.

Sense of Community

Roane State is committed to providing an education which fosters skills of cooperation and a sense of responsibility. Ethics of social responsibility include tolerance, an appreciation of diversity and an awareness of the interdependence of individuals and communities. Concern for the environment and understanding the earth's eco-systems is crucial to thinking and planning for the 21st century. Graduates who think globally become professionals with the long-range vision needed by their organizations. Awareness of cultural and artistic heritage and aesthetic sensitivity contribute to understanding the role of values necessary to transform society.

After graduating from Roane State,

Steven McGhee transferred to the

four-year university of his choice--

the University of Tennessee.

Here, he pauses between classes.

UNIVERSITY PARALLEL PROGRAMS ASSOCIATE OF ARTS/ASSOCIATE OF SCIENCE PROGRAMS

Students who desire to earn a Bachelor of Arts or Bachelor of Science degree at a four-year college or university may complete the first two years of study at Roane State by enrolling in an Associate of Arts or Associate of Science degree program. The advantages of taking the first two years at Roane State include:

- Roane State's maintenance fees are among the lowest of any fees charged by Tennessee's colleges and universities.
- Roane State's class enrollments are generally smaller which lends itself to more individualized instruction.
- Obtaining an Associate of Arts or Associate of Science degree allows a student to have credentials for employment while completing his/her baccalaureate degree.

Roane State has developed cooperative relationships with four-year institutions to assist students in transferring courses. Course-by-course transfer equivalency tables exist for the following schools:

Austin Peay State University
Carson-Newman College
Cumberland College (KY)
East Tennessee State University
Lincoln Memorial University
Maryville College
Middle Tennessee State University
Tennessee Technological University
Tennessee Wesleyan College
Tusculum College
University of Memphis
University of Tennessee - Chattanooga
University of Tennessee - Knoxville
University of Tennessee - Martin

ARTICULATION

Articulation programs, also called 2+2 programs, exist between Roane State and the University of Tennessee-Knoxville, Tennessee Technological University, and Lincoln Memorial University. Roane State students can follow an articulation program, obtain an Associate of Arts or Associate of Science degree and be granted admission into a specific program at the university, provided all GPA and entrance requirements are achieved. All articulation programs fulfill Roane State's requirements for either an associate of arts or associate of science degree. Roane State Associate of Arts and Associate of Science degrees do not constitute an articulation program.

Students with questions/problems regarding transfer or articulation agreements should contact the articulation officer in the Counseling and Career Services Center.

UNIVERSITY OF TENNESSEE - KNOXVILLE 2000 ARTICULATION PROGRAMS

Students planning to pursue any of the following majors at UTK can follow the articulation program sheet and obtain the first two years of general education requirements at Roane State.

Students who have attempted more than 12 college-level semester hours at any college or university other than Roane State or UTK are not eligible to participate in the UTK articulation agreement. However, the articulation sheets are still a good checklist of transferable courses for UTK and the specific major.

ASSOCIATE OF ARTS/ASSOCIATE OF SCIENCE MINIMUM DEGREE REQUIREMENTS

Written/Oral Communication (9 semester hours)

ENG 101, 102

Composition I and II

SPE 201

Basic Speech Communication

Orientation to College (1 credit hour)

Orientation to College

NOTE: Students who have transferred to Roane State with 12 credit hours from another institution are exempt from this requirement. However, the student must still meet the credit hour requirement for the degree.

Computer Science (3 semester hours)

Any course in Computer Science (CST prefix)

NOTE: CST 102, Computer Concepts and Applications is the course most frequently used to fulfill the requirement. However, some senior institutions may require a higher level course or courses that are more appropriate for the major. Consult with your senior institution.

Mathematics (3 semester hours)

MAT 110

College Algebra

MAT 115

Statistical Reasoning

NOTE: Check with senior institution. A higher level math course may be required.

Natural/Physical Science (8 semester hours)

Choose one of the following sequences:

BIO 111-112

General Biology I and II

BIO 231-232 CHE 101-102 Anatomy and Physiology I and II

CHE 121-122

Chemical Principles/Basic Organic & Biochemistry

General Chemistry I and II

GEO 161-162

Geology I and II

PHY 121-122

Astronomy I and II

PHY 201-202

General Physics I and II

PHY 211-212

Physics I and II

Physical Education Activity Courses (2 courses)

Two different courses in Physical Education are required.

NOTE: If a two or three hour course is used to satisfy this requirement, the extra credit hour(s) will count as elective credit toward graduation.

History Sequence (6 semester hours)

Choose from one of the following sequences:

HIS 111-112

History of Western Civilization I and II

HIS 161-162

World History I and II

HIS 211-212

U.S. History I and II

Check with your senior institution to determine the sequence required for the baccalaureate degree.

Humanities Electives (9 semester hours)

Must include 3 hours from literature, 3 hours from humanities and an additional 3 hours from either literature or humanities. Check with your senior institution for transferrable courses and choose from the following:

Literature:

ENG 201, 202

World Literature British Literature

ENG 204, 206 ENG 211, 212

American Literature

Humanities:

Choose from an Art, Music, Philosophy, Theatre (SPE), Foreign Language, Humanities Seminar or Literature.

Social Science Elective (3 semester hours)

Check with your senior institution for transferable courses then choose from the following:

Economics, Geography, History, Political Science, Psychology, Social Science Seminars, Sociology

Major Courses and Electives (21 semester hours)

Check with your senior institution for transferable courses.

Students pursuing the Associate of Arts degree must complete 6 hours of foreign language as part of this requirement.

TOTAL REQUIRED HOURS = 65 Semester Hours

Curriculum Guides

If no program articulation agreement is available for a particular school or major, students may follow one of the Curriculum Guides found on the following pages. The Curriculum Guides are *suggested* courses of study that include general education courses and a foundation of courses designed for particular majors.

Curriculum Guides are not intended to represent a particular major at any particular college or university. Students should obtain a copy of the catalog for the senior institution they plan to attend and use it during advisement sessions to assist with the selection of courses that meet requirements for selected majors at senior institutions.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

The agriculture curriculum is designed for the student planning to complete a baccalaureate degree at a four-year college or university. The plan of study allows only for the general education requirements of the four-year institution. More specific courses within the major will be offered at the senior institution during the junior and senior years.

Agriculture Degree			Degree: Associate o	ee: Associate of Science

¹Students should consult curriculum requirements of the senior institution for appropriate course selection.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Art

Degree: Associate of Arts Or Associate of Science

The art curriculum is designed primarily for the general enrichment of the student as well as providing professional art and liberal arts course work for transfer to a four-year institution. This program is designed to develop fundamental skills in technical and creative expression. An art major planning to transfer to a senior institution should plan a program to meet specific requirements for the lower division at that institution. The art department reserves the right to retain student work for exhibition.

First Y	'ear		Hours

They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Biology

Degree: Associate of Science

The biology curriculum is designed for the student planning to complete the bachelor's degree at a four-year institution. This program generally meets the transfer requirements for students entering any one of the state's major universities. Before entering this plan of study, each student should become acquainted with any pre-transfer requirements the receiving institution may stipulate. The current job market gives highest priority to the graduate degree in biology.

First Y	Year		Hours

¹Students planning to transfer to Tennessee Technological University or UTK should consult an advisor for the appropriate curriculum.

²If mathematics background or ACT math score is not adequate, consult an advisor about taking MAT 130 (Pre-Calculus).

³Students must check with transfer institution for appropriate course selection.

⁴Consult an advisor about substituting PHY 201, 202 for PHY 211, 212. Also, check with the senior institution about most recent requirements.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Computer Art and Design

Degree: Associate of Arts Or Associate of Science

The A.A. or A.S. degree with an emphasis in computer art and design is geared toward those students desiring to transfer to four-year institutions to pursue advanced degrees in graphic design, fine arts, or computer enhanced design. This program will also provide an excellent two-year degree base for those wishing to pursue further work in related fields such as interior design, communications, or television. To complete requirements for graduation from the A.A. or A.S. degree in Computer Art and Design, students must pass competency tests in six areas: basic computer skills; pagination; Raster Graphics; Vector Graphics; 2-D animation; and 3-D animation. In addition students must pass an advanced exam in one area of specialization. An internship is also required.

First Y	Year		Hours
ART	101, 102	Studio Fundamentals	4

		TOTAL HOURS	66

¹Co-requisite for CST 109 is CST 102.

²For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Early Childhood Education

Degree: Associate of Science

The early childhood education curriculum is designed for a student who wishes to complete the first two years of a program toward teacher certification. This curriculum will meet the lower division requirements for transfer to a senior institution granting the bachelor's degree in early childhood education. Due to varying requirements at four-year institutions, students are encouraged to select courses in consultation with an education advisor.

		Second Year Total	33
		TOTAL HOURS	66

For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Students pursuing this area of study will be advised by the Business and Social Science Division.

Students planning to transfer to UTK will major in the area they plan to teach (English, History, Foreign Language, etc.) and minor in Education when they enroll at UTK.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

English

Degree: Associate of Arts Or Associate of Science

Students in the English curriculum will develop skills as critical thinkers and writers, using the broad foundation of the curriculum to focus on specialized writing situations. These skills will be further emphasized by the study of a wide range of literature and career-oriented writing.

²Required for Associate of Arts (AA) degree only. Students seeking an Associate of Science (AS) degree should select a general elective appropriate for the senior institution.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Forestry

Degree: Associate of Science

The forestry curriculum is designed for students planning to complete a bachelor's degree at a university after receiving an associate's degree from Roane State. This program will generally meet university transfer requirements. Because of varying requirements at universities, students should meet with an advisor to determine specific requirements of the transfer university before starting this program.

Curriculum Guides

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Music¹

First Year

100

EDU

Degree: Associate of Arts Or Associate of Science

A music major planning to transfer to a senior institution should become familiar with the specific lower division requirements at that institution. The curriculum in this degree is designed to give the performing music major a sound basis for continuing music study at a senior institution.

NOTE: All music majors must have a major applied area at the college; all music majors must pass a piano proficiency examination equivalent to two years of college piano; all music majors must attend all solo classes and other selected performances; all music majors must register for MUS 010 - Solo Class (for no credit) - every semester and MUS 020 - Recital (for no credit) - the last semester before graduation.

Orientation to College

		Second Year Total	36
		TOTAL HOURS	71

Associate of Arts degree can be obtained by including six additional hours of the same foreign language.

²For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

³Offered every other year; student should be advised to take history the year Music Lit is not offered.

Students pursuing this area of study will be advised by the Humanities Division.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Music Education

Degree: Associate of Science

The music education curriculum is designed for students who plan to complete a bachelor's degree in music and who desire to receive a certificate to teach music in elementary or secondary school.

NOTE: All music majors must have a major applied area at the college; all music majors must pass a piano proficiency examination equivalent to two years of college piano; all music majors must attend all solo classes and other selected performances; all music majors must register for MUS 010 - Solo Class (for no credit) - every semester and MUS 020 - Recital (for no credit) - the last semester before graduation.

¹Students transferring to Tennessee Technological University should also take EDU 101.

²For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

³Students are encouraged to take Music Ensemble as an added elective during their fourth semester.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Pre-Engineering

Degree: Associate of Science

The basic pre-engineering curriculum is designed for students who want to earn bachelor's degrees in any engineering field at a four-year institution. Upon the successful completion of the basic program, the student can transfer to any college with an engineering program. These programs include: aerospace, biomedical, chemical, civil, electrical, engineering mechanics, engineering physics, engineering science, fire protection, industrial, mechanical, nuclear, environmental.

All Math/Science courses listed in bold, italicized print have prerequisites. Please check the Course Description section of the catalog.

¹Students planning to transfer to UT Knoxville should take ESC 121 in fall semester of freshman year and ESC 131 in spring semester of freshman year instead of ESC 211 and 212. ²For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

³The Fundamentals of Engineering Graphics course (ERG 161) includes application of computers for computer aided design and will satisfy the computer instruction requirements for this program.

⁴Students are advised to also take MAT 251 (Matrix Algebra); check with your advisor.

⁵Students planning to transfer to UT Knoxville should take PHY 205 and PHY 207.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Pre-Law

Degree: Associate of Science

This course of study is designed for students who plan to complete a bachelor's degree in Pre-Law and who also intend to apply for admission to law school. Law school admission requirements vary from institution to institution; however, all law schools require applicants to have earned either a B.S. or B.A. degree. All law school applicants must also take the LSAT (Law School Admission Test). Students should consult with their advisor, as well as with the college or university they plan to attend in completing their bachelor's degree.

²MAT 110 - College Algebra or a higher level math.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Pre-Medicine Pre-Dentistry

Degree: Associate of Science

This unified basic curriculum in pre-medicine and pre-dentistry is designed to prepare students for schools of medicine and dentistry such as the University of Tennessee or a similar institution, where admission requirements are two years of college experience. Medical college usually requires three or four years of college experience. Roane State students should consult the catalog of the university or professional school of choice and an advisor to determine specific requirements for admission.

²If mathematics background or ACT math score is not adequate, consult an advisor about taking MAT 130 (Pre-Calculus).

³Consult an advisor about substituting PHY 201, 202 for PHY 211, 212. Also check with the senior institution about most recent requirements.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Pre-Nursing

Degree: Associate of Science

The pre-nursing curriculum is designed for students planning to complete bachelor's degrees at four-year institutions. Before entering this plan of study, students should become knowledgeable of specific pre-transfer requirements of other transfer institutions. Since many programs accept a limited number of applicants early in the school year for the next year's class, application should be made at the end of the freshman year at Roane State.

³If mathematics background or ACT math score is not adequate, students must complete MAT 130 (Pre-Calculus) prior to enrolling in MAT 141.

⁴Students must check with transfer institution for appropriate course selection.

⁵Consult an advisor about substituting PHY 201, 202 for PHY 211, 212. Also check with the senior institution about most recent requirements.

⁶Psychology, sociology, economics, anthropology and political science are usually acceptable choices. Check with your advisor.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Pre-Veterinary

Degree: Associate of Science

This course of study covers the first two years of the pre-professional work for students who plan to study veterinary medicine. At least one year of additional college level study will be required to meet the minimum requirements for admission to veterinary medicine. It is strongly advised that pre-veterinary students plan their courses so that as well as fulfilling the veterinary medicine prerequisites, they are simultaneously fulfilling the requirements for a bachelor's degree. Most veterinary medicine colleges require students make a satisfactory score on the Veterinary College Admission Test (VCAT). Additional courses may be necessary to enter veterinary programs. Consult your RSCC advisor and senior institution.

¹Electives should be taken in areas of certification.

Students pursuing this area of study will be advised by the Business and Social Science Division.

Students planning to transfer to UTK will major in the area they plan to teach (English, History, Foreign Language, etc.) and minor in Education when they enroll at UTK.

²For specific course recommendations, students should consult the catalog of the senior institution they plan to attend.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Social Science

Degree: Associate of Arts Or Associate of Science

The social science curriculum is designed to assist students planning to complete the bachelor's degree at a four-year institution in any one of the following: geography, history, political science, psychology, and sociology. In order to meet lower division requirements for transfer to any one of the state's major universities, students should select social science courses from their choice of emphasis and related social science disciplines. Students should also follow the advice of their faculty advisor and become acquainted with any pre-transfer requirements the senior institution may require.

Speech-Language Pathology

Degree: Associate of Arts

The Speech-Language Pathology Assistant is a health professional who works with and under the direction of a speech-language pathologist in the diagnosis and treatment of speech and language disorders. While the program is designed to transfer to a four-year institution, AA graduates are eligible to meet all state requirements for the Speech Language Pathology Assistant credential. Because the progression standards in this program are extremely rigorous, all students should meet with the Speech-Language program director before declaring this major.

		TOTAL HOURS	73

^{&#}x27;May be taken fall or spring semester.

Students pursuing this option will be advised by the Health Science Division.

²A higher level math course may be substituted.

Curriculum Guides are suggested courses of study which may include more or less than the RSCC degree requirements. They are not intended to represent requirements for any particular college or university. Students should consult articulation agreements, the catalog of the school to which they intend to transfer, and their advisor for specific degree requirements. Actual RSCC degree requirements appear on page 78.

Wildlife and Fisheries

Degree: Associate of Science

The wildlife and fisheries curriculum is designed for students planning to complete a bachelor's degree at a university after receiving an associate's degree from Roane State. This program will generally meet university transfer requirements. Because of varying requirements at universities, students should meet with an advisor to determine specific requirements of the transfer university before starting this program.

CORE TOTAL (varies)

TECHNICAL SPECIALTY 32 hours minimum
TOTAL DEGREE 60 hours minimum

CAREER PREPARATION ASSOCIATE OF APPLIED SCIENCE DEGREE

The Associate of Applied Science programs listed on the following pages are designed primarily for the student who wishes to seek employment after two years of college. These programs are not designed for transfer to a senior institution. Although the general education core is transferable, senior institutions may grant elective credit for other courses in the curricula, and all are college courses. Students planning to graduate with an Associate of Applied Science Degree are required to complete the general education courses of the core curriculum for career preparation programs listed at the beginning of this section.

^{*}The following courses taught in the Humanities & Education Division will fulfill humanities elective requirements: art, music journalism, literature, foreign language, philosophy, or theatre.

^{**}Two courses are recommended.

^{***}Except for selected Health Science programs.

A.A.S. BUSINESS MANAGEMENT TECHNOLOGY

The two-year programs in Business Management Technology are designed to prepare the interested student to become a specialist in many phases of the business field. Upon graduation, the student may seek employment in accounting; banking and savings associations; computer science; insurance; quality management; and general business fields. The program also facilitates the process for many students to move into management and supervisory positions. Business Management Technology programs are not designed for transfer to senior institutions.

A.A.S. CONTEMPORARY MANAGEMENT

This unique program is designed for working adults to provide the academic credentials and advanced skills for upward mobility in area businesses. This accelerated degree program combines reduced in-class instruction with outside study/research. Courses are typically offered one evening per week for five weeks plus an additional eight hours of weekend class time. This program design allows working professionals to complete the degree in a shorter period of time.

Another important feature of the program is that an individual can receive credit for previous education and work experience through a portfolio process. Faculty assessors will review each participant's background and grant credit for prior college level learning whether in the classroom or on the job. Because of this format of the courses, a very high level of maturity and dedication will be required of students who are admitted. To aid both the applicant and the faculty in assessing this level, certain requirements must be met. The applicant must (1) have a minimum of two-years of work experience, (2) present at least two letters of recommendation which address the applicant's likelihood of success, and (3) discuss his/her interest in taking these courses with faculty advisors.

It is not unrealistic to expect to complete the program in one year; however, some students may take longer depending on their individual schedules and the required amount of work.

A.A.S. CRIMINAL JUSTICE

The two-year Criminal Justice program is designed for students interested in career opportunities in corrections. This option is designed to meet the needs in society for personnel capable of entry and advancement in the law enforcement field. The two-year curriculum emphasizes an academic approach to law enforcement rather than a training approach.

¹Students may substitute other computer related courses with the approval of their academic advisor.

Students pursuing this option will be advised by the Business and Social Science Division.

Acquiring Credit for Criminal Justice

Currently enrolled criminal justice students may petition for the granting of academic credit, based on previous experiential work in the field in which a degree is being pursued. The student is responsible for assembling and presenting a portfolio of materials to support the request. Individual portfolios for training received at any one of the state's three, eight-week, basic recruit facilities, or the twenty-four week Knoxville basic recruit academy are not necessary since all the training is uniform. Additional academic credit may be awarded for in-service training at specialized schools; contingent upon how the training curriculum corresponds to the competency based curriculum objectives for individual police science courses.

Academic experiential credit will be awarded and will not exceed 18 semester hours. A copy of the training certificate should be sent to the Criminal Justice department. The Records and Registration Office will assign course credit. A grade of "P" will be assigned to experiential credit. Experiential credit cannot be granted until the student is enrolled (full- or part-time) for classes at Roane State.

Students who complete the Knoxville Police Department's recruit training program will receive the following experiential course credit.

			Hours

A.A.S. ENVIRONMENTAL HEALTH TECHNOLOGY

This program is designed to prepare students for careers in the growing fields of environmental protection, health and safety, and site remediation. Students receive specialized training in environmental law, waste management, protection of human health and safety, industrial hygiene, radiation protection, emergency response, environmental remediation techniques and methods for evaluating environmental quality.

