**Elementary Education | Interdisciplinary Studies**

### **OPPORTUNITY #3**

All Roane State A.A. and A.S. graduates are guaranteed admission to Tennessee Tech. **Period.**

Visit [roanestate.edu/goldenraider](http://roanestate.edu/goldenraider) or speak to your success coach for more information!

Requirements include enrolling in the ROANE to TECH Transfer Program on your initial application to Roane State as an incoming high school graduate, enrolling at Roane State for consecutive semesters until transferring to Tech, and meeting with your Roane State success coach each semester. Must meet Tennessee Tech's transfer admissions requirements if transferring to Tech prior to Roane State degree completion.

## ROANE TO TECH

**“Starting at RSCC was the best decision for me at the time, and now that I am at Tech, I love being a Golden Eagle too!”**

**“I** chose this pathway because it offered me an amazing opportunity to have an easy transition to a four-year college. I have such an amazing support system at Roane State and Tech that allows me the best chance for success. As a student from a small town, it can be very hard to find information about transfer programs, scholarships, student life, etc. This program allowed all this information to be accessible, and it truly feels like I am being given everything possible I need to get to where I want to go. It feels like a family that I can always go to when I need help, and one that I can trust to always have my best interest at heart.”

– **Cheyenne McAbee,**  
Roane to Tech Student

**“S**tarting at Roane State gave me a couple extra years to really prepare for the full force of college and spend more time with my family. RSCC was the best decision for me at the time because it allowed me to grow and mature. Tech provides that full college experience but starting at Roane State allowed me to ease into the college transition. Starting at RSCC was the best decision for me at the time, and now that I am at Tech, I love being a Golden Eagle too!”

– **Kaitlyn Lee,**  
Roane State Transfer Student  
and Tennessee Tech Graduate
