

Medical Lab Admission Information

- Step 1.** Submit your application to the college. After submitting your application to the college, you will receive a “R” number.
- Step 2.** Log into Raidernet using your “R” number. Indicate your interest in being admitted to the **Medical Lab program no later than March 31** of the year you are seeking admission. You may indicate your interest in 3 health science programs but you need to designate which program is first area of interest, second area of interest, etc. You will be considered first for the program you designated as your 1st area of interest. If you are not admitted to that program, you will be considered for the next area of interest unless the application deadline has passed.
- Step 3.** Declare AS Pre-Allied Health as your major. If you have not already declared AS Pre-Allied Health as your major, you should change your major. This will best prepare you for admission to a Health Science program.

- Grade of C or higher in required general education/supporting courses