An articulation agreement between Roane State and East Tennessee State University (ETSU) exists for those who complete this degree program at Roane State and wish to pursue the baccalaureate degree at ETSU. See your Roane State advisor for curriculum information.

^{*}Internships are optional, and approval of the instructor must be obtained before a student may enroll in an internship.

Students pursuing Environmental Health Technology will be advised by the Business and Social Science Division.

This program is designed for students who do not intend to transfer to a baccalaureate degree program with the exception of students transferring on the ETSU articulation agreement.

A.A.S. GENERAL TECHNOLOGY

The AAS General Technology degree program is designed to assist business and industry in meeting their employment needs for highly-skilled technicians, as well as providing general education courses. The program provides a foundation for students who wish to pursue individual career goals and an alternative for currently employed adults who wish to continue their formal education. Students may submit a portfolio of employment experience or record of completion of employer-sponsored training programs for evaluation for up to 18 hours of experiential credit to be applied to technical elective credit. Technical elective credit may be granted for credit earned in RSCC Technical Certificate Programs. Students must seek advisement from faculty within their area of technical skill in order to choose appropriate technical electives.

GEOGRAPHIC INFORMATION SYSTEMS

Department: Business and Social Science - (423) 882-4582 **Degree:** Associate of Applied Science

This degree program prepares students for careers as Geographic Information Systems (GIS) analysts. Students receive specialized training in geographic fundamentals, GIS database design, spatial analysis, demographic analysis, computer programming, digital image analysis, cartographic design and global positioning system (GPS) principles. Students become skilled in using popular GIS software packages and GPS mapping products.

HEALTH SCIENCE A.A.S. PROGRAMS

Admission to the Programs

Due to limited enrollment, there are special admission policies for Health Science programs. The following policies are for: Dental Hygiene Technology, Medical Laboratory Technology, Health Information Technology, Occupational Therapy Assistant, Opticianry, Physical Therapist Assistant, Radiologic Technology, and Respiratory Therapy Technology.

- 1. The applicant must meet one of the following minimum academic requirements:
 - a. Students under 21 years of age must attain a composite score of 20 or above on the ACT taken within the last 3 years; OR attain a GPA of 2.50 or better after completion of at least 8 semester hours of general education courses required in the program.
 - b. Students 21 years of age or older must attain a GPA of 2.50 or better after completion of at least 8 semester hours of general education courses required in the program.
- 2. The applicant must complete a Health Science application and submit it to the Center for New Student Admission.
- 3. Final selection of students will be made by the Health Sciences Admissions Committee.
- 4. Some programs have work experience requirements, or give special consideration to applicants with work experience. Contact the program director for details.
- 5. Admission to the program is required prior to enrolling in most health science program courses.
- All remedial and developmental courses <u>must</u> be completed prior to enrolling in specialty courses.

All students meeting minimum criteria will be considered competitively, based on ACT score or GPA in required general education courses completed in some Health Science programs. Completing math and science courses required in some Health Science programs with a grade of A or B, could enhance your chance of being accepted. It will be to your benefit to complete as many general education courses as possible by application deadline. MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE. Students that do not meet minimum requirements will only be considered under special circumstances and on a space available basis. Preference will be given to Tennessee residents.

Program Deadlines

In order for applicants to have priority consideration for entrance into the Health Science programs for the following fall semester, applications should be submitted as follows:

Program	Deadline
Dental Hygiene Technology	Third Friday in January
Diagnosis & Procedural Coding	July 15
Health Information Technology	Last working day in May
Medical Laboratory Technology	Last working day in May
Medical Transcription	July 15
Occupational Therapy Assistant	Third Friday in January
Opticianry	Last working day in May
Paramedic	June 30
Phlebotomy	July 15
Physical Therapist Assistant	Third Friday in January
Polysomnography	July 15
Paramedic Phlebotomy Physical Therapist Assistant	June 30 July 15 Third Friday in January

Radiologic Technology Respiratory Therapy Technology Somatic (Massage) Therapy Third Friday in January Last working day in May Third Friday in January

Incomplete applications will not be processed. Any applications received after the deadline will be considered by the Health Science Admissions Committee on a space available basis. It is the student's responsibility to assure that all records and documentation are received by the deadline.

Retention Policies

A student must maintain the following standards or he/she will be dismissed from his/her respective program:

1. A grade of "C" or better in each specialty course.

Completion of specialty courses as specified by the degree checklist. A student must be able to complete courses with the class in which he/she was admitted. A student who cannot graduate with the class in which he/she was admitted will be dropped from that class and must reapply to a subsequent class.

3. Evidence of malpractice insurance and physical examination prior to clinical

training.

 Be physically and mentally capable of performing the essential functions of the program as defined in each Health Science program's Core Performance Standards.

Readmission Procedures

1. A student may be considered for readmission to a Health Science program if *all* of the following criteria are met:

A. The applicant must complete an application for Health Science programs and submit to the Center for New Student Admission.

B. Only one readmission to a Health Science program will be permitted.

- C. The applicant must interview with the program director of the specific program before the date of the review by the Admissions Committee for consideration for readmission. An acceptable level of competency may need to be demonstrated prior to readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
- D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a "C" or better. Students may repeat a course only once, and on a space available basis.
- E. The student must attain a GPA of 2.50 or better in eight or more hours of general education course work required in the program.
- F. Readmission to a Health Science Program is contingent upon the availability of space.
- Final selection of students will be made by the Health Science Admissions Committee.

Successful admission and completion of any RSCC Health Science program does *not* guarantee state or national licensure or registration to practice as there may be additional state/national criteria to be met for attainment of various allied health licenses/registrations.

A.A.S. DENTAL HYGIENE TECHNOLOGY

The Dental Hygiene Program includes a background of general studies, dental science, and clinical skills with which the student becomes a proficient provider of oral health care while working under the supervision of a dentist.

The goals of the Dental Hygiene Technology program are:

- 1. Provide the classroom and clinical instruction that prepares students for the practice of dental hygiene.
- Provide students with the skills to effectively interact with dental and other health care providers.
- 3. Encourage students to commit to lifelong learning.
- Provide necessary skills that prepare students to become effective members of the dental health team.
- Encourage students to assume active leadership roles in community and professional organizations.
- 6. Provide quality patient centered dental hygiene treatment.

In addition to the special admission policies for Health Sciences programs, the Dental Hygiene Program utilizes the following factors in ranking and acceptance of applicants:

- The number of required science courses (BIO 222, 231, 232; CHE 101) completed.
- 2. The student's grades for required science courses completed.
- 3. Work experience in the field of Dentistry. If work experience is to be considered, the applicant must bring to the interview a current resume with permission to contact employers. If the applicant is a Certified and/or Registered Dental Assistant, a copy of Certification and/or Registration must be brought to the interview. It is highly recommended that applicants without work experience in dentistry spend time observing a dental hygienist. During this observation, the applicant should gain a full understanding of the dental hygienist's duties and responsibilities, as well as an understanding of OSHA regulations on bloodborne pathogens. All observation time should be completed prior to the interview.
- 4. Results of a personal interview. Interviews will be granted only to applicants who have met the minimum requirements for admission to the Health Science programs. Interviews will be conducted during the latter part of the spring semester. After the applicant's files have been reviewed, the interviews are scheduled by telephone. It is the applicant's responsibility to make certain that we have work and/or home telephone numbers that will be current for this time period. If your telephone number or numbers have changed from those provided on your Health Science application, you must send the changes in a timely manner to the DHT program director at 701 Briarcliff Avenue, Oak Ridge, TN 37830.

All DHT courses must be taken in sequence. All required science courses (BIO 222, 231, 232; CHE 101) must be taken in the sequence listed in the curriculum if applicant is admitted to the program **OR** any of the courses may be completed prior to the beginning of the program in August. Admission to the DHT program is required prior to enrolling in any DHT courses. All DHT courses are taught on the Oak Ridge Branch Campus.

There are additional expenses for the Dental Hygiene Program for instruments, uniforms, Student Association dues (membership is mandatory), radiation badges, recommended vaccinations and other program-related expenses.

mended vaccinations and other program-related expenses.

Students are responsible for obtaining patients necessary to meet clinical requirements.

The program in dental hygiene is accredited by the Commission on Dental Accreditation of the American Dental Association, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and by the United States Department of Education.

First Year

Hours

A.A.S. HEALTH INFORMATION TECHNOLOGY (Medical Record Technology) Diagnosis and Procedural Coding Technical Certificate

The Health Information Technology program emphasizes specialized skills in the management of health information. The medical record technician ensures completeness, accuracy and efficiency in the management of health information in all healthcare settings maintaining patient information. **Two education options are available** in the one plus one program format. **All** students must complete a health science application indicating their interest in either the Diagnosis and Procedural Coding Technical Certificate (one-year) or the A.A.S. Health Information Technology degree program. Students completing the degree program will be eligible to sit for the national certification examination to become a Registered Health Information Technician.

The degree program is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP), in collaboration with the American Health Information Management Association's (AHIMA) Council on Accreditation.

In addition to completing a health science application, students desiring admission will be required to attend an orientation session prior to being accepted. Degree students must meet health science division admission requirements. Application of didactic instruction is provided through clinical education in area health facilities. First year program professional courses (HIT) are taught on the Roane County campus and at the Knoxville Health Sciences Center. Second year degree courses are primarily taught on the Roane County campus, however occasional HIT courses may be taught at other sites.

Courses in bold-faced italic print may be taken prior to being accepted into this program.

Program Deadline: A.A.S. Degree—Last working Day in May; Diagnosis and Procedural Coding—July 15.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 19 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

^{*}Recommended to be completed **prior** to acceptance.

^{**}An open course that may be taken by any student and is recommended to be completed **prior** to acceptance.

A.A.S. MEDICAL LABORATORY TECHNOLOGY

This program is designed to qualify students to work as medical laboratory technicians. The curriculum combines general education and science courses with clinical experience. Students graduating from the program are eligible for national certification and State of Tennessee licensure. The program is accredited by NAACLS (National Accrediting Agency for Clinical Laboratory Sciences) located at 8410 West Bryn Mawr Avenue, Suite 670, Chicago, IL 60631. Phone number-(773) 714-8880. A passing score on a comprehensive examination will be required for all students graduating from this program.

The curriculum is designed in a **1+1 format**—first year for prerequisites and second year for medical laboratory courses. All first year prerequisites must be completed prior to being considered for admission into the second year. There is an open admissions policy for enrolling in the pre-MLT classes. The second year lasts for approximately 11 months—August to July of the next year. Classes taken the second year must be taken in sequence and require a full course load.

Selection for the second year will be based on GPA in the prerequisites, with special consideration given to anatomy and physiology, chemistry, microbiology, and algebra grades. Students not accepted can apply for the following year or seek advisement on other career options.

All general education classes (bold print) can be taken prior to being accepted into this program.

Students pursuing this option will be advised by the Health Science Division.

Program Deadline: Last working day in May.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 22 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

²Speech elective may be chosen from the following: SPE 201, 211, or 221.

MEDICAL LABORATORY TECHNOLOGY (FOR MLT-C GRADUATES)

Graduates of a NAACLS accredited MLT-C program will be eligible for an Associate of Applied Science in Medical Laboratory Technology by completing the following requirements in the order as given:

- 1. Providing an official record of completion of an accredited MLT-C program.
- Providing a written notification of intent to pursue the MLT Associate of Applied Science Degree.
- 3. Complete all required general education coursework.
- Passing Part I of a comprehensive exam and thereby receiving transfer credit for 28 credit hours of medical laboratory technology course work (see MLT Credit by Transfer).
- 5. Passing Part II of a comprehensive examination and thereby receiving Credit by Proficiency for 20 credit hours of medical laboratory technology course work (see MLT Credit by Proficiency).

MLT Credit by Transfer

Eligible MLT students passing Part I of the comprehensive exam will receive transfer credit for the following courses:

MLT 105	Introduction to Medical Laboratory	4
MLT 253	Clinical Education I	7
MLT 254	Clinical Education II	7
MLT 255	Clinical Education III	6
MLT 263	Seminar I	1
MLT 264	Seminar II	3
		28

MLT Credit by Proficiency

Students passing Part II of the examination will register and receive credit for the following 16 hours, subject to Roane State fee policies.

MLT 122	Diagnostic Microbiology & Parasitology	5
MLT 202	Hematology and Coagulation	5
MLT 213	Clinical Chemistry	5
MLT 222	Immunology and Immunohematology	5
		20

NOTE: Students may not register for more than 22 total hours per semester. This includes courses in which the student is actually enrolled and course credit by proficiency.

The following courses are required:

	TOTAL SEMESTER HOURS	85
	Credit by Transfer	28
	Credit by Proficiency	20
	Humanities Elective	3
	Social Science Elective	3

CST 102	Computer Concepts & Applications	3
		_

NOTE: 26 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

Students pursuing this option will be advised by the Health Science Division.

NURSING ADMISSION POLICIES FOR ASSOCIATE OF SCIENCE

The two-year Associate Degree Nursing Program qualifies students to take the State Board Examination to become Registered Nurses.

The RSCC Academic Council has established (for both beginning and transfer students) the following requirements in considering applicants for admission into the Associate of Science Degree Nursing Program:

- I. Applicants must:
 - A. Apply and be accepted to RSCC.
 - B. Submit high school transcripts or GED equivalent and transcripts of all previous college work to the Admissions Office.
 - C. Take the ACT exam (for student applicants under 21 years of age).
 - D. Complete Academic Development courses prior to application to the nursing program as determined by the requirements specified on page 25 of the RSCC catalog under "General Student Classifications."
 - E. Pass a pre-admission test.
- II. In addition to requirements above, applicants must meet requirement A or B or C below.
 - A. Complete at least 12 hours of work from the general education requirements in the Nursing curriculum with a minimum 2.75 GPA. These hours must be completed prior to the application deadline (third Friday in January.) A "C" or better must be attained in each required science course.
 - B. Students under 21 years of age must attain a composite score of 20 or above on the ACT battery.
 - C. Licensed Practical Nurses may be admitted by fulfilling the following:
 - 1. Meet requirements I. A, B, C, and D above.
 - 2. Complete twelve (12) hours of general education courses from the nursing curriculum prior to registration for Nursing 109.
 - Graduate from state approved LPN program and have a current valid LPN license.
 - 4. Pass the NLN proficiency examination.
- III. Only nursing courses which were completed within three years prior to applying for admission or readmission will be considered for transfer. Science courses more than five years old will not be considered.
- IV. At the beginning of fall semester, a mandatory orientation to the nursing program will be scheduled prior to the first day of classes. At this orientation students must submit:
 - A. A completed physical examination and a pre-clinical drug screen providing evidence of physical status necessary for practice in all areas of nursing care.
 - B. Proof of current CPR certification that includes one-person, two-person and infant and child CPR (Healthcare Provider). Students must submit a copy of certification.
 - C. Students who do not attend this orientation and submit physical examinations and proof of CPR certification will be dropped from the program.
- V. Health:
 - A. Even though preliminary admission to the Nursing Program has been granted, a student will be required to undergo a physical exam/health verification before final admission to the program. Students will be required, during the course of the program to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements include freedom from communicable diseases, the ability to perform certain tasks and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Dis-

abilities Act of 1990. Core performance standards for admission and progression which comply with the Americans with Disabilities Act of 1990 are available from the office of the Nursing Program.

B. Students will be required to meet all health guidelines of the affiliating agencies. For example, health insurance may be required by some affiliating agencies. Not having health insurance could limit a student's educational experience. Students are responsible for costs incurred from injury or illness while in the Nursing Program.

VI. Other

- A. Individuals who are admitted to the program whose use of alcohol or consciousness-altering drugs interferes with their performance of nursing education activities will be referred for a drug screen and counseling. Please refer to the Nursing handbook for further information. Failure to correct the problem will result in termination from the Nursing Program.
- B. Students will be required to provide nursing care under supervision, for patients with infectious diseases. Any student refusing assignment to an infectious patient may be subject to dismissal from the program.
- C. The applicant must report if any license in any health care field has been suspended, revoked or denied.
- Additional testing and counseling may be recommended on an individual basis.

A Nursing Admissions Committee considers all eligible applicants and recommends applicants for acceptance into the Nursing Program.

Students who have not met minimum requirements will not be considered. All students meeting minimum criteria will be considered competitively, based on ACT score or GPA in required general education courses completed. It will be to your benefit to complete as many general education courses as possible by application deadline. The earlier application date will also be considered if other criteria are equal. MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE. Preference will be given to Tennessee residents.

RSCC General Student classification admission policies for transfer students apply to transferring nursing students. Transfer students must meet RSCC general admissions requirements in addition to those of the Nursing Program. A letter of recommendation including evidence of clinical and lab competency must be submitted from the director of the previous nursing program. Transfer students may seek placement in the nursing sequence by taking a proficiency examination subject to the approval of the nursing faculty. No nursing courses earned in a school of practical nursing may be credited by transfer, although academic courses, if earned through a college or university, will be evaluated for transfer. Nursing courses from an NLN accredited or state approved School of Nursing will be evaluated for transfer on an individual basis.

Financial Aid may be available. Questions should be directed to the Financial Aid Office.

Uniforms are required. Information and forms are included in letters of acceptance into the Nursing Program. Fees for the nursing students are the same as for other students with an addition: an annual fee for professional liability insurance is required.

Retention Policies

- The student must maintain a cumulative GPA of 2.0 or better. A "C" must be achieved in each science course in order to progress to the second year of the nursing program.
- 2. The student must attain a grade of "C" or better in each nursing course.
- A student must satisfactorily complete each clinical rotation each semester in order to continue in the program. A grade of "incomplete" must be removed prior to the first clinical day of the following semester in order to progress to the next nursing course.
- 4. The student must carry professional liability insurance while enrolled in nursing courses.
- The student must maintain CPR Certification while enrolled in the nursing program.
- The student must abide by the course and clinical policies as outlined in the Nursing Student Handbook. Failure to do so may result in dismissal from the program.

Readmission Procedures

- 1. Only one readmission to the nursing program is permitted. Readmission to the nursing program is also contingent upon the availability of space. Requirements for initial admission to the nursing program must be met in order for a student to be considered for readmission. Students with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the nursing faculty. Students seeking readmission to the nursing program must state their intention in writing to the Nursing Program Director at least 30 days prior to summer semester, or 90 days prior to fall or spring semester.
- 2. If two "D" grades or below are received in nursing courses, the student will be dismissed from the program, and the person receiving such grades may not be eligible for admission into the nursing program of any other TBR institution.
- 3. Those students who fail to maintain a cumulative GPA of 2.0 may be considered for readmission to the nursing program only after removing all grades of less than "C" in required general education courses.
- 4. Students repeating nursing courses must repeat both theoretical and clinical components of the course.

Legal Limitations for Licensure

A graduate of an approved school of nursing who has been convicted of a violation of the law other than a minor traffic violation may be denied a permit and/or a nursing license. A graduate's eligibility for licensure is determined on an individual basis. Students are advised to consult with the licensing board regarding their licensure eligibility.

Academic Advisement

Nursing faculty provide academic advisement for prospective nursing students as well as for those students admitted into the program. The faculty assist students with scheduling classes and dealing with academic concerns. Faculty members have office hours posted on their office doors. Students should contact a faculty member for advisement as needed. It has been recommended that students experiencing academic difficulties make an appointment and discuss this with a faculty member as soon as possible.

ISSUE

SOME EXAMPLES OF

ROANE STATE COMMUNITY COLLEGE DEPARTMENT OF NURSING CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

The Roane State Community College Nursing Program has adopted the following core performance standards. Admission to and progression in the nursing program is not based on these standards, rather they will be used to assist each student in determining whether accommodations or modifications are necessary.

If a student believes that he or she cannot meet one or more of the standards without accommodations or modifications, the nursing program will determine, on an individual basis, whether or not the necessary accommodations or modifications can be made reasonably.

