Jeremiah Jacks and Michaela volunteered to get the popcorn machine for the display table. Jeremiah will also be gathering items during the morning of the 25th for the display table.
6. MOE's direction was discussed and the new meeting schedule was established. The new schedule will be as follows: on Thursdays, biweekly from 4:00pm to 5:00pm, with a meeting during off weeks for officers and

committee members to discuss the agenda for the week following. Jeremiah Jacks established the new committees briefly but will not make officers for them until the first official meeting. We talked of continuing two community service projects already established in the last year: Adopt A Highway and Operation Christmas Child. We briefly discussed new ideas for MOE and how to get new members. Dr. Geol Greenlee made a point to make sure people have a reason to attend MOE club meeting by offering food, games, etc.
