Radiologic Technology Admission Information

Step 1. Submit your application to the college. After submitting your application to the college, you will receive a "R" number.

Step 2. Log into Raidernet to complete the Health Sciences Inventory form. Indicate your interest in being admitted to the **Radiologic Technology** program **no later than May 15** of the year you are seeking admission. You may indicate your interest in 3 health science degree programs. You should designate which program is your first area of interest, second area of interest, and third area of interest. You may be considered for admission to any of the 3 health science programs you designated as an area of interest.

Step 3. Declare **AS Pre-Allied Health** as your major. If you have not already declared AS Pre-Allied Health as your major, you should change your major. This will best prepare you for admission to a Health Science program.

Step 4. Must meet minimum eligibility requirements to be considered for admission to the **Rad Tech program**. Minimum requirements are

- Grade of C or higher in required general education/supporting courses
- GPA of 2.5
- Completion of the minimum required general education/supporting classes
    - ENGL 1010
    - MATH 1130 or higher
    - BIOL 2010 (must be completed within 5 years of the application deadline)

Step 5. Students meeting minimum eligibility requirements will be ranked on the following 3 criteria (see below table):

- GPA in general education/supporting courses required for the major
- # of required credits completed
- Grade in required math/sciences courses and other courses required by the program.

Requirement	**Description**	**Points**
GPA in general education/supporting courses required in	See required courses listed in the college catalog. -BIOL 2010 & 2020 (5-year limit) -ENGL 1010 -Hum elective -MATH 1130 or higher -PSYC 2130 or Social Science elective	Up to 2.99 = 0 poi

the major		nt 3.0-3.25=1 point 3.26-3.5=2 points 3.51-3.75=3 points 3.7

		6-4.0=4 points
# required credits completed	Max # of 20 general education/supporting credits including RADT 1200	Up to 14 credits=0 point 15-19 credits=1 point

		20 credits = 2 points
Grade in required math/science courses and required introductory course	RADT 1200 MATH 1130 or higher BIOL 2010 (5-year limit) BIOL 2020 (5-year limit)	A = 4 points B = 3 points C = 0 points

Step 6. The top ranked 60 qualified applicants will be invited to participate in an interview for admission

Applicants are evaluated during the interview as exceeding expectations, meeting expectations, or being below expectations on the following criteria:

- Professional appearance
- Knowledge and basic understanding of the profession

- Work ethic including initiative, responsibility, dependability, and punctuality
- Communication and interpersonal skills
- Career motivation

Interview scores are averaged to determine the total points awarded.

Step 7. Of those interviewed, the top 35-40 interviewed applicants (based on space availability) will be offered admission to the program. Total points are based on Step 5 + Step 6. Applicants offered admission will be notified via an **"Alert"** in Raidernet and must accept or decline their admission within 1 week. After one week, the "Alert" will disappear. Failure to respond may result in the applicant forfeiting their selection for admission. Applicants not offered admission will need to **resubmit the area of interest form the following year**. If you are offered admission to a program, you must accept or decline admission to that program. If you decline admission, you may then be considered for admission to another program.