STANDARD

1220F		ECESSARY ACTIVITIES (not all inclusive)
Critical Thinking	Critical thinking ability suffi- cient for clinical judgment.	Identify cause-effect relation- ships in clinical situations, develop nursing care plans.
Interpersonal	Interpersonal abilities suffi- cient to interact with individ- uals, families, and groups from a variety of social, emo- tional, cultural, and intellec- tual backgrounds.	Establish rapport with patients/clients and colleagues.
Communication	Communication abilities sufficient for interaction with others in verbal and written form.	Explain treatment procedures, initiate health teaching, document and interpret nursing actions and patient/client responses.
Mobility	Physical abilities sufficient to move from room to room and maneuver in small spaces.	Moves around in patient's room, work spaces, and treatment areas, administer cardio-pulmonary procedures.
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective nursing care.	Calibrate and use equipment; position patients/clients.
Hearing	Auditory ability sufficient to monitor and assess health needs.	Hears monitor alarm, emergency signals, auscultatory sounds, cries for help.
Visual	Visual ability sufficient for observation and assessment necessary in nursing care.	Observes patient/client responses.
Tactile	Tactile ability sufficient for physical assessment.	Perform palpation, functions of physical examination and/or those related to therapeutic intervention, e.g. insertions of a catheter.

A.A.S. NURSING

The two-year, Associate of Applied Science degree program in Nursing emphasizes patient-centered approaches to nursing care. The graduate nurse is able to provide highly skilled nursing care for patients and families in a variety of health care delivery settings. The program of learning includes the study of clinical application of nursing theory and principles. The graduate is eligible to take the State Board examination to become a registered nurse.

These classes may be taken prior to being accepted into the program. A grade of "C" or better is required in MAT 110 or MAT 115 prior to taking NSG 105.

C of better is required in what 110 of what 115 prior to taking 1000 103.

¹Strongly recommend this course being completed prior to taking NSG 105.

Students pursuing this option will be advised by the Nursing Department.

Program Deadline: Third Friday in January.

²This course is recommended for students planning to complete a BSN.

LPN CAREER MOBILITY

LPN Career Mobility may not be offered every year. Availability of this option is dependent upon the number of qualified applicants.

This program is designed to facilitate the achievement of a registered nurse level education by LPNs who qualify for admission. LPNs who wish to qualify for this program are required to pass a proficiency examination. The examination will cover fundamentals of nursing.

Examination scores are valid for three (3) years. Candidates who do not enter the program after three (3) years will be required to repeat the examination process.

Candidates are required to present an active Tennessee Practical Nurse license to be admitted to the examinations. Candidates should arrive 30 minutes before test-time. ID must be verified before admission to the examination is permitted.

Admission to the Career Mobility program is not automatic. Academic qualifications as well as test scores will be considered in the selection process. Admission is also contingent on available space in the program.

The following courses are required, with a grade of "C" or better, as part of the 12 hours of general education, prior to taking NSG 107:

Academic Advisement: LPN Mobility students must have an academic advisement conference with the nursing program director prior to beginning NSG 107. Students pursuing this option will be advised by the Nursing Department.

A.A.S. OCCUPATIONAL THERAPY ASSISTANT

The Certitifed Occupational Therapy Assistant (COTA) is a health professional who uses purposeful activity with individuals who are limited by physical injury or illness, psychosocial dysfunction, developmental or learning disabilities, poverty and cultural differences of the aging process. The COTA works under the supervision of a registered occupational therapist (OTR) and collaborates with others to maximize independence, prevent disability and maintain the health of individuals requiring services. Students are trained in the skills and techniques necessary to participate in the treatment and testing of patients. The educational program includes lecture and laboratory experiences as well as practice in clinical settings.

ADMISSION TO THE OTA PROGRAM IS REQUIRED PRIOR TO TAKING ANY OTA COURSES, with the exception of OTA 104 which has an open admissions policy. Twenty-four (24) hours of volunteer or work experience with an occupational therapist or an occupational therapy assistant is required prior to admission to the program. A form evaluating and verifying 24 volunteer hours must be submitted to the OTA department BY THE SUPERVISOR prior to the application deadline. An interview will be offered the top 40 candidates. Meeting minimum requirements does not guarantee acceptance. Those not accepted can apply for the following year or seek advisement on other possible career options. The program is designed to be taken in sequence, individual circumstances may permit variations. All OTA courses are taught on the Oak Ridge Campus. All admissions material must be submitted by the third Friday of January for the following fall semester. Students that turn materials in after this deadline cannot be considered for admission.

The Occupational Therapy Assistant Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA's phone number is (301) 652-AOTA. Graduates of the program will be able to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification of Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

NOTE: All OTA students must complete Level II Fieldwork within 18 months following completion of academic preparation.

²May be taken in either the fall or spring semester. ³Elective, not required for graduation.

A.A.S. OPTICIANRY

The Opticianry program is a two-year associate of applied science degree career preparation program. Graduates of this program will be eligible to sit for the Tennessee State Board Examination in Ophthalmic Dispensing and the national board certification examinations. The total educational program will include general studies, technical, and field work components.

Opticians design and fit glasses, contact lenses and other specialized optical devices, based on the doctor's prescription and the patient's visual needs. Fashion is also a factor in designing eyewear.

The Opticianry program is nationally accredited by the Commission on Opticianry Accreditation.

Admission to the program is required prior to enrolling in any OPT course. Courses must be taken in sequence. All professional opticianry courses are taught at the main campus in Harriman.

These classes may be taken prior to being accepted into the program.

¹Business elective may be chosen from the following: BUS 221, 278 or 281.

Students pursuing this option will be advised by the Health Science Division.

Program Deadline: Last working day in May.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 20 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

²Higher level math course may be substituted.

A.A.S. PHYSICAL THERAPIST ASSISTANT

This program prepares students with the necessary knowledge and skills to assist in the treatment and testing of physical therapy patients under the supervision of a registered physical therapist. Training includes the use of exercise, therapeutic modalities and special treatment procedures in classroom, laboratory and clinical settings. This program is accredited by the Commission on Accreditation in Physical Therapy Education.

The curriculum is designed in a new 1+1 format - first year for prerequisites and second year for physical therapy courses. All first-year prerequisites (PRE-PTA status) must be completed prior to being considered for admission into the second year. There is an open admissions policy for enrolling in the PRE-PTA classes. The second year (PTA STATUS) lasts one calendar year—August to August of the next year. Classes taken the second year must be taken in sequence and require a full course load.

Selection for the second year will be based on GPA in the prerequisites, anatomy and physiology grades, physical therapy tech work experience, and documentation and rating on physical therapy observation experience (40 hours are required). An interview will be offered the top 40 applicants. A maximum of twenty-four students will be selected to enter the second year. Those not accepted can apply for the following year or seek advisement on other possible career options.

All admission materials except Spring grades (i.e. Spring 1999 for Fall 1999 acceptance) should be submitted by the third Friday of January for the following fall semester. Spring grades need to be received by June 1. Students that turn materials in after these deadlines cannot be considered for admission.

Here are some other things to keep in mind for the second year. Clinical courses during the second year might require travel to other cities for extended periods of time at the student's expense. Once accepted into the second year, it is the student's responsibility to be certified in Basic First Aid and to maintain certification in Infant, Child and Adult CPR. This can be done through the Red Cross and/or American Heart Association.

All second year PTA classes are taught at the Oak Ridge Branch Campus.

²To be completed one week prior to classes starting.

A.A.S. RADIOLOGIC TECHNOLOGY

The radiographer is a healthcare professional that performs radiographic procedures that provide information to assist in the diagnosis and treatment of the patient. The Radiologic Technology Program consists of six semesters of full-time study which includes supervised clinical coursework in a radiology department. The clinical courses include assignments during the intercessions between semesters. The program is affiliated with 13 area hospitals and clinics. Each student is assigned to one hospital for their two years of clinical coursework.

Applicants for the program may begin working on the general education courses at any time. Official acceptance to the program is required prior to enrollment in the professional courses. The professional courses must be taken in sequence and are offered only at the Oak Ridge Branch Campus. Remedial and developmental course must be completed prior to entering the program.

Applicants are encouraged to spend a minimum of 4 hours of observation time in a radiology department. Students that provide a letter of documentation of the observation time to the program director will be given special consideration. The letter of documentation must be received by the program director by the application deadline. Special consideration will also be given to those applicants that make an A or B in required science and math courses.

The program is accredited by the Joint Review Committee on Education in Radiologic Technology. Graduates of the program are eligible to take the certification examination administered by the American Registry of Radiologic Technologists.

These classes may be taken prior to being accepted into the program.

Students pursuing this option will be advised by the Health Science Division.

Program Deadline: Third Friday in January.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 30 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

²Higher level math course may be substituted.

ADVANCED STANDING A.A.S. RADIOLOGIC TECHNOLOGY (FOR REGISTERED TECHNOLOGISTS)

This program is designed for the technologist that is registered with the American Registry of Radiologic Technologists and is seeking to complete a degree in Radiologic Technology. Applicants must apply to the Health Science Admissions Committee for official acceptance to the program.

Applicants accepted to the program will be given course credit for the following Radiologic Technology courses after submitting a copy of the ARRT certificate to the program director and completion of the Credit by Proficiency form available in the Records Office:

The following courses will be assigned course equivalency:

NOTE: 30 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

Students pursuing this option will be advised by the Health Science Division.

A.A.S. RESPIRATORY THERAPY TECHNOLOGY

The Respiratory Therapy program prepares an individual to perform the staff responsibilities of the respiratory care profession. General education courses and respiratory care courses which include supervised clinical experience in area hospitals make up the building blocks of this exciting curriculum. The majority of RTT courses are taught at the Roane County campus, with a few classes taught at other campuses.

Along with the general entrance requirements of the Health Science programs, the applicants for Respiratory Therapy must also complete ten (10) hours of observation in designated respiratory therapy departments. Students should contact the program director for more information. A completed observation form must be sent back to the program director prior to the application deadline. The form for documentation of observation hours may be obtained from the Health Science Office, Center for New Student Admissions, or Respiratory Therapy faculty.

Students that have been admitted into the program must attend an orientation to the Respiratory Therapy program prior to the first day of class. Students must submit physical examination forms and proof of CPR certification at this time. Students who fail to attend orientation or submit physical examination forms and CPR certification will be dropped from the program.

All students must pass the mock written registry and clinical simulation examinations to graduate from RSCC. Upon graduation, students are eligible to take the credentialing examinations offered by the National Board of Respiratory Care. The program is accredited by CAAHEP and JRCRTE, committees on Allied Health and Education.

These classes may be taken prior to being accepted into the program.

ROANE STATE COMMUNITY COLLEGE

Students pursuing this option will be advised by the Health Science Division.

Program Deadline: Last working day in May.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 20 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

A.A.S. LEGAL ASSISTING

The two-year program in Legal Assisting is designed to prepare students to be proficient in paralegal duties and responsibilities. Students who complete the coursework will be able to apply basic law concepts and become familiar with Tennessee's basic court system. Objectives include skills in writing, research, problem solving, and social interaction. Students will participate in an externship for practical application experience. Admission to this program will require students to meet the minimum course standards for other two-year technical degree programs.

This program is designed for students who do not intend to transfer to a baccalaureate degree program. NOTE: 18/19 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

²Students may substitute other computer-related courses with the approval of their academic advisor.

A.A.S. OFFICE ADMINISTRATION INFORMATION TECHNOLOGY

The two-year Office Administration program is designed for students seeking employment and for those who are currently employed. The curriculum develops the knowledge, skills, and values needed to secure positions and to succeed in the rapidly changing workplace.

The curriculum integrates interpersonal and technological skills and emphasizes competency-based training in preparing students in all aspects of today's culturally diverse, technological business environment. This curriculum is based on research and is built on a solid partnership between education and business, and it includes up-to-date courses that provide the foundation for students to succeed in the world of work.

To develop leadership skills and practice what is being learned, students are encouraged to join and participate in Collegiate Secretaries InternationalTM (CSITM), an organization for students sponsored by International Association of Administrative ProfessionalsTM (IAAPTM).

See "Admissions Procedures" on page 38 for information on semester credits awarded for passing the Certified Professional SecretariesTM (CPSTM) examination.

TECHNICAL CERTIFICATE PROGRAMS

Students in these programs should apply for admission as special credit students. An assessment test and/or academic development courses are not required of students in these programs. Financial Aid may not be available for all certificates pending approval. Contact the Financial Aid Office for more information. For students to receive a certificate at the end of the program, a 2.0 GPA must be maintained.

CHILD SUPPORT ENFORCEMENT

This certificate program is designed to prepare graduates to be proficient in legal casework in a Title IV-D Child Support enforcement office setting in any judicial district in the state of Tennessee and to easily adapt to any Title IV-D office setting in the country. The student will learn and be able to apply basic child support law and will become familiar with basic court systems in Tennessee. The student will fully understand the child support enforcement process and all federal and state policies and mandated performance standards. The student will have a basic knowledge of related human service programs and understand the interaction of child support enforcement and these other programs. Proficiency in initial legal assessment of a child support case, preparation and filing of legal pleadings, interaction with clients, negotiation and filing of the final order will be accomplished by the certificated student.

A portion of the coursework will be taught by representatives of a legal firm partic-

ipating as a Child Support enforcement contractor.

Due to limited enrollment, there are special admission policies for the Child Support Enforcement program:

1. Each applicant must apply and be accepted to RSCC.

2. Each applicant must submit high school transcripts (or GED equivalent) and tran-

scripts of all previous college work to the Admissions Office.

3. Each applicant must complete and submit an Intern Data Sheet to the director of the program. The Intern Data Sheet must be submitted no later than Aug. 1 of each year. Intern Data Sheets may be obtained through the Business and Social Science division. Submitted sheets, together with transcripts and test scores, will be reviewed and evaluated by RSCC personnel and participating legal firms. Certain applicants may be required to attend an interview, as a part of the selection process and must be accepted by a legal firm participating as a child support enforcement contractor. Applicants will be notified of the list of those selected to participate.

Some of the factors considered, for each applicant, will be: academic background, prior work experience, communication skills, computer skills, and demonstrated ability to work well with others, as well as with the public. This is not an exclusive list of factors, and no single factor will solely determine the selection decisions. The majority of LES courses will be offered at the Oak Ridge Branch campus, as well as the office of the participating legal firm.

COMPUTER ART & DESIGN

The Technical Certificate of Credit in Computer Art and Design is especially geared toward these individuals: 1) those already holding BFAs, MFAs, or other degrees who need a structured program of computer skills to enhance or secure employment, or 2) those who wish to quickly enter the job market on a technical level and pursue further education along with their employment.

To complete requirements to receive the technical certificate of credit in Computer Art and Design, students must pass competency tests in six areas: Basic computer skills; pagination; Raster Graphics; Vector Graphics; 2-D animation, and 3-D animation. In addition, students must pass proficiency tests in one area of specialization. An internship is also required.

Students pursuing this option will be advised by the Business and Social Science Division.

NOTE: 10 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

POLICE MANAGEMENT

This program is designed to provide state-of-the-art education in the areas of procedural law and police management. The curriculum provides an opportunity for police supervisory personnel to receive training in a non-degree credit program. The Police Management certificate program is not designed to provide entry-level skills in police science. Students interested in a career preparation program should refer to page 143.

The following courses are required:

BUS 281	Management and Supervision I	3
PST 201	Police Administration and Organization	3
PST 111	Criminal Procedures	3
PST 101	Introduction to Criminal Justice	3
	TOTAL SEMESTER HOURS	12

Students pursuing this certificate will be advised by the Business and Social Science Division.

NOTE: 4 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

TENNESSEE EARLY CHILDHOOD TRAINING ALLIANCE

The TECTA program is designed for students who have a GED or high school degree, are currently working in a licensed or registered child care facility, and reside in Tennessee. The program provides 30 hours of cost free orientation. The participant then enrolls as a Roane State student and begins the first of four college classes which leads to the Child Development Associates (CDA) certificate.

The following courses are required:

This course provides the childcare worker with thirty hours of instruction in the following areas: professionalism, individualism and cultural diversity, child development, developmentally appropriate practices, learning environments, health and safety, guidance, observation and assessment, family relationships, human relations, environment, and activities and curriculum. Prerequisite to the Level classes—students must enroll in one of the following Orientation classes (30 clock hours): Center Based; Infant/Toddler; School-Age; Family Based.

HEA 221 (Level I)	Safety, First Aid and CPR	3
	Introduction to Early Childhood Education	3
EDU 125 (Level II B)	Essentials of Early Childhood	3
EDU 225	Mentoring and Assessment	3
EDU 235 (Level II C)	Practicum	_4
	TOTAL SEMESTER HOURS	16

Students pursuing this certificate will be advised by the TECTA Office.

WORKFORCE PREPAREDNESS TECHNICAL CERTIFICATE OF CREDIT

This certificate is being phased out and will not be available in subsequent catalogs.

Graduates of the Workforce Preparedness Certificate will have the basic knowledge and skills to enter the area workforce and assume responsible positions in the economy. Students will gain a basic understanding of the meaning of work, develop personal and occupational problem solving skills, and acquire adequate Workkeys skills to succeed in the work place. Students should leave the program with a greater understanding of not only the basic tenets of work skills and behaviors, but the economy and their position in it. Also, in consultation with an advisor, students can choose four technical courses in a designated option to create a technical specialty in a chosen field. These options are accounting, office administration, retailing, computer, teacher's aid/child-care, and gerontology.

HEALTH SCIENCE CERTIFICATE PROGRAMS

DIAGNOSIS AND PROCEDURAL CODING

The Diagnosis and Procedural Coding program is a nine month certificate program designed to prepare students to perform medical diagnosis and procedure coding in an outpatient or ambulatory healthcare setting. Professional courses (HIT) in the program are taught during the day on the Roane County Campus and in the evening at the Knoxville Center for Health Sciences. Included in the program is clinical instruction allowing students to apply coding to actual medical records of patient encounters.

Admission Requirements

HEA 221

- 1. High school diploma or equivalent.
- Completed RSCC application and admission requirement for special student category.
- 3. Completed Health Science Application.
- 4. Attendance at program orientation session scheduled each Spring/Summer.
- 5. Completed history and physical form.
- 6. Be accepted by the Health Sciences Admissions Committee.

Retention Policies

A student must maintain the following standards or he/she will be dismissed from the program.

- 1. A grade of "C" or better in each HIT course.
- 2. Completion of specialty courses as outlined by the degree checklist. Exceptions to this must be approved by the program director.
- 3. Evidence of malpractice insurance and physical examination must be provided prior to clinical training.

Readmission Procedures

- 1. A student may be considered for readmission to a Health Science program if all of the following criteria are met:
 - A. The applicant must complete an application for Health Science programs and summit to the Records office.
 - B. Only one readmission to Health Science programs will be permitted.
 - C. The applicant must interview with the program director before the date of the review by the Admissions Committee for consideration for readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
 - D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a "C" or better in the course.
 - E. Readmission to a Health Science program is contingent upon the availability of space.
- Final selection of students will be made by the Health Science Admissions Committee.

DIAGNOSIS AND PROCEDURAL CODING

All general education classes (bold print) can be taken prior to being accepted, or in the suggested sequence below after being accepted into the program.

Fall Semester		
BIO 231	Anatomy & Physiology I ¹	4
HIT 102	Intro. to Health Information	3
HIT 107	Medical Terminology ²	3
HIT 103	Coding & Classification Systems	3
	,	13
Spring Semester		
BIO 232	Anatomy & Physiology II ¹	4
HIT 130	CPT Coding	3
HIT 140	Medical Office Procedures	2
		9
	TOTAL SEMESTER HOURS	22

Recommended to be completed prior to acceptance.

Students pursuing this certificate will be advised by the Health Science Division.

Program Deadline: July 15

NOTE: 7 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

EMERGENCY MEDICAL TECHNOLOGY

These programs are designed to qualify students to work as emergency medical technicians which could lead to national certification and state licensure.

First Responder - Course Number: EMT 109 4 credits

This course prepares the student for the First Responder State Licensure exam.

The First Responder is often the first medically trained rescuer on the scene of an ill or injured patient. They provide the first link in the Emergency Medical Services system. They are employed as firemen, law enforcement agents, park rangers, rescue squad personnel, daycare workers, EMS and many other occupations.

