

## **HOW TO REGISTER**

### **Roane State Community College Academic Festival 2020**

#### **INDIVIDUAL ENTRIES**

Students may enter a maximum of four events per day with some exceptions. It can seem complicated so please check the REGISTRATION CAPS document for exceptions. Online registration has been programmed to not allow certain registration combinations; however, when a violation occurs a notification should popup in the window with an explanation.

Each school sponsor can view their student registrations in real time as students register online. Additional information will be sent directly to the sponsor with details on how to view in real time.

#### **SCHOOL ENTRIES**

School publications submitted for competitions, such as yearbooks, which do not have a single author should register online. List as much of the title of the article or publication in the *Last Name* box as possible. The same applies to group art projects. Complete **Group Identification Form** as needed.