Admission requirements:

- Regular high school diploma or equivalent. (NOTE: A special ed diploma or certificate of attendance WILL NOT meet this requirement.)
- Complete RSCC application and meet RSCC admission requirements for either general admission or special student
- 3. Health Care Provider level CPR

Emergency Medical Technician Basic I and II

First Semester

EMT 102 Basic I 6 credits

Second Semester

EMT 106 Basic II 6 credits

This course prepares the student for the National Registry exam for EMTs. Upon successful completion of this exam the student will be eligible for State Licensure.

²An open course that may be taken by any student & is recommended to be completed <u>prior</u> to acceptance.

Students having EMT licensure are able to work as part of an EMS team on Basic and Advanced ambulance units. They are employed in emergency rooms, law enforcement agencies, rescue squads, fire stations, health clubs, ski patrols, park rangers and other related fields.

Admission requirements:

- 1. High school diploma or equivalent
- Complete RSCC application and meet RSCC admission requirements for either general admission or special student option
- 3. Health Care Provider level CPR

Retention

- 1. A minimum grade of 80% in each of the three areas, lecture, lab and clinical must be achieved to advance to the next semester.
- 2. Maintain current licensure and current CPR-Health Care Provider.
- 3. Maintain evidence of Professional Liability Insurance.

EMT Accelerated - Course Number: EMT 151 12 credits

This course prepares the student for the National Registry Exam for EMTs. Upon successful completion of this exam the student will be eligible for State Licensure.

The accelerated course is Basic I and II combined into one semester and is designed for those students that have completed First Responder or have a medical background.

Students having EMT licensure are able to work as part of the EMS team on Basic and Advanced ambulance units. They are employed in emergency rooms, law enforcement agencies, rescue squads, fire stations, health clubs, ski patrols, park rangers and other related fields.

Admission requirements:

- 1. High school diploma or equivalent
- Complete RSCC application and meet RSCC admission requirements for either general admission or special student option
- 3. Health Care Provider level CPR

Program Prerequisites: EMT 109—First Responder course or medical background. Those entering the class with a medical background will have to obtain permission from the EMS program director

Retention

- 1. Maintain current licensure and maintain current CPR-Health Care Provider.
- 2. Maintains evidence of Professional Liability Insurance.

Certificate Program

Paramedic

First Semester	Second Semester	Third Semester
EMT 211 13 credits	EMT 212 13 credits	EMT 218 3 credits
EMT 221 3 credits	EMT 222 3 credits	EMT 223 4 credits

The Paramedic program is a three-semester certificate program. The lecture and lab consists of approximately 600 hours. The clinical/field internship is 500 hours.

The program consists of four components of instruction: lecture, skills laboratory, clinical education and field internship. The successful completion of these components will prepare the students for National Registry exams and enable him/her to demonstrate competence as an entry level paramedic.

Graduates of this program work in areas of law enforcement, fire, Emergency rooms, medical clinics, rescue, athletic departments, forestry, EMS, 911 centers and similar occupations.

Admission Requirements:

- 1. High school diploma or equivalent
- 2. Complete RSCC application and meet RSCC admission requirements for either general or special student option
- Complete Health Science admission application and all materials identified in the Paramedic admissions packet and submit to the Admissions Office by June 30th
- 4. Health Care Provider level CPR
- 5. AAPP exam, unless the student meets institutional requirements through ACT scores or accumulated college credits (refer to this section of the RSCC catalogue)
- A completed physical examination providing evidence of physical status necessary for practice in all areas of EMS rotations.
- 7. Health: Students will be required, during the course of the program to demonstrate their physical and/or emotional fitness to meet the essential requirements of the program. Such essential requirements include freedom from communicable diseases, the ability to perform certain tasks and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the American Disabilities Act of 1990.

Students will be required to meet all health guidelines of the affiliating agencies. Students are responsible for costs incurred from injury or illness while in the Paramedic Program.

- 8. The applicant must report if his/her license in any health care field has been suspended, revoked or denied.
- 9. Students must follow the admissions process in regard to interviews, and testing in compliance with EMS rules and regulations as set forth by the Tennessee Department of Health, Division of Emergency Medical Services and the RSCC-EMS Department. Refer to the Paramedic admissions packet for further information.
- 10. A Paramedic Committee considers all eligible applicants and recommends applicants to the Health Science admissions committee for final selection.

Prereequisites: Current EMT Licensure. All remedial courses completed indicated by the AAPP exam results.

Retention:

- 1. A minimum grade of 80% in each of the three areas, lecture, lab and clinical must be achieved to advance to the next semester.
- Maintains current Licensure and maintains current CPR-Health Care Provider level.
- 3. Maintains evidence of Professional Liability Insurance while enrolled in the Paramedic program.

Fall Semester		

Students wishing to prusue an AAS in General Technology with emphasis in Emergency Medical Services, should consult a Health Sciences advisor.

Program Deadline: June 30.

NOTE: 12 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

MEDICAL TRANSCRIPTION

The Medical Transcriptionist Program is a nine month certificate program. In addition to classroom lecture and transcription practice, two days a week are spent during the second semester in a health care facility affording the student valuable work experience in Medical Transcription. Graduates obtain employment in hospitals, clinics, doctor's offices, and transcription services. Graduates are eligible to take the American Association for Medical Transcription certificate examination. MDT courses must be taken in sequence.

Admission Requirements

- 1. High school diploma or equivalent.
- Recommend typing speed of 45 words per minute; typing/keyboarding skills are required.
- 3. Pass a high school level grammar, punctuation and spelling test.
- Completed RSCC application and admission requirements for special student category.
- 5. Completed Health Sciences application.
- 6. Completed health form.
- 7. Be accepted by the Health Sciences Admissions Committee.

Retention Policies

Students' grades will be evaluated at the end of each semester by the Health Sciences Admissions committee. A student must maintain the following standards or he/she will be dismissed from his/her respective program:

- 1. A grade of "C" or better in each specialty course.
- Completion of specialty courses as specified by the degree checklist. A student
 must be able to complete courses with the class in which he/she was admitted. A
 student who cannot graduate with the class in which he/she was admitted will be
 dropped from that class and must re-apply to a subsequent class.
- 3. Evidence of malpractice insurance and physical examination must be provided prior to clinical training.

Readmission Procedures

- A student may be considered for readmission to a Health Sciences program if all
 of the following criteria are met:
 - A. The applicant must complete an application for Health Sciences programs and submit to the Admissions Office.
 - B. Only one readmission to a Health Science Program will be permitted.
 - C. The applicant must interview with the program director of the specific program before the date of the review by the Admissions Committee for consideration for readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
 - D. A student must repeat the specialty course or courses for which he/she was dismissed and attain a "C" or better in the course.
 - E. Readmission to a Health Science program is contingent upon the availability of space.
- Final selection of students will be made by the Health Sciences Admissions Committee.

PLEASE NOTE: Alternative scheduling is available for a limited number of students meeting special criteria. Please contact the program director for specific details. All Medical Transcription classes are held at the Oak Ridge Branch campus.

Students pursuing this certificate will be advised by the Health Science Division.

Program Deadline: July 15.

NOTE: 8 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

PHI FROTOMY

The Phlebotomy certificate program is designed to train students within a 16 week period to work as phlebotomists. Graduates of this program will be eligible for employment in various health care settings including hospitals, clinics, physician offices, commercial blood bank facilities, home health care agencies. The program combines lectures, laboratories, and 120 hours of clinical training in a health care facility. On completion of this program, students will be eligible for certification by the American Society of Clinical Pathologists or National Certification Agency as phlebotomists.

Admission Requirements

- 1. High school diploma or equivalent.
- Completed Health Science application form and requirements for special student category.
- 3. Completed RSCC application and requirements for special student category.
- 4. Acceptance by the Health Science Admission Committee.

ADMISSION REQUIREMENTS FOR THE POLYSOMNOGRAPHY AND SOMATIC THERAPY PROGRAMS

Due to limited enrollment, the following special admission policies are required for the program:

- 1. The applicant must have a high school diploma or GED.
- The applicant must complete a Health Science application and submit it to the Admissions Office.
- 3. Applicant must take an admission test.
- 4. All qualified applicants will be interviewed prior to admission.

MEETING MINIMUM REQUIREMENTS DOES NOT GUARANTEE ACCEPTANCE. Preference will be given to Tennessee residents.

Applications should be submitted by the third Friday in January for Somatic Therapy, and by July 15 for Polysomnography for the applicant to have priority consideration for entrance into the program for the following fall semester. Incomplete applications will not be processed. Any applications received after the deadline will be considered by the Health Science Admissions Committee on a space available basis. All transcripts must be received in the Records Office by the application deadline.

Retention Policies

A student must maintain the following standards or he/she will be dismissed from the program:

- 1. A grade of "C" or better in each specialty course.
- Completion of specialty courses as specified by the degree checklist. A student must be able to complete courses with the class in which he/she was admitted. A student who cannot graduate with the class in which he/she was admitted will be dropped from that class and must reapply to a subsequent class.
- 3. Evidence of malpractice insurance and physical examination prior to clinical training.

Readmission Procedures

- 1. A student may be considered for readmission to a Health Science program if all of the following criteria are met:
 - a. The applicant must complete a Health Science application and submit it to the Admissions Office.
 - b. Only one readmission to a Health Science program is permitted.
 - c. The applicant must interview with the program director of the specific program before the date of the review of the Admissions Committee for consideration for readmission. An acceptable level of competency may need to be demonstrated prior to readmission. A student with previous unsatisfactory clinical performance must be recommended for readmission by consensus of the program faculty.
 - d. A student must repeat the specialty course or courses for which he/she was dismissed and attain a "C" or better. Students may repeat a course only once, and on a space available basis.
 - Readmission to a Health Science program is contingent upon the availability of space.
- Final selection of students will be made by the Health Science Admissions Committee.

POLYSOMNOGRAPHY

Polysomnographic technology is an allied health specialty for the diagnosis and treatment of sleep disorders. There are over 80 different sleep disorders including sleep apnea, narcolepsy and insomnia.

Students will learn how to operate sophisticated electronic monitoring devices which record brain activity (EEG), muscle and eye movements, blood oxygen levels

and physiological events.*

Polysomnography technologists are employed in sleep disorders centers in hospitals, clinics and office settings. This program will provide lectures, laboratory and clinical experiences at quality sleep centers. A major emphasis of the program will be to prepare technologists for board registration by the Association of Polysomnographic Technologists.

All general education classes (bold print) can be taken prior to being accepted, or in the suggested sequence below after being accepted into the program.

Fall Semester			
PSG 101	Polysomnography I	4

^{*}Although there are day and night shift positions, the majority of positions are night shift.
**It is highly recommended that interested applicants complete HIT 107, CST 102, tour a sleep center, and observe a polysomnogram (sleep study) prior to beginning the program.

Students pursuing this certificate will be advised by the Health Science Division.

Program Deadline: July 15.

NOTE: 9 credit hours must be completed at Roane State in order to meet the graduation residency requirement. (See page 54)

SOMATIC THERAPY (MASSAGE THERAPY)

Somatic therapy is a nine-month certificate program to prepare students for entry level careers in the growing field of massage, bodywork and somatic therapies. Graduates will be eligible for a Tennessee Massage Therapy License and eligible to sit for the National Certification in Therapeutic Massage and Bodywork Examination.

The focus of this program will be Swedish Massage and Neuromuscular Therapy with an overview of the many other modalities practiced by Licensed Massage Therapists. More than 100 different approaches to therapeutic manipulation of muscles, tendons, ligaments, fascia, and circulatory structures are available in the market. Most require advanced training beyond the scope of this certificate program.

Somatic therapists practice in a wide variety of settings: health clubs and wellness centers; chiropractic and physical therapy offices; hotels, resorts and cruise lines; health food stores and sports outfitters; pain management and sports injury clinics; psychological and psychiatric clinics; and private homes and offices. Some work under the supervision of other licensed health care providers. Some are in business for themselves as private contractors. Many work part-time. Many work exclusively from their home offices

Enrollment is limited. All Somatic Therapy courses are taught at the Oak Ridge Branch Campus.

COURSE DESCRIPTIONS

The courses are listed in the following format: description, course number, course title, semester hours (credits) brief description, and term in which it is normally taught.

> F = FallSp = SpringSu = Summer

ALLIED HEALTH

*ALH 116—Pharmacology in Nursing I 2 Credits This course will introduce the student to drug standards and legislation pertaining to drug therapy; drug preparations; basic principles of drug action; application of the nursing process in drug therapy; pediatric and geriatric implications in drug therapy; distribution systems; drug orders; mathematic principles related to drug preparation and administration; routes of drug administration; drug classifications; basic mechanisms of action; therapeutic applications; and nursing implications. (Cross-listed as NSG 116) F This course will be a continuation of Pharmacology in Nursing I. There will be continued discussion of specific drug classifications, basic mechanisms of action, therapeutic applications, and nursing applications. (Prerequisite: ALH/NSG 116) (Cross-listed as NSG 117) Sp Includes all content in ALH/NSG 116 and 117. (Cross-listed as NSG 126)

The emphasis for this course will be on ways to promote health and optimal functioning. This course will examine the myths associated with ageism, some of the theories of aging, normal body changes that are associated with aging, medication use, chronic and acute illnesses, mental health, nutrition, the roles of physical activity and sexuality, and grief, loss and death. This is a course that will not only be useful to nursing students, but for those who are preparing for any health related area, as well as social work, psychology, or any service related field.

This course is a study of cultural differences in health care beliefs. Human responses to health and illness will be studied in selected cultural groups. 3 hours lecture

A study of the human body in a cross-sectional context, Emphasis will be placed on major anatomical features and radiologic landmarks. Students also explore soft tissue details as resolution allows. This course will serve to prepare students for conventional tomographic radiology, computer tomography, position emission tomography, magnetic resonance scanning and ultrasonography. (Crosslisted with BIO 204) Sp

3 hours lecture--demonstration exercises

*This course does not meet any curricular requirements for any program, with the exception of the technical requirement for the A.A.S. General Technology program.

ANIMAL SCIENCE

This course introduces the student to proper riding, handling, mounting and dismounting. The emphasis of the course will be upon the care of the horses. May be substituted for a physical education elective. A special course fee may be required for this course. Please consult the Semester Class Schedule for specific fee information.

In-depth analysis of a particular topic, concern, or problem in education.

186 This course is a study of the methods and principles of supervising TECTA students in early childhood classrooms. Concentration focuses on the role of experienced classroom teachers as mentors to Child Development Associate (CDA) candidates while addressing the roles of children, parents, and other staff. EDU 230—Administration of Early Childhood Education Programs . . . 3 Credits Administrative and managerial procedures relevant to the operation of early childhood education programs. A cooperative classroom experience for the student and local school systems. Student exposure to duties, responsibilities, and requirements of the teaching profession. (Prerequisite: EDU 101 or permission of instructor) F, Sp This college course is open to people enrolled in TECTA. The course is designed to result in CDA certification. It provides for TECTA students to integrate core knowledge into practice in an early childhood work setting. Concentration and focus is in on-site consultation, participation in 15 hours of seminar meetings, a cumulative 90 hours in a Clinical Site Experience, and on-site training with a TECTA mentor teacher. *Students must work in a licensed or registered child care facility and reside in Tennessee to enroll in this course and the TECTA program. EMERGENCY MEDICAL TECHNOLOGY-PARAMEDIC EMT 102—Emergency Medical Technician Basic-Part I 6 Credits

(EMT Basic Part I)

Covers all emergency medical techniques currently considered to be within the responsibilities of the basic EMT providing emergency care with an ambulance service. Areas to be included are cardiopulmonary resuscitation, splinting, bandaging, medical emergencies, and childbirth. Also covered are the functions of the Emergency Medical Services, the legal aspects, emergency driving techniques, medical ethics, AED and CPR. This class meets for a total of 75 hours—30 hours are lab. (Prerequisites: Students must have a current Health Care Provider level CPR card.) F Combination lecture/lab (5 hours/week)

(EMT Basic Part II)

A continuation of the training course for the Basic EMT. Upon successful completion the student will have satisfied the eligibility criteria for taking the Basic EMT National Registry licensure exam given by the National Registry for EMTs. This class meets for a total of 90 hours—30 hours are lab. (Prerequisite: EMT 102) S

Combination lecture/lab (5 hours/week) 2 hours clinical

This course covers all aspects of vehicle rescue, crash rescue and extrication. The course also deals with, and stresses personal safety during extrication operations. Facts on late model car structure and extrication methods and patient protection will be emphasized. Successful completion of this course allows the student to sit for the certification examination given by the Tennessee Association of Rescue Squads. F

3 hours lecture

EMT 109—First Responder4 Credits

This initial training course in the art of pre-hospital emergency medical care follows the guidelines set by the Department of Transportation (D.O.T.). Successful completion enables the student to sit for licensure examination given by the Department of Health and Environment, Division of Emergency Medical Services. First Responders are individuals trained to assess patients, use AEDs, provide emergency care, and when necessary, move patients without causing injury. This class is 60 hours long-16 hours are lab. (Prerequisite: Students must have a current Health Care Provider level CPR card.) F, Sp, Su

Combination lecture/lab (4 hours/week)

This course studies fluids and electrolytes in the body with emphasis placed upon the manifestation of fluid and electrolyte imbalances. The manifestations of dehydration and overhydration are included. The course also deals with the causes, signs, and symptoms of shock, fluid administration through intravenous techniques and the application of medical anti-shock trousers (MAST). Successful completion of this course allows the student to sit for certification examination given by Department of Health and Environment, Division of Emergency Medical Services. This class meets for a total of 60 hours—9 hours are lab. (Prerequisites: Students must hold current Tennessee licensure as an EMT or be licensure eligible.) F, Sp

Combination lecture/lab (3 hours/week)—2 hours clinical

*EMT 114—Cave Rescue4 Credits This course is designed to familiarize rescue and EMS personnel with the proper techniques

for negotiating entrance and in-cave pits. Students will learn how to select and assemble their personal vertical and horizontal caving equipment, rig, rappel and ascend drops in a safe man-

An introduction to common medical emergencies encountered by pre-hospital care providers. Emphasis is on the recognition and management of emergencies relating to the respiratory and cardiovascular systems. Students must show proficiency in EKG recognition and the advance treatment of the patients in cardiopulmonary arrest. Upon successful completion of this course, students will be ACLS trained by the American Heart Association. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

A study of the assessment and treatment of victims suffering traumatic injury. Emphasis is on airway maintenance with cervical spine immobilization and currently accepted treatments for life threatening injuries related to the cardiopulmonary, musculo-skeletal, gastro-intestinal, and nervous systems. Upon successful completion of the BTLS course, students will receive certification by the Tennessee Chapter of the American College of the Emergency Physicians. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

A study of medical and trauma emergencies as related to pediatric patients. Emphasis is on the

assessment and treatment of children by the health care provider in a pre-hospital setting. Diseases commonly associated with children such as epiglottis, croup, asthma, and febrile seizures are discussed. The specific areas of obstetrical emergencies and neonate care are included. Upon completion of the PALS course, students will receive certification by the American Heart Association. This course is available to EMTs, paramedics, nurses, respiratory therapists and physicians.

EMT 118—Pre-Hospital Trauma Life Support - PHTLS 1 Credit

A study of the assessment and treatment of victims suffering traumatic injury. Emphasis is on airway maintenance with cervical spine immobilization and currently accepted treatments for life threatening injuries related to the cardio-pulmonary, musculo-skeletal, gastro-intestinal, and nervous systems. Upon successful completion to the PHTLS course, students will receive certification by the American College of Surgeons. This course is available to EMTs, paramedics, nurses, respiratory therapists, and physicians.

*EMT 119—Emergency Medical Dispatcher (EMD) 8 Credits This course covers all aspects of Emergency Medical Dispatch curriculum, maintaining DOT standards. The course includes CPT, First Aid, Basic Telecommunication skills, and Basic

EMD skills. It also includes a law enforcement and fire component. Successful completion of this course will enable students to take the State of Tennessee exam for licensure. 6 hours lecture-2 hours clinical

Special operations including ballistics, weapons orientation, medical threat assessment, evidence

assessment and patient care, care under fire, hostage survival, physical assessment during sensory deprivation, situation expedient extraction, and physical fitness. Team operations will be emphasized. F (Prerequisite: Law enforcement, medical background and gun carry permit)

3 hours lecture—3 hours laboratory

ing and raising, rigging, packaging victims, victim evacuation, and equipment familiarity will be covered. This knowledge will be blended with patient care considerations for the uniqueness of the environment in which the rescue operations occur. F, Sp 3 hours lecture—3 hours laboratory
*EMT 147—Wilderness EMS
*EMT 148—EMS Rescue
EMT 151—Emergency Medical Technician (accelerated)
*EMT 193—First Responder Refersher
*EMT 194—Paramedic Refresher
EMT 211—Paramedic I

8 hours lecture—6 hours laboratory

1 hour lecture—3 hours laboratory

EMT 217—Comprehensive Advanced Cardiac Life Support3 Credits An introduction to common cardiac emergencies encountered by pre-hospital care providers in adult and child populations. Emphasis is on the recognition and management of emergencies related to the respiratory and cardiovascular systems. This course covers interpretation of EKG rhythm strips and treatment algorhythms. Introduction to ischemias, injury and infarction patterns in 12-lead EKGs. Upon successful completion of this course, students will be ACLS and PALS trained by AHA. This course is available to EMTs, EMT-Ps, nurses, respiratory therapists, and physicians. 3 hours lecture Clinical experience in area hospitals and ambulance services. (Corequisite: EMT 211) F 135 Clinical Hours Clinical experience in area hospitals, ambulance services, and geriatric and psychiatric facilities. Continuation of EMT - 221. (Corequisite: EMT 212) Sp 135 Clinical Hours EMT 223—Clinic III4 Credits Clinical experience in area hospitals and ambulance services. Emphasis will be upon making patient care decisions and directing patient care in the pre-hospital setting, within the scope of training. (Corequisite: EMT 216) Su 215 Hours This course is designed to increase the paramedics' knowledge in the areas of pathophysiology, assessment, 12-lead EKG, and hemodynamic monitoring relating to the transport and care of critically ill patients. The emphasis will be on enhancing the paramedics' ability to anticipate, recognize and manage changes in patients. 7 hours lecture/day 8 total hours clinical/semester *This course does not meet any curricular requirements for any program, with the exception of technical requirement for the A.A.S. General Technology program. **ENGINEERING CORE** Technical sketching, geometries construction with emphasis on plane surface analysis: presentation of engineering data: graphical solution of three dimensional space problems: primary and secondary auxiliary views. Application of computer-aided Design and Drafting (CADD) in solving engineering problems. Three two-hour periods or two three-hour periods, including one hour of lecture per week. Continuation of Fundamentals of Engineering Graphics I with emphasis on CAD applications in three dimensional drawing, working drawings, assemblies and details, CAD component evaluation and use. Selected problems from the engineering sciences utilizing special drawing techniques on electronic mediums. Offered as needed. The utilization of microcomputers in the design and drafting process using AutoCAD. The selection of CAD component, the command and syntax structure, basic drawing and editing techniques, two-dimensional and three-dimensional drawing techniques. Two three-hour periods or

three two-hour periods, including two hours lecture per week.

1 Cnodite

Introduction to surveying, chaining and pacing, direct and profile leveling, measurements of angles, transit-tape-traversing, traverse analysis, calculation of areas, adjustment of instruments. (Corequisite: MAT 110 - College Algebra)

FRE 202—Intermediate French II
GEOGRAPHY
Geography is a subject which in its broadest sense studies the earth-atmosphere system and human activities therein. As such, geography provides an unusual blend of social science and natural science. Prospective students should note that the 3-credit-hour courses in geography generally are classified as social science credits. The 4-credit-hour sequence (GGY 101, 102, Geography of the Natural Environmental I, II) fulfills

GGY 101—Geography of the Natural Environment I 4 Credits A study of the processes which govern atmospheric activity and of the characteristics of world climatic patterns. Subjects of interest include storms, oceanic influences, climatic change, and analysis of weather maps. Special attention is given to human interaction with the climatic environment. 3 hours lecture—3 hours laboratory

the natural/physical science requirements in most liberal arts programs.

3 hours lecture—3 hours laboratory

GEOLOGY

The geology sequence offers students an additional branch of science which will fulfill natural/physical science curriculum requirements. Geology provides a perspective about the earth that may be very helpful in numerous other fields of study including archaeology, anthropology, forestry, soil science, biology, and engineering. The courses listed below do not have to be taken in sequence, and there are no prerequisites.

GEOGRAPHIC INFORMATION SYSTEMS
GIT 101—Introduction to Geographic Information Systems Technology

demographic data while scientific applications emphasize environmental and facility management issues. (Prerequisite: Working knowledge of Windows or Macintosh based PC systems) F, Sp 3 hours lecture---exercise

jects using Windows or Macintosh based mapping software, local data, and a variety of geographic information technologies and tools, Business, education, and social science applications emphasize

An introduction to the properties, uses, symbology design and computer production of maps. Covers the use of maps, aerial photographs and satellite imaging in geographical analysis.

(Corequisite: GIT 101) F

Geographic Information Systems (GIS) need access to a great variety of data to be of any value for decision making. This introductory course will cover major aspects of capturing, manipulating, and using geographic and related data. Topics include hierarchical vs. flat-file databases, data tables, geographic objects and attributes, relational databases, geographic data organization, data conversions, import-export, and data quality assessment. The student will learn to construct queries using SQL and query-by-example tools to answer simple and more complex problems. Data used includes TIGER/Line, DLG/DEM. DWG and ASCII. Database software used includes FoxPro. Access, MapInfo, ArcView, Intergraph, and Maptitude plus various conversion software. Sp 3 hours lecture---exercise

Using Global Positioning System (GPS) technology, this course will introduce topics of data capture (including scanning), editing, registration and rectification to provide an image for the extraction of geographic data such as property boundaries, streets, streams and structures. Uses of GPS in this course are to provide reference points for registering and rectification of images, verifying and correcting map data as well as creating real-time maps with the use of laptop computers. (Prerequisites: GIT 101 and GIT 110 or with consent of the instructor) F

The student will focus on developing a coherent framework for using the vast quantities of data made available by government and other sources along with his/her own data. The student will explore multiple views of a single issue or set of information by looking for new possibilities. (Prerequisites: GIT 101 and GIT 110) Sp

The student will focus on developing a coherent framework for using the vast quantities of data made available by government and other sources along with his/her own data. The student will explore multiple views of a single issue or set of information by looking for new possibilities. Learning outcomes include gaining and enhancing the ability to effectively match data and task appropriately and to identify appropriate types and sources of information needed to solve a problem. (Prerequisites: GIT 101 and GIT 110) Sp

APPLIED MUSIC: CLASS INSTRUCTION

Class piano or class voice is offered for music major and non-music majors who wish to begin or continue basic instruction in these areas.

APPLIED MUSIC: INDIVIDUAL INSTRUCTION

Private lessons in voice, organ, piano, or other instruments may be taken each semester for one or two semester hours credit. Any student may take private lessons. Scheduling preferences will be given to full-time music majors. Students receive 25 minutes of private instruction per week per semester hour of credit. Any student may take applied music instruction in a minor area.

Requirements include one performance in solo class per semester (when registered for two hours Individual Instruction Credit) and performance before a faculty jury at the close of each semester. A recital is required for music majors in their applied major field during their second year of study. All students taking applied music are required to attend all solo classes and other selected performances. The music department reserves the right to request qualified students to participate in recitals and other musical programs for the benefit of the college and the community. A minimum of 10 hours of practice per week is required of students in their major area of concentration. Five hours of practice per week is required of all others.

Each of the following courses may be repeated for credit. The course number identifies the type of college credit, instrument, and credit hours. Students registering for any of the following courses should contact the instructor to schedule the lessons.

NURSING

Introduction to the nursing process as it is applied to individuals at various stages throughout the life cycle. Content areas will include the role of nursing in health care delivery; basic human needs; legal and ethical considerations; the nursing process; therapeutic communication; vital signs; physical assessment; promotion of comfort; safety; hazards of immobility; infection control; wound care; medication administration; elimination; oxygenation; perioperative care; sensory alterations; sleep; nutrition; stress; psychosocial, cultural, and family factors in health care; loss, death, and grief. (Prerequisites or Corequisites: BIO 231; Corequisites: NSG 116) F

6 hours lecture—6 hours clinical—6 hours laboratory

3 hours lecture—6 hours clinical for ½ semester

NSG 109—Adult and Child Health I6 Credits

This course introduces the student to pediatric and adult medical-surgical concepts within the framework of the nursing process. Emphasis is placed on pathophysiologic disturbances and related nursing skills. Content includes fluids and electrolytes; communicable diseases; orthopedic, EENT, autoimmune, oncologic and hematologic disorders; and dysfunctions of the integumentary, neurologic, and reproductive systems. (Prerequisites: NSG 105 and NSG 116; Corequisites: BIO 232, NSG 117, and NSG 107) Sp

3 hours lecture—6 hours clinical—6 hours laboratory for ½ semester

This course will introduce the student to drug standards and legislation pertaining to drug therapy; drug preparations; basic principles of drug action; application of the nursing process in drug therapy; pediatric and geriatric implications in drug therapy; distribution systems; drug orders; mathematic principles related to drug preparation and administration; routes of drug administration; drug classifications; basic mechanisms of action, therapeutic applications, and nursing implications. Fall Semester (Prerequisite: Admission into Nursing Program; Corequisite: NSG 105)

READING AND STUDY SKILLS
DSS 089—College Success Strategies

Provides instruction for the improvement of college reading skills with special emphasis on assessment and remediation. It is designed to develop college-level reading competence through lecture, discussion and small-group instruction. Primary focus is given to the development of inferential and critical reading ability.

RECREATION

tivities will be discussed, played, and/or demonstrated.

RESPIRATORY THERAPY

RTT 121—Cardiopulmonary-Renal Anatomy and Physiology4 Credits
An in-depth study of the structure and function of the cardiopulmonary and renal organ systems, including the study of hemoglobin, oxygen, carbon dioxide, and acid base balance in health and disease. (Spring Semester - First Year)

4 hours lecture

3 hours lecture—3 hours laboratory

2 hours lecture

2 hours lecture

This course will be a continuation of Respiratory Care Science I. In this course, the following will be discussed: therapeutic aerosol delivery both long and short term. Aspects of airway care to include: trachael aspiration, various types airways, intubation/extubation techniques, cuff care, and trach care procedures will be discussed. Continued discussions of medical terminology will occur. Procedures and theory of hyperinflation therapy will be taught to include: deep breathing and coughing techniques, Sustained Maximal Inspiration (SMI), and Intermittent Positive Pressure Breathing (IPPB). Students will be introduced to the clinical sites, and will get an understanding of the clinical policies and procedures. Students will apply procedural methods learned in Respiratory Care Science I in the clinical setting.

3 hours lecture—3 hours lab---12 hours clinic

2 hours lecture—3 hours lab—6 hours clinic

2 hours lecture

ence in the use of advance patient monitoring equipment and working with various mechanical ventilators.

3 hours lecture—3 hours lab—12 hours clinic

3 hours lecture

This course is designed to introduce students to various techniques used in the critical care area. Special ventilatory techniques will be discussed to include: inverse ratio ventilation, independent lung ventilation, high frequency ventilation, liquid ventilation, and airway pressure release ventilation. The use of conscious sedation, chest drainage systems, ventilator waveforms, transportation of patients both air and land, sleep studies, and hyperbaric medicine will also be discussed. The student will also participate in the writing and application of care plans for patients in the critical care area.

2 hours lecture

This course introduces students to special therapeutic and diagnostic procedures in respiratory care. Elements of home care to include: equipment, patient/environmental assessment, and state/federal regulations will be discussed. Theory and introduction to special diagnostics such as bronchoscopy, stress testing, pulmonary rehabilitation, metabolic studies, and brachytherapy will also be included. Patient education methods will be introduced. Care of patients in the subacute care will also be introduced to the student. In the clinical setting students will continue work in the critical care areas and will work with and perform those modalities discussed in Respiratory Care Science IV. Students will also gain knowledge of and work in the pediatric and neonatal intensive care areas. Students must complete a final clinical summation evaluation during this clinical rotation.

3 hours lecture—3 hours lab—12 hours clinic

226 ROANE STATE COMMUNITY COLLEGE This course will introduce the student to the following: Theory and application of cardiac output measurement. Arterial line insertion techniques, care, and hazards. Hemodynamic studies to include: insertion, care, and hazards of flow directed balloon tipped catheter and the central venous pressure catheter. Pressure monitoring will discuss central venous pressures, right arterial pressures, right ventricular pressures, pulmonary artery pressures, and pulmonary occluding pressures. Study will also introduce the student to equipment associated with hemodynamic monitoring such as: transducers and monitoring devices. Waveform interpretation with clinical application will be discussed. Fundamentals of electrocardiography will be introduced to include: lead application, pharmacology for the cardiovascular problems, and tracing interpretation. Studies in fluid and electrolyte balance as it related to respiratory care will also be discussed. 3 hours lecture A review and practice of the NBRC Self Assessment Examinations including the entry level written registry, and the clinical simulation. Students must pass these examinations to receive a certificate of completion. SOCIAL SCIENCE (Courses in ECO, GGY, HIS, POL, PSY and SOC may also be taken as Social Science electives.) This seminar is a travel course (3-4 day week-end) that enables students to visit sites, museums, and other facilities for academic study in social science disciplines, Recent field trips include travel study to Washington, D.C., Williamsburg and Jamestown, VA, Gettysburg and Amish Country, PA, and New York City. Repeatable for up to six hours credit. In-depth analysis of a particular topic, concern, or problem in the social sciences. Courses may

SSC 210-290—Social Science Seminar1-3 Credits be oriented toward any one of the social science disciplines (history, political science, psychology, sociology-anthropology) or may be cross disciplinary in nature combining several social sciences. Social Science elective credit only. Some examples of frequently offered Social Science Seminars include: African American History; The Civil War; Death and Dying; European Studies; Human Sexuality; North American Indians; The Southwest Field Trip; Women in Western Civilization; and World War II. As needed.

The purpose of this course is to study and gain an understanding of the great central event of American history, the Civil War. Major political, economic, social, and military developments will be examined through use of a textbook, the PBS video series—"The Civil War," lecture, and class discussion.

SSC 215—World War II3 Credits This course examines the largest single event in human history, the Second World War. The background to this conflict along with political, diplomatic, and military aspects will be studied through use of a textbook, "The World at War" video series, lecture, and class discussion.

An interdisciplinary (including contributions from Anthropology, Art, Ethics, Health Sciences, History, Literature, Philosophy, Public and Government Policy, Religion, and Sociology) and humanistic study of death, dying and bereavement, including key issues and concerns. (Cross listed as HUM 261)

A general survey of native American cultures with emphasis on cultural development, diversity, and comparative analysis. Topics include prehistory, social organization, kinship, politics, religion, and material culture, as well as discussion of current Native American concerns.

A general survey of the historical and cultural development of the region of Southern Appalachia. Emphasis will be placed on topics such as physiography, native Americans, historical settlement, rivers and transportation, folklore and crafts, farming and mining activities, and political and social developments. This course will include field trips to significant sites such as Cades Cove in the Great Smoky Mountains, the Blue Heron mining community in the Big South Fork National Recreation Area, and the Museum of Appalachia in Norris. As needed. No prerequisite. **SOCIOLOGY** This course focuses on the analysis of human social interaction, patterned social relationships,

and social change. Emphasis is placed on the theoretical perspectives and principles of explanation used by sociologists, as well as the basic concepts such as culture, socialization, social organization, social deviance, and social stratification. F, Sp, Su

This course focuses on the study of the scope and effects of a number of societal problems. Attention is given to research findings as well as social programs and policies that have been or can be taken to attempt to solve the problems. Some social problems examined include environmental abuse, population and resource challenges, war, social inequality, technology, and violence. F, Sp

This course is an introductory survey of the principles, concepts, methods, and scope of anthropology. Emphasis is placed on the nature of culture, sociocultural adaptation, language, kinship, social systems, subsistence patterns, art, ritual and belief systems, and the impact of change. F, Sp

This course is an introductory survey of human origins and prehistoric cultures. Emphasis is placed on the general principles, history, theoretical orientations, and methods of archaeology. This course will examine a number of prehistoric cultural lifeways from the beginnings of

human culture to the rise of civilization. (As needed) SOC 214—Marriage and the Family3 Credits

This course is an examination of the family as a social institution. Emphasis is placed on comparative and historical approaches to the family, the relationship of the family to social organization, change and conflict within the family, and possible future developments. Other key social institutions may be examined in terms of the structural arrangements, changing interpretations and functions, and conflicts concerning social goals and values. Offered as needed.

SOMATIC THERAPY

MAS 102—Practice Issues1 Credit Client intake; sanitation and hygiene; legal and professional issues; and avoiding burnout will

be discussed and analyzed. CPR certification will be required. Coursework will include establishing clinical placement and getting contracts signed for spring semester.

1 hour lecture

MAS 105—East Asian Massage and Bodywork 2 Credits Students will be introduced to several therapies based on meridian/accupoint theory (Tuina, Shitasu, Amma, Accupressure, etc.) and on movement and breath (Tai Chi, Yoga, Etc.) Meridian/accupoint theory is now covered in the National Certification Exam for Therapeutic Massage and Bodywork.

2 hours lecture/1 hour lab

Students will learn anatomy and physiology of all body systems with special emphasis on muscle fascia and bones. Coursework will include building muscles in clay during the laboratory portion, palpation, kinesiology, and self-awareness skills will also be developed.

lecture/lab combination

MAS 112—Massage Anatomy, Physiology & Pathology II
lecture/lab combination
MAS 116—Mind, Body and Ethics
MAS 119—Public Outreach for Massage
This course will cover chair massage, sports event massage, public speaking/professional relationships related to massage practice. To build clientele, massage and somatic therapists must reach the public with brief, effective and professional demonstrations and presentations. Many massage therapists volunteer at athletic events as public relations for their businesses. Many groups and organizations offer the opportunity for guest speakers to educate their members about new, unusual or highly beneficial topics such as somatic therapies. 2 hours lecture/1 hour laboratory

STUDENT SERVICES

FOOD SERVICES

The College Cafeteria at the main campus and Anderson's Grille at the Oak Ridge Branch Campus are operated by private contractors for the express purpose of providing students with good quality food. Both cafeterias are open from 7:30 am to 2 pm each day when classes are in session. The cafeterias serve light breakfast items, hot entrees, vegetables, sandwiches, fruits, desserts, drinks, and several "fast food" items.

RSCC provides vending machines stocked with drinks, candies, chips, sweets, soup, and other items through a contractual agreement with a private vending contractor. To insure that all vending products are first quality, fresh, and good tasting, the vendor replaces all unsold machine items on a regularly scheduled basis.

LIBRARY

Roane County—(865) 882-4553

E-Mail address: LIBRARYSTAFF

HOMEPAGE: www.RSCC.CC.TN.US/library

The Main Library serves primarily the students, faculty and staff, and, secondarily, members of the surrounding communities. In its collection of books, periodicals, microfilm and other material, the library makes resources available to support the curriculum and to provide for recreational use.

Library hours when classes are in session in Roane County are:

8 a.m. to 10 p.m.-Monday through Thursday

8 a.m. to 5 p.m.—Friday

9 a.m. to 1 p.m.—Saturday

When classes are not in session, changes in library hours will be posted at the entrance and circulation desk. All library hours are posted on the website.

A book drop is available so that materials may be returned when the library is closed.

The library online catalog can be searched on the web or from any VAX terminal by entering the username LIBRARY. Terminals dedicated to this purpose are located on both floors of the library. Users dialing into the Roane State VAX may also log in to the catalog with the username LIBRARY.

Information available online includes:

- library catalogs of RSCC, UT, TTU and The Library of Congress
- periodical indexes (with full-text articles for some titles)
- Federal information via the Government Printing Office (U.S. Code, Federal Register, etc.)
 - ERIC (Educational Resources Information Center)

The Library of Congress classification system is used and books are shelved in open stacks for self-service.

Books may be checked out for a two-week period and may be renewed. No fines are charged for overdue books, but they are subject to recall if needed for another borrower.

All books are to be returned by the end of each semester. Students who have overdue books from Roane State and all other libraries to which they have access as Roane State students will not receive grade reports or be allowed to register the following semester.

Borrowers are responsible for replacement of lost or damaged materials.

Periodicals and newspapers are to be used in the library and do not circulate. A photocopier is available for those who need copies at a cost of 10 cents per copy. Many periodicals are available on microfilm for which reader/copiers are provided.

Interlibrary loan service is provided to students, faculty and staff so that material not

owned by the Roane State Library may be borrowed from another library. Information is available from any member of the library staff.

Microcomputers and software are available in the library for public use.

The library has reciprocal borrowing agreements with other libraries for RSCC students and staff. Details are available at the library.

Oak Ridge Branch Campus—(865) 481-2000, ext. 2004

The David and Pat Coffey Library has a reference collection, periodicals, circulating books, CD-ROM information sources and a small law library. The collection has an emphasis on health science information.

A professional librarian is available for reference assistance, library tours, bibliographic instruction, and reader services. The library is open extended hours during the semester including evenings and Saturdays.

Periodicals and newspapers are to be used in the library and do not circulate. A photocopier is available for those who need copies at a cost of 10 cents per copy. Internet access computers are available for public use.

Daily courier service makes circulating materials from the Roane State Main Library readily available. The library collection, along with periodical indexes and several other information databases (see above), can be searched from the web page.

Satellite Centers

The library collection, along with periodical indexes and several other information databases (see above), can be searched from any satellite center. Some centers have a computer reserved for this purpose; ask the center coordinator. Daily courier service provides delivery of materials to persons unable to go to the Roane County Campus Library. Requests for materials to be sent from the Roane County Campus Library may be placed through center receptionists, via e-mail to LIBRARYSTAFF, by phone or by web forms.

Many public libraries in each of the areas served by the off-campus centers have agreed to help serve RSCC students and staff.

Both the Howard Baker Jr. Library at the Scott County campus and the Cumberland Clinic Foundation Memorial Library at the Cumberland County campus contain a basic reference collection, periodicals, circulating books, CD-ROM information sources and career information.

CENTER FOR TEACHING ARTS AND TECHNOLOGY

The Center for Teaching Arts and Technology, a Tennessee Center of Emphasis for higher education, serves primarily, the faculty and students and, secondarily, members of the surrounding communities. The purpose of the center is to promote the use of instructional technologies to enhance learning at Roane State Community College. The center is located on the second floor of the Library on the Harriman campus. The center has, available for use, an assorted collection of audiovisual materials including records, audio tapes, films, video tapes and laser discs. A media specialist is available for assistance using audio-visual materials. However, all audio-visual materials must be used in the library with the exception of faculty requests.

Center hours are:

7:45 a.m. to 5:00 p.m. Monday through Friday

Closed during scheduled administrative closing days and holidays

Microcomputers and software are available in the library for public use. There are also several microcomputer laboratories available for student use.

CTAT is designed to provide the faculty and staff with near state-of-the-art instructional technologies emphasizing instruction to students and staff. The use of these technologies will be supported through internal instructional workshops emphasizing hands-on use of the equipment and media as well as individual assistance during one-on-one training.

INCLEMENT WEATHER

RSCC recommends that students use their own discretion in attending classes when snow and icy conditions exist. Additional information on the cancellation of classes due to inclement weather is available from the local media each day.

BULLETIN BOARDS

College regulations require that all notices, posters, advertisements, announcements, and other bulletin board information be approved, signed, and dated by the Dean of Student Services (Roane County), Dean of Oak Ridge Branch Campus (Oak Ridge), or site coordinators at the Scott, Loudon, Cumberland, and Campbell Centers. Approval may be obtained during normal working hours. Notices may remain on display for fourteen days (two weeks) before being removed and discarded. Posted material may be saved through personal removal prior to the expiration date. Materials should be posted only on bulletin boards, not walls or window space.

To maintain clean and uncluttered bulletin boards, all notices and announcements must be typed or neatly hand printed. Students should remove all notices personally if posted information becomes obsolete prior to the expiration date.

CHANGE OF NAME OR ADDRESS

The Records and Registration Office should be informed of all changes in the student's legal name for marriage or other reasons, place of residence, mailing address, and telephone number. The college is not responsible for a student's failure to receive official information due to his failure to notify the college of any change(s) stated above.

SMOKING

Roane State Community College is a smoke-free campus. Smoking or use of other tobacco products is prohibited inside any building. Smoking is permitted outside of buildings in designated locations where ash urns are provided.

(See RSCC Policy GA-21-01).

SOLICITING

No soliciting or sales, related to or affecting students, are permitted on the campus without securing prior written approval from the Dean of Student Services or a designee.

SUBSIDIARY USE OF THE COLLEGE CAMPUS

As a general rule, visitors who desire to visit the college campus in a casual and informal manner are welcome. Non-members of the college community who have not been authorized in writing to use the college facilities and who repeatedly visit or spend a large portion of their time on the college campus interfere with the normal activities of the college and will be asked to leave.

The buildings, facilities, and campus of the college are reserved and dedicated to educational use, and no use may be made of the facility which is inconsistent with that primary use.

The college, acting on its own or at the request of a registered and recognized campus organization, may invite speakers, performers, or entertainers to appear before audiences on the college campus. No non-member of the college community may speak, perform, or entertain before an audience on the college campus without such an invitation and the written approval of the college of the time, place, and manner of such appearance. Rental of college facilities by non-college personnel may be arranged through the Office of Maintenance and Security (Roane County) or the Dean of the Oak Ridge Campus.

No person or persons shall use any sound amplifying equipment on the college campus other than that requested by the college officials in carrying on the normal activities of the college.

No person shall take advantage of the large concentration and semi-captive audience of students and faculty to organize on the campus any assembly, moratorium, strike, sitin, parade, demonstration or similar activity which substantially interferes with the normal activities of the college or the rights of others.

No person who threatens to substantially interfere with the normal activities of the college or to substantially interfere with or deny the lawful rights of others to use the facilities of the college shall enter or remain upon the college campus.

Children should not be brought to class or left unattended in any area of the college. Out of consideration to fellow students, faculty and staff, and for safety reasons, please secure appropriate babysitting services off-campus.

Non-members of the campus community are required while on the campus to observe and comply with the rules and regulations adopted by the college or the Tennessee Board of Regents. Non-members of the campus community are also required while on the campus to identify themselves upon the request of either campus officers or campus security or other law enforcement officials in the performance of their duty.

THE WRITING CENTER

The Writing Center provides free writing assistance to Roane State Community College students, faculty, and staff, and to the community. The purpose of the Writing Center is to promote excellence in writing. The center seeks to develop approaches that put writing at the center of the academic and professional enterprise and to foster the perception of writing as a vital means of communication, as an art form, and as a powerful mode of learning for all subjects.

Services

The Writing Center provides these services:

- 1. One-to-one consultation between a writer and a professional writing consultant on manuscripts of any kind, whether for classroom assignments, professional development, or personal growth;
- Workshops for classes or for college, public school, business, or community groups on special writing projects, such as resumes, business letters, memos, reports, articles for publication;
- Word processing, revision, and graphics programs and instruction on Macintosh and IBM computers;

Roane County—1-865-882-4677 Oak Ridge—1-865-481-2026

Consulting

Most Writing Center activity consists of one-on-one consultations in which a writing specialist works with an individual writer. Consultants do not edit or proofread course writing assignments. In discussing student writing, they focus on rhetorical and logical principles. Students are introduced to models of excellence in writing and chal-

lenged to think clearly and critically so that they may achieve excellence in their own writing.

When possible, students should make an appointment in advance and should plan to spend a half hour in conference. To schedule an appointment, students may come by the center or call (865) 882-4677 in Roane County or (865) 481-2326 in Oak Ridge.

COUNSELING AND CAREER SERVICES

COUNSELING

The Counseling and Career Services Center (CCSC) was established to aid students in successfully completing their college work and establishing good foundations for future growth. The center is staffed by professionally trained, licensed, and nationally certified counselors who provide services for a wide range of problems—educational, vocational, personal, and testing services. A placement coordinator is also on staff.

Confidentiality of counseling visits is assured so that students may feel free to discuss their concerns. Counselors also provide opportunities for students to develop interpersonal skills and to become more self-actualized using individual counseling, small group techniques, and workshops in human development. Situations which cause students undue concern may disrupt their interpersonal relations and affect academic achievement. CCSC provides the assistance and atmosphere to work through these problems.

CCSC services includes, but is not limited to the administration of interest or personality tests as requested by the student.

CAREER RESOURCE SERVICES

Roane State's Career Resource Center assists all students interested in exploring career options and selecting a major field of study. Through the availability of up-to-date resources, career decision making workshops and individual advisement, our students have the opportunity to learn the skills necessary to make appropriate career decisions that will directly affect their success in extending the academic world to the world of work

It is Roane State's goal through the use of a wide variety of resources to give every student the opportunity to maximize his or her career development potential.

PLACEMENT OFFICE

Roane State's Placement Office offers a full range of services to students seeking employment. A listing of full-time, part-time and temporary jobs is maintained for those seeking employment while pursuing an education.

It is Roane State's goal to provide graduates with the best possible employment opportunities by promoting the quality of the college's training programs to local employers. An annual Career Fair is provided to give students the opportunity for direct contact with employers as well as colleges and university representatives. The Placement Office provides a job referral service for those students nearing completion of their program and those who have recently graduated. To receive referral assistance, graduating students must register with the Placement Office and authorize the college to send their credentials to prospective employers. The fee for referral service is \$11 and should be paid in the Business Office.

The Placement Office assists students in resume preparation, letter writing and the improvement of interview skills. Individual counseling and group seminars are available to deal with all aspects of organizing a self-directed job search. For more information visit the Roane State web page at RSCC.CC.TN.US

TESTING SERVICES

The Testing Center provides a wide range of services to both the college and the community. As a service to students entering Roane State, to other local students, and residents of the community, the college serves as a testing center for the General Educational Development (GED) test. The testing center administers the ACT Test on national test dates. For students who have made application to Roane State, the college testing center administers the ACT Residual and assessment tests. In addition, the center provides testing for the RN Entrance Examination, LPN Challenge, Health Science Entrance Exam and special departmental performance exams. The College Base test required of all graduating sophomores is also provided by the center.

REGULARLY SCHEDULED TESTS

Placement Tests

The placement exams are given on the Roane County and Oak Ridge campuses and at off-campus centers to Roane State applicants who have been admitted to the college. The basic skills assessment is required of all degree-seeking students who are 21 years of age and older or whose ACT scores indicate further testing is needed for placement.

ACT-Residual

The ACT exams are given on the Roane County and Oak Ridge campuses for students who are enrolled or have an application on file at Roane State. These test results are reported only to Roane State for placement purposes. Score reports are not available to other institutions or scholarship agencies.

ACT National

Roane State Community College serves as an area test center for the American College Testing Program (ACT). Tests are given on the Roane County campus on all five of the national test dates. Students wishing to have their scores reported to institutions other than RSCC should take this test. Registration applications are available through high school guidance offices or the Counseling and Career Services Center.

College At Home

The College At Home (CAH) exams are given on the Roane County and Oak Ridge campuses for students enrolled in College At Home courses (refer to page 19—Distance Learning). Specified hours are established at the beginning of each semester to offer the student a variety of testing times including days and evenings. Testing services are offered usually Monday through Saturday depending on the semester.

College Base Test

Each graduating sophomore is required by the Tennessee Board of Regents to take a test of general competency. This test does not affect one's graduating status; rather it is a measure of how well Roane State educates its students. Students are encouraged to do their best since Roane State's evaluation and future funding are based on student performance. Students are advised that failure to meet this graduation requirement will result in having the student's diploma held until this condition is met.

GED Test

The General Education Development (GED) Test for a high school equivalency diploma is administered at the Roane County and Oak Ridge campuses on a regular

schedule. Appointments are necessary and may be made by calling 882-4546 in Roane County, 481-2003 in Oak Ridge or by visiting the Counseling and Career Services Center on either campus.

To be eligible to take the test, an applicant must be (1) eighteen years of age, (2) dropped out or withdrawn from high school, and (3) able to furnish proof of age and identity. A current photo driver's license is the best source of identification. Applicants seventeen years of age with an approved age waiver are also eligible to test.

An equivalency diploma is issued by the State Department of Education upon passing the GED Test by obtaining an overall average score of 45 with no subtest score below 40.

Persons who feel inadequately prepared to take the GED test may contact their local school system or Tennessee Technology Center for GED preparation classes.

IDEA

The Counseling and Career Services Center works closely with the IDEA (Interactive Distance Education Access) instructor to schedule test dates to ensure a proctor will be provided at the sites designated by the instructor. This allows assistance to the remote site students during testing. Refer to page 19—Distance Learning—for more information on IDEA classes.

Assessment Scheduled by Special Appointment

Strong Interest Inventory

SIGI Plus

Myers-Briggs Type Indicator

DISABILITY SERVICES

Since the college does not collect a health fee, each student is responsible for his/her medical bills for services rendered by private physicians/other facilities. Student accident and sickness insurance is available on a voluntary basis through a contract by the State University and Community College System of Tennessee. Applications and claim forms may be obtained in the Student Services Office, or the site coordinator's office at off-campus sites.

Roane State provides counseling and academic support services to insure that disabled students have access to educational opportunities provided by the college. Any student having a qualifying disability under A.D.A. guidelines which restricts his/her participation in academic life may be eligible for services which may be provided to meet the individual student's needs. Roane State serves in a liaison capacity with the Tennessee Division of Vocational Rehabilitation. Registration and other forms of administrative assistance and academic support are provided through the Counseling Center for learning and physical disabilities.

Participation in the services is on a voluntary basis; confidentiality is maintained. The following special services may be provided:

- Special modifications will be made if it is determined that the mode of presentation of materials discriminates against the student. This may require re-structuring of materials, alternate methods of presentation, adjustment of physical facilities, extension of time allowed for tests or completion of coursework, etc. Modification should not alter academic requirements, and the student will be expected to show competency in the course material.
- Individual files are maintained to serve as the guidelines for a particular student during his/her educational term at Roane State Community College. Documentation from a qualified professional must be submitted by the student to the Counseling Center prior to receiving accommodations.

Students who have physical or learning disabilities requiring special services should contact the director of Counseling and Career Services three weeks before each semester begins. Contact with Counseling and Career Services is also required after registration each semester.

STUDENT PROCEDURES FOR SPECIAL SERVICES

To receive the special accommodations mandated in section 504 of the Vocational Rehabilitation Act, the learning and physically disabled are to meet the following guidelines.

- Be identified as possibly learning or physically disabled. Any of the following
 ways is acceptable: self-referral, instructor referral, counselor referral. Any
 learning disabled student requesting assistance should be referred to the director
 of Counseling and Career Services. Physically disabled students needing support
 should also be referred to Counseling and Career Services.
- 2. Be verified as learning or physically disabled. The type and degree of the disability may be confirmed by a number of appropriate methods:
 - a. High school record—IEP or resource classes as recorded on the high school transcript indicate diagnosis of a problem. A record of the diagnostic testing administered by school psychologist may be requested by the student and sent to the director of Counseling and Career Services.
 - Office of Vocational Rehabilitation—Students who have undergone academic evaluation through the Office of Vocational Rehabilitation may request that a summary of the diagnostic testing be sent to the director of Counseling and Career Services.
 - c. Private agency, clinical psychologist or medical doctor—Students seeking the services of private agencies (i.e. clinical psychologist for diagnostic testing) may request that a summary of the results with recommendations be sent to the director of Counseling and Career Services. Students with physical disabilities may request a summary of the particular needs with recommendations be sent to the director of Counseling and Career Services.
- 3. Documentation—Learning disability verification, provided by the student, will be filed in the CCS. Pertinent documentation for the physically disabled student will be filed in Counseling and Career Services.

Once the learning or physical disability is verified and documented and accommodations are requested, the student may receive special services from the college. The faculty works with Counseling and Career Services to appropriately accommodate a student's disability without compromising the academic requirements of the curriculum.

HEALTH INSURANCE

Health and accident insurance coverage is available to all qualified students in the Tennessee University and Community College System. Students must be enrolled for at least 6 semester hours to be eligible for coverage. Plans are available for individuals or families. Enrollment forms are available in the Dean of Students Office.

TRAFFIC REGULATIONS REGISTRATION OF VEHICLES

- All vehicles parked or operated by any person in connection with their employment or attendance of classes at the college must be registered with the Office of the Dean of Student Services and Multicultural Affairs.
- 2. Vehicle registration must be renewed at the beginning of each fall semester and will be valid until the beginning of the following fall semester so long as the registrant remains a student or a college employee.

- Expired campus registration decals must be removed. Current campus registration decals are to be affixed as indicated on the instruction sheet attached to the decal.
- 4. The person to whom the vehicle is registered is responsible for the vehicle and all violations and citations issued thereto. If the person operating the vehicle is other than the registrant, and a violation is committed, both he/she and the registrant may be fined.
- 5. Each student who registers for classes will be assessed a campus access fee each semester.
- Faculty and staff will be assessed an annual campus access fee of \$10.00. Persons who are employed spring semester or after will be assessed a campus fee of \$5.00.
- 7. All faculty, staff, and students who pay the campus access fee will be given a parking decal. If a decal is lost or stolen, additional decals are available at a cost of \$1.00 from the Business Office. The decal(s) issued will be valid from August through August of the following year.
- If you are unable to drive your own vehicle on a particular day, leave an explanatory note on the dashboard (along with your decal number) to alert the security officer.
- In case of an emergency, temporary permits are available in the Office of the Dean of Student Services at no cost.
- 10. Disabled students with a state issued disability placard for handicapped parking should clearly display the placard when parking in a handicapped space. In addition, a regular Roane State decal is required. Students with a temporary disability must have a special handicapped permit from the Counseling and Career Services to park in a handicapped space.

VISITORS

Visitors are defined as persons not connected with the college, but who occasionally have business or other reasons to be on the campus. Designated visitor space will be provided in parking areas.

ENFORCEMENT

- Violation Citations must be paid in the Business Office or appealed in the Dean of Student Services Office (Roane County) or Dean of Oak Ridge Branch Campus (Oak Ridge) within 72 hours. APPEALS WILL NOT BE ACCEPTED AFTER THAT TIME.
- 2. Illegally parked vehicles may be impounded or moved at the owner's expense.

PARKING

Regular parking on all college lots will be by permit only and only in designated areas.

- STUDENT SIGNS indicate spaces or areas reserved for students. Students should park only in these spaces or areas. NO FACULTY OR STAFF PARK-ING.
- FACULTY SIGNS indicate spaces or areas reserved for faculty and staff. Faculty and staff should park only in these spaces or areas. NO STUDENT PARKING.
- SIGNAGE indicating spaces for the disabled are reserved for faculty, staff or students with disabilities.
- 4. VISITOR PARKING indicates NO FACULTY, STAFF, OR STUDENT PARKING.

5. LOADING ZONES, ON SIDEWALKS, STREETS, ON LAWN WITHIN 15 FEET OF FIRE HYDRANT, OR RESERVED PARKING indicates NO PARKING (Cars will be towed away.)

NOTE: Cars which have been towed away may be claimed by contacting the Superintendent of Maintenance and Security, and paying the cost of towing (between 8:00 a.m. and 4:30 p.m.).

DRIVING REGULATIONS

- 1. The speed limit on campus is 15 mph.
- 2. All traffic signs must be obeyed.
- 3. Motorists must yield the right-of-way to pedestrians.
- 4. All accidents involving injury to persons or damages to autos, equipment, etc., must be reported to the Superintendent of Maintenance and Security.

VIOLATION FINES—FACULTY, STAFF, STUDENTS AND VISITORS:

Disabled parking fines are \$100 as set by the state. The prevailing fines as established by the college, range from \$10 to \$30. These fines are set during the college's annual budget cycle, and are submitted for approval at the June Tennessee Board of Regents meeting each year. Specific penalties for traffic and parking violations can be found in the RSCC catalog. Student Handbook/Calendar, and parking brochure attached to every decal issued. They can also be found in the RSCC Policy Manual (GA-19010). These publications are available to students at all RSCC locations.

Statutory Authority: T.C.A. 49-8-203.

PENALTIES

- Parking privileges for remainder of the school year will be revoked for any one who receives more than four parking violation citations within the academic year.
- Students who persist in violating these regulations or commit a single violation under extreme circumstances will be referred to the Dean of Student Services Office for disciplinary action which may lead to suspension or dismissal from the college.

APPEALS

- The Office of the Dean of Student Services and Multicultural Affairs handles all traffic appeals on the Roane County campus; the Office of the Dean of the Oak Ridge Branch Campus handles traffic appeals in Oak Ridge.
- Faculty and staff may appeal a violation citation by meeting with the Dean of Students.
- Students may appeal a violation citation by meeting with the Roane County SGA, or if taking classes in Oak Ridge, the Oak Ridge Traffic Appeals Board. A student wishing to appeal a decision by the SGA Traffic Appeals Board must meet with the Dean of Students.
- 4. All appeals must be made within 72 hours after issuance. Failure to answer a citation within the 72 hour period will result in forfeiture of the right to appeal.
- Failure to appear at a scheduled meeting without notifying the SGA Traffic Appeals Board, or the Dean of Students will result in forfeiture of right to appeal.
- OFF CAMPUS: As our off campus locations move into new facilities, all traffic appeals will be handled by the directors at those locations.

STUDENT ACTIVITIES

In keeping with its dedication to the concept of total student development, Roane State Community College recognizes the importance of developing both a well-balanced program of student activities and avenues for responsible student input in the decision-making process.

For students to achieve their potential as well-rounded individuals, a broad-based activities program is essential. In addition, student involvement is imperative for effectively evaluating past programs and conscientiously planning future activities.

Roane State integrates these two concerns through the sponsorship of various clubs and organizations, committees, publications, and academic and social activities.

However, continued growth and development of the college and its students is largely dependent upon the discovery of new ideas and ways to combat student apathy and complacency.

Roane State strongly urges each student to support, through participation in one or more campus activities, attempts to conquer the "There's nothing to do" syndrome. Involvement not only benefits the college but also makes the student's stay a more richly rewarding experience. For information regarding extracurricular activities contact the Coordinator of Student Activities.

OTHER ACTIVITIES

I. Athletics

Roane State competes in men's and women's basketball, men's baseball and women's softball as a member of the Eastern Division of the Tennessee Junior College Athletic Association.

In order for a student to participate in athletics, eligibility requirements of the National Junior College Athletic Association must be met. Any inquiries about athletics should be directed to the Athletic Director in the gymnasium.

II. Intramurals

Roane State conducts a diverse program of activities to provide students and staff the opportunity to participate in organized activities. The program does not require the intensified training and high degree of skill normally associated with varsity competition. An individual's playing ability is not considered as important as the desire to enter into the true spirit of competition for the purpose of fun and relaxation. Participants, however, are expected to display good sportsmanship at all times.

The intramural program includes physical activities such as volleyball, flag football, basketball, softball, and weight lifting.

The RSCC Intramural Coordinator is vested with the final authority and responsibility on matters concerning scheduling, rule interpretation, and eligibility. In addition, the Intramural Coordinator may take any other action deemed necessary to insure that all intramural competition is played within the intent of the rules and within the realm of good sportsmanship. General Eligibility Requirements include:

- 1. Participant must be a current student or staff member at RSCC.
- Participant must not be actively playing, practicing, or working out with any varsity athletic team in that sport. Automatic ineligibility results whenever a player is listed on the official team roster or "dresses out" on the date of any officially scheduled varsity contest.

Roane State Community College and its employees cannot assume responsibility for any injury(ies) incurred during practice for or participation in any one of the scheduled activities. Any student whose physical condition or health status is such that participation might be detrimental to his/her health is ineligible to play

unless expressed written permission from a licensed, practicing physician is given to the Intramural Coordinator prior to participation. **Determining health status and getting permission is the sole responsibility of the student.** It is strongly recommended that all participants have medical examinations prior to participating in any intramural/recreational activity and that each participant have private and/or student medical insurance for his/her protection.

III. College Publications

Based upon student interest from year to year, the college provides sponsorship for various student publications. The following statements constitute the college policy regarding such publications.

A. Purpose of Student Publications

The college news periodical is edited and published by students during the year to inform students and staff of pertinent upcoming events, to provide students with an expression of opinions and views, and to increase student awareness of campus life.

The literary magazine is organized and assisted financially by The Literary Club to promote interest in the literary efforts of the students of Roane State and the surrounding community.

All publications produced by students at Roane State may serve as forums for expression of ideas concerning issues and events of interest. Views expressed in the publications are not the views of the student body as a whole, the college, or the Tennessee Board of Regents.

B. Organization and Governance

The editor of the student newspaper is appointed from applicants by the Dean of Student Services and newspaper advisor. Other staff members are appointed from applicants by the editor. The editor and advisor have administrative responsibility for publication of the periodical with the Dean of Student Services acting as a consultant.

All college and Board of Regents financial and administrative policies and procedures shall be followed in establishing and maintaining the operation of the student newspaper.

The Roane State Literary Magazine shall be published as a project of a campus literary interest group. This group must have at least one Roane State faculty/staff advisor-editor. Students for staff and editorial positions will be selected by the Literary Magazine's advisor(s). The editor(s) of the magazine must have a cumulative GPA of 2.25.

The Tennessee Board of Regents and the college administration recognize that all student publications at Roane State are guaranteed First Amendment freedom and that student editors have editorial control of the content of student publications. However, the editor also has responsibility to be knowledgeable of the meaning of First Amendment freedom and work closely with the advisor.

A Student Publications Committee shall be appointed by the Dean of Student Services and approved by the President. The committee shall consist of one (or more) faculty member, one staff member, Student Government Association representative, and/or another member of the student body. This group will hear and review plans, requests, or grievances and recommend appropriate action. Any publication with the Roane State name or logo on it must reflect what the college considers "good taste." If any publication is questioned as being offensive to the general public, the Student Publications Committee shall review the material and make a recommendation to the President.

IV. Fine Arts

Concerts, lectures, and special cultural events are sponsored by the SGA for the enrichment of the students and community.

V. Clubs and Special Interest Organizations

A well-rounded, integrated program of student activities is provided through student organizations. Students may choose from a variety of organizations depending on their individual interests. These organizations include scholastic honoraries, departmental groups, service organizations, and special interest groups.

CLUBS

AMERICAN CHEMICAL SOCIETY - RSCC STUDENT SECTION—This society promotes interest in chemistry and topics related to chemistry. The society generates materials, such as sample tests, problem sets, lecture notes, etc., which aid the students taking chemistry courses at RSCC. It sponsors guest speakers to inform the students on current topics in chemistry and related fields. The society monitors the chemistry program at RSCC in order to assure high quality and certification of the program. Members of the society are given certain privileges by the national American Chemical Society, such as magazines, resume writing aids and an employment clearing house.

BSU (Baptist Student Union)—The BSU promotes interfaith as a way of life among college students. It provides a ministry to individuals in the campus community who have need for a personal relationship with Jesus Christ or who have a need for Christian growth.

COLLEGIATE SECRETARIES INTERNATIONAL—CSI promotes the professional development of students preparing for careers in the administrative support profession or as business teachers by offering opportunities and responsibilities for development of and improvement in confidence, skills and abilities, initiative, culture, and refinement.

OAK RIDGE INSTITUTE FOR CONTINUED LEARNING—is an organization formed and managed by retired citizens for the purpose of providing non-credit courses, field trips and retreats for seniors. The ORICL is affiliated with the Elderhostel Institute Network and is one of among 250 similar institutes in the U.S. and Canada. Membership in the ORICL is open to all residents of the RSCC service area. Membership in the ORICL is open to all residents of the RSCC service area. Membership dues of \$35 per person per semester entitle members to attend up to five of the Institute's offerings a semester on a space available basis. Some courses, such as computer and art, and field trips may entail additional fees for use of equipment, materials, and transportation. The ORICL is located at the Oak Ridge Branch Campus, 701 Briarcliff Avenue. For more information or to receive a schedule of classes offered by the Institute, call 481-8222.

OCCUPATIONAL THERAPY STUDENT CLUB—The OTA Club has been formed to (1) promote the field of OT in the community and at RSCC; (2) promote participation in state and national OT organizations; (3) allow participation in campus fund raising activities; and (4) provide community service.

PHI THETA KAPPA—An international honor society for two-year colleges. Invitation to membership is extended by the local chapter. To be eligible, students must complete at least twelve hours of college credit leading to an associate's degree (part-time students are eligible); have a grade point average of 3.5; and enjoy full rights of citi-

zenship in your country. International, regional, and chapter programs provide opportunities in the areas of scholarship, leadership, service, and fellowship. Benefits of membership include eligibility for transfer scholarships, automatic nomination for the national Dean's List publication of outstanding students, automatic enrollment in the PTK Transfer Database, which is made available to four-year and senior level institutions that actively recruit transfer students; and the privilege of wearing the honors stole and tassel at graduation.

NURSING STUDENTS CLUB—Objectives for organizing the Nursing Students Club: 1) to promote participation in national and state level nursing organizations; 2) to increase visibility of the RSCC Nursing Program; and 3) to allow organized participation on campus of fund-raising activities.

PHYSICAL THERAPY STUDENT ASSOCIATION—The Physical Therapy Student Association has been formed to promote the field of physical therapy at Roane State and in the community.

PLAYMAKERS—The Playmakers Club is responsible for presenting plays on the Roane State campus.

PSI BETA—is the national honor society in psychology for community and junior colleges. Its purpose is to stimulate, encourage and recognize students' outstanding scholarship and interest in psychology. To be eligible, students must complete at least one semester of a psychology or psychology-based course and 12 semester hours total college credit. They must rank in the top 35% or have an overall GPA of 3.0, whichever is higher, and have at least a "B" average in psychology. Psi Beta is a member of the Association of College Honor Societies and is an affiliate of both the American Psychological Association and the American Psychological Society.

PSY/SOC CLUB—The PSY/SOC Club provides extracurricular activities for students to explore the study of human behavior. The club is open to any Roane State student interested in learning more about the social scientific study of human behavior and mental processes. The organization sponsors field trips, outside speakers and student scholarships.

RESPIRATORY THERAPY STUDENT ASSOCIATION—The Respiratory Therapy Student Association promotes the Respiratory Therapy Program at RSCC and in the community. The club is affiliated with the Tennessee Society for Respiratory Care.

SADD CLUB—Purposes for the SADD Club are: 1) to provide awareness on drinking, driving, and risks; 2) to provide awareness on drug use; 3) to educate students and the community on the best prevention and intervention tools relating to decisions that can be destructive.

S.T.A.R.S. ART CLUB—Purposes for the S.T.A.R.S. Art Club are: 1) to provide a social bond for students and staff with the common interest of art; 2) to provide a vehicle for learning experiences in art outside the classroom through programs and field trips; 3) to provide students with ready opportunities to exhibit their work and learn about the technicalities of the exhibiting process; 4) to raise scholarship funds for art students and hold competitions designed to distribute those funds; 5) to provide art-related services to the community on a limited basis; and 6) to raise the art-consciousness of college and community by bringing quality work to the campus.

STUDENT AMERICAN DENTAL HYGIENIST ASSOCIATION—An organization assigned to promote the professional development of students preparing for a career in dental hygiene. Licensed hygienists who are students working toward a baccalaureate or graduate degree complementary to a career in dental hygiene are also eligible for student membership.

STUDENT OPTICAL SOCIETY—The Roane State Student Optical Society is designed to promote and encourage cooperation and unity among opticianry students, to improve their academic standing, and encourage student involvement in the community through optical related volunteer work and service projects.

WOMEN'S STUDENT ORGANIZATION—The WSO increases women's awareness regarding opportunities available to them at Roane State while fostering a better understanding and appreciation, on the part of the administration, of the needs of women students at the college. In addition, the organization provides materials and programs to inform women students of 1) continuing education, 2) career planning, 3) financial aid, and 4) personal growth opportunities as well as personal support and guidance to current and prospective students.

ORGANIZATIONS AND BOARDS

CELEBRATION—Celebration is a group of singers selected through auditions that are open to all students. The group has represented Roane State at the local and national level.

THE ROANE STATE CONCERT CHOIR—This chorus is the official college choral organization. It performs a repertoire of standard choral selections at various college, public school, church, civic, and community functions.

CHEERLEADERS—The goal of the RSCC cheerleading squad is to promote spirit, enthusiasm, and support for the athletic department's basketball teams. Membership is open to both males and females, and members are chosen for the coming season during tryouts spring semester.

STUDENT GOVERNMENT ASSOCIATION—The SGA provides opportunities for students to offer constructive opinions, thereby promoting cooperation among students, faculty, and administration, and works for the common good of Roane State by assisting in the promotion of social activities and special campus projects. The SGA is organized into three (3) branches: 1) Executive Branch (President, Vice-President, and Cabinet) 2) Legislative Branch (Student Senate) and 3) Judicial Branch (Supreme Court). For copies of the Student Government constitution contact the Student Government president, Coordinator of Student Activities or Dean of Student Services office.

REGISTRATION OF STUDENT ORGANIZATIONS

The college shall adopt and enforce such rules and regulations as it may deem necessary and proper with regard to the registration, recognition and function of student organizations which operate on the college campus. The rules and regulations adopted by the college shall provide for the consistent application of reasonable standards and shall afford procedural due process by authorizing and providing for an appeal with the president of the college.

Membership in a student organization shall be limited to members of the college community; however, membership may include individuals from the professional and business communities. Membership shall be extended to such persons without regard to their race, religion, national origin, or sex.

The registration and recognition of a student organization by the college does not constitute college endorsement or approval of the policies or activities of the organization. No student organization shall represent or imply in any manner, in its contact with the public, that it speaks for or in the name of the college.

Student organizations and their members are subject to all state and federal laws and the rules and regulations adopted by the college and the Board of Regents. All student organizations are required to register with the Coordinator of Student Activities.

The following procedures must be followed to register a student organization and gain active status:

- 1. Submit an application for the formation of a new club. Applications are available from the Dean of Students Office or the Coordinator of Student Activities.
- 2. Secure a faculty advisor for the organization.
- Secure approval from the Coordinator of Student Activities to hold an organizational meeting.
- 4. Prepare and submit the Constitution of the organization which must contain the following: the name, purpose, proposed activities, rules of membership of the organization, officers, their terms and method of selection, nature and frequency of meetings, and financial plans including any proposed fees, dues and assessments
- 5. A signed statement of compliance by the organization that it will comply with all rules and regulations, policies, and procedures of the board and the institution and with all federal and state laws and regulations.

To retain an active status all organizations must submit the following information annually to the Coordinator of Student Activities.

- 1. A club roster containing the current officers and sponsors.
- 2. Changes in the Constitution or Bylaws.
- An annual report outlining the organization's activities and accomplishments for the year.

An organization may be placed on probation or suspended for the following reasons:

- 1. Failure to maintain compliance with the initial registration requirements.
- 2. The organization ceases to operate.
- 3. The organization fails to submit any required reports.
- 4. The organization requests withdrawal of registration.
- 5. The organization operates or engages in any activity in violation of rules and regulations of the institution or federal or state laws.

All organizational members and advisors are responsible for being familiar with the guidelines and policies listed above.

STUDENT CONDUCT AND DISCIPLINARY SANCTIONS

I. Institution Policy Statement

College and university students are citizens of the state, local and national governments, and of the academic community, and are, therefore, expected to conduct themselves as law-abiding members of each community at all times. Admission to an institution of higher education carries with it special privileges and imposes special responsibilities apart from those rights and duties enjoyed by non-students. In recognition of the special relationship that exists between the institution and the academic community which it seeks to serve, the State Board of Regents has authorized the President of the College to take such action as may be necessary to maintain campus conditions and preserve the integrity of the institution and its educational environment.

Pursuant to this authorization, the college has developed the following regulations which are intended to govern student conduct on the campus. In addition, students are subject to all national, state, and local laws and ordinances. If a student's violation of such laws or ordinances also adversely affects the institution's pursuit of its educational objectives, the institution may enforce its own regulations regardless of any proceedings instituted by other authorities. Conversely, violation of any section of these regulations may subject a student to disciplinary

measures by the institution whether or not such conduct is simultaneously violative of state, local, or national laws.

II. Disciplinary Offenses

- A. Generally, through appropriate due process procedures, institutional disciplinary measures shall be imposed for conduct which adversely affects the institution's pursuit of its educational objectives, which violates or shows a disregard for the rights of other members of the academic community, or which endangers property or persons on institution-controlled property.
- B. Individual or organizational misconduct which is subject to disciplinary sanction shall include but not be limited to the following examples:
 - Conduct dangerous to others. Any conduct which constitutes a serious danger to any person's health, safety, or personal well-being, including any physical abuse or immediate threat of abuse.
 - 2. Hazing. Hazing means any intentional or reckless act in Tennessee on or off the property of any higher education institution by one (1) student acting alone or with others which is directed against any other student, that endangers the mental or physical health or safety of that student, or which induces or coerces a student to endanger such student's mental or physical health or safety. Hazing does not include customary athletic events or similar contests or competitions, and is limited to those actions taken and situations created in connection with initiation into or affiliated with any organization. Statutory Authority: T.C.A. §49-8-203.
 - Disorderly conduct. Any individual or group behavior which is abusive, obscene, lewd, indecent, violent, excessively noisy, disorderly, or unreasonably disturbing to other groups or individuals.
 - Specifically prohibited are both actions and language which tend to incite an immediate breach of the peace by making reference to another's race, religion or ethnic origin.
 - 4. Obstruction of or interference with institutional activities or facilities. Any intentional interference with or obstruction of any institutional activity, program, event, or facilities, including the following:
 - a. Any unauthorized occupancy of institution or institution controlled facilities or blockage or access to or from such facilities.
 - b. Interference with the right of any institution member or other authorized person to gain access to any institution or institution controlled activity, program, event or facilities.
 - c. Any obstruction or delay of a campus security officer, fireman, or any institution official in the performance of his/her duty.
 - 5. Misuse of or damage to property. Any act of misuse, vandalism, malicious or unwarranted damage or destruction, defacing, disfiguring, or unauthorized use of property belonging to the institution including, but not limited to fire alarms, fire equipment, elevators, computer equipment, telephones, institutions keys, library materials and/or safety devices; and any such act against a member of the institution community or a guest of the institution.
 - 6. Theft, misappropriation, or unauthorized sale. Any act of theft, misappropriation, or unauthorized possession or sale of institution property or any such act against a member of the institution community or a guest of the institution.

- 7. Misuse of documents or identification cards. Any forgery, alteration of, or unauthorized use of institution documents, forms, records, or identification cards, including the giving of any false information, or withholding of necessary information, in connection with a student's admission, enrollment, or status in the institution.
- 8. *Firearms and other dangerous weapons*. Possession or use of firearms or dangerous weapons of any kind is prohibited.
- 9. Explosives, fireworks, and flammable materials. The unauthorized possession, ignition, or detonation of any object or article which would cause damage by fire or other means to persons or property or possession of any substance which could be considered to be and used as fireworks.
- Alcoholic beverages. The use and/or possession of alcoholic beverages on college owned, controlled, or temporarily leased property is prohibited.
- 11. Drugs. The unlawful possession or use of any drug or controlled substance (including any stimulant, depressant, narcotic, hallucinogenic drug or substance, or marijuana) or sale or distribution of any such drug or controlled substance. Includes any violation of the Drug Free School and Communities Act which is distributed to each student annually.
- 12. Gambling. Gambling in any form.
- 13. Financial irresponsibility. Failure to meet financial responsibilities to the institution promptly, including, but not limited to, knowingly passing a worthless check or money order in payment to the institution or to a member of the institution community acting in an official capacity.
- 14. Unacceptable conduct in hearings. Any conduct at an institutional hearing involving contemptuous, disrespectful, or disorderly behavior, or the giving of false testimony or other evidence at any hearing.
- 15. Failure to cooperate with institutional officials. Failure to comply with directions of institutional officials acting in the performance of their duties.
- 16. Violation of general rules and regulations. Any violations of the general rules and regulations of the institution as published in official institutional publications, including the intentional failure to perform any required action or the intentional performance of any prohibited action.
- 17. Attempting or aiding and abetting the commission of offenses. Any attempt to commit any of the foregoing offenses, or the aiding and abetting of the commission of any of the foregoing offenses (an "attempt" to commit an offense is defined as the intention to commit an offense coupled with the taking of some action toward its commission).
- 18. Violations of state or federal laws. Any violation of state or federal laws or regulations proscribing conduct or establishing offenses, which laws and regulations are incorporated herein by reference.
- 19. *Harassment*. Any form of harassment including, but not limited to, racial harassment, sexual harassment, or stalking, is prohibited.
- 20. Computer misuse. Theft or other abuse of computer time, including but not limited to:
 - Unauthorized entry into a file, to use, read or change the contents, or any other purpose.
 - 2. Unauthorized transfer of a file.
 - 3. Unauthorized use of another individual's identification and password.

- 4. Use of computing facilities to interfere with the work of another student, faculty member or college official.
- 5. Use of computing facilities to send obscene or abusive messages.
- Unauthorized disclosure of a student's user name and password to another individual.
- Any attempt to access a system on the INTERNET for which the user is not authorized.
- 8. Any use of computer facilities for commercial purposes.
- C. Disciplinary action may be taken against a student for violations of the foregoing regulations which occur on institutionally owned, leased, or otherwise controlled property, or which occur off-campus when the conduct impairs, interferes with, or obstructs any institutional activity or the missions, processes, and functions of the institution. In addition, disciplinary action may be taken on the basis of any conduct, on or off-campus, which poses a substantial threat to persons or property within the institutional community.
- D. For the purposes of these regulations, a "student" shall mean any person who is registered for study at the college for any academic period. A person shall be considered a student during any period which follows the end of an academic period which the student has completed until the last day for registration for the next succeeding regular academic period and during any period while the student is under suspension from the institution.

III. Academic and Classroom Misconduct

- A. The instructor has the primary responsibility for control over classroom behavior and maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct violative of the general rules and regulations of the institution. Extended or permanent exclusion from the classroom or further disciplinary action can be effected only through appropriate procedures of the institution.
- B. Plagiarism, cheating, and other forms of academic dishonesty are prohibited. Students guilty of academic misconduct, either directly or indirectly through participation or assistance, are immediately responsible to the instructor of the class. In addition to other possible disciplinary sanctions which may be imposed through the regular institutional procedures as a result of academic misconduct, the instructor has the authority to assign an "F" or a zero for the exercise or examination, or to assign an "F" in the course.

If the student believes that he or she has been erroneously accused of academic, misconduct, and if his or her final grade has been lowered as a result, the student may appeal the case through the Dean of Students Office.

IV. Disciplinary Sanctions

A. Upon a determination that a student or organization has violated any of the rules, regulations, or disciplinary offenses set forth in the regulations, the following disciplinary sanctions may be imposed, either singly or in combination, by the appropriate institutional officials.

B. Definition of Sanctions

Restitution. A student who has committed an offense against property may
be required to reimburse the institution or other owner for damage to or
misappropriation of such property. Any such payment in restitution shall
be limited to actual cost of repair or replacement.

- Warning. The appropriate institutional official may notify the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
- 3. Reprimand. A written reprimand, or censure, may be given any student or organization whose conduct violates any part of these regulations. Such a reprimand does not restrict the student in any way, but does have important consequences. It signifies to the student that he or she is in effect being given another chance to conduct himself or herself as a proper member of the institution community, but that any further violation may result in more serious penalties.
- 4. Restriction. A restriction upon a student's or organization's privileges for a period of time may be imposed. This restriction may include, for example, denial of the right to represent the institution in any way, denial of use of facilities, parking privileges, or participation in extracurricular activities, or restriction of organizational privileges.
- 5. Probation. Continued enrollment of a student on probation may be conditioned upon adherence to these regulations. Any student placed on probation will be notified of such in writing and will also be notified of the terms and length of the probation. Probation may include restrictions upon the extacurricular activities of a student. Any conduct in violation of these regulations while on probationary status may result in the imposition of a more serious disciplinary sanction.
- Suspension. If a student is suspended, he or she is separated from the institution for a stated period of time with conditions of readmission stated in the notice of suspension.
- 7. Expulsion. Expulsion entails a permanent separation from the institution. The imposition of this sanction is a permanent bar to the student's readmission to the institution. A student expelled from the college may not enter the campus grounds for any reason without the permission of the Dean of Student Services Office. A student expelled from the college will not receive a refund for maintenance or miscellaneous fees.
- 8. Interim or summary suspension. Though as a general rule the status of a student accused of violations of these regulations should not be altered until a final determination has been made in regard to the charges against him, summary suspension may be imposed upon a finding by the appropriate institutional official that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well-being of the accused, or of any other member of the institutional community or its guests, destruction of property, or substantial disruption of classroom or campus activities. In any case of immediate suspension, the student shall be given an opportunity at the time of the decision or immediately thereafter to contest the suspension, and if there are disputed issues of factor cause and effect, the student shall be provided a hearing on the suspension as soon as possible.
- Counseling or rehabilitative treatment. Counseling sessions with Roane State's Counseling personnel or outside sources may be recommended.
- C. The President of the College is authorized, at his or her discretion, to subsequently convert any sanction imposed to a lesser sanction or to rescind any previous sanction, in appropriate cases.

RSCC recognizes that disciplinary proceedings should play a secondary role to guidance and counseling and makes every effort to keep open the avenues of communication between students, faculty, and staff which provide for the transmittance of constructive ideas toward the solution of problems.

However, whenever violations of standards of conduct occur, the institution may initiate judicial proceedings through the power vested in its Discipline Committee. In all cases, disciplinary action becomes a part of the student's permanent record, and proper procedural safeguards will be used to assure due process. Notification of disciplinary action is by letter from the Dean of Student Services to the student and (when appropriate) to the parents and to other college officials.

Tennessee Uniform Administrative Procedures Act. All cases which may result in (1) suspension or expulsion of a student from the institution, a program, or a course for disciplinary reasons, (2) assignment of a grade which results in the grade of "F" in a course for academic misconduct, or (3) revocation of registration of a student organization during the term of the registration are subject to the contested case provisions of the Tennessee Uniform Administrative Procedures Act and shall be processed in accordance with the uniform contested case procedures adopted by the Board of Regents unless the student waives those procedures in writing and elects to have his or her case disposed of in accordance with college procedures established by these rules.

PROCEDURAL DUE PROCESS

Due process is not a technical concept with a fixed content unrelated to time, place and circumstances. It is an elusive concept in that its exact boundaries are indefinable and its content varies according to specific facts. The nature of the right involved, the nature of the proceedings and the possible penalty are all considerations which must be taken into account. The very nature of due process negates any conception of inflexible procedures universally applicable to every imaginable situation. There is no requirement of a formal type judicial hearing. Any college procedure which is reasonably calculated to be fair to the accused and to lead to a reliable determination of the issues is acceptable.

The requirements of due process are flexible in different cases and will require different procedural safeguards. The nature of the hearing will vary depending upon the circumstances of the particular cases.

The following fundamental safeguards are required in every proceeding at Roane State Community College that may lead to a serious penalty.

- 1. The student shall receive written notice of the specific charge against him, and the date and time of the hearing a minimum of three days prior to the hearing date. This charge shall be sufficiently precise as to enable the student to understand the grounds upon which the College seeks to impose a penalty against him and to enable him adequately to prepare any explanation or defense which may be available to him. The student may be accompanied by an advisor whose participation shall be limited to advising the student.
- 2. The student shall be given an opportunity to respond to the evidence against him. He shall have an opportunity to present his position, make such admissions, denials, or explanations as he thinks appropriate and testify or present such other evidence as is available to him. The technical rules of evidence normally followed in civil and criminal trials shall not apply.
- The decision of the Disciplinary Committee should be based upon the evidence presented at the hearing and a finding of guilt must be based upon substantial evidence.
- 4. Cases of alleged sexual assault. In cases involving alleged sexual assault both the accuser and the accused shall be informed of the following:
 - A. Both the accuser and the accused are entitled to the same opportunity to have others present during a disciplinary proceeding; and,

- B. Both the accuser and the accused shall be informed of any disciplinary proceeding involving allegation of sexual assault.
 - GROUNDS FOR APPEAL: a decision or judgment of the Disciplinary Committee may be appealed by the aggrieved party upon the following grounds:
- A. Prejudicial error committed during the hearing whereby the aggrieved was deprived of a fair hearing.
- B. Noncumulative material and relative evidence new or newly discovered which with reasonable diligence could not have been produced at the hearing.
- C. The decision or judgment is not supported nor justified by the evidence.

NOTICE OF APPEAL: A Notice of Appeal shall be in writing and shall be filed with the President of the College, to whom the appeal is taken, within ten (10) calendar days from the promulgation and filing of the decision or judgment on which the appeal is based. Failure to timely file the above mentioned notice shall constitute a waiver of any right to appeal.

The President of the College will review the case and render a decision based upon his/her findings.

Statutory Authority: T.C.A. Section 49-3239.

SEXUAL, RACIAL OR OTHER HARASSMENT

Harassment: Any form of harassment including, but not limited to, racial harassment, sexual harassment, or stalking, is prohibited by Title VII of the Civil Rights Act of 1964. Any student who believes he or she has been subjected to harassment at Roane State should present the charge to the Dean of Student Services. Applicants for employment or employees should report such charges to the Affirmative Action Officer in the Human Resources Office.

Any present employee or student, former employee or student, or applicant for employment or admissions at Roane State Community College who believes that discrimination has been practiced against him or her, or any employee or student who feels that practices at Roane State Community College will result in discrimination against him or her should report these charges to the Affirmative Action Office.

NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES

It is the policy of the State Board of Regents that, Pursuant to Title IX of the Education Amendments of 1972, Sections 799A and 845 of the Public Health Service Act, and Regulations adopted pursuant thereto, no institution or school shall discriminate on the basis of sex in the education programs or activities of the institution or school, including health-related training programs. Institutions and schools shall ensure that equal opportunity and nondiscrimination exist on the basis of sex for students in all education programs and activities, including but not limited to, the following: (1) recruitment and admission; (2) academic, extracurricular, research, occupational training, health-related training, and other education programs; (3) rules on student life activities; (4) housing; (5) facilities; (6) access to course offerings; (7) counseling; (8) financial assistance; (9) employment assistance; (10) health and insurance benefits and services; (11) rules on marital or parental status; and (12) athletics. In addition, in conjunction with Board Policy No. 5:01:02:00, each institution and school shall ensure that no person, on the basis of sex, is excluded from participation, denied the benefits of, or subjected to discrimination in employment under any education program or activity.

Nondiscrimination in employment on the basis of sex shall include, but not be limited to, the following areas: (1) employment criteria; (2) recruitment and hiring; (3) promotion, tenure, demotion, transfer, layoff, termination, nepotism policies, and rehiring; (4) compensation; (5) job assignments, classifications, and descriptions, lines of progression and seniority lists; (6) leave; (7) fringe benefits; and (8) all other terms, conditions, and privileges of employment.

COMPUTER RESOURCES

Computer facilities at Roane State Community College are available to all students, faculty and staff upon approval by the director of Computer Services or an instructor of computer science. It is the responsibility of Computer Center personnel to maintain a stable operation environment for all users and to provide security for all programs and files currently residing on available computer systems. Cooperation of all users in the form of ethical and responsible behavior is required at all times so that all may share resources freely and equitably.

The following college rules and regulations are to define all users' limitations. These rules are separate and apart from the code of conduct as approved by the State Board of Regents. Any violations shall be termed "computer misuse," and the offender shall be referred to the appropriate college supervisor, or in the case of students, to the Vice President for Academic and Student Affairs.

COMPUTER MISUSE: theft or other abuse of computer time, including but not limited to:

- unauthorized entry into a file, to use, read, or change the contents, or for any other purpose.
- 2. unauthorized transfer of a file.
- 3. unauthorized use of another individual's identification and password.
- 4. use of computing facilities to interfere with the work of another student, faculty member or college official.
- 5. use of computing facilities to send obscene or abusive messages.
- unauthorized disclosure of student's user name and password to another individual.
- any attempt to access a system on the internet for which the user is not authorized.
- 8. any use of computer facilities for commercial purposes.

The dispositions listed below (not an all-inclusive list) are examples drawn from the sanctioned policy of the State Board of Regents Code of Conduct.

- Revoking of the individual's right to use the computer, either on a temporary or permanent basis.
- 2. Probation.
- 3. Suspension.
- 4. Expulsion.
- 5. Financial assessment for computer services.
- 6. Legal prosecution.

In the event that other college regulations are violated, additional penalties may be imposed. Unauthorized use of the computer by an individual other than the college community may be judged a felony, and the individual may be liable to legal prosecution.

STUDENT ELECTRONIC MAIL ACCOUNTS

- 1. Electronic mail is also called e-mail.
- 2. Student e-mail accounts are created the day after the student registers for classes.

- 3. Training for students on how to use their e-mail is handled in Orientation classes. Call Computer Services Help Desk at 354-3000, ext, 4357, for further information, if you are not enrolled in an Orientation class at the time you need training. It is preferred that you receive training prior to accessing your e-mail account.
- 4. The electronic messaging system in All-in-1 allows you to communicate with other users across the network. When using the electronic mail option you will be able to:
 - *read incoming mail messages
 - *answer to sender only to all recipients
 - *send mail messages
 - *file messages in your file cabinet
 - *forward messages to another user including external document formats
 - *delete messages
 - *forward a document to another user for editing.

COLLEGE AND UNIVERSITY SECURITY INFORMATION ACT

Pursuant to the requirements of the College and University Security Information Act and the Campus Security Act, the following information is available and will be provided to you upon request: A. Annual crime statistics and rates for crimes occurring on this campus, B. Copies of Board of Regents and/or institutional security related policies and procedures and certain other related information. Contact the Office of the Dean of Students at Roane State Community College, 276 Patton Lane, Harriman, Tennessee 37748 (telephone (865) 882-4550) to obtain any or all of this information.

ACCESS TO FACULTY

All full- and part-time faculty must establish and publish office hours in a manner visible to students. This includes faculty who are teaching at the main campus, the branch campus, the off-campus sites or through distance learning formats. Information regarding the location of the office, contact methods (i.e. telephone, e-mail, and mail-box location) and the days and times available must be included on the course syllabus. In addition, faculty locator data is available on the college's web page and in printed form in the academic division offices.

STUDENT COMPLAINTS

Roane State Community College is committed to providing a quality educational experience for all students. Students are encouraged to take advantage of all relevant services and programs offered by the college. RSCC is therefore concerned that all students receive the best treatment possible by college personnel. However, if a student feels he/she has not received fair treatment, or has a complaint regarding some situation or condition (financial aid, tuition, refunds, parking tickets, advisement, records, admissions, facilities, classroom concerns, student conduct, etc.) at the college, the student may address the complaint in writing to the Dean of Student Services and Multicultural Affairs. The Dean of Students will investigate the complaint, consulting with other RSCC personnel as needed and will notify the student of the outcome. If the student is not satisfied with how the Dean of Students has tried to resolve the issue, the student may be heard by the Vice President of Academic and Student Services. Please review the RSCC catalog (Student Services section) for detailed procedures regarding the appeal process for disciplinary matters.

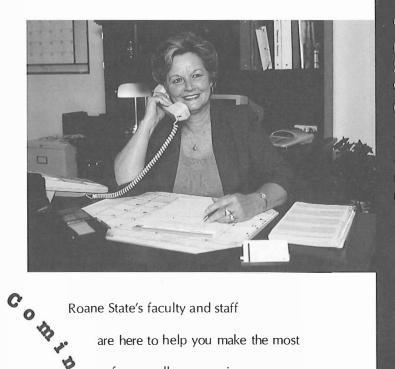

STUDENT RESPONSIBILITY

There are a number of established policies and regulations, student-right-to-know information, developed by the college as well as mandated by the Tennessee Board of

Regents, that exist for the welfare of both students and the college. This information is described in the following publications: The RSCC catalog, the Student's Guide to Safety, and the upcoming Student Handbook/Calendar, which are available and accessible to students at all RSCC campus locations. This information is also presented in the New Student Orientation sessions, and in credit Orientation courses. Students should contact the Admissions Office, Academic Advisement Center, or the Dean of Students, for copies if needed. Although the college provides this information to the student, it is the student's responsibility to become familiar with the policies and regulations outlined in these publications. Students may see the Dean of Students for clarification of these policies and regulations.

POLICY-MAKING AND THE STUDENT

Students have the right to voice their opinions and ask questions concerning current issues or policies of the college. RSCC students may participate in the decision-making process through the Student Government Association, by representation on some standing college committees, as well as participation on the Academic Curriculum Council. In addition, RSCC has an "open door policy" which allows students the opportunity to express their views through college administration.

Roane State's faculty and staff

GLOSSARY

Advisor - A faculty member who meets with designated students each semester or year to help make curriculum choices and discuss progress toward achieving educational goals.

Articulation Agreement - A document that outlines the curriculum agreed to by Roane State and a four-year college or university to satisfy the degree requirements at Roane State and at the receiving four-year institution.

Associate Degree - An associate degree is awarded to students after completion of a core curriculum. Students completing options in University Parallel (transfer) programs receive the Associate of Science (A.S.) or Associate of Arts (A.A.) degree. Roane State students who complete options in Career Preparation programs receive an Associate of Applied Science (A.A.S.) degree.

Audit - Taking a course but not for credit. Auditing students pay required fees and attend class but are not required to complete assignments or take exams.

Career Preparation Program - An Associate of Applied Science (A.A.S.) degree program designed for students who wish to seek employment and enter the job market right after completing a two-year college degree program. The credits from these programs are not readily transferable to a four-year college or university, but do lead to the A.A.S. degree.

Course - A subject or class in which instruction is offered within a given period of time for a semester and for which credit toward a degree is given.

Course Load - The course load is the total number of semester hours or credit hours in which a student is enrolled for a semester. An average course load at RSCC is 12 to 18 hours for a student attending full time.

Credit Hours or Semester Hours - One credit hour or one semester hour is usually assigned for each 50 minutes of class per week for a semester. For example, Composition I is a three-credit hour or three-semester hour course. Since it is a three-hour course, a student taking Composition I would attend class three hours each week for 15 weeks and receive three hours of credit (or three credits) for the course.

Curriculum - The whole body of courses offered for study by the college, or by a particular department.

Elective - A subject or course which a student may choose from courses that are required for a specific degree program.

Full-time Student - A student enrolled in 12 or more semester hours of coursework per semester.

Grant - Financial aid that does not have to be paid back.

Grade Point Average (GPA) - An average obtained by dividing the total number of grade points (A=4; B=3; C=2; D=1) earned by the total number of hours of coursework attempted. See page 52 to calculate your GPA.

Humanities - Any course at Roane State in art, literature, foreign language, journalism, music, philosophy or theatre.

Loan - Financial aid that must be paid back, usually within a specified time.

Part-time Student - A student enrolled in less than 12 credit hours of coursework per semester.

Prerequisite - A course requirement that must be met before enrolling in particular courses.

Semester - A half-year of college. A period of instruction lasting 15 weeks at Roane State. Two semesters, fall and spring, ordinarily comprise a college year. The third semester, summer, is optional and may be used as a time to catch up or get ahead.

Syllabus - A precise outline of course expectations stating the required textbook(s), assignments and dates due, test dates, grading and policies, research papers, as well as other requirements.

Transcript - An official record of academic history, provided by high schools or other colleges previously attended.

University Parallel - Major programs of study designed primarily for students who wish to transfer to a four-year college or university and complete a baccalaureate (B.S. or B.A.) degree. The credits earned from these programs lead to the A.S. or A.A. degree.

Roane State Community College is one of 46 institutions in the Tennessee Board of Regents system, the seventh largest system of higher education in the nation. The Tennessee Board of Regents is the governing board for this system, which is comprised of six universities, fourteen two-year colleges, and twenty-six Tennessee Technology Centers. The TBR system enrolls more than 80 percent of all Tennessee students attending public institutions of higher education.

Roane State Community College offers employment and its programs of instruction to qualified persons regardless of race, color, creed, sex, national origin, disability, religion or age and is committed to the education of non-racially identifiable student body.
